2. Company Overview

2.1 The National Museum of the Royal Navy (NMRN) spans a number of Museums across the UK, detailing the past, present and future of the Royal Navy. The Museum boasts the largest fleet of historic vessels in the world, the most well-known being HMS Victory, HMS Caroline, HMS Trincomalee and HMS Alliance. These ships are managed and cared for by the Historic Ships and Heritage Directorate who promote Heritage Best Practise in the conservation and care of historic vessels.

3. Project Introduction & Overview

3.1. Recent additions to the NMRN fleet have included a number of smaller craft deriving from the Coastal Forces. These craft are MTB 71, MTB 331 and RML 497;

3.2 MTB 71

3.2.1 Built in 1939 by Vosper's at Portsmouth, MTB 71 is a Motor Torpedo Boat made of double-diagonal mahogany planking. Seeing service between 1940 and 1943, MTB 71 worked with the Royal Navy and the Royal Norwegian Navy out of Dover and Felixstowe. Decommissioned at Portsmouth in June 1943, the vessel was sold, becoming a house-boat until 1992.

3.2.2 In April 2005 MTB 71 was taken to Imperial War Museum Duxford for display. The vessel now lies on a cradle within a hangar at the NMRN Fleet Air Arm Museum, Yeovilton in preparation for a move to NMRN Explosion, Gosport as part of a new indoor exhibition.

3.3 MTB 331

3.3.1 MTB 331 is the sole surviving 55ft Thornycroft stepped hull motor torpedo boat. Built in 1941 in Southampton to a design based on the Coastal Motor Boats of 1916, she was part of an order for the Philippines Government but was requisitioned for the Royal Navy in 1941. MTB 331 was decommissioned for disposal in 1945.

3.3.1 Owned by Hampshire County Council in the 1990s, MTB 331 was on loan to the British Military Powerboat Trust and exhibited at Marchwood. The vessel currently lies with MTB 71 at Yeovilton in preparation for her move to NMRN Explosion, Gosport.

3.4 RML 497

3.4.1 RML 497 is a 112 ft Rescue Motor Launch built by Southampton Steam Joinery in 1941 to a Fairmile double diagonal hull design. The vessel saw service all around the UK with the Coastal Forces. After the War she was decommissioned and entered into Western Lady Ferry Service at Torbay.

3.4.2 The NMRN bought RML 497 in December 2015 having ceased service as a passenger ferry a few years previous. She is currently afloat on a mooring in Southampton and is due to be lifted out of the water in Southampton for winter 2017.

3.5 The similarities between all three vessels in history and design mean that they are classed as the Coastal Forces Collection within the wider NMRN historic ships fleet.

3.6 Equal similarities in historical narrative, care and maintenance of the vessels is apparent, with all three destined for display out of the water and indoors.

3.7 In response to this, the NMRN want to commission the preparation of a Conservation Management Plan which will act as a working document for the future care of the vessels.

3.8 The purpose and scope of this ITT and its supporting documents is to explain in further detail the requirements of the NMRN and the procurement process for submitting a tender proposal.

4. Tender Process (“Procurement Process”)

This section explains the Procurement Process for tenderers before the submission deadline and the evaluation of tenders after submission. Further information on Tender Conditions & Contractual Requirements are found in Annex 4 and must be read before submission.

4.2.2 Tender submissions must be sent to tenders@nmrn.org.uk before the submission deadline.

4.2.3 The following requirements should be complied with when submitting your response to this ITT:

- Please ensure that you send your submission in good time to prevent issues with technology – late tender responses may be rejected by the NMRN.
- Please ensure that information provided as part of your response is of sufficient quality and detail that an informed assessment of it can be made by the NMRN.
- Do not submit any additional supporting documentation with your ITT response except where specifically requested to do so as part of this ITT. PDF, JPG, PPT, Word and Excel formats can be used for any additional supporting documentation (other formats should not be used without the prior written approval of the NMRN).

- Where supporting evidence is requested as 'or equivalent' – you must demonstrate such equivalence as part of your tender response.
- Any deliberate alteration of an NMRN requirement as part of your tender response will invalidate your tender response to that requirement and for evaluation purposes you shall be deemed not to have responded to that particular requirement.
- Responses should be concise, unambiguous, and should directly address the requirement stated.
- Your tender responses to the tender requirements and pricing will be incorporated into the Contract, as appropriate.

4.3. Clarification Requests

4.3.1 All clarification requests should be submitted to HST.Procurement@NMRN.org.uk by the Clarification Deadline, as set out in the Timescales section of this ITT. The NMRN is under no obligation to respond to clarification requests received after the Clarification Deadline.

