## Joint Schedule 3 (Insurance Requirements)

### The insurance you need to have

The Supplier shall take out and maintain, or procure the taking out and maintenance of the insurances as set out in the Annex to this Schedule, any additional insurances required under a Call-Off Contract (specified in the applicable Order Form) ("**Additional Insurances**") and any other insurances as may be required by applicable Law (together the "**Insurances**"). The Supplier shall ensure that each of the Insurances is effective no later than:

the Framework Start Date in respect of those Insurances set out in the Annex to this Schedule and those required by applicable Law; and

the Call-Off Contract Effective Date in respect of the Additional Insurances.

The Insurances shall be:

maintained in accordance with Good Industry Practice;

(so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent contractor in respect of risks insured in the international insurance market from time to time;

taken out and maintained with insurers of good financial standing and good repute in the international insurance market; and

maintained for at least six (6) years after the End Date.

The Supplier shall ensure that the public and products liability policy contain an indemnity to principals clause under which the Relevant Authority shall be indemnified in respect of claims made against the Relevant Authority in respect of death or bodily injury or third party property damage arising out of or in connection with the Deliverables and for which the Supplier is legally liable.

### How to manage the insurance

Without limiting the other provisions of this Contract, the Supplier shall:

take or procure the taking of all reasonable risk management and risk control measures in relation to Deliverables as it would be reasonable to expect of a prudent contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;

promptly notify the insurers in writing of any relevant material fact under any Insurances of which the Supplier is or becomes aware; and

hold all policies in respect of the Insurances and cause any insurance broker effecting the Insurances to hold any insurance slips and other evidence of placing cover representing any of the Insurances to which it is a party.

### What happens if you aren't insured

The Supplier shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which

would entitle any insurer to refuse to pay any claim under any of the Insurances.

Where the Supplier has failed to purchase or maintain any of the Insurances in full force and effect, the Relevant Authority may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances and recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

### **Evidence of insurance you must provide**

The Supplier shall upon the Start Date and within 15 Working Days after the renewal of each of the Insurances, provide evidence, in a form satisfactory to the Relevant Authority, that the Insurances are in force and effect and meet in full the requirements of this Schedule.

### **Making sure you are insured to the required amount**

The Supplier shall ensure that any Insurances which are stated to have a minimum limit "in the aggregate" are maintained at all times for the minimum limit of indemnity specified in this Contract and if any claims are made which do not relate to this Contract then the Supplier shall notify the Relevant Authority and provide details of its proposed solution for maintaining the minimum limit of indemnity.

### **Cancelled Insurance**

The Supplier shall notify the Relevant Authority in writing at least five (5) Working Days prior to the cancellation, suspension, termination or non-renewal of any of the Insurances.

The Supplier shall ensure that nothing is done which would entitle the relevant insurer to cancel, rescind or suspend any insurance or cover, or to treat any insurance, cover or claim as voided in whole or part. The Supplier shall use all reasonable endeavours to notify the Relevant Authority (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

### **Insurance claims**

The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or each Contract for which it may be entitled to claim under any of the Insurances. In the event that the Relevant Authority receives a claim relating to or arising out of a Contract or the Deliverables, the Supplier shall co-operate with the Relevant Authority and assist it in dealing with such claims including without limitation providing information and documentation in a timely manner.

Except where the Relevant Authority is the claimant party, the Supplier shall give the Relevant Authority notice within twenty (20) Working Days after any insurance claim in excess of 10% of the sum required to be insured pursuant to Paragraph 0 relating to or arising out of the provision of the Deliverables

or this Contract on any of the Insurances or which, but for the application of the applicable policy excess, would be made on any of the Insurances and (if required by the Relevant Authority) full details of the incident giving rise to the claim.

Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.

Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible. The Supplier shall not be entitled to recover from the Relevant Authority any sum paid by way of excess or deductible under the Insurances whether under the terms of this Contract or otherwise.

