## **Section A - Introduction**

### **DEFFORM 47 ST Definitions**

**In this ITT the following words and expressions shall have the meanings given to them below:**

A1. "The Authority" means the Secretary of State for Defence of the United Kingdom of Great Britain and Northern Ireland, acting as part of the Crown.

A2. "Compliance Regime" is a legally enforceable set of rules, procedures, physical barriers and controls that, together, act to prevent the flow of sensitive or protected information to parties to whom it may give an unfair advantage.

A3. "Conditions of Tendering" means the conditions set out in the DEFFORM 47ST that govern the procurement.

A4. "Contract Terms and Conditions" means the attached conditions including any schedules, annexes and appendices that will govern any resultant contract.

A5. "Contractor Deliverables" means the works, goods and / or the services, including packaging (and Certificates(s) of Conformity and supplied in accordance with any Quality Assurance (QA) requirements, if specified) which the contractor is required to provide under any resultant contract.

A6. "Cyber Security Model" means the model defined in DEFCON 658.

A7. "Defence Sourcing Portal" (DSP) means the electronic platform in which Tenders are submitted to the Authority.

A8. "Government Furnished Information" means information or data issued or made available to the Tenderer in connection with the Contract by or on behalf of the Authority.

A9. "Invitation to Tender" (ITT) refers to the first document that the Authority sends out to potential Tenderers that initiates a Tender response or negotiation.

A10. "ITT Documentation" means this ITT and any information in any medium or form (for example drawings, handbooks, manuals, instructions, specifications and notes of pre-tender clarification meetings), issued to you, or to which you have been granted access by the Authority, for the purposes of responding to this ITT.

A11. "ITT Material" means any other material (including patterns and samples), equipment or software, in any medium or form issued to you, or to which you have been granted access, by the Authority for the purposes of responding to this ITT.

A12. "NAPNOC" is an Authority pricing policy meaning "No Acceptable Price, No Contract".

A13. A "Qualifying Defence Contract" (QDC) is a contract subject to Part 2 of the Defence Reform Act 2014 (DRA) and associated regulations and statutory guidance. A single source contract of £5M (ex VAT) or above is likely to be a QDC, subject to fulfilling the other criteria set out in the DRA.

A14. "Schedule of Requirements" Schedule 2 of the contract conditions means that part of the contract which identifies, either directly or by reference, the Contractor Deliverables to be supplied or carried out, the quantities involved and the price or pricing terms in relation to each Contractor Deliverable.

A15. "Single Source" means a situation where the Authority has invited a response from only one Tenderer.

A16. The "Statement of Requirement" means that part of the Contract which details the technical requirements and acceptance criteria [Schedule 8 in SC2] of the Contractor Deliverables. The Statement of Requirement is attached Schedule 2 of the contract conditions to this DEFFORM 47ST.

A17. A 'Sub-contractor' means any party engaged or intended to be engaged by the Contractor at any level of sub-contracting to provide Contractor Deliverables for the purpose of performing any resultant contract [see explanatory note 3].

A18. A "Tender" is the offer that you are making to the Authority.

A19. "Tenderer" means the economic operator. Where "you" is used this means an action on you the Tenderer.

A20. A "Third Party" is any person (including a natural person, corporate or unincorporated body (whether or not having separate legal personality)), other than the Authority, the Tenderer or their respective employees.

A21. "Voluntary Ex Ante Transparency Notice" means a mandatory notice used to announce in Find a Tender a procurement decision that the Authority intends to place a non-competitive contract under the procurement procedures. This also appears in the Defence Sourcing Portal as a "Voluntary Transparency Notice". This allows industry to challenge the decision not to compete.

## **Purpose**

A22. The purpose of this ITT is to invite you to submit a Tender, in accordance with the instructions set out in this ITT, to propose a solution and best price to meet the Authority's requirement. This documentation explains and sets out the:

- a. timetable for the next stages of the procurement;
- b. instructions, conditions and processes that govern this invitation;
- c. information you must include in your Tender and the required format;
- d. arrangements for the receipt and review of your Tender; and
- e. Contract Terms and Conditions that shall apply in the event the Authority awards a contract following this invitation.

A23. The sections in this ITT and associated documents are structured in line with a generic tendering process and do not indicate importance and / or precedence.

A24. This ITT is Published and advertised under the Defence and Security Public Contracts Regulations 2011. A Voluntary Ex Ante Transparency Notice (VEAT) was published in Find a Tender and / or a Voluntary Transparency Notice in the Defence Sourcing Portal published on 14/01/2022

## **Tender Expenses / Bid Preparation Costs**

A25. Where a non-competitive Tender leads to a new contract, the Authority will reimburse your reasonable bid preparation costs, [see explanatory note 5] subject to any Limit of Liability made known to you in writing by the Authority, either in this Tender documentation or elsewhere. Any such costs must be charged as direct costs to the contract to which they relate.

A26. Where a non-competitive Tender does not lead to a new contract, the Authority's position in relation to your bid preparation costs will depend on the reason the contract does not proceed.

A27. Where the Tender does not proceed for reasons of the contractor's decision not to proceed, the Authority will not reimburse any of your bid preparation costs, either directly or through indirect cost recovery methods.

A28. Where the Tender process is terminated or amended by the Authority, the Authority will reimburse your reasonable bid preparation costs, subject to any Limit of Liability made known to you in writing by the Authority, either in this Tender documentation or elsewhere. Because such costs are not permitted to be recovered indirectly against other non-competitive contracts, the Authority will in these circumstances request you to submit a cost statement detailing your reasonably incurred costs, which the Authority will have the right to review, before agreeing with you the means of making the finally agreed settlement.

## **ITT Documentation and ITT Material**

A29. ITT Documentation, ITT Material and any Intellectual Property Rights (IPR) in them shall remain the property of the Authority or other Third Party owners and is released solely for the purposes of enabling you to submit a Tender. You must:

- a. take responsibility for the safe custody of the ITT Documentation and ITT Material and for all loss and damage sustained to it whilst in your care;
- b. not copy or disclose the ITT Documentation or ITT Material to anyone other than the bid team involved in preparing your Tender, and not use it except for the purpose of responding to this ITT;
- c. seek written approval from the Authority if you need to provide access to any ITT Documentation or ITT Material to any Third Party;
- d. abide by any reasonable conditions imposed by the Authority in giving its approval under sub-paragraph A29.c, which at a minimum will require you to ensure any disclosure to a Third Party is made by you in confidence. Alternatively, due to IPR issues for example, the disclosure may be made, in confidence, directly by the Authority;
- e. accept that any further disclosure of ITT Documentation or ITT Material (or use beyond the original purpose), or further use of ITT Documentation or ITT Material, without the Authority's written approval may make you liable for a claim for breach of confidence and / or infringement of IPR, a remedy which may involve a claim for compensation;
- f. inform the named Commercial Officer immediately if you decide not to submit a Tender;
- g. immediately confirm destruction of (or in the case of software, that it is beyond use) all ITT Documentation, ITT Material and derived information of an unmarked nature, should you decide not to respond to this ITT, or you are notified by the Authority that your Tender has been unsuccessful; and
- h. consult the named Commercial Officer to agree the appropriate destruction process if you are in receipt of ITT Documentation and ITT Material marked 'OFFICIAL SENSITIVE' or 'SECRET'.

