MASTER SERVICES AGREEMENT

1. **Parties.** This Master Services Agreement (this "Master Agreement") is entered into by Customer (as defined in the Statement of Work ("SOW") that this Master Services Agreement governs) and Dataminr, Inc. ("Dataminr"). Customer must execute at least one SOW to purchase access to Dataminr services (individually and collectively, "Services"). To purchase additional Services, Customer must execute an additional SOW (which will be numbered sequentially, e.g., "SOW 1", "SOW 2", and so on) that references this Agreement and sets forth the specific Services to be provided to Customer. This Master Agreement and all SOWs entered into by the parties pursuant to this Master Agreement are collectively referred to herein as the "Agreement".
2. **Description of Services.** Dataminr provides a software-as-a-service solution that, among other things, provides real-time alerts ("Alerts") sourced from publicly available data, information and materials, including public tweets and other public content made available through Twitter, Inc. (collectively, the "Third Party Materials").
3. **Provision of Services.**
 - a. Customer's Affiliates may purchase access to Services under the terms and conditions of this Master Agreement by mutually executing a SOW with Dataminr; provided that Customer shall remain responsible for its Affiliates' compliance with all of the terms and conditions of this Agreement. An "Affiliate" of Customer is an entity that is controlled, controlled by, or is under common control with Customer.
 - b. Dataminr will make the Services purchased by Customer available to Customer in accordance with this Agreement. Customer's Authorized Users (as defined below) may access and use the Services solely for Customer's internal purposes. An "Authorized User" is an employee or contractor of Customer or Customer's Affiliate (if such Affiliate has executed a SOW with Dataminr) authorized to use the Services in accordance with this Agreement, the applicable SOW and the applicable license type set forth in the SOW (the "License Type"), and who has been supplied a username and password for the Services (collectively, "Authentication Credentials"). Authentication Credentials are personal to each Authorized User and may not be shared or used by more than one Authorized User. Customer shall be fully responsible for each Authorized User's use of the Services and shall indemnify Dataminr from any liability incurred by Dataminr as a result of an Authorized User's breach of this Agreement. The Services are subject to the License Type(s) set forth in the applicable SOW.
 - c. Customer and each Authorized User may need to register for an account to access the Services. Customer shall ensure that its Authorized Users provide accurate, current and complete account information and promptly update this information if it should change. Customer shall promptly request Dataminr in writing to deactivate the Authentication Credentials of any Authorized User that is no longer employed or engaged with Customer. Customer will be responsible for the confidentiality and use of all of its Authentication Credentials.
 - d. Dataminr reserves the right to monitor and audit Customer's compliance with Authorized User and License Type limitations specified in an applicable SOW. If any such audit reveals that Customer has exceeded the limitations specified in the SOW, then as a non-exclusive remedy, Dataminr may invoice Customer for, and Customer will pay, such additional fees as are determined to be payable, based on Dataminr's then current list prices for Customer's excess use.
4. **Service Levels.** Dataminr shall provide the Services in accordance with the Service Level Agreement ("SLA") available at www.dataminr.com/legal/sla.

5. **Third Party Materials.** Customer acknowledges and agrees that Customer's use of the Third Party Materials shall be subject to (and Customer agrees it is bound by) the third party terms and conditions (collectively, the "Third Party Terms") found at www.dataminr.com/thirdpartyterms and attached as Schedule 1 (the "Third Party Terms Site"). The Third Party Terms may be modified from time to time by Dataminr and/or its third party licensors and data vendors at any time in their sole discretion by posting new terms at the Third Party Terms Site. These Third Party Terms are hereby incorporated into this Agreement. Dataminr reserves the right to integrate additional safeguards to prevent the Services from being used for surveillance purposes, which both Dataminr and Twitter policies do not allow. Customer is responsible for checking the Third Party Terms Site for updates, and any use by Customer of the Services following a change to the Third Party Terms shall constitute acceptance of such change. If Customer does not agree to the amended Third Party Terms, Customer must stop accessing and using the Services. Customer acknowledges that Dataminr does not own, create or control the Third Party Materials and that the Third Party Materials delivered to Customer by the Services may include content that is objectionable to Customer or its Authorized Users. Dataminr disclaims and makes no representation or warranty with respect to the Third Party Materials or any portion thereof and assumes no liability for any claim that may arise with respect to the Third Party Materials or Customer's use, misuse or inability to use the same.

