Section C - Instructions on Preparing Tenders

Tenders for Selected Contractor Deliverables

C1. You do not have to Tender for all the Contractor Deliverables listed in the attached Schedule of Requirements. Insert the words "No Tender" against each Contractor Deliverable where you are not tendering.

C.1.1 The staff skillsets required are being competed through this ITT as a framework. Tenderers can submit Tenders for the trades that they are able to supply. The evaluation of all tenders will be conducted in accordance with Section D of this ITT. It is the Authority's intention to minimise the amount of Contracts placed if possible. This strategy shall not impact upon the fact that each trade will be evaluated separately.

C.1.2 It is the Authority's intention to place a Contract(s) for 3 (three) years which shall commence on the **15 May 2017** and expire on **14 May 2020**. The Contract(s) will also include an option to extend for up to a further 12 months. This option may not be taken up, and the ultimate Contract duration shall be subject to the Authority's right of early termination under the enclosed draft Terms and Conditions of Contract.

C1.3 Please insert prices on the attached Schedule 7 to Contract CB/BFG/0114 against all the trades you are able to provide. Where there are trades you are unable to provide, please insert "No Bid".

Construction of Tenders

C2. Your Tender must be written in English, using Arial font size 11. Prices must be in Euros. Prices must be Firm Price.

C3. To assist the Authority's evaluation please set out your Tender response in accordance with Section D (Tender Evaluation).

Validity

C4. In accordance with F3 your Tender must be valid / open for acceptance for 120 calendar days from the Tender return date. If successful, your Tender must be open for acceptance for a further thirty (30) calendar days.

C5. Variant Bids. Any Tender made subject to additional or alternative Contract Conditions alone is not a variant bid. Where the tender evaluation has a pass / fail for the Contract Conditions the Authority may reject the Tender on the grounds of such additional or alternative Contract Conditions.

C6. The Authority cannot evaluate any Variant Bids during this competition.

Section D – Tender Evaluation

D.1. This section details how your Tender will be evaluated, the tools used to evaluate the Tender and the evaluation criteria.

D.1.1 This Tender will be evaluated in accordance with the Technical Requirements of Response, Annex B to DEFFORM 47 (attached). A maximum of 120 points is available across the six different Requirements of Response. All compliant Tenderers who reach a minimum score of 72 points (60% of the maximum points available), will be invited to join the framework.

D.1.2 Tender Evaluation Tool – Not applicable.

D.1.3. The evaluation process is split into a number of phases. The Commercial and Technical evaluations will be carried out separately.

D.1.4 The evaluation phases for this requirement will be as follows:

Phase	Activity	Description	Outcome
1	Tender Board Compliance Check	Upon receipt, Tenders will be checked for completeness and compliance in accordance with the instructions issued in the Invitation to Tender. Should a bidder not provide a positive response to any of the requirements, or alternatively provide a detailed justification as to why a positive response cannot be given, the Authority reserves the right to either exclude the bidder from the evaluation process or, at its discretion, seek clarification. In the case of the latter, a failure by the bidder to provide a satisfactory response within the deadline specified in the request for clarification, <u>will</u> result in disqualification from the evaluation process.	
2	Commercial Evaluation (Annex A to DEFFORM 47) and Section E.	<p>The Commercial Evaluation will be split into two distinct parts.</p> <p>The first part is to check to ensure all Forms of Response have been provided as defined within Annex A and are acceptable.</p> <p>The second part is to check that the Tenderer has confirmed acceptance of the Terms and Conditions in his Tender, that the prices submitted are considered to be fair and reasonable and that the Tenderer has confirmed that he will hold his Tender open for 120 days.</p> <p>Both parts will be judged as a 'Tender compliancy' issue (i.e. Pass/Fail). A bidder's Tender <u>may</u> be deemed 'non-compliant' and therefore excluded from the remainder of the evaluation process if marked as a 'Fail' on this aspect.</p> <p>A nil response to any of the Forms of Response requirements <u>may</u> result in automatic disqualification from the evaluation process, unless through clarification a reasonable explanation is provided.</p>	Pass/Fail

3	Technical Evaluation	The qualitative evaluation by the Authority's Subject Matter Experts will be undertaken independently without sight of pricing information. Qualitative includes, but is not restricted to, technical, delivery and quality aspects and shall be conducted by scoring the Technical ROR provided by Tenderers.	A maximum mark of 120 points with a minimum of 72 required.
4	Contract Award	Contract Award is then made on the basis of the Tenderer(s) that has/have attained a minimum of 72 points.	
5	Evaluation Report	A full Evaluation Report will be produced for the procurement exercise. This report shall document the reasons why a Tender is deemed successful/unsuccessful. It shall also be of sufficient detail so as to support additional de-briefing where requested by an unsuccessful bidder.	

D.2 The Requirements of Response (ROR) and the Evaluation Matrix used to rate responses is attached at Annex B to this DEFFORM 47, together with instructions for evaluators to enable Tenderers to see the maximum achievable scores.

The process will require submission of the single page document either directly to the MOD Project Team or, where specified, to the DE&S Security Advice Centre. Small and Medium Enterprises

20. The Authority is committed to supporting the Government's small and medium-sized enterprise (SME) initiative; its ambitious target is that every £1 in every £3 that the Government spends should be with small businesses by 2020. Our goal is that 25% of MOD spending should be spent with SMEs by 2020; this applies to the money which the MOD spends directly with SMEs and through the supply chain. The Authority uses the European Commission definition of an SME.

21. A key aspect of the Government's SME Policy is ensuring that its suppliers throughout the supply chain are paid promptly. All suppliers to the Authority and their sub-contractors are encouraged to make their own commitment and register with the Prompt Payment Code at: <http://www.promptpaymentcode.org.uk>.

22. Suppliers are also encouraged to work with the Authority to support the Authority's SME initiative. The link below to Gov.uk website provides information on the Authority's purchasing arrangements, our commercial policies and our SME policy. <https://www.gov.uk/government/organisations/ministry-of-defence/about/procurement>

23. The opportunity also exists for Tenderers to advertise any sub-contract valued at over £10,000 in the MOD Contracts Bulletin and further details can be obtained directly from:

a. The Armed Forces community would not face disadvantages when compared to other citizens in the provision of public and commercial services; and