A30. Some or all of the ITT Documentation and ITT Material may be subject to one or more Confidentiality Agreements made between you and either the Authority or a Third Party, for example a Confidentiality Agreement established in the form of DEFFORM 94. The obligations contained in any such agreement will be in addition to, and not derogate from, your obligations under paragraph A29 above.

## **Material Change of Control**

A31. You must inform the Authority in writing if there is any material change in control, composition or membership of your organisation and / or consortium members, including any sub-contractors at any time during the procurement process. This may affect our decision to award a contract to you.

## **Contract Conditions**

A32. The Contract Conditions can be found at Standardised Contracting Terms section onwards.

## **Consultation with Credit Reference Agencies**

A33. The Authority may consult with credit reference agencies to assess your creditworthiness. This information may be used to support and influence decisions to enter into

a contract with you.

### **The Armed Forces Covenant**

A34. The Armed Forces Covenant is a promise from the nation to those who serve, or who have served, and their families, to ensure that they are treated fairly and are not disadvantaged in their day to day lives as a result of their service.

A35. The Covenant is based on two principles:

- a. that the Armed Forces community would not face disadvantages when compared to other citizens in the provision of public and commercial services; and
- b. that special consideration is appropriate in some cases, especially for those who have given most such as the injured and the bereaved.

A36. The Authority encourages all Tenderers, and their suppliers, to sign the Armed Forces Covenant, declaring their support for the Armed Forces community by displaying the values and behaviours set out therein.

A37. The Armed Forces Covenant provides guidance on the various ways you can demonstrate your support through your Covenant pledges and how by engaging with the Covenant and Armed Forces, such as employing Reservists, a company or organisation can also see real benefits in their business.

A38. If you wish to register your support you can provide a point of contact for your company on this issue to the Armed Forces Covenant Team at the address below, so that the Authority can alert you to any events or initiatives in which you may wish to participate. The Covenant Team can also provide any information you require in addition to that included on the website.

A39. Paragraphs 34 to 38 above are not a condition of working with the Authority now or in the future, nor will this issue form any part of the tender evaluation, contract award procedure or any resulting contract. However, the Authority very much hopes you will want to provide your support.

## **Section C - Instructions on Preparing Tenders**

### **Tenders for Selected Contractor Deliverables**

C1. You must respond to the requirement for all the Contractor Deliverables listed in the attached Schedule of Requirements.

### **Construction of Tenders**

C2. Your Tender must be written in English, using Arial font size 11. Prices must be in GBP ex VAT. Prices must be Firm Price.

C3. To enable the Authority to complete its Value For Money (VFM) assessment, your price must be broken down. If the resultant contract is a Qualifying Defence Contract (QDC) under the Defence Reform Act (DRA) and Single Source Contract Regulations (SSCR) you must price your bid accordingly. Please set out your Tender response in accordance with Section D.

### **Validity**

C4. Your Tender must be valid / open for acceptance for 60 calendar days from the Tender return date.

### **Variant Bids**

C5. The decision to invite a Single Source response is based on the scope of the requirement. Where you submit a variant bid that is outside the scope of the requirement the Authority may be obliged to compete the requirement.

### **Qualifying Defence Contracts**

#### **Defence Reform Act 2014 – Part 2, Single Source Contracts**

C6. This ITT may result in a Qualifying Defence Contract (QDC) under the provisions of the [Defence Reform Act 2014 \(DRA\)](#). You should therefore understand the implications in the event that it does result in a QDC.

C7. The DRA enables secondary legislation, called Single Source Contract Regulations 2014 (SSCR), which applies to:

- a. new contracts with a value of £5M (ex VAT) or above; and
- b. amended contracts where the amended contract has a value of £5M (ex VAT) or above, and both parties agree that the amended contract should be a QDC.

C8. The DRA and SSCR set out the criteria for determining when a single source contract is a Qualifying Defence Contract (QDC). Any new single source contract which meets the criteria will be a QDC, unless exempt by the Secretary of State for Defence. Exemptions will only be granted in exceptional circumstances.

C9. The DRA also sets out the criteria for determining when a sub-contract is a Qualifying Sub-Contract (QSC) to which the DRA and SSCR will apply. Any single source sub-contract in

excess of £25M (ex VAT), placed in support of a QDC or another QSC and which meets the criteria in the DRA and SSCR, is potentially a QSC. Responsibility for assessing whether a sub-contract is a QSC lies with the party placing the sub-contract. The Tenderer therefore has an obligation, set out in SSCR 2014 Regulation 61, to determine whether any planned sub-contract is a QSC. For any sub-contract of £15M (ex VAT) or over, the Tenderer must keep a record of their assessment and notify the Authority in writing that an assessment has been made, prior to contract award.

C10. The DRA and SSCR cover such matters as the pricing of QDCs, the information, openness and transparency that the parties must provide to each other, and the rights and obligations of both parties to a QDC once on contract.

C11. QDC Pricing - The DRA requires a contractor to be satisfied that the costs proposed for inclusion in the price of a QDC are Allowable Costs, in that they are Appropriate, Attributable and Reasonable (AAR). The Authority is obliged to ensure that your costs are AAR and at any time you may be required to show that this is the case in relation to any particular cost. The Single Source Regulations Office (SSRO) has issued Statutory Guidance on Allowable Costs (SGAC) which can be found on their website and which the parties to a QDC will be expected to adhere to, other than in exceptional circumstances. Either party to a QDC may subsequently make a referral to the SSRO for an adjustment of the contract price, if that party believes the price agreed was not in accordance with the requirements of the DRA / SSCR.

C12. The DRA requires that the contract Profit Rate agreed between the parties for QDCs must be agreed in accordance with the provisions of the DRA and SSCR.

C13. QDC Reporting - If this Tender leads to a QDC you will be obliged, under the DRA 2014 & associated regulations, to submit QDC Contract Reports to the Authority and the Single Source Regulations Office. The Authority will require you to use the SSRO's online reporting system Defence Contract Analysis & Reporting System (DefCARS) to submit your reports. The reports that will be required are:

- a. the Contract Initiation Report (comprising the Contract Pricing Statement, the Contract Notification Report and the Contract Reporting Plan), within one month of contract award;
- b. Quarterly Contract Reports (where the contract value is £50M (ex VAT) or above); Interim Contract Reports and any other 'on demand' reports as specified elsewhere in this Tender; and
- c. a Contract Completion Report and a Contract Costs Statement, at the end of the contract.

Details of reporting requirements can be found on the [SSRO website](#), see their document [Reporting guidance and DefCARS](#).

C14. You must agree with the Authority which Defined Pricing Structure (DPS) will be used for your reporting, if not already specified by the Authority in this Tender. The DPS is published by the SSRO and used as the basis of reporting your forecast and actual costs through DefCARS. (Note: for Quarterly Contract Reports (QCRs) you may report costs using your own reporting structure, rather than the agreed DPS).

C15. The [MOD Commercial Toolkit](#) provides further information about the new single source legal framework.

## **Non-qualifying Contracts**

C16. A single source contract that does not meet the criteria to be a QDC is a “non-qualifying contract”. While recognising the provisions of the DRA and SSCR do not apply in law to non-qualifying contracts, the Authority’s policy is to apply the same pricing principles and guidance to assure the process of a non-qualifying contract, as for a QDC.

