

Term	Definition
	equipment/systems own technical specifications after installation and setting to work in the Boat;
Independent Safety Advisor/Auditor/Assessor	A formal activity defined under UK Defence Standards, appointed by Authority to provide assurance that the level of safety needed will be achieved.
Index of Contract Change Proposals (CCPF2)	The format at Schedule 15 (Contract Change Proposal Form) which shall be used to record the index of proposals. Contract Change Proposals shall be serially numbered in the date order being raised and recorded. A Contract Change Proposal number shall not be re-used even if the proposal is cancelled.
In-Service Support	Supporting the Boat(s) post manufacture and acceptance until the end of the contract
Intercept and Escort Craft	The boat which the Contractor is required to supply under the Contract.
Instalment Payment	A payment paid by the Authority to the Contractor as an advance against the Contract Price per Boat in accordance with Clause 12 (Payment) and Schedule 4 (Pricing and Delivery Dates).
Integrated Project Management Plan	The plan required to be developed by the Contractor in accordance with Clause 14 (Integrated Project Management Plan (IPMP))
Intellectual Property Rights/ Free User Rights (IPR)	"Intellectual Property Rights" or "IPRs" means patents, rights to inventions, trademarks and related goodwill, service marks, domain names, design rights (whether registrable or otherwise), applications for any of the foregoing, rights in computer software, copyright and related rights, database rights, confidential information (including know-how and trade secrets), trade or business names and other similar rights or obligations, whether registrable or not, in any country (including, but not limited to, the United Kingdom) for the full term of the rights together with any applications, extensions and renewals
Invoice Paying Branch	The branch of the Authority responsible for the payment of bills as identified in Schedule 05 (Appendix - Addressees and Other Information)
JONSWAP Spectrum	Recognised sea spectrum used in naval architecture design. The JONSWAP spectrum is a Pierson-Moskowitz spectrum multiplied by an extra peak enhancement factor
Key Performance Indicator (KPI)	A Key Performance Indicator (KPI) is a measurable value that demonstrates how effectively a company is achieving key business objectives
Legislation	Any applicable statute, statutory rule, order, directive, regulation or other instrument having force of law (including any directive or order promulgated by any competent national or supra-national body), and all other legislation for the time being in force.
Lifting Equipment	Lifting appliances, associated equipment and permanently installed lifting fixtures;

Term	Definition
Limit of Liability (LoL)	The price of all work performed during a specified period of time within an agreed limit. (Pricing Limit of Liability for ascertained costs, not to be confused with Limitation of Contractor's Liability, which limits a contractor's liability for their risks.)
Line Item	Specific Lines on Schedule 4c Payment Schedule or on Schedule 02 Statement of Technical Requirements or any other Schedule of the Contract containing a Table detailing items at specific lines.
Liquidated Damages	A genuine pre-estimate of the Authority's loss aimed at compensating the Authority.
Lloyd's Register	Lloyd's Register Group Limited (LR) is a technical and business services organisation and a maritime classification society
Loaded Condition	The Boat (fully compliant with 100% fuel, 100% Fresh Water and 10% Black/grey water), crew, and fitted with operational role equipment including weapons, mounts and ammunition;
Logistic and In Service Support	The work provided by the Contractor to continue support of the Boat(s) through-life as per Section 12 of Schedule 2 (SoTR) for this requirement
Major Incident/ Major Incident Inquiry	Any event which, in the opinion of the either party, causes serious damage to any part of the Boat, or which leads to a serious breach of security or safety.
Makers List	The list of supplies for equipment, machinery and services agreed by the Parties and set out in Schedule 21 (Makers List).
MARPOL	MARPOL stands for marine pollution and is the main international convention covering prevention of pollution of the marine environment by ships from operational or accidental causes.
Milestone Payment Scheme	The payment scheme set out at Schedule 4a (Milestone payment Schedule) to entitle the Contractor to interim payments
Month	A calendar month
NATO Codification	NATO Codification is the Global Language of Logistics. It is the primary means of item identification and management. The process of codification involves naming, classifying describing the item and assignment of a 13-digit NATO Stock Number (NSN)
NATO Stock Number	A unique 13 digit identifying number
Non-Conformity	Any deviation from the Statement of Technical Requirements in the Contractor's proposed or actual delivery of the Contractor Deliverables.
Notices	All forms of communication required to be given in writing by, or in connection, with this Contract.
Notices to Mariners	Notices issued to Mariners concerning local navigational hazards
OFFICIAL OFFICIAL-SENSITIVE	The classification of documentation, to be handled as per Clause 60 of the Terms and Conditions for this requirement