6. **Restrictions.** Customer will not use or make available the Services in a manner that allows any person or entity other than its Authorized Users to access or use the Services or any Third-Party Materials provided through the Services or otherwise permit unauthorized access to the Services. Customer shall not, and shall ensure that its Authorized Users do not: (a) modify, translate, or create derivative works of the Services, any underlying ideas, technology, or related software of the foregoing; (b) allow access to the Services by any persons other than Authorized Users; (c) rent, sell, lease, distribute, publish, circulate, disseminate, pledge, assign, or otherwise transfer the Services, including but not limited to the Alerts, to any persons other than Authorized Users; (d) forward Alerts to non-Authorized Users in a bulk, systematic, programmatic or automated manner; (e) disassemble, decompile, reverse engineer, or translate any software related to the Services, or otherwise attempt to discover any such software source code, object code, or underlying proprietary information, except to the extent that such restriction is prohibited by applicable law; (f) remove or otherwise alter any proprietary notices or labels from the Services or any portion thereof; (g) interfere with, modify, disrupt or disable features or functionality of the Services, or defeat, avoid, bypass, remove, deactivate or otherwise circumvent any software protection or monitoring mechanisms of the Services; (h) knowingly or negligently transmit in any Services or Third Party Materials, viruses, Trojan horses, worms, time bombs, corrupted files, or other computer programming routines intended to detrimentally interfere with or expropriate any systems, data, personal information, or property of another (and upon discovery of any such transmission, Customer shall immediately inform Dataminr of said transmission at legal@dataminr.com and Customer shall cooperate in good faith to remedy and limit the harm and injury done by said transmission); (i) provide use of the Services on a service bureau, time-sharing, rental or managed services basis or permit other individuals or entities to create Internet "links" to the Services or "frame" or "mirror" the Services in any way; (j) access the Services or Third Party Materials in order to build a similar or competitive product or service to the Services or Dataminr's third party licensors and data vendors' services and/or products; (k) use the Services, by itself or in conjunction with other data sources, in any way including without limitation through data brokers or any other advertising or monetization services, to target individuals; or (l) use the Services or the Third Party Materials in violation of any applicable laws. During the Term, Dataminr or its representatives may, in Dataminr's sole discretion, audit Customer's compliance with this Section, provided that no more than one audit may be conducted in any twelve-month period. Customer shall reasonably cooperate with Dataminr's audit and provide access to records, equipment, information and personnel requested by Dataminr related to Customer's use of the Services. Dataminr may conduct audits only during Customer's normal business hours and in a manner that does not unreasonably interfere with Customer's business operations.

7. **Term.** Unless earlier terminated, this Agreement shall commence upon the date that the first SOW entered into pursuant to this Master Agreement is executed and shall continue in full force and effect until all outstanding SOWs are completed, expired, or terminated in accordance herewith (the "Term").

8. **Fees.** Customer shall pay Dataminr the fees set forth on each applicable SOW (the "Fees") in accordance with this Section 8. Except as otherwise specified on an applicable SOW, Fees due under a SOW will be invoiced upon execution of such SOW. Fees are due within thirty (30) days of the date of the invoice. Any Fees past due hereunder shall bear interest at a rate of 1.5% per month (or, if lower, the maximum rate permitted by applicable law). Except where expressly stated otherwise, all Fees paid to Dataminr hereunder are nonrefundable. Any amounts payable hereunder are exclusive of all sales taxes, value added taxes, duties, use taxes, withholdings and other governmental assessments. Customer shall pay all such taxes and governmental assessments associated with the Services (excluding taxes based on Dataminr's net income), unless Customer provides to Dataminr a valid tax-exempt certificate. Dataminr may change the Fees from time to time hereunder by providing at least forty-five (45) days' prior notice to Customer; provided that, such change in Fees will not go into effect until the commencement of the next renewal term of the applicable SOW.

9. **Suspension.** Dataminr may immediately suspend access to the Services upon (a) Customer's violation of this Agreement (including any SOW or the Third Party Terms) or (b) if Dataminr reasonably determines that Customer is using the Services or the Third Party Materials in violation of applicable law or in an unauthorized or fraudulent manner. Dataminr will restore Customer's access to the Services after the reason for the suspension has been resolved. Customer shall be responsible for any Fees accrued during any period of suspension.

10. **Termination.** Without limiting the foregoing, either party may terminate this Master Agreement or an applicable SOW by written notice to the other party in the event that such other party materially breaches this Master Agreement or the SOW and does not cure the breach within thirty (30) days of such notice. Termination of one SOW shall not automatically result in the termination of any other SOW. Termination of this Agreement as a whole shall result in the termination of all SOWs. Upon termination of this Master Agreement or a SOW, (a) the rights and licenses granted to Customer under this Master Agreement or such SOW, as applicable, shall terminate and Customer shall immediately cease use of the applicable Services and Third Party Materials and (b) Customer shall return to Dataminr or destroy (at Dataminr's option) anything Customer has obtained in connection with the applicable Services, together with any and all documents, notes and other materials respecting such Services, including, without limitation, all Confidential Information of Dataminr and all copies and extracts of the foregoing. If Customer is destroying Dataminr's Confidential Information and other materials, Customer shall provide written certification of this destruction to Dataminr. Sections 5, 6, 8, 10, 11, 13, 17, 18, 20, 21, 22 and 24 shall survive termination or expiration of this Agreement.