## **Section D - Details of Cost Breakdown and Mandatory Criteria**

D1. When placing any contract, the Authority is required to satisfy that the agreed price represents Value for Money (VFM). In single source contracting you must provide to the Authority sufficient information in support of your price proposal and during subsequent price negotiation, to enable the Authority to fulfil its obligation to assure VFM. The Authority approaches all contract pricing on the basis of the NAPNOC principle.

### **CostBreakdown Requirements**

D2. Detailed below is the information and evidence the Authority requires to enable the assessment of the contract and Sub-contract proposals submitted in response to the Authority's Invitation To Tender dated 14 January 2022. Subject to paragraphs D3 to D5, or unless otherwise agreed with the Authority, the information detailed must be submitted as part of your Tender response.

D3. You may have already provided some of the information detailed below as part of a separate investigation / agreement with the Authority (e.g. the methodology used to determine overhead cost recovery rates). If so, you must provide details and dates of any such agreements.

D4. If the Tender is expected to lead to a Qualifying Defence Contract (QDC), you must provide sufficiently detailed information to the Authority to support your price proposal, to satisfy the statutory obligations placed on you by the [Defence Reform Act 2014 \(DRA\)](#) and the [Single Source Contract Regulations 2014 \(SSCR\)](#). Or, if any resultant contract is not a QDC (a non-qualifying contract), to meet the Authority's pricing policy indicated at paragraph C16 of this DEFFORM 47ST, the costs you propose within your price must be compliant with the latest version of the statutory [Allowable Costs Guidance](#) (ACG) published by the Single Source Regulations Office (SSRO). Further information about the DRA and SSCR provisions can be found on the MOD Commercial Toolkit and on the [SSRO website](#).

D5. The aim of the Authority's assessment is to satisfy itself that your proposed costs are AAR. For a QDC you will be legally required to submit a Contract Pricing Statement within one month of contract award, detailing the facts, assumptions and calculations underpinning the contract price, as indicated at paragraph C13. You should therefore aim to supply a similar level of detail to support your tendered price. The Authority may request further supporting information, in the event the information supplied with your Tender is insufficient to enable the Authority's assessment to be completed.

### **Contractor Databook**

D6. You are not required to provide a Contractor Databook.

### **Work Breakdown Structure**

D7. You must provide a Work Breakdown Structure (WBS), representing a hierarchical breakdown of the work packages / activities that need to be performed to deliver the required Contractor Deliverables. The WBS when completed should provide detail proportionate to the value and complexity of the requirement covered by the Tender.

#### **Organisation Breakdown Structure**

D8. You must provide an Organisation Breakdown Structure (OBS) that maps across to your WBS.

D9. The OBS must be supported by a resource plan detailing the personnel that will be assigned to the delivery of any resultant contract, specifically identifying any additional personnel not currently available, that will need to be acquired, together with the assumed timescales for their introduction.

## **Make or Buy Plan**

D10. Your Tender must provide a Make or Buy Plan defining the criteria and rationale used for the apportionment of work within the proposed supply network. The plan must identify each sub-system, package of work, service or purchase of components and raw materials etc. whether or not you intend to seek competitive tenders. You must indicate your reasons for not seeking competition (i.e. competition not practicable or not reasonable for other reasons which must be stated). For contracts valued at £5M (ex VAT) and above, the Make or Buy Plan must provide the following information for each sub-system, package of work, service, purchase of components and raw materials:

- a. the name and address of the proposed sub-contractor(s); or
- b. the list of tenderers and timeline that is being considered for competitively placed requirements
- c. the approximate value of the sub-contract or order;
- d. the means by which prices are to be determined as fair and reasonable (e.g. by incorporation into the sub-contract or order the text of the relevant Appendix of DEFCONs 802, 804, 811, 812, 814 and 815, as applicable);
- e. the delivery programme; and
- f. other relevant factors.

## **Questionnaire on Method of Allocation of Costs**

D12. Your Tender must identify the Questionnaire on Method of Allocation of Costs (QMAC) on which your cost estimate is based, together with its status. If you have never agreed a QMAC with the Authority, you must provide details of the method and rationale used for the allocation and apportionment of costs, and the means you use to determine your overhead recovery rates.

## **Cost Breakdown**

D13. Your Tender must provide a cost breakdown that clearly indicates the way in which the proposed costs for the work described in the proposal have been derived. If your company agrees Cost Recovery Rates with the Authority, you must use the latest Promulgated Rates and provide the date and reference of the agreement letter. If your Company does not regularly agree Cost Recovery Rates with the Authority, you must explain the basis of the rates applied.

D14. Your cost breakdown must be constructed to enable the Authority to understand the relationship between the costs you have estimated and the Contract Terms and Conditions. Any assumptions and dependencies that have a bearing on the allocation of commercial risk must be detailed.

D15. Your cost breakdown should indicate the amounts quoted for each of the main cost types broken down by cost centre / department / division and by planned spend per your Accounting Period.

D16. Your cost breakdown must provide sufficient detail to enable the Authority to assess whether the cost allocated to each of the key work packages, within the WBS down to the level specified in paragraph D7, are Allowable Costs (see sub-paragraph D17.h).

D17. Your Tender must provide the following detail, for each work package in the WBS:

- a. the direct costs associated with each work package. In this respect, a direct cost is one that can be completely attributed to the delivery of the work package concerned,

including materials costs, labour costs, sub-contract costs, other direct costs and any capital costs relating to expenditure on special type equipment. You must also include spend profiles for labour and materials broken down by Financial Year;

b. the direct labour hours used to estimate the cost of each work package, broken down by band / grade and indicating the charging rates applied. Where applied, the annual utilisation rates used to derive the direct labour hour estimates. Any annual escalation applied to the rates must be detailed separately and the rationale provided;

c. any overhead and / or indirect costs relating to the general conduct of your business and which have been attributed to each work package. You must provide the methodology used to attribute indirect costs to work packages, if not already provided (e.g. under paragraph D13);

d. any risk contingencies associated with each work package must be quantified and substantiated. You must conduct a detailed risk assessment covering: schedule, technical performance, cost and commercial risks and supply a Risk Register with Risk Analysis, along with the Risk Analysis rationale. You must also identify the methodology for managing and eliminating / minimising risks off-set against the Risk Analysis and its impact on cost growth and programme. The register must also include an assessment of costed opportunities relating to applying improved techniques / practices, exploiting technology or pursuing other approaches that would yield VFM;

e. a statement detailing the rationale that underpins the estimate for each work package together with evidence that demonstrates the estimated costs are Allowable. The statement must include:

(1) details of any historic / recorded costs used to inform the development of the estimate supported by the rationale for any adjustments that may have been applied to the data to reflect different circumstances. Where no adjustments have been made, you must provide the rationale for applying historic / recorded costs;

(2) details of any scrap and rework costs included in the historical costs provided in response to sub-paragraph D17.h.(1) above, specifically identifying the reasons why the scrap and rework occurred; and

(3) any particular processes and / or techniques that are reflected within the estimate for the work package concerned;

(4) details of your estimating policy (e.g. estimating handbooks or guidance material) that have been applied to determine the tendered price(s), together with confirmation that the Authority will be afforded unrestricted access to such documentation, if requested.

D18. You must provide copies of any quotes for purchase of materials valued in excess of £1,000,000 and sub-contracted work with an estimated value in excess of £1,000,000.

