

Beccles Yacht Station wildflower landforms

The map shows the bathymetry of the marina to be dredged. It is proposed to build a series of earth bunds to create wildflower landforms. The potential reuse sites are shown in brown and yellow.

Landform sites North	~3700 m ²
"Hotel" landform sites	~4900 m ²
Dredging to -1.5m ODN is	~3300 m ³