4.3.3 The NMRN reserves the right to issue any clarification request made by you, and the response, to all potential suppliers unless you expressly require it to be kept confidential at the time the request is made. If the NMRN considers the contents of the request not to be confidential, it will inform you and you will have the opportunity to withdraw the clarification query prior to the NMRN responding to all potential suppliers.

4.3.4 The NMRN may at any time request further information from potential suppliers to verify or clarify any aspects of their tender response or other information they may have provided. Should you not provide supplementary information or clarifications to the NMRN by any deadline notified to you, your tender response may be rejected in full and you may be disqualified from this Procurement Process.

4.4. Evaluation Criteria

4.4.1 You will have your tender response evaluated as set out below:

Stage 1: Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tender responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in accordance with the requirements of this ITT and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: If a bidder succeeds in passing Stage 1 of the evaluation, then it will have its detailed tender response to the NMRN's requirements evaluated in accordance with the evaluation methodology set out below.

4.4.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantageous tender using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Quality of Method & Approach	70%
Commercial/ Value for Money	30%

4.4.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 2 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the NMRN for all criteria other than Commercial using the following scoring model:

Points	Interpretation
0	Very Poor (does not meet any of the requirement) or Very High/Extreme Risk The response is significantly below what would be expected because of one or all of the following: • The response indicates a significant lack of understanding • The response fails to meet the requirement
1	Poor (meets some of the requirement) or Above Average/High Risk The response meets elements of the requirement but gives concern in a number of significant areas. There are reservations because of one or all of the following: • There is at least one significant issue needing considerable attention • There is insufficient evidence to demonstrate competence or understanding • The response is light and unconvincing
4	Fair (meets most, but not all the requirement) or Average Risk The response meets most of the requirement, but there is at least one significant issue of concern or several smaller issues. These would require some further clarification or attention later in the procurement process and may arise through lack of demonstrated capability and/or appropriate evidence. The response therefore shows: • Basic understanding of the requirements • Sufficient competence demonstrated through relevant experience • Some areas of concern that require attention
7	Good (meets the requirement) or Low Risk The response broadly meets what is expected for the criteria. There are no significant areas of concern, although there might be limited minor issues that need further exploration or attention later in the procurement process. The response therefore shows: • Good understanding of the requirements • Sufficient competence demonstrated through relevant experience • Some insight demonstrated into the relevant issues.
9	Very Good (exceeds the requirement) or Very Low Risk The response exceeds what is expected for the criteria. Leave no doubt as to the capability and commitment to deliver what is required. The response therefore shows: • Very good understanding of the requirement • Considerable competence demonstrated through relevant experience • Considerable insight into the relevant issues The response is also likely to propose additional value in several respects above that expected

4.4.4 Quality & Method of Approach Evaluation – The Quality & Method of Approach will be evaluated using the following criteria by the evaluation panel:

- Relevant skills and experience – Experience in writing Conservation Management Plans for historic wooden vessels is desirable.
- Understanding of the Brief
- Quality of Method Statement and Approach.

4.4.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex 2 (Pricing Approach) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the NMRN as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the NMRN as part of the pricing approach, the NMRN may reject the full tender response at this point. The NMRN may also reject any tender response where the Overall Price for the goods and/or services is considered by the NMRN to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score will be awarded to the tender response offering the lowest “Overall Price”.

4.4.5 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

4.4.6 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology

Annex 1 - Tender Specification

The following sets out a full, detailed specification of the services required by the potential supplier as part of this ITT.

- 1.2 The overall CMP should hold within it x3 stand-alone documents which can be used specifically for each of the vessels. This will aid the use of the CMP as an active document for staff or contractors, whereby information on each vessel is quickly and easily accessed.
- 1.3 When brought together, the CMP should draw on the overarching understanding, conservation and significance of the three vessels and the Coastal Forces Craft.

2. Deliverables

2.1 Understanding the Heritage

2.1.1 General Understanding

The potential consultant will be expected to understand the heritage of the three vessels and how it has developed over time. The wider CMP and each individual ship-specific CMP shall include;

- Research into primary sources for details of the ship's(s) construction and the in-service/out of service refit and repair
- Series of phase plans showing the development of the vessel(s)
- Consult relevant stakeholder organisations where applicable. The organisations include but are not limited to The National Museum of the Royal Navy, The Coast Forces Heritage Trust, National Historic Ships UK.
- Prepare full measured survey of the ship(s), including an inventory identifying individual elements of the ship(s), their significance and management issues during conservation.

