Project: The Creation Works / Hwel An Gwrians, Par

**Element: Preambles** 

### **PREAMBLES**

### All works are to be strictly in accordance with the Tender Design Information

### Preambles

File Ref: CH19481

This Pricing Document is to provide a breakdown for tender review and analysis. Quantities stated within this document are indicative only and are not remeasurable, for ordering materials or placing orders.

The quantities within this document are not measured in accordance with a standard method of measurement such as SMM or NRM.

Where no specification is provided or stated the tendering contractor is to provide to the equal of the existing installations on site and to current building regulation/ standards.

This contractor's tender is to include all works indicated or apparent as required to complete the works identified oin the tender information and no claim will be entertained for items required but not specifically identified in this document.

Where the works involves works to the existing building the contractor is to allow for the making good, including extending where necessary, of all structures, surfaces, finishes, fittings, etc. disturbed.

Where stated as Contractor Designed Portion or Element the Contractor is required to complete the design

Contractor Designed Elements are to include all reasonably required works to complete the works in accordance with Tender Design Information and all standard building

Where items are measured as composite items the Contractor is to include for all necessary materials, fixings, and works to complete the installation in accordance with the manufacturers details as well as the Tender Design Information

Prices are to include all necessary temporary works, working space, dewatering, health and safety provisions, temporary works, making good, access, etc. as required.

The construction is to include for all necessary fittings; connections; fixings, finising coats; ibuilders work; complete all in accordance with the tender information

If the Contractor deems there to be any anomolies, ambiguities or conflicts within the tender design information the Contractor is to ensure that these are resolved prior to submission of the tender. Any not resolved will be deemed to be resolved under the Contractor Designed Portion element of the element.
