STATEMENT OF REQUIREMENT

Unique Tasking Number FTS5/CCT507	Issue Number & Date FINAL v1 – 25/10/2017	Supplier Reference Number: FATS5
Task Title: Technical Support for Security Subject Matter Expertise		
Brief Description of Task (or see attached detailed Statement of Requirement): See attached detailed Statement of Requirement

The team provide assurance of the current/future portfolio through; fielding, Integrated Logistic Support (ILS), Joint Systems Integration Board (JSIB), safety, training, security, trials, E3 and design requirements specialist elements.</p> <p>The team has suffered an extensive depletion of expert resource with a number of key incumbents leaving the Civil Service due to retirement or the draw of employment from the private sector, resulting in the only expertise available being that provided by the FATS contracts. Suitably Qualified and Experienced Personnel (SQEP) individuals within the MoD Civil Service are a very limited resource and requests to reprioritise them within ISS have not been successful.</p> <p>The requirement for SME resource is enduring, with a number of key activities across the LE TacCIS portfolio requiring specific: safety, training, security, trials, E3 and design requirements expertise between Jun 17 and Mar 18. Therefore, it is essential that the resources can be sourced via FATS to ensure continued delivery of the LE TacCIS portfolio.</p>