2.1.2 Management Information

The potential consultant is expected to provide a summary of the ship(s) management requirements. The consultant should collect copies and summarise the main points of information from:

- Condition Surveys
- A repair/conservation history – summary of previous actions and reports on repairs, conservation, restoration and development.
- Current management requirements and standards that need to be met (H & S, access, environment)

- Relevant planning policy documents, including copies of any relevant legal documents for the vessel(s) and the sites where they will reside and which may affect future care and conservation.

2.1.3 Field Survey, Gazetteer & Inventory

The potential consultant will provide a detailed gazetteer and inventory of the elements of the asset(s) with each of their vessel specific CMPs. The wider CMP document shall draw on the similarities of these vessels.

The inventory or survey will combine information about all the different types of heritage supplemented with background research. It will involve fieldwork to identify the elements and areas of heritage. The entry of each element should at least include:

- The history (from documentary sources)
- A description of what survives
- Significance
- Management issues, including condition
- Sources (with reference to any relevant reports or information)

Elements will be set out as an MS Access database and be numbered, photographed and related to base drawings.

Specific issues include;

- The divergent requirements of the vessel as a historic asset and the potential for the vessel as a static exhibit to the public
- During significant and extensive programmes of internal and external conservation and repair out of the water.

2.2.3 Opportunities for Significance

For the specific vessels, the consultant should identify opportunities to enhance the significance of the vessel(s).

Specific issues include;

[principles-sustainable-management-historic-environment/](#) (Historic England 2008).
Specific best-practise on historic vessels is set out by National Historic Ships in *Conserving Historic Vessels* (2010)

3.6 Safe Access

3.6.1 MTB 71 and MTB 331 are housed on their own cradles at the Fleet Air Arm Museum, Yeovilton. Access is readily available subject to wearing appropriate PPE (hard hat, steel-toe capped boots and high vis) and signed Risk Assessments and Method Statements.

3.6.2 RML 497 is currently moored on a mid-river pontoon on the River Itchen in Southampton. Access and survey is difficult within this setting. The vessel is due to be lifted out of the water for Winter 2017 onto a cradle, from which access will be far easier, quicker and safer.

3.6.3 To ensure a safe working environment for the consultant, the NMRN recommend the consultant provide a 2 Phase survey timeframe;

- Phase 1: Survey MTB 71 and MTB 331 at Yeovilton over summer/autumn 2017

- (g) if notice of intention to appoint an administrator is given by any person (including the other party's directors, the other party or any qualifying floating charge holder as defined in the Insolvency Act 1986), an application is made to court or an order is made for the appointment of an administrator or if an administrator is appointed or any step is taken by any person with a view to placing the other party into administration as defined by the Insolvency Act 1986; or
- (h) if any event or circumstance occurs which under the law of any relevant jurisdiction has an analogous or equivalent effect to any of the events listed in clauses (a) to (g) in relation to the other party.

12.2 For the purposes of this clause 12:

12.2.1 a breach shall be considered capable of remedy:

- (a) if the party in breach can comply with the provision in question in all respects other than as to the time of performance; and

(b) if time of performance is not of the essence.

12.3 Termination of this Agreement for any reason, whether under this clause 12 or not, shall be without prejudice to the accrued rights and liabilities of the parties on the date of termination.

12.4 Upon the termination of this Agreement for any reason:

12.4.1 the Supplier shall immediately deliver to the Customer all Deliverables whether or not then complete, and return all materials of the Customer referred to in clause 9.2; and

12.4.2 the Supplier shall, if so requested by the Customer, provide all assistance reasonably required by the Customer to facilitate the smooth transition of the Services to the Customer or any replacement supplier appointed by it. In the absence of agreement, the Customer shall pay for any such assistance at the Supplier's standard time and material rates.

13 GENERAL

13.1 Subcontracting and Assignment

13.1.1 The Supplier may not without the prior written consent of the Customer sub-contract to any other person the performance of any of the obligations undertaken by it.

13.1.2 The Customer may assign, transfer (in whole or in part), charge, declare a trust over or deal in any manner with this Agreement or the benefit or burden of or the rights under this Agreement.

13.1.3 The Supplier may not without the prior written consent of the Customer assign, transfer (in whole or in part), charge, declare a trust over or deal in any manner with this Agreement or the benefit or burden of or the rights under this Agreement.

13.2 Force Majeure

13.2.1 Neither party shall be liable to the other party for any delay or non-performance of its obligations under this Agreement to the extent that its performance is interrupted or prevented by any act or omission beyond its reasonable control.

13.2.2 Such delay or non-performance shall not constitute a breach of this Agreement and the time for performance shall be extended by a period equivalent to that during which performance is so prevented provided that if such delay or failure persists for sixty (60) days or more, the party not affected may, at its option and if in its opinion it is reasonable for it to do so, terminate this Agreement by giving fourteen (14) days written notice of such termination to the other party.