**ANNEX: REQUIRED INSURANCES**

1. The Supplier shall hold the following [standard] insurance cover from the Framework Start Date in accordance with this Schedule:

professional indemnity insurance with cover (for a single event or a series of related events and in the aggregate) of not less than one million pounds (£1,000,000) – all Lots ;

public liability insurance with cover (for a single event or a series of related events and in the aggregate) of not less than one million pounds (£1,000,000) – all Lots;

employers' liability insurance with cover (for a single event or a series of related events and in the aggregate) of not less than five million pounds (£5,000,000) – all Lots

product liability insurance with cover (for a single event or a series of related events and in the aggregate) of not less than one million pounds (£1,000,000) – all Lots

## Joint Schedule 4 (Commercially Sensitive Information)

### What is the Commercially Sensitive Information?

In this Schedule the Parties have sought to identify the Supplier's Confidential Information that is genuinely commercially sensitive and the disclosure of which would be the subject of an exemption under the FOIA and the EIRs.

Where possible, the Parties have sought to identify when any relevant Information will cease to fall into the category of Information to which this Schedule applies in the table below and in the Order Form (which shall be deemed incorporated into the table below).

Without prejudice to the Relevant Authority's obligation to disclose Information in accordance with FOIA or Clause 16 (When you can share information), the Relevant Authority will, in its sole discretion, acting reasonably, seek to apply the relevant exemption set out in the FOIA to the following Information:

No.	Date	Item(s)	Duration of Confidentiality
	[insert date]	[insert details]	[insert duration]

## **Call-Off Schedule 5 (Pricing Details)**

REDACTED

## Call-Off Schedule 9 (Security)

### Part A: Short Form Security Requirements

#### 1 Definitions

1.1 In this Schedule, the following words shall have the following meanings and they shall supplement Joint Schedule 1 (Definitions):

**"Breach of Security"** the occurrence of:

- (a) any unauthorised access to or use of the Deliverables, the Sites and/or any Information and Communication Technology ("ICT"), information or data (including the Confidential Information and the Government Data) used by the Buyer and/or the Supplier in connection with this Contract; and/or
- (b) the loss and/or unauthorised disclosure of any information or data (including the Confidential Information and the Government Data), including any copies of such information or data, used by the Buyer and/or the Supplier in connection with this Contract,

in either case as more particularly set out in the Security Policy where the Buyer has required compliance therewith in accordance with paragraph 2.2;

**"Security Management Plan"** the Supplier's security management plan prepared pursuant to this Schedule, a draft of which has been provided by the Supplier to the Buyer and as updated from time to time.

#### 2 Complying with security requirements and updates to them

2.1 The Buyer and the Supplier recognise that, where specified in Framework Schedule 4 (Framework Management), CCS shall have the right to enforce the Buyer's rights under this Schedule.

2.2 The Supplier shall comply with the requirements in this Schedule in respect of the Security Management Plan. Where specified by a Buyer that has undertaken a Further Competition it shall also comply with the Security Policy and shall ensure that the Security Management Plan produced by the Supplier fully complies with the Security Policy.

2.3 Where the Security Policy applies the Buyer shall notify the Supplier of any changes or proposed changes to the Security Policy.

2.4 If the Supplier believes that a change or proposed change to the Security Policy will have a material and unavoidable cost implication to the provision of the Deliverables it may propose a Variation to the Buyer. In doing so, the Supplier must support its request by providing evidence of the cause of any increased costs and the steps that it has taken to mitigate those costs. Any change to the Charges shall be subject to the Variation Procedure.

- 2.5 Until and/or unless a change to the Charges is agreed by the Buyer pursuant to the Variation Procedure the Supplier shall continue to provide the Deliverables in accordance with its existing obligations.

