

ANNEX 10

ITT METRICS

This is the list of expected declaration volumes that was originally included in the HMRC Trader Support Service invitation to tender dated July 2020. Its inclusion here is purely in relation to the original description of the Authority Requirements and has no bearing on the Services, the Supplier's obligations under this Agreement, nor on the commitment of the Supplier to process certain volumes. The Supplier's obligation to process or perform a volume of transactions (whether or not they are of the type listed in the table below) is limited to the Baseline Volumes and the associated provisions of Annex 2 to this Schedule 2.1.

NI Customs Declarations type	Estimated Annual Volume (m)