Term	Definition
OPDEF	Operational Defect that prevents equipment or systems being used
Option (Requirement Options)	The option years detailed at Schedule 4 (Schedule of Pricing and Required Delivery Dates) to provide additional Intercept and Escort Craft and In-Service Support to be taken up by the Authority, if required, as per the dates stated at Clause 13 to the Terms and Conditions.
Operational Defect Rectification (OPDEF)	Operational Defect, a material defect or shortcoming which impacts on the ability of the Boat(s) to safely fulfil its full operational capability
OSI	Current supplier and provider of the Royal Navy's Electronic Navigation Software (ECPINS)
Packaging	The preparation of spares for transportation and storage in accordance with the Contract. The term embraces in-store maintenance (cleaning and preservation) packing and marking.
Paragraph	The relevant section to which the Terms and Conditions refer to for this requirement
Party	The Contractor or the Authority, as the case may be.
Permissible Delay	A Force Majeure Event or a Delay Event.
Plan Approval	The examination of engineering drawings and related documents against a specified standard to support certification and endorsement by a Classification Society as required by Schedule 2 (Statement of Technical Requirements)
Planned Maintenance	Maintenance that has been pre-defined within the SoTR.
Unplanned Maintenance	Ad-hoc maintenance.
Planned Upkeep	A deeper maintenance upkeep period to include all servicing work that is beyond the capability of the User and all work required to maintain any statutory certification such as MCA Code of Practice Certificate.
Post Design Services (PDS)	The Contractor shall provide design-related activities as tasked by the Authority to maintain the Boat(s) capability through its in-service phase. In addressing any PDS tasks, the Contractor shall ensure that any solution/proposal submitted considers the impact on the operational, safety, and classification society certification aspects of the Boat(s) together with future supportability. In fulfilling any PDS tasks, the Contractor shall meet the requirements of DEF-STAN 05-57 – Configuration Management of Defence Materiel.
Pounds Sterling	The official name for the standard monetary unit of the United Kingdom
Price Index	A measure of price changes used under this Contract.
Prohibited Act	"Prohibited Acts" has the meaning given to that term in DEFCON 520 (Corrupt Gifts and Payments of Commission)
Quality Assurance Representative (QAR)	"Quality Assurance Representative" shall be such person as is notified to the Contractor by the Authority Representative from time to time; Referred to as Government Quality Assurance Representative (GQAR) in the Terms and Conditions.

Term	Definition
Quality Management Plan (QMP)	The plan required to be developed by the Contractor in accordance with the Integrated Project Management Plan (Schedule 6).
Quality Management System (QMS)	A formalised system that documents the processes, procedures and responsibilities for achieving quality policies and objectives
Regulatory Authorities	Any Body with regulatory powers whose rules and regulations must be complied with in the construction and delivery of the Contractor Deliverables.
Representatives	The employees, agents, servants, suppliers and independent contractors engaged by either party in order to perform work or duties under this Contract for which that Party is responsible.
Required Delivery Date for Contractor to present Boat to Authority for Acceptance	The date for delivery of the Contractor Deliverables as set out in Schedule 4a (Schedule of Requirements - Pricing and Required Delivery Dates) as may be amended from time to time in accordance with the terms of this Contract.
Risk Management Plan	The plan required to be developed by the Contractor in accordance with the Integrated Project Management Plan (Schedule 6).
Risk Register	Management of risks by the Authority and the winning contractor as per Clause 15.2 (Risk)
Road Trailer	In accordance with Schedule 2A (Statement of Technical Requirement - Technical Baseline) ID 6.7
Rough Order of Magnitude Price	An estimation of a project's level of effort and cost to complete.
Royal Navy	The Naval arm of the UK armed forces
Safety Regulator	The Authority responsible for approval of all aspects of boat safety and environmental protection which, for the purposes of this Contract, shall be the Authority.
Sea State (SS)	The general condition of the free surface on a large body of water, with respect to wind, waves and swell, at a certain time.
Sea States 0-7	<p>Sea State Definitions as recognised Douglas Sea Scale but revised to represent a non "Fully Developed Sea" by a modified JONSWAP Spectrum for periodicity and periodicity distribution.</p> <p>The calculations shall utilise the upper of a sea state range for a significant wave height that is applied to the JONSWAP equation $\sqrt{\text{Sig Wav Height}}$. A periodicity distribution using JONSWAP spectrum with parameters $\gamma=3.3$, $\sigma_a=0.07$, $\sigma_b=0.09$</p>
Douglas Sea Scale	Recognised scale of Sea States – the height of waves and swell of the sea.
Fully Developed Sea	Sea state independent of the distance over which the wind blows and time blowing.
Secretary of State for Defence	The Authority unless otherwise stated