### **3 Security Standards**

- 3.1 The Supplier acknowledges that the Buyer places great emphasis on the reliability of the performance of the Deliverables, confidentiality, integrity and availability of information and consequently on security.
- 3.2 The Supplier shall be responsible for the effective performance of its security obligations and shall at all times provide a level of security which:
- 3.2.1 is in accordance with the Law and this Contract;
  - 3.2.2 as a minimum demonstrates Good Industry Practice;
  - 3.2.3 meets any specific security threats of immediate relevance to the Deliverables and/or the Government Data; and
  - 3.2.4 where specified by the Buyer in accordance with paragraph 2.2 complies with the Security Policy and the ICT Policy.
- 3.3 The references to standards, guidance and policies contained or set out in Paragraph 3.2 shall be deemed to be references to such items as developed and updated and to any successor to or replacement for such standards, guidance and policies, as notified to the Supplier from time to time.
- 3.4 In the event of any inconsistency in the provisions of the above standards, guidance and policies, the Supplier should notify the Buyer's Representative of such inconsistency immediately upon becoming aware of the same, and the Buyer's Representative shall, as soon as practicable, advise the Supplier which provision the Supplier shall be required to comply with.

### **4 Security Management Plan**

#### **4.1 Introduction**

- 4.1.1 The Supplier shall develop and maintain a Security Management Plan in accordance with this Schedule. The Supplier shall thereafter comply with its obligations set out in the Security Management Plan.

#### **4.2 Content of the Security Management Plan**

- 4.2.1 The Security Management Plan shall:
- (a) comply with the principles of security set out in Paragraph 3 and any other provisions of this Contract relevant to security;
  - (b) identify the necessary delegated organisational roles for those responsible for ensuring it is complied with by the Supplier;
  - (c) detail the process for managing any security risks from Subcontractors and third parties authorised by the Buyer with access to the Deliverables, processes associated with the provision of the Deliverables, the Buyer Premises, the Sites and any ICT, Information and data (including the Buyer's Confidential Information and the Government Data) and any

system that could directly or indirectly have an impact on that Information, data and/or the Deliverables;

- (d) be developed to protect all aspects of the Deliverables and all processes associated with the provision of the Deliverables, including the Buyer Premises, the Sites, and any ICT, Information and data (including the Buyer's Confidential Information and the Government Data) to the extent used by the Buyer or the Supplier in connection with this Contract or in connection with any system that could directly or indirectly have an impact on that Information, data and/or the Deliverables;
- (e) set out the security measures to be implemented and maintained by the Supplier in relation to all aspects of the Deliverables and all processes associated with the provision of the Goods and/or Services and shall at all times comply with and specify security measures and procedures which are sufficient to ensure that the Deliverables comply with the provisions of this Contract;
- (f) set out the plans for transitioning all security arrangements and responsibilities for the Supplier to meet the full obligations of the security requirements set out in this Contract and, where necessary in accordance with paragraph 2.2 the Security Policy; and
- (g) be written in plain English in language which is readily comprehensible to the staff of the Supplier and the Buyer engaged in the provision of the Deliverables and shall only reference documents which are in the possession of the Parties or whose location is otherwise specified in this Schedule.

#### **4.3 Development of the Security Management Plan**

- 4.3.1 Within twenty (20) Working Days after the Start Date and in accordance with Paragraph 4.4, the Supplier shall prepare and deliver to the Buyer for Approval a fully complete and up to date Security Management Plan which will be based on the draft Security Management Plan.
- 4.3.2 If the Security Management Plan submitted to the Buyer in accordance with Paragraph 4.3.1, or any subsequent revision to it in accordance with Paragraph 4.4, is Approved it will be adopted immediately and will replace the previous version of the Security Management Plan and thereafter operated and maintained in accordance with this Schedule. If the Security Management Plan is not Approved, the Supplier shall amend it within ten (10) Working Days of a notice of non-approval from the Buyer and re-submit to the Buyer for Approval. The Parties will use all reasonable endeavours to ensure that the approval process takes as little time as possible and in any event no longer than fifteen (15) Working Days from the date of its first submission to the Buyer. If the Buyer does not approve the Security Management Plan following its resubmission, the matter will be resolved in accordance with the Dispute Resolution Procedure.
- 4.3.3 The Buyer shall not unreasonably withhold or delay its decision to Approve or not the Security Management Plan pursuant to Paragraph 4.3.2. However a refusal by the Buyer to Approve the Security Management Plan on the grounds that it does not comply with the requirements set out in Paragraph 4.2 shall be deemed to be reasonable.