D19. You must annotate all relevant economic and other assumptions on which the costs identified in the cost breakdown are dependent (e.g. inflation, interest rates, and taxation rates). Any elements for which the application of a Variation of Price (VOP) mechanism is proposed, must be supported by the rationale and details of the suggested VOP mechanism.

D20. If applicable you should provide details of any quantified productivity improvements / efficiency gains (including any cost benefit from company re-organisation) expected to be realised over the life of the contract, detailing the Financial Year they are expected to apply.

You should identify separately, any costs included with the estimate that are expected to contribute to the realisation of those improvements. Any proposed investments should be supported by a quantitative analysis demonstrating the benefits.

D21. Your cost estimate must reflect the assumptions you have made, including those concerning the anticipated percentage split of Authority / commercial workload for the duration of the contract, which you must provide with your tender, profiled by year.

#### **Profit Breakdown Requirements for a QDC**

D22. You must identify the profit rate(s) used to determine the tendered price(s), together with details of how each rate has been derived. For a QDC the agreement of the Contract Profit Rate is a six-step process, described in the [SSRO Baseline Profit Rate Guidance](#). Step 1, the Baseline Profit Rate (BPR), must be the BPR in force at 1 April in the period 1 Apr – 31 Mar in the year in which any resultant contract is signed. The same applies to step 4 - SSRO funding adjustment and step 6 - Capital Servicing Allowance – CSA. Your tender may propose adjustments for step 2 - risk adjustment, step 3 - Profit on Cost Once (POCO) and step 6 - Capital Servicing Allowance (CSA), provided you show they are in accordance with SSRO Statutory Guidance on profit rate adjustments. Whether or not you propose adjustments for steps 2, 3 and 6 in your tender response, these will need to be negotiated with you during the price negotiation. Step 5 is an incentive adjustment which is solely for inclusion at the Authority's discretion. If the Authority decides there is justification to include step 5, the amount will be negotiated with you during the price negotiation.

#### **Profit Breakdown Requirements for a Non-qualifying Contract**

D23. It is the Authority's policy to use the current SSRO published BPR and CSA when negotiating the contract profit rate for a non-qualifying contract. It may also be appropriate to consider the other 'steps' of the profit rate calculation (e.g. step 2 - risk adjustment and step 3 - POCO) although step 4 - SSRO funding adjustment, will never be applied to a non-qualifying contract.

D24. You must explain and justify, within your Tender response, a profit rate that is not derived from the current SSRO BPR and CSA.

#### **Requirement for DEFFORM 815 for a Non-qualifying Contract**

D25. If your Tender will result in a non-qualifying contract over £1m (ex VAT), you must complete a DEFFORM 815 - Contract Pricing Statement on or around contract signature. It is the Authority's preference that you submit a draft DEFFORM 815 with your Tender response. Instructions on completion of the DEFFORM 815 are available on the Authority's Commercial Toolkit.

<b>Mandatory Criteria, applicable to QDCs and non-qualifying contracts</b>	
Full completion of the table in DEFFORM 47ST Annex A (Offer) (See paragraph F20)	Pass / Fail
Statement of Requirements met	Pass / Fail
Contract Conditions agreed	Pass / Fail

Failure to meet the Mandatory Criteria will result in the Authority being unable to award a contract.

## **Section F - Conditions of Tendering**

F1. The issue of ITT Documentation or ITT Material is not a commitment by the Authority to place a contract as a result of this ITT or at a later stage. - a. vary the terms of this ITT in accordance with applicable law;

Written notification will be issued, to the address you provide, on or before the end of the validity period specified in paragraph C4.

### **Government Furnished Assets**

F9. Where the Authority provides Government Furnished Assets (GFA) in support of this procurement, you must include details of the GFA in your Public Store Account and treat it in accordance with Def Stan 05-099. If the Authority decides not to proceed with this procurement, you must seek instructions for the GFA from the named Commercial Officer.

### **Publicity Announcement**

F10. The Authority will publish notification of the contract and shall publish contract documents under the FOI Act except where publishing such information would hinder law enforcement; would otherwise be contrary to the public interest; would prejudice the legitimate commercial interest of any person, or might prejudice fair competition in the supply chain. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. This allows the Authority to share information with other Government Departments while complying with our obligations to maintain confidentiality.

F15. Where required, the Authority reserves the right to disclose on a confidential basis any information it receives from you during the procurement process (including information identified by you as Commercially Sensitive Information in accordance with the provisions of this ITT/ITN) to any Third Party engaged by the Authority for the specific purpose of evaluating or assisting the Authority in the evaluation of your Tender. In providing such information the you consent to such disclosure.

### **Remedies for Actionable Contraventions under the Defence Reform Act 2014**

If you continue to fail to comply, the Authority may serve you with a Civil Penalty, as provided in the Single Source Contract Regulations 2015. If you believe either a Compliance Notice or a Civil Penalty is unjustified, you may appeal the matter to the independent Single Source Regulations Office.

### **Reportable Requirements**

F19. If you are an overseas Contractor and your Tender is successful you will be required to

provide the name and address of your bank and the relevant bank account number on contract award.

## **Appendix 1 to Annex A (Offer)**

### **Edn12/21**

##### **Minimum Order Quantities**

2. Where your offer is subject to minimum order quantities, select 'Yes' and provide further details in your Tender.

##### **IPR Restrictions**

3. Where the Contractor Deliverables are subject to IPR that has been exclusively or part funded by private venture, foreign investment or otherwise than by Authority funding you must select 'Yes' in Annex A (Are the Contractor Deliverables subject to IPR that has been exclusively or part funded by Private Venture, Foreign Investment or otherwise than by Authority funding).

4. If you have answered 'Yes' in Annex A (Offer) as directed by paragraph 5 below, you must provide details in your Tender of any Contractor Deliverable which will be, or is likely to be, subject to any IPR restrictions or any other restriction on the Authority's ability to use or disclose the Contractor Deliverable, including export restrictions. - b. any allegation made against you, whether by claim or otherwise, of an infringement of an Intellectual Property Right (whether a Patent, Registered Design, unregistered Design Right, Copyright or otherwise) or of a breach of confidence, which relates to the performance of any resultant contract or subsequent use by or for the Authority of any Contractor Deliverables;

5. You must, when requested, give the Authority details of every restriction and obligation referred to in paragraph 4. The Authority will not acknowledge any such restriction unless so notified under paragraph 4 or as otherwise agreed under any resultant Contract. You must also provide, on request, any information required for authorisation to be given under Section 2 of the Defence Contracts Act 1958.

6. If you have previously provided information under paragraphs 4 and 5 you can provide details of the previous notification, updated as necessary to confirm their validity.

### **Notification of Foreign Export Control Restrictions**

7. If, in the performance of the Contract, you need to import into the UK or export out of the UK anything not supplied by or on behalf of the Authority and for which a UK import or export licence is required, you will be responsible for applying for the licence. The Authority will provide you with all reasonable assistance in obtaining any necessary UK import or export licence.