11. **Confidential Information.**

a. "Confidential Information" means all non-public information acquired by a party (the "Receiving Party") in connection with this Agreement or from the other party (the "Disclosing Party") that (i) is marked "confidential" or "proprietary", (ii) the Disclosing Party orally or in writing has advised the Receiving Party is confidential, or (iii) based on the nature of the material or the circumstances under which it was disclosed, a reasonable person would believe to be confidential at the time of disclosure. "Confidential Information" includes but is not limited to pricing information, computer programs, names and expertise of employees and consultants, know-how, business proposals, plans and operations, and other technical, business, customer, financial and product development information of Disclosing Party. Without limiting the generality of the foregoing, the terms of this Agreement (including pricing) and the Services are Confidential Information of Dataminr, and any of Customer's data or information provided by Customer or inputted by Customer into the Services, including Customer's alert parameters and

watchlists (collectively, the "Customer Content") is Confidential Information of Customer. Confidential Information does not include information: (i) that at the time of disclosure is publicly available or becomes publicly available through no act or omission of the Receiving Party; (ii) that is or has been disclosed to the Receiving Party by a third party who is not under (and to whom the Receiving Party does not owe) an obligation of confidentiality with respect thereto; or (iii) that is or has been independently acquired or developed by the Receiving Party. Additionally, the obligations of this Section 11 shall not apply if the Receiving Party discloses Confidential Information of the Disclosing Party to the extent disclosure is required by court order or is otherwise required by law, on condition that, to the extent permitted by law, notice of such requirement by law for such disclosure is given to the Disclosing Party prior to making any such use or disclosure.

b. The Receiving Party will not use any Confidential Information of the Disclosing Party for any purpose other than performing its obligations or exercising its rights under this Agreement, and will disclose the Confidential Information of the Disclosing Party only to Receiving Party's employees, agents and contractors on a "need to know" basis, provided such persons are under an obligation with the Receiving Party to maintain the confidentiality of such Confidential Information, which obligation is consistent with, and no less protective of Confidential Information, than the terms of this Section 11. The Receiving Party will protect the Disclosing Party's Confidential Information from unauthorized use, access, or disclosure in the same manner as the Receiving Party protects its own confidential or proprietary information of a similar nature and with no less than reasonable care. Each party shall be responsible for any breach of this Agreement by any party to whom it has disclosed Confidential Information. Each party shall use all reasonable efforts to assist the other party in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Receiving Party shall advise Disclosing Party immediately in the event Receiving Party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Agreement and each party will cooperate with the other party in seeking injunctive or other equitable relief against any such person. Each party acknowledges that in the event of any breach or threatened breach of this Section by either party, the other party may suffer irreparable harm and not possess an adequate remedy at law. Accordingly, each party shall have the right to seek injunctive or other equitable relief to restrain such breach or threatened breach.

c. Notwithstanding anything to the contrary, nothing in this Agreement restricts Dataminr from using for analytics, research, product development, marketing and other business purposes any information about Customer's usage of the Services and the Customer Content on an aggregated and de-identified basis (the "Aggregated Data"); provided that, such information cannot reasonably be used to identify Customer and Dataminr does not publicly disclose any of the Customer Content in violation of this Section 11. Dataminr retains all rights, title and interest to in the Aggregated Data (including intellectual property rights).

16. **Beta Tests.** In its sole discretion, Dataminr may contact Customer to review and evaluate one or more features prior to commercial release for the purpose of identifying program errors and receiving feedback (collectively, "Beta Tests"). Customer may need to execute additional terms and conditions which may supersede this Agreement to participate in any Beta Tests.

17. **Feedback.** During the Term, Customer may provide feedback, requests, enhancements, ideas or suggestions regarding the Services or any Beta Tests (the "Feedback"). Customer acknowledges and agrees that all Feedback is the sole property of Dataminr. To the extent that Dataminr cannot claim exclusive rights in the Feedback by operation of law, Customer expressly grants to Dataminr a non-exclusive, royalty-free, fully paid-up, perpetual, irrevocable license, to fully exploit such Feedback.