- 4.3.4 Approval by the Buyer of the Security Management Plan pursuant to Paragraph 4.3.2 or of any change to the Security Management Plan in accordance with Paragraph 4.4 shall not relieve the Supplier of its obligations under this Schedule.

#### **4.4 Amendment of the Security Management Plan**

- 4.4.1 The Security Management Plan shall be fully reviewed and updated by the Supplier at least annually to reflect:
- (a) emerging changes in Good Industry Practice;
  - (b) any change or proposed change to the Deliverables and/or associated processes;
  - (c) where necessary in accordance with paragraph 2.2, any change to the Security Policy;
  - (d) any new perceived or changed security threats; and
  - (e) any reasonable change in requirements requested by the Buyer.
- 4.4.2 The Supplier shall provide the Buyer with the results of such reviews as soon as reasonably practicable after their completion and amendment of the Security Management Plan at no additional cost to the Buyer. The results of the review shall include, without limitation:
- (a) suggested improvements to the effectiveness of the Security Management Plan;
  - (b) updates to the risk assessments; and
  - (c) suggested improvements in measuring the effectiveness of controls.
- 4.4.3 Subject to Paragraph 4.4.4, any change or amendment which the Supplier proposes to make to the Security Management Plan (as a result of a review carried out in accordance with Paragraph 4.4.1, a request by the Buyer or otherwise) shall be subject to the Variation Procedure.
- 4.4.4 The Buyer may, acting reasonably, Approve and require changes or amendments to the Security Management Plan to be implemented on timescales faster than set out in the Variation Procedure but, without prejudice to their effectiveness, all such changes and amendments shall thereafter be subject to the Variation Procedure for the purposes of formalising and documenting the relevant change or amendment.

#### **5 Security breach**

- 5.1 Either Party shall notify the other in accordance with the agreed security incident management process (as detailed in the Security Management Plan) upon becoming aware of any Breach of Security or any potential or attempted Breach of Security.
- 5.2 Without prejudice to the security incident management process, upon becoming aware of any of the circumstances referred to in Paragraph 5.1, the Supplier shall:
- 5.2.1 immediately take all reasonable steps (which shall include any action or changes reasonably required by the Buyer) necessary to:

- (a) minimise the extent of actual or potential harm caused by any Breach of Security;
  - (b) remedy such Breach of Security to the extent possible and protect the integrity of the Buyer and the provision of the Goods and/or Services to the extent within its control against any such Breach of Security or attempted Breach of Security;
  - (c) prevent an equivalent breach in the future exploiting the same cause failure; and
  - (d) as soon as reasonably practicable provide to the Buyer, where the Buyer so requests, full details (using the reporting mechanism defined by the Security Management Plan) of the Breach of Security or attempted Breach of Security, including a cause analysis where required by the Buyer.
- 5.3 In the event that any action is taken in response to a Breach of Security or potential or attempted Breach of Security that demonstrates non-compliance of the Security Management Plan with the Security Policy (where relevant in accordance with paragraph 2.2) or the requirements of this Schedule, then any required change to the Security Management Plan shall be at no cost to the Buyer.