8. In respect of any Contractor Deliverables, likely to be required for the performance of any resultant contract, you must provide the following information in your Tender:

- a. Whether all or part of any Contractor Deliverables are or will be subject to:
  - (1) a non-UK export licence, authorisation or exemption; or

12. Should you propose the supply of Contractor Deliverables of US origin the export of which from the USA is subject to control under the US International Traffic in Arms Regulations (ITAR), you must include details on the DEFFORM 528. This will allow the Authority to make a decision whether the export can or cannot be made under the US-UK Defense Trade Co-operation Treaty. The Authority shall then convey its decision to you. If the Authority decides that use of the Treaty for the export is permissible, it is your responsibility to make a final decision whether you want to use that route for the export concerned if you are awarded the contract.

### **Import Duty**

13. United Kingdom (UK) legislation permits the use of various procedures to suspend customs duties.

14. For the purpose of this procurement, for any deliverables not yet imported into the UK, you are required to provide details of your plans to address customs compliance, including the Customs procedures to be applied (together with the procedure code) and the estimated Import Duty to be incurred and / or suspended.

15. You should note that it is your responsibility to ensure compliance with all regulations relating to the operation of the accounting for import duties. This includes but is not limited to obtaining the appropriate Her Majesty's Revenue & Customs (HMRC) authorisations.

### **Sub-contracts Form 1686**

16. The process will require submission of the single page document either directly to the MOD delivery team or, where specified, to the DE&S Security Advice Centre. Form 1686 and further guidance can be found in the Cabinet Office's [Contractual Process](#).

### **Small and Medium Enterprises**

17. The Authority is committed to supporting the Government's small and medium-sized enterprise (SME) policy, and we want to encourage wider SME participation throughout our supply chain. Our goal is that 25% of Authority spending should be spent with SMEs by 2022; this applies to the money which the Authority spends directly with SMEs, and through the supply chain. The Authority uses the European Commission definition of SME.

18. A key aspect of the Government's SME Policy is ensuring that its suppliers throughout the supply chain are paid promptly. All suppliers to the Authority and their sub-contractors are encouraged to make their own commitment and register with the [Prompt Payment Code](#).

19. Suppliers are also encouraged to work with the Authority to support the Authority's SME initiative, however this is not a condition of working with the Authority now or in the future, nor will this issue form any part of the Tender evaluation. Information on the Authority's purchasing arrangements, our commercial policy priorities and our SME policy can be found at [Gov.UK](#) and the Defence Sourcing Portal.

20. The opportunity also exists for Tenderers to advertise any sub-contract valued at over £10,000 on the Defence Sourcing Portal and further details can be obtained directly from:

<https://www.gov.uk/guidance/subcontract-advertising>. This process is managed by the Strategic Supplier Management team who can be contacted at: [DefComrcISSM-Suppliers@mod.gov.uk](mailto:DefComrcISSM-Suppliers@mod.gov.uk).

### **Transparency, Freedom of Information and Environmental Information Regulations**

21. The Authority shall publish notification of the Contract and publish Contract documents where required following a request under the FOI Act except where publishing such information would hinder law enforcement; would otherwise be contrary to the public interest; would prejudice the legitimate commercial interest of any person or might prejudice fair competition

between suppliers.

22. The Authority may publish the contents of any resultant Contract in line with government policy set out in the Government's [Transparency Principles](#) and in accordance with the provisions of SC2 Conditions of Contract Clause 12.

23. Before publishing the Contract, the Authority will redact any information which is exempt from disclosure under the Freedom of Information Act 2000 ("the FOIA") or the Environmental Information Regulations 2002 ("the EIR").

24. You should complete the attached Tenderer's Commercially Sensitive Information Form (SC2 Schedule 5) explaining which parts of your Tender you consider to be commercially sensitive. This includes providing a named individual who can be contacted with regard to FOIA and EIR.

25. You should note that, while your views will be taken into consideration, the ultimate decision whether to publish or disclose information lies with the Authority. You are advised to provide as much detail as possible on the form. It is highly unlikely that a Tender will be exempt from disclosure in its entirety. Should the Authority decide to publish or disclose information against your wishes, you will be given prior notification.

### **Electronic Purchasing**

26. You must note that use of the [Contracting, Purchasing and Finance \(CP&F\)](#) electronic procurement tool is a mandatory requirement for any resultant contract awarded following this Tender. By submitting this Tender you agree to electronic payment. Please feel free to consult the service provider on connectivity options. Failure to accept electronic payment will result in your Tender being non-compliant.

### **Change of Circumstances**

27. If you have not previously submitted a Statement Relating to Good Standing or circumstances have changed please, select 'Yes' to the appropriate question on DEFFORM 47ST Annex A and submit a Statement Relating to Good Standing with your Tender.

### **Asbestos, Hazardous Items and Depletion of the Ozone Layer**

28. The Authority is required to report any items that use asbestos, that are hazardous or where there is an impact on the Ozone. Where any Contractor Deliverables fall into one of these categories select 'Yes' and provide further details in your Tender.

### **Defence Safety Authority (DSA) Requirements**

29. There are no DSA Requirements.

### **Bank or Parent Company Guarantee**

30. A Bank or Parent Company Guarantee is not required.

- c. The Authority may consult with the Contractor before redacting any Information from the Transparency Information in accordance with clause 12.b. The Contractor acknowledges and accepts that their representations on redactions during consultation may not be determinative and that the decision whether to redact Information is a matter in which the Authority shall exercise its own discretion, subject always to the provisions of the Freedom of Information Act 2000 or the Environmental Information Regulations 2004.

For the purposes of this Condition materiel shall mean information, technical data and items, including Contractor Deliverables, components of Contractor Deliverables and software.

d. Where the Contract performance requires the export of materiel for which a foreign export licence or import licence or authorisation is required, the Contractor shall include the dependencies for the export licence or import licence or authorisation application, grant and maintenance in the Contract risk register and in the risk management plan for the Contract, with appropriate review points. Where there is no requirement under the Contract for a risk management plan the Contractor shall submit this information to the Authority's representative.

e. During the term of the Contract and for a period of up to 2 years from completion of the Contract, the Authority may make a written request to the Contractor to seek a variation to the conditions to a foreign export licence or import licence or authorisation to enable the Authority to re-export or re-transfer a licensed or authorised item or licensed or authorised information from the UK to a non-licensed or unauthorised third party. If the Authority makes such a request it will consult with the Contractor before making a determination of whether the Authority or the Contractor is best placed in all the circumstance to make the request. Where, subsequent to such consultation the Authority notifies the Contractor that the Contractor is best placed to make such request:

(1) the Contractor shall, or procure that the Contractor's Subcontractor shall, expeditiously consider whether or not there is any reason why it should object to making the request and, where it has no objection, file an application to seek a variation of the applicable export licence or import licence or authorisation in accordance with the procedures of the licensing authority. Where the Contractor has an objection, the Parties

shall meet within five (5) working days to resolve the issue and should they fail the matter shall be escalated to an appropriate level within both Parties' organisations, to include their respective export licensing subject matter experts; and

(2) the Authority shall provide sufficient information, certification, documentation and other reasonable assistance as may be necessary to support the application for the requested variation.

f. Where the Authority determines that it is best placed to make such request the Contractor shall provide sufficient information, certification, documentation and other reasonable assistance as may be necessary to support the Authority to make the application for the requested variation.

g. Where the Authority invokes clause 32.e or 32.f the Authority will pay the Contractor a fair and reasonable charge for this service based on the cost of providing it.

