Survey Station Information

STA. No.	Easting	Northing	Level	Type
S1	488374.48	184955.686	41.870	Not
S2	488356.506	184866.972	41.163	Not
S100	48447.029	184778.470	37.241	Not

Notes

The survey has been oriented to Ordnance Survey (OS) National Grid (OSNG330) using industry Standard Network RTK GPS equipment utilising the OS Active Network (OS Net). The OSNG330 coordinates have been obtained on site using the OSNG330 RTK GPS equipment. The OSNG330 coordinates are given in OSNG330 (OSNG330 Easting, OSNG330 Northing) format. The survey data has been correlated to this point and a further one (or more) OSNG330 points established to produce a true OS bearing for angle orientation. The scale factor 1.0 has been applied therefore the survey coordinates are shown on a pseudo OS grid. All dimensions are in metres unless otherwise specified.