## **Call-Off Schedule 10 (Exit Management)**

### **Part B: Short Form Exit Management Requirements**

1. Within 20 (twenty) working days of the Start Date the Supplier must provide the Buyer with an exit plan which ensures continuity of service and which the Supplier will follow.
2. The Supplier must ensure that the exit plan clearly sets out the Supplier's methodology for achieving an orderly transition of the Services from the Supplier to the Buyer or its Replacement Supplier at the expiry or if the contract ends before the scheduled expiry.
3. The exit plan should set out full details of timescales, activities and roles and responsibilities of the Parties for:
  - the transfer to the Buyer of any technical information, instructions, manuals and code reasonably required by the Buyer to enable a smooth migration from the Supplier
  - the strategy for export and migration of Buyer data from the Supplier system to the Buyer or a Replacement Supplier, including conversion to open standards or other standards required by the Buyer
  - the transfer of project- specific IPR items and other Buyer customisations, configurations and databases to the Buyer or a replacement supplier
  - the testing and assurance strategy for exported Buyer data
  - if relevant, TUPE-related activity to comply with the TUPE regulations
  - any other activities and information which are reasonably required to ensure continuity of Service during the exit period and an orderly transition
4. When requested, the Supplier will help the Buyer to migrate the Services to a Replacement Supplier in line with the exit plan. This will be at the Supplier's own expense if the Call-Off Contract ended before the Expiry Date due to Supplier cause. Otherwise any additional costs incurred by the Supplier in providing such assistance shall be subject to the Variation Procedure.

## **Call-Off Schedule 20 (Call-Off Specification)**

“IT Security Health Check (ITSHC)” “IT Health Check (ITHC)” “Penetration Testing”	an assessment to identify risks and vulnerabilities in systems, applications and networks which may compromise the confidentiality, integrity or availability of information held on that ICT system.
“Need-to-Know”	the Need-to-Know principle employed within HMG to limit the distribution of classified information to those people with a clear ‘need to know’ in order to carry out their duties.
“NCSC”	the National Cyber Security Centre (NCSC) is the UK government’s National Technical Authority for Information Assurance. The NCSC website is <a href="https://www.ncsc.gov.uk">https://www.ncsc.gov.uk</a>
“OFFICIAL”  “OFFICIAL-SENSITIVE”	the term ‘OFFICIAL’ is used to describe the baseline level of ‘security classification’ described within the Government Security Classification Policy (GSCP).  the term ‘OFFICIAL–SENSITIVE is used to identify a limited subset of OFFICIAL information that could have more damaging consequences (for individuals, an organisation or government generally) if it were lost, stolen or published in the media, as described in the GSCP.
“RBAC” “Role Based Access Control”	Role Based Access Control, a method of restricting a person’s or process’ access to information depending on the role or functions assigned to them.
“Storage Area Network” “SAN”	an information storage system typically presenting block based storage (i.e. disks or virtual disks) over a network interface rather than using physically connected storage.
“Secure Sanitisation”	the process of treating data held on storage media to reduce the likelihood of retrieval and reconstruction to an acceptable level.  NCSC Guidance can be found at: <a href="https://www.ncsc.gov.uk/guidance/secure-sanitisation-storage-media">https://www.ncsc.gov.uk/guidance/secure-sanitisation-storage-media</a>

“Security and Information Risk Advisor” “CCP SIRA” “SIRA”	the Security and Information Risk Advisor (SIRA) is a role defined under the NCSC Certified Professional (CCP) Scheme. See also: <a href="https://www.ncsc.gov.uk/articles/about-certified-professional-scheme">https://www.ncsc.gov.uk/articles/about-certified-professional-scheme</a>
“Senior Information Risk Owner” “SIRO”	the Senior Information Risk Owner (SIRO) responsible on behalf of the DfE Accounting Officer for overseeing the management of information risk across the organisation. This includes its executive agencies, arm’s length bodies (ALBs), non-departmental public bodies (NDPBs) and devolved information held by third parties.
“SPF” “HMG Security Policy Framework”	the definitive HMG Security Policy which describes the expectations of the Cabinet Secretary and Government’s Official Committee on Security on how HMG organisations and third parties handling HMG information and other assets will apply protective security to ensure HMG can function effectively, efficiently and securely. <a href="https://www.gov.uk/government/publications/security-policy-framework">https://www.gov.uk/government/publications/security-policy-framework</a>
"Supplier Staff"	all directors, officers, employees, agents, consultants and contractors of the Supplier and/or of any Subcontractor engaged in the performance of the Supplier’s obligations under the Contract.