13.3 Amendments

No amendment of this Agreement shall be effective unless it is in writing and signed by or on behalf of each of the parties.

13.4 Waivers and Remedies

13.4.1 Except as otherwise stated in this Agreement, the rights and remedies of each party under this Agreement:

- (a) are in addition to and not exclusive of any other rights or remedies under this Agreement or the general law; and
- (b) may be waived only in writing and specifically.

13.4.2 Delay in exercising or non-exercise of any right under this Agreement is not a waiver of that or any other right.

13.4.3 Partial exercise of any right under this Agreement shall not preclude any further or other exercise of that right or any other right under this Agreement.

13.4.4 Waiver of a breach of any term of this Agreement shall not operate as a waiver of breach of any other term or any subsequent breach of that term.

13.5 Severance

13.5.1 If any provision of this Agreement is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect:

- (a) the legality, validity or enforceability in that jurisdiction of any other provision of this Agreement; or
- (b) the legality, validity or enforceability in any other jurisdiction of that or any other provision of this Agreement.

13.6 Entire Agreement

13.6.1 This Agreement:

- (a) constitutes the entire agreement between the parties with respect to the subject matter of this Agreement; and
- (b) supersedes and extinguishes any prior drafts, agreements, undertakings, understandings, promises or conditions, whether oral or written, express or implied between the parties relating to such subject matter.

13.6.2 Each party acknowledges to the other that it has not been induced to enter into this Agreement by, nor has it relied upon, any representation, promise, assurance, warranty or undertaking (whether in writing or not) by or on behalf of the other party or any other person save for those contained in this Agreement. Accordingly, each of the parties acknowledges and agrees that the only remedy available to it in respect of the subject matter of this Agreement shall be for breach of contract under the terms of this Agreement and it shall have no right of action against any other party in respect of any such representation, promise, assurance, warranty or undertaking.

13.6.3 This clause shall not exclude any liability which either party would otherwise have to the other or any right which either of them may have to rescind this Agreement in respect of any statements made fraudulently by the other prior to the execution of this Agreement or any rights which either of them may have in respect of fraudulent concealment by the other.

13.6.4 In the event of a conflict between any of the terms of this Agreement, the conflict shall be resolved according to the following descending order of priority, (i) the clauses of this Agreement, then (ii) the Schedules.

13.7 **Survival Of Obligations**

Notwithstanding any provision of this Agreement to the contrary, the provisions of clauses 5, 6, 7, 8, 9, 10, 12.3, 12.4, and 13 and any other clauses which expressly or impliedly survive termination of this Agreement for any reason whatsoever shall continue in full force and effect after termination.

13.8 **No Partnership/Agency**

Nothing in this Agreement is intended to or shall operate to create a partnership or joint venture of any kind between the parties, or to authorise either party to act as agent for the other, and neither party shall have authority to act in the name or on behalf of or otherwise to bind the other in any way (including the making of any representation or warranty, the assumption of any obligation or liability and the exercise of any right or power).

13.9 **Rights of Third parties**

Subject to clause 2.4, a person who is not a party has no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce, or to enjoy the benefit of, any provision of this Agreement but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

13.10 **Notices**

13.10.1 All notices between the Parties with respect to the Agreement shall be in writing and signed by or on behalf of the Party giving it. Any notice shall be duly served (i) on delivery if delivered by hand, (ii) 48 hours after sending if sent by first class post or special or recorded delivery (or other “proof of delivery” or “proof of posting” service that Royal Mail may from time to time offer) or (iii) on sending if sent by fax or email (provided that a copy is also sent by post), provided that in each case the notice is sent to the address of the addressee given at the start of the Agreement or such other address as the addressee may from time to time have notified for the purpose of this condition.

13.10.2 Any notice or communication given under the Agreement shall not be validly served if sent by text messaging via mobile phone.

The Agreement and any dispute or claim arising out of or in connection with it (including any non-contractual claims or disputes) shall be governed by and construed in accordance with the laws of England and Wales.

13.12 **Jurisdiction**

In relation to any legal action or proceedings (a) arising out of or in connection with the Agreement or its implementation or effect or (b) relating to any non-contractual obligations arising out of or in connection with the Agreement, each of the Parties irrevocably submits to the exclusive jurisdiction of the English courts and waives any objection to proceedings in such

courts on the grounds of venue or on the grounds that proceedings have been brought in an inappropriate forum.

This Agreement has been entered into on the date stated at the beginning of it.