h. Where the Contractor subcontracts work under the Contract, which is likely to be subject to foreign export control, import control or both the Contractor shall use reasonable endeavours to incorporate in each subcontract equivalent obligations to those set out in this Condition. Where it is not possible to include equivalent terms to those set out in this Condition, the Contractor shall report that fact and the circumstances to the Authority.

i. Without prejudice to HM Government's position on the validity of any claim by a foreign government to extra-territoriality, the Authority shall provide the Contractor with sufficient information, certification, documentation and other reasonable assistance to facilitate the granting of export licences or import licences or authorisations by a foreign Government in respect of the performance of the Contract.

j. The Authority shall provide such assistance as the Contractor may reasonably require in obtaining any UK export licences necessary for the performance of the Contract.

k. The Contractor shall use reasonable endeavours to identify whether any Contractor Deliverable is subject to:

- (1) a non-UK export licence, authorisation or exemption; or
- (2) any other related transfer or export control,

that imposes or will impose end use, end user or re-transfer or re-export restrictions, or restrictions on disclosure to individuals based upon their nationality. This does not include the Intellectual Property-specific restrictions of the type referred to in Condition 33 (Third Party Intellectual Property – Rights and Restrictions).

l. If at any time during the term of the Contract the Contractor becomes aware that all or any part of the Contractor Deliverables are subject to clause 32.k.(1) or 32.k.(2), they shall notify the Authority of this as soon as reasonably practicable by providing details in the DEFFORM 528 or other mutually agreed alternative format. Such notification shall be no later than thirty (30) days of knowledge of any affected Contractor Deliverable and in any event such notification shall be not less than thirty (30) days prior to delivery of the Contractor Deliverables.

m. If the information to be provided under clause 32.l has been provided previously to the Authority by the Contractor under the Contract, the Contractor may satisfy these requirements by giving details of the previous notification and confirming they remain valid and satisfy the provisions of clause 32.l.

n. During the term of the Contract, the Contractor shall notify the Authority as soon as reasonably practicable of any changes in the information notified previously under clauses 32.l or 32.m of which they become or are aware that would affect the Authority's ability to use, disclose, re-transfer or re-export an item or part of it as is referred to in those clauses by issuing an updated DEFFORM 528 to the Authority.

o. For a period of up to 2 years from completion of the Contract and in response to a specific request by the Authority, the Contractor shall notify the Authority as soon as reasonably practicable of any changes in the information notified previously under clause 32.l or 32.m of which they become aware that would affect the Authority's ability to use, disclose, re-transfer or

re-export an item or part of it as is referred to in those clauses by issuing an updated DEFFORM 528 to the Authority.

p. Where following receipt of materiel from a Subcontractor or any of their other suppliers restrictions are notified to the Contractor by that Subcontractor, supplier or other third party or are identified by the Contractor, the Contractor shall immediately inform the Authority by issuing an updated DEFFORM 528. Within [X] days of such notification, the Contractor shall propose to the Authority actions to mitigate the impact of such restrictions. Such proposals may include, where appropriate, mutually supported attempts to obtain removal or modification to the restrictions or to obtain appropriate authorisations from the relevant foreign government. The Authority shall notify the contractor within [X] days of receipt of a proposal whether it is acceptable and where appropriate the Contract shall be modified in accordance with its terms to implement the proposal.

q. If the restrictions prevent the Contractor from performing their obligations under the Contract and have not been removed, modified or otherwise satisfactorily managed within a reasonable time, the Authority may at its absolute discretion elect to amend the contract in accordance with Condition 6 or as otherwise may be provided by the Contract, or to terminate the Contract. Except as set out in clause 32.r, in the event of termination in these circumstances termination shall be on fair and reasonable terms having regard to all the circumstances including payments already made and that would otherwise be due under the Contract, costs incurred by the Contractor and benefits received by the Authority. The Parties, acting in good faith, will use all reasonable endeavours to agree such fair and reasonable terms failing which either Party may refer the matter to dispute resolution in accordance with the provisions in the Contract.

r. In the event that the restrictions notified to the Authority pursuant to clause 32.l were known or ought reasonably have been known by the Contractor (but were not disclosed) at contract award or if restrictions notified to the Authority pursuant to clauses 32.n or 32.p were known or ought reasonably to have been known by the Contractor at the date of submission of the most recent DEFFORM 528 submitted to the Authority in accordance with clause 32.l, termination under clause 32.t will be in accordance with Condition 42 (Material Breach) and the provisions of clause 33.v will not apply.

s. The Authority shall use reasonable endeavours to identify any export control restrictions applying to materiel to be provided to the Contractor as Government Furnished Assets (GFA). Where the Authority is to provide materiel necessary to enable the Contractor to perform the Contract or in respect of which the Services are to be provided, and that materiel is subject to a non-UK export licence, authorisation, exemption or other related transfer or export control as described in the provisions of clause 32.k, the Authority shall provide a completed DEFFORM 528 or will provide a new or updated DEFFORM 528 to the Contractor within thirty (30) days of the date of knowledge and in any case not later than thirty (30) days prior to the delivery of such materiel to the Contractor.

t. In the event that the Authority becomes aware that the DEFFORM 528 disclosure was incomplete or inaccurate or in the event additional such materiel is identified then the Authority shall provide, as soon as reasonably practicable a new or revised DEFFORM 528. In the event that the Authority becomes aware that a prior disclosure included in DEFFORM 528 submitted to the Contractor was incomplete or inaccurate less than thirty (30) days prior to the delivery to the Contractor of any material to which the updated or new disclosure relates, the Parties will meet as soon as reasonably practicable to discuss how to mitigate the impact of the incomplete or inaccurate disclosure.

u. Where:

- (1) restrictions are advised by the Authority to the Contractor in a DEFFORM 528 provided pursuant to clauses 32.s or 32.t or both; or
- (2) any of the information provided by the Authority in any DEFFORM 528 proves to be incorrect or inaccurate;

the Authority and the Contractor shall act promptly to mitigate the impact of such restrictions or

incorrect or inaccurate information. Such mitigation shall include, where appropriate, mutually supported attempts to obtain removal or modification to the restrictions or to obtain appropriate authorisations from the relevant foreign government. If the restrictions or incorrect or inaccurate information adversely affect the ability of the Contractor to perform their obligations under the Contract, the matter shall be handled under the terms of Condition 6 (Formal Amendments to the Contract) or as may otherwise be provided by the Contract as appropriate and if no alternative solution satisfies the essential terms of the Contract and the restrictions have not been removed, modified or otherwise satisfactorily managed within a reasonable time the Authority may terminate the Contract. Termination under these circumstances will be under the terms of Condition 41 (Termination for Convenience) and as referenced in the Contract.

v. Pending agreement of any amendment of the Contract as set out in clause 32.q or 32.u, provided the Contractor takes such steps as are reasonable to mitigate the impact, the Contractor shall be relieved from their obligations to perform those elements of the Contract directly affected by the restrictions or provision of incorrect or incomplete information.