## Operative Provisions

- 1.1. The Supplier shall be aware of and comply with the relevant HMG security policy framework, NCSC guidelines and where applicable these Departmental Security Requirements which include but are not constrained to the following paragraphs.
- 1.2. Where the Supplier will provide products or Services or otherwise handle information at OFFICIAL for the Buyer, the requirements of Cabinet Office Procurement Policy Note – Use of Cyber Essentials Scheme certification - Action Note 09/14 dated 25 May 2016, or any subsequent updated document, are mandated, namely that “contractors supplying

products or services to HMG shall have achieved, and will be expected to retain Cyber Essentials certification at the appropriate level for the duration of the contract". The certification scope shall be relevant to the Services supplied to, or on behalf of, the Buyer.

- 1.3. Where paragraph 8.2 above has not been met, the Supplier shall have achieved, and be able to maintain, independent certification to ISO/IEC 27001 (Information Security Management Systems Requirements). The ISO/IEC 27001 certification must have a scope relevant to the Services supplied to, or on behalf of, the Buyer. The scope of certification and the statement of applicability must be acceptable, following review, to the Buyer, including the application of controls from ISO/IEC 27002 (Code of Practice for Information Security Controls).
- 1.4. The Supplier shall follow the UK Government Security Classification Policy (GSCP) in respect of any Buyer's Data being handled in the course of providing the Services and will handle all data in accordance with its security classification. (In the event where the Supplier has an existing Protective Marking Scheme then the Supplier may continue to use this but must map the HMG security classifications against it to ensure the correct controls are applied to the Buyer's Data).
- 1.5. Buyer's Data being handled while providing an ICT solution or service must be separated from all other data on the Supplier's or sub-contractor's own IT equipment to protect the Buyer's Data and enable the data to be identified and securely deleted when required in line with paragraph 8.14. For information stored digitally, this must be at a minimum logically separated. Physical information (e.g., paper) must be physically separated.
- 1.6. The Supplier shall have in place and maintain physical security to premises and sensitive areas used in relation to the delivery of the products or Services, and that store or process Buyer's Data, in line with ISO/IEC 27002 including, but not limited to, entry control mechanisms (e.g. door access), CCTV, alarm systems, etc.
- 1.7. The Supplier shall have in place, implement and maintain an appropriate user access control policy for all ICT systems to ensure only authorised personnel have access to Buyer's Data. This policy should include appropriate segregation of duties and if applicable role based access controls (RBAC). User credentials that give access to Buyer's Data or systems shall be considered to be sensitive data and must be protected accordingly.
- 1.8. The Supplier shall have in place and shall maintain procedural, personnel, physical and technical safeguards to protect Buyer's Data, including but not limited to:
  - 1.8.1. physical security controls;

- 1.8.2. good industry standard policies and processes;
- 1.8.3. malware protection;
- 1.8.4. boundary access controls including firewalls, application gateways, etc;
- 1.8.5. maintenance and use of fully supported software packages in accordance with vendor recommendations;
- 1.8.6. use of secure device configuration and builds;
- 1.8.7. software updates and patching regimes including malware signatures, for operating systems, network devices, applications and services;
- 1.8.8. user identity and access controls, including the use of multi-factor authentication for sensitive data and privileged account accesses;
- 1.8.9. any services provided to the Buyer must capture audit logs for security events in an electronic format at the application, service and system level to meet the Buyer's logging and auditing requirements, plus logs shall be:
  - 1.8.9.1. retained and protected from tampering for a minimum period of six months;
  - 1.8.9.2. made available to the Buyer on request.
- 1.9. The Supplier shall ensure that any Buyer's Data (including email) transmitted over any public network (including the Internet, mobile networks or unprotected enterprise network) or to a mobile device shall be encrypted when transmitted.
- 1.10. The Supplier shall ensure that any Buyer's Data which resides on a mobile, removable or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Buyer except where the Buyer has given its prior written consent to an alternative arrangement.
- 1.11. The Supplier shall ensure that any device which is used to process Buyer's Data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance, a copy of which can be found at: <https://www.ncsc.gov.uk/guidance/end-user-device-security> and <https://www.ncsc.gov.uk/collection/end-user-device-security/eud-overview/eud-security-principles>.
- 1.12. Whilst in the Supplier's care all removable media and hardcopy paper documents containing Buyer's Data must be handled securely and secured under lock and key when not in use and shall be securely