MULTIPLE CLAIMS WILL NOT EXPAND THIS LIMITATION. The foregoing limitations of liability will not apply to (i) a party's indemnification obligations; (ii) a party's breach of its confidentiality obligations; (iii) gross negligence or willful misconduct; or (iv) Customer's breach of Section 6 (Restrictions).

21. **Indemnification.**

a. Dataminr will indemnify, defend and hold Customer, its affiliates, officers, directors, and employees harmless from any and all amounts actually paid to third parties in connection with claims, liabilities, damages and/or costs (including but not limited to, reasonable attorneys' fees) (collectively, "Losses") relating to any claim brought by a third party alleging that the Services, as provided by Dataminr to Customer under this Agreement and used within the scope of this Agreement, infringes or misappropriates any U.S. patent or copyright of such third parties (each, an "Infringement Claim"), provided that Customer: (i) promptly notifies Dataminr in writing of the Infringement Claim (provided that any failure to provide prompt notification shall not relieve Dataminr of its indemnification obligations unless such failure results in material prejudice to Dataminr); (ii) grants Dataminr the option to assume sole control of the defense and settlement of the Infringement Claim; and (iii) provides Dataminr, at Dataminr's expense, with all assistance, information and authority reasonably required for the defense and settlement of the Infringement Claim. In the event of any such Infringement Claim, Dataminr may, at its option: (A) obtain a license to permit Customer the ability to continue using the Services; (B) modify or replace the relevant portion(s) of the Services with a non-infringing alternative having substantially equivalent performance within a reasonable period of time; or (C) terminate this Agreement by providing notice to Customer, and provide Customer with a refund of any prepaid, unearned Fees (prorated on a daily basis for the then-current billing period for the applicable SOW). For the avoidance of doubt, Dataminr shall have no obligation to provide any indemnification obligations of any kind to Customer regarding the Third Party Materials.

b. If any provision of this Agreement is found to be unenforceable or invalid, that provision shall be limited or eliminated to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect and enforceable.

c. This Agreement is not assignable, transferable or sub-licensable by either party, whether voluntarily, involuntarily, by operation of law or otherwise, except with the other party's prior written consent. Notwithstanding the foregoing, Dataminr may assign this Agreement to an Affiliate or any successor to substantially all of the business or equity of Dataminr without the consent of Customer.

d. No agency, partnership, joint venture, or employment is created as a result of this Agreement, and neither party shall have any authority of any kind to bind the other party in any respect whatsoever.

e. This Agreement shall be governed by the laws of England and Wales without regard to its conflict of laws' provisions.

f. Any legal suit, action or proceeding arising out of or related to this Agreement or the licenses granted hereunder shall be instituted in the courts located in England, and the parties hereby irrevocably submit to the personal jurisdiction of such courts and agree not to object to the venue of such courts.

g. No failure or delay by either party in exercising any right, power or remedy under this Agreement shall operate as a waiver of any such right, power or remedy. No waiver of any provision of this Agreement shall be effective unless in writing and signed by both parties. Any waiver by any party of any provision of this Agreement shall not be construed as a waiver of any other provision of this Agreement, nor shall such waiver operate or be construed as a waiver of such provision respecting any future event or circumstance.

h. All notices under this Agreement shall be in writing and shall be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by facsimile or e-mail; and upon receipt, if sent by certified or overnight mail or delivery (return receipt requested), to the person and address listed on an applicable SOW, and, for Dataminr: Attn: Legal Department, Dataminr, Inc. 6 E. 32nd Street, 2nd Floor, New York, NY 10016 and legal@dataminr.com.

Notwithstanding the foregoing, Dataminr may provide Customer with operational notices regarding the Services (e.g., planned maintenance periods) by email to the email address on file for Customer.

i. This Master Agreement and all SOWs are the complete and exclusive statement of the mutual understanding of the parties and supersede and cancel all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement. Any terms and conditions on or attached to Customer's purchase order or other business processing document shall have no effect and shall be superseded by this Master Agreement and any applicable SOWs.

j. This Agreement may be amended or modified only by a writing, signed by both parties. This Master Agreement and any amendments or SOWs hereunder may be executed in counterparts, each of which shall be deemed an original, and all of which, when taken together, shall constitute one and the same instrument. Signatures that are transmitted by mail, hand delivery, facsimile and/or email to the other party or, if applicable, counsel of record for the other party, will have the same binding effect as any original signature.

k. In the event of conflict between this Master Agreement and any SOW, the Master Agreement shall control and prevail. In the event of any conflict between this Master Agreement or any SOW and any Third Party Terms, the Third Party Terms shall control and prevail but only with respect to the specific Third Party Materials governed by the conflicting Third Party Terms.