### **33.Third Party Intellectual Property – Rights and Restrictions**

a. The Contractor and, where applicable any Subcontractor, shall promptly notify the Authority as soon as they become aware of:

- (1) any invention or design the subject of patent or registered Design Rights (or application thereof) owned by a third party which appears to be relevant to the performance of the Contract or to use by the Authority of anything required to be done or delivered under the Contract;
- (2) any restriction as to disclosure or use, or obligation to make payments in respect of any other intellectual property (including technical Information) required for the purposes of the Contract or subsequent use by the Authority of anything delivered under the Contract and, where appropriate, the notification shall include such Information as is required by Section 2 of the Defence Contracts Act 1958;
- (3) any allegation of infringement of intellectual property rights made against the Contractor and which pertains to the performance of the Contract or subsequent use by the Authority of anything required to be done or delivered under the Contract.

clause 33.a does not apply in respect of Contractor Deliverables normally available from the Contractor as a Commercial Off The Shelf (COTS) item or service.

b. If the Information required under clause 33.a has been notified previously, the Contractor may meet their obligations by giving details of the previous notification.

c. For COTS Contractor Deliverables patents and registered designs in the UK, in respect of any question arising (by way of an allegation made to the Authority or Contractor, or otherwise) that the manufacture or provision under the Contract of Contractor Deliverables normally available from the Contractor as a COTS item or service is an infringement of a UK patent or registered design not owned or controlled by the Contractor or the Authority, the Contractor shall, subject to the agreement of the third party owning such patent or registered design, be given exclusive conduct of any and all negotiations for the settlement of any claim or the conduct of any litigation arising out of such question. The Contractor shall indemnify the Authority, its officers, agents and employees against any liability and cost arising from such allegation. This Condition shall not apply if:

- (1) the Authority has made or makes an admission of any sort relevant to such question;
- (2) the Authority has entered or enters into any discussions on such question with any third party without the prior written agreement of the Contractor;
- (3) the Authority has entered or enters into negotiations in respect of any relevant claim for compensation in respect of Crown Use under Section 55 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949;
- (4) legal proceedings have been commenced against the Authority or the Contractor in

respect of Crown Use, but only to the extent of such Crown Use that has been properly authorised.

d. The indemnity in clause 33.c does not extend to use by the Authority of anything supplied under the Contract where that use was not reasonably foreseeable at the time of the Contract.

e. In the event that the Authority has entered into negotiation in respect of a claim for compensation, or legal proceedings in respect of the Crown Use have commenced, the Authority shall forthwith authorise the Contractor for the purposes of performing the Contract (but not otherwise) to utilise a relevant invention or design in accordance with Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949 and to use any model, document or information relating to any such invention or design which may be required for that purpose.

f. For all other Contractor Deliverables patents and registered designs in the UK, if a relevant invention or design has been notified to the Authority by the Contractor prior to the Effective Date of Contract, then unless it has been otherwise agreed, under the provisions of Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949, the Contractor is hereby authorised to utilise that invention or design, notwithstanding the fact that it is the subject of a UK Patent or UK Registered Design, for the purpose of performing the Contract.

g. If, under clause 33.a, a relevant invention or design is notified to the Authority by the Contractor after the Effective Date of Contract, then:

(1) if the owner (or its exclusive licensee) takes or threatens in writing to take any relevant action against the Contractor, the Authority shall issue to the Contractor a written authorisation in accordance with the provisions of Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949, and

(2) in any event, unless the Contractor and the Authority can agree an alternative course of action, the Authority shall not unreasonably delay the issue of a written authorisation in accordance with the provisions of Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949.

h. The Authority shall assume all liability and shall indemnify the Contractor, their officers, agents and employees against liability, including the Contractor's costs, as a result of infringement by the Contractor or their suppliers of any patent, utility model, registered design or like protection outside the United Kingdom in the performance of the Contract when such infringement arises from or is incurred by reason of the Contractor following any specification, statement of work or instruction in the Contract or using, keeping or disposing of any item given by the Authority for the purpose of the Contract in accordance with the Contract.

i. The Contractor shall assume all liability and shall indemnify the Authority, its officers, agents and employees against liability, including the Authority's costs, as a result of infringement by the Contractor or their suppliers of any patent, utility model, registered design or like protection outside the UK in the performance of the Contract when such infringement arises from or is incurred otherwise than by reason of the Contractor following any specification, statement of work or instruction in the Contract or using, keeping or disposing of any item given by the Authority for the purpose of the Contract in accordance with the Contract.

j. The Contractor shall not be entitled to any reimbursement of any royalty, licence fee or similar expense incurred in respect of anything to be done under the Contract, where:

(1) a relevant discharge has been given under Section 2 of the Defence Contracts Act 1958, or relevant authorisation in accordance with Sections 55 or 57 of the Patents Act 1977, Section 12 of the Registered Designs Act 1949 or Section 240 of the Copyright, Designs and Patents Act 1988 in respect of any intellectual property; or

(2) any obligation to make payments for intellectual property has not been promptly notified to the Authority under clause 33.a.

k. Where authorisation is given by the Authority under clause 33.e, 33.f or 33.g, to the extent permitted by Section 57 of the Patents Act 1977, Section 12 of the Registered Designs Act

1949 or Section 240 of the Copyright, Designs and Patents Act 1988, the Contractor shall also be:

- (1) released from payment whether by way of royalties, licence fees or similar expenses in respect of the Contractor's use of the relevant invention or design, or the use of any relevant model, document or information for the purpose of performing the Contract; and
  - (2) authorised to use any model, document or information relating to any such invention or design which may be required for that purpose.
- l. The Contractor shall assume all liability and indemnify the Authority and its officers, agents and employees against liability, including costs as a result of:
- (1) infringement or alleged infringement by the Contractor or their suppliers of any copyright, database right, Design Right or the like protection in any part of the world in respect of any item to be supplied under the Contract or otherwise in the performance of the Contract;
  - (2) misuse of any confidential information, trade secret or the like by the Contractor in performing the Contract;
  - (3) provision to the Authority of any Information or material which the Contractor does not have the right to provide for the purpose of the Contract.
- m. The Authority shall assume all liability and indemnify the Contractor, their officers, agents and employees against liability, including costs as a result of:
- (1) infringement or alleged infringement by the Contractor or their suppliers of any copyright, database right, Design Right or the like protection in any part of the world in respect of any item provided by the Authority for the purpose of the Contract but only to the extent that the item is used for the purpose of the Contract;
  - (2) alleged misuse of any confidential Information, trade secret or the like by the Contractor as a result of use of Information provided by the Authority for the purposes of the Contract, but only to the extent that Contractor's use of that Information is for the purposes intended when it was disclosed by the Authority.
- n. The general authorisation and indemnity is:
- (1) clauses 33.a – 33.m represents the total liability of each Party to the other under the Contract in respect of any infringement or alleged infringement of patent or other Intellectual Property Right (IPR) owned by a third party;
  - (2) neither Party shall be liable, one to the other, for any consequential loss or damage arising as a result, directly or indirectly, of a claim for infringement or alleged infringement of any patent or other IPR owned by a third party;
  - (3) a Party against whom a claim is made or action brought, shall promptly notify the other Party in writing if such claim or action appears to relate to an infringement which is the subject of an indemnity or authorisation given under this Condition by such other Party. The notification shall include particulars of the demands, damages and liabilities claimed or made of which the notifying Party has notice;
  - (4) the Party benefiting from the indemnity or authorisation shall allow the other Party, at its own expense, to conduct any negotiations for the settlement of the same, and any litigation that may arise therefrom and shall provide such information as the other Party may reasonably require;
  - (5) following a notification under clause 33.n.(3), the Party notified shall advise the other Party in writing within thirty (30) Business Days whether or not it is assuming conduct of the negotiations or litigation. In that case the Party against whom a claim is made or action brought shall not make any statement which might be prejudicial to the settlement or defence of such a claim without the written consent of the other Party;
  - (6) the Party conducting negotiations for the settlement of a claim or any related litigation shall, if requested, keep the other Party fully informed of the conduct and progress of such negotiations.

o. If at any time a claim or allegation of infringement arises in respect of copyright, database right, Design Right or breach of confidence as a result of the provision of any Contractor Deliverable by the Contractor to the Authority, the Contractor may at their own expense replace the item with an item of equivalent functionality and performance so as to avoid infringement or breach. The Parties will co-operate with one another to mitigate any claim or damage which may arise from use of third party IPR.

p. Nothing in Condition 33 shall be taken as an authorisation or promise of an authorisation under Section 240 of the Copyright, Designs and Patents Act 1988.

q. Notwithstanding any other provisions of the Contract and for the avoidance of doubt, award of the Contract by the Authority and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Contractor acknowledges that any such authorisation by the Authority under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific intellectual property involved.