destroyed when no longer required, using either a cross-cut shredder or a professional secure disposal organisation.

The term 'lock and key' is defined as: "securing information in a lockable desk drawer, cupboard or filing cabinet which is under the user's sole control and to which they hold the keys".

- 1.13. When necessary to hand carry removable media and/or hardcopy paper documents containing Buyer's Data, the media or documents being carried shall be kept under cover and transported in such a way as to ensure that no unauthorised person has either visual or physical access to the material being carried. This paragraph shall apply equally regardless of whether the material is being carried inside or outside of company premises.

The term 'under cover' means that the information is carried within an opaque folder or envelope within official premises and buildings and within a closed briefcase or other similar bag or container when outside official premises or buildings.

- 1.14. In the event of termination of Contract due to expiry, as a result of an Insolvency Event or for breach by the Supplier, all information assets provided, created or resulting from provision of the Services shall not be considered as the Supplier's assets and must be returned to the Buyer and written assurance obtained from an appropriate officer of the Supplier that these assets regardless of location and format have been fully sanitised throughout the Supplier's organisation in line with paragraph 8.15.
- 1.15. In the event of termination, equipment failure or obsolescence, all Buyer's Data and Buyer's Information, in either hardcopy or electronic format, that is physically held or logically stored by the Supplier must be accounted for and either physically returned or securely sanitised or destroyed in accordance with the current HMG policy using an NCSC-approved product or method.

Where sanitisation or destruction is not possible for legal, regulatory or technical reasons, such as data stored in a cloud system, Storage Area Network (SAN) or on shared backup tapes, then the Supplier shall protect (and ensure that any sub-contractor protects) the Buyer's Information and Buyer's Data until such time, which may be long after termination or expiry of the Contract, when it can be securely cleansed or destroyed.

Evidence of secure destruction will be required in all cases.

- 1.16. Access by Supplier Staff to Buyer's Data, including user credentials, shall be confined to those individuals who have a "need-to-know" in order to carry out their role; and have undergone mandatory pre-employment screening, to a minimum of HMG Baseline Personnel Security Standard (BPSS); or hold an appropriate National Security Vetting clearance as

required by the Buyer. All Supplier Staff must complete this process before access to Buyer's Data is permitted. [Any Supplier Staff who will be in contact with children or vulnerable adults must, in addition to any security clearance, have successfully undergone an Enhanced DBS (Disclosure and Barring Service) check prior to any contact].

- 1.17. All Supplier Staff who handle Buyer's Data shall have annual awareness training in protecting information.
- 1.18. Notwithstanding any other provisions as to business continuity and disaster recovery in the Contract, the Supplier shall, as a minimum, have in place robust business continuity arrangements and processes including IT disaster recovery plans and procedures that conform to ISO 22301 to ensure that the delivery of the Contract is not adversely affected in the event of an incident. An incident shall be defined as any situation that might, or could lead to, a disruption, loss, emergency or crisis to the Services delivered. If an ISO 22301 certificate is not available the supplier will provide evidence of the effectiveness of their ISO 22301 conformant business continuity arrangements and processes including IT disaster recovery plans and procedures. This must include evidence that the Supplier has tested or exercised these plans within the last 12 months and produced a written report of the outcome, including required actions.
- 1.19. Any suspected or actual breach of the confidentiality, integrity or availability of Buyer's Data, including user credentials, used or handled while providing the Services shall be recorded as a Security Incident. This includes any non-compliance with the Departmental Security Requirements and these provisions, or other security standards pertaining to the solution.