Term	Definition
Security Aspects Letter	Security aspects letter to be provided by the Authority Representative pursuant to Clause 60.4 on or before the date of this Contract, defining the OFFICIAL-SENSITIVE information, if required
Schedule(s)	Schedules 1 to 27 of this Contract BOATS/0005 outlined in Schedule 00 Terms and Conditions.
Ship's Staff	The officers and ratings appointed by the Authority to operate the Boat
SOLAS	IMO International Conventions for Safety of Life at Sea
Special Jigs and Tools	Any Jigs and Tools particular to the requirements of the Contract.
Specifications	"Specification" means any document or item which, individually or collectively, is referenced in the Schedule of Requirements (Schedule 1)
Stability book	A technical document to demonstrate that a Boat complies with stability requirements in defined loaded and damaged conditions.
Standard Industrial Classification (SIC)	A system for classifying industries by a four-digit code
Statement of Technical Requirements (SoTR)	SoTR - Details the Technical Requirements that the Contractors Boat(s) must fulfil at Schedule 2. Statement of Technical Requirement Line Item – Specific individual lines of the SoTR, detailing the Technical Requirements that the Contractors Boat(s) must fulfil.
Statutory Duties and Obligations	(i) any law, any instrument, rule or order, any regulation or byelaw of any local authority or of any statutory undertaker or of any public or private utility or undertaking; (ii) the rules and regulations of all public bodies and companies whose property or rights are affected or may be affected in any way by obligations under this Contract; and (iii) all applicable health and safety and environmental laws from time to time in effect during the term of this Contract.
Sub-Contract(ing)	A contract between the Contractor and a Sub-Contractor for the provision of the Contractor Deliverables
Sub-Contractor (Sub-Supplier)	A Sub-Contractor to the Contractor, a Sub-Contractor of a Sub-Contractor to the Contractor, and any other Sub-Contractor of whatever tier involved in the provision of the Contractor Deliverables.
Supported Business	Supported businesses are social enterprises whose main aim is to integrate disabled or disadvantaged people socially and professionally. Their workforce must be at least 30% disabled or disadvantaged, as specified in EU Directive 2014/24/EU.
Tariff Items	Items detailed at Table 4 of Schedule 4b (Schedule of Requirements- In - Service-Support- Pricing) (Option)
Task	Work placed on MOD Boats Form 2010B
Task Authorisation Form (TAF)	The form at Schedule 7 to be used to task the Contractor to undertake In Service Support activities

Term	Definition
Termination Date	The date of any early termination of this Contract pursuant to its terms
Termination Notice	A notice to terminate this Contract issued in accordance with DEFCON 514 (Material Breach) or Clause 48 (Termination for a Permissible Delay) or DEFCON 656 (Break).
Tests, Trials and Inspections	Shall have the meaning set out in Schedule 6, Annex I (Integrated Project Management Plan) and Clause 51 (Inspections, Tests and Trials)
the Authority (Acquirer)	The UK Secretary of State for Defence unless otherwise stated
the Oxford English Dictionary (OED)	The accepted authority on the English language
the Parties	The Authority and the Contractor
the Simplified Technical English (STE) Dictionary	An international specification for the preparation of maintenance documentation in a controlled language
Timber	Timber and wood-containing products
Transport Cradle	In accordance Schedule 2A (Statement of Technical Requirement - Technical Baseline) ID 6.9
Transmission Layer Security	A UK MOD approved cryptographic technique.
UK Government	The government of the United Kingdom (consisting of England, Scotland, Wales and Northern Ireland).
UK Government Employee	An employee of the Government of the United Kingdom (consisting of England, Scotland, Wales and Northern Ireland).
UK Statutory Duties and Obligations	<p>(i) any law, any instrument, rule or order, any regulation or byelaw of any local Authority or of any statutory undertaker or of any public or private utility or undertaking;</p> <p>(ii) the rules and regulations of all public bodies and companies whose property or rights are affected or may be affected in any way by obligations under this Contract; and</p> <p>(iii) all applicable health and safety and environmental laws from time to time in effect during the term of this Contract.</p>
Variable Element	The element of price that is subject to variability.
Non Variable Element	The element of price that is not subject to variability.
Variation of Price	"Variation of Price" or "VOP" means any escalation of price related to inflation
Whole Body Vibration (WBV)	Vibration transmitted through the seat or feet of a person from a mobile machine operated over rough and uneven surfaces.
Work in Way	Work required to access the primary task
