Section 3: Object of the Request for Information:

Short description of requirement: In order to meet the objectives of a developing Navy Platform the requirement for the provision of Intelligence Coordination and Analysis Services has been identified. This RFI has been published for the purpose of informing the potential procurement and whether the below scope of services can be provided by Industry.

Should you wish to participate in this opportunity, it would be appreciated if you could provide your responses to this RFI no later than 12:00 on the 2th February 2022 to enable MoD to analyse and consider responses.

Please respond to the following questions:

Question 1: Please indicate whether your company can provide the entirety of the following services:

Coordination Services

- a. Intelligence tasking and coordination of all investigations and assessments.
- b. Coordinate the process management of investigative/analytical output.
- c. Coordinate options with Intelligence stakeholders.
- d. Conduct option centric Intelligence led Investigations into complex and sensitive State Based Threats.
- e. Understand and be able to exploit current Search, Visualisation and Analytical techniques.
- f. Assist with development and training of new investigative capabilities within the team and where possible realise benefit for broader Defence.
- g. Introduce Intelligence focused concepts and capabilities, providing specialist intelligence advice to military Staff within the team.

Analysis Services

- a. Ensure option development is supported by analytical effort that provides written and briefing outputs as required.

- b. Collate and manage intelligence material in addition with security guidance and project requirements.
- c. Conduct option centric intelligence led investigations into complex and sensitive State based threats.
- d. Manage the common intelligence data derived picture through close liaison with the Data science Team located within the project.
- e. Liaise at desk level and with Navy Intelligence Analytical Teams.
- f. Project management of options that is derived from data and intelligence information.

Additional questions

- a. Please confirm whether you intend to bid for this contract?
- b. Are there any additional considerations / risks that we should consider?

Contract duration and timeline

The contract would be awarded for a period of two years with an option to extend the contract for an additional two years. The procurement would be published in April 2022. The timelines and duration remain under consideration and is indicative at this stage.

Commercial Disclaimer

This RFI forms a part of market engagement and is NOT part of any competitive procedure. Any information you submit will be considered solely for the purposes of building a greater understanding of potential procurement.

Should the decision be made to formally compete the requirement, any information provided will not be considered as part of a formal bid and must be re-submitted as part of the formal bid process. Information specific to the Industry participant provided through this process will not be shared or distributed directly to other participants.

The information contained in this RFI and any further information (whether written, electronic or oral) supplied by the Secretary of State and/or any of its representatives in respect of this RFI is, and will be, supplied on the condition that neither the Secretary of State, any of its representatives nor any agents, servants, officers or affiliates of the Secretary of State or its representatives whatsoever is liable for any error, omission, or inaccuracy therein nor for any loss or damage sustained by any party arising as a result of reliance on such information or any subsequent communication, including any error or omission or inaccuracy resulting from any negligent act or omission of any of the Secretary of State, its representatives or any other person (other than in respect of fraudulent misrepresentation). No party accepts any responsibility or gives any undertaking to provide further information, including any information required to correct any earlier inaccuracy or error.

Any participation in this Industry market engagement and any response to this RFI is entirely at your cost and risk. The MOD is under no obligation to proceed with a formal procurement

or in any other way proceed with the above requirement and shall not be liable to any participants for any costs arising from participation in this process

- This RFI is Subject to Contract.
- The existence of this RFI does not imply that UK MOD will make a purchase relating to the Requirements within the indicated timescale, later, or at all.
- All information provided by the MOD during discussions with Industry is provided in good faith but is indicative only and does not constitute an invitation to tender or an offer of contract.

Supplier Commercially Sensitive/Confidential Information

Suppliers are requested to annotate all commercially sensitive/confidential information clearly and explicitly.