Security Incidents shall be reported to the Buyer immediately, wherever practical, even if unconfirmed or when full details are not known, but always within 24 hours of discovery. If Security Incident reporting has been delayed by more than 24 hours, the Supplier should provide an explanation about the delay.

Security Incidents shall be reported through the Buyer's nominated system or service owner.

Security Incidents shall be investigated by the Supplier with outcomes being notified to the Buyer.

- 1.20. The Supplier shall ensure that any Security ICT systems and hosting environments that are used to handle, store or process Buyer's Data, including Supplier ICT connected to Supplier ICT systems used to handle, store or process Buyer's Data, shall be subject to independent IT Health Checks (ITHC) using an NCSC CHECK Scheme ITHC provider before go-live and periodically (at least annually) thereafter. The findings of the ITHC relevant to the Services being provided are to be shared with the Buyer in full without modification or redaction and all

necessary remedial work carried out. In the event of significant security issues being identified, a follow up remediation test may be required, to be determined by the Buyer upon review of the ITHC findings.

- 1.21. The Supplier or sub-contractors providing the Services will provide the Buyer with full details of any actual or future intent to develop, manage, support, process or store Buyer's Data outside of the UK mainland. The Supplier or sub-contractor shall not go ahead with any such proposal without the prior written agreement from the Buyer.
- 1.22. The Buyer reserves the right to audit the Supplier or sub-contractors providing the Services within a mutually agreed timeframe but always within seven days of notice of a request to audit being given. The audit shall cover the overall scope of the Services being supplied and the Supplier's, and any sub-contractors', compliance with the paragraphs contained in this Annex.
- 1.23. The Supplier and sub-contractors shall undergo appropriate security assurance activities and shall provide appropriate evidence including the production of the necessary security documentation as determined by the Buyer. This will include obtaining any necessary professional security resources required to support the Supplier's and sub-contractor's security assurance activities such as: a Security and Information Risk Advisor (SIRA) certified to NCSC Certified Cyber Security Consultancy (CCSC) or NCSC Certified Cyber Professional (CCP) schemes.
- 1.24. Where the Supplier is delivering an ICT solution to the Buyer they shall design and deliver solutions and services that are compliant with the HMG Security Policy Framework in conjunction with current NCSC Information Assurance Guidance and Buyer's Policy. The Supplier will provide the Buyer with evidence of compliance for the solutions and services to be delivered. The Buyer's expectation is that the Supplier shall provide written evidence of:
  - 1.24.1. compliance with HMG Minimum Cyber Security Standard.
  - 1.24.2. any existing security assurance for the Services to be delivered, such as: ISO/IEC 27001 / 27002 or an equivalent industry level certification (e.g. United Kingdom Accreditation Service).
  - 1.24.3. any existing HMG security accreditations or assurance that are still valid including: details of the awarding body; the scope of the accreditation; any caveats or restrictions to the accreditation; the date awarded, plus a copy of the residual risk statement.
  - 1.24.4. documented progress in achieving any security assurance or accreditation activities including whether documentation has been produced and submitted. The Supplier shall provide details of who the awarding body or organisation will be and date expected.

Additional information and evidence to that listed above may be required to ensure compliance with DfE security requirements as part of the DfE security assurance process. Where a request for evidence or information is made by the Buyer, the Supplier will acknowledge the request within 5 working days and either provide the information within that timeframe, or, if that is not possible, provide a date when the information will be provided to the Buyer. In any case, the Supplier must respond to information requests from the Buyer needed to support the security assurance process promptly and without undue delay.

- 1.25. The Supplier shall contractually enforce all these Departmental Security Requirements onto any third-party suppliers, sub-contractors or partners who could potentially access Buyer's Data in the course of providing the Services.