## **Pricing and Payment**

### **34.Contract Price**

a. The Contractor shall provide the Contractor Deliverables to the Authority at the Contract Price. The Contract Price shall be a Firm Price unless otherwise stated in Schedule 3 (Contract Data Sheet).

b. Subject to clause 34.a the Contract Price shall be inclusive of any UK custom and excise or other duty payable. The Contractor shall not make any claim for drawback of UK import duty on any part of the Contract Deliverables supplied which may be for shipment outside of the UK.

### **35.Payment and Recovery of Sums Due**

a. Payment for Contractor Deliverables will be made by electronic transfer and prior to submitting any claims for payment under clause 35.b the Contractor will be required to register their details (Supplier on-boarding) on the Contracting, Purchasing and Finance (CP&F) electronic procurement tool.

b. Where the Contractor submits an invoice to the Authority in accordance with clause 35.a, the Authority will consider and verify that invoice in a timely fashion.

c. The Authority shall pay the Contractor any sums due under such an invoice no later than a period of 30 days from the date on which the Authority has determined that the invoice is valid and undisputed.

d. Where the Authority fails to comply with clause 35.a and there is undue delay in considering and verifying the invoice, the invoice shall be regarded as valid and undisputed for the purpose of clause 35.c after a reasonable time has passed.

e. The approval for payment of a valid and undisputed invoice by the Authority shall not be construed as acceptance by the Authority of the performance of the Contractor's obligations nor as a waiver of its rights and remedies under the Contract.

f. Without prejudice to any other right or remedy, the Authority reserves the right to set off any amount owing at any time from the Contractor to the Authority against any amount payable by the Authority to the Contractor under the Contract or under any other contract with the Authority, or with any other Government Department.

### **36. Value Added Tax**

a. The Contract Price excludes any UK output Value Added Tax (VAT) and any similar EU (or non-EU) taxes chargeable on the supply of Contractor Deliverables by the Contractor to the Authority.

b. If the Contractor is required by UK VAT law to be registered for UK VAT (or has registered

voluntarily) in respect of their business activities at the time of any supply, and the circumstances of any supply are such that the Contractor is liable to pay the tax due to HM Revenue and Customs (HMRC), the Authority shall pay to the Contractor in addition to the Contract Price (or any other sum due to the Contractor) a sum equal to the output VAT chargeable on the tax value of the supply of Contractor Deliverables, and all other payments under the Contract according to the law at the relevant tax point.

c. The Contractor is responsible for the determination of VAT liability. The Contractor shall consult their Client Relationship Manager or the HMRC Enquiries Desk (and not the Authority's Representative (Commercial)) in cases of doubt. The Contractor shall notify the Authority's Representative (Commercial) of the Authority's VAT liability under the Contract, and any changes to it, within twenty (20) Business Days of becoming aware the liability is other than at the standard rate of VAT. In the event of any doubt about the applicability of the tax in such cases, the Authority may require the Contractor to obtain, and pass to the Authority, a formal ruling from HMRC. The Contractor shall comply promptly with any such requirement. Where the Contractor obtains a ruling from HMRC, they shall supply a copy to the Authority within three (3) Business Days of receiving that ruling unless they propose to challenge the ruling. Where the Contractor challenges the ruling they shall supply to the Authority a copy of any final decisions issued by HMRC on completion of the challenge within three (3) Business Days of receiving the decision.

d. Where supply of Contractor Deliverables comes within the scope of UK VAT, but the Contractor is not required by UK VAT law to be registered for UK VAT (and has not registered voluntarily), the Authority shall be responsible for assessing and paying over directly to HMRC any UK output VAT due in respect of the Contractor Deliverables. The Contractor shall be responsible for ensuring they take into account any changes in VAT law regarding registration.

e. Where Contractor Deliverables are deemed to be supplied to the Authority outside the UK, the Contractor may be required by the laws of the country where the supply takes place to register there for EU (or non-EU) turnover or similar tax. In that event, the Authority shall pay to the Contractor in addition to the Contract Price (and any other sum due to the Contractor under the Contract) a sum equal to the tax the Contractor is liable to pay to the tax authorities of the country in question in relation to the Contractor Deliverables within thirty (30) calendar days of a written request for payment of any such sum by the Contractor.

f. In relation to the Contractor Deliverables supplied under the Contract the Authority shall not be required to pay any sum in respect of the Contractor's input VAT (or similar EU or non-EU or both input taxes). However, these input taxes will be allowed where it is established that, despite the Contractor having taken all reasonable steps to recover them, it has not been possible to do so. Where there is any doubt that the Contractor has complied with this requirement the matter shall be resolved in accordance with Condition 39 (Dispute Resolution).

g. Should HMRC decide that the Contractor has incorrectly determined the VAT liability, in accordance with clause 36.b above, the Authority will pay the VAT assessed by HMRC. In the event that HMRC so determines, the Contractor shall pay any interest charged on any assessment or penalties or both directly to HMRC. Such interest or penalties or both shall not be recoverable from the Authority under the Contract or any other contract. The Contractor shall supply the Authority with a copy of all correspondence between HMRC and the Contractor's advisors regarding the VAT assessment within three (3) Business Days of a written request from the Authority for such correspondence.

### **37. Debt Factoring**

a. Subject to the Contractor obtaining the prior written consent of the Authority in accordance with Condition 11 (Assignment of Contract), the Contractor may assign to a third Party ("the Assignee") the right to receive payment of the Contract Price or any part thereof due to the Contractor under the Contract (including interest which the Authority incurred through late payment under the Late Payment of Commercial Debts (Interest) Act 1998 ("the Act")). Any assignment of the right to receive payment of the Contract Price (or any part thereof) under this

Condition 37 shall be subject to:

- (1) reduction of any sums in respect of which the Authority exercises its right of recovery under clause 35.f;
  - (2) all related rights of the Authority under the Contract in relation to the recovery of sums due but unpaid; and
  - (3) the Authority receiving notification under both clauses 37.b and 37.c.(2).
- b. In the event that the Contractor obtains from the Authority the consent to assign the right to receive the Contract Price (or any part thereof) under clause 37.a, the Contractor shall notify the Authority in writing of the assignment and the date upon which the assignment becomes effective.
- c. The Contractor shall ensure that the Assignee:
- (1) is made aware of the Authority's continuing rights under clauses 37.a.(1) and 37.a.(2); and
  - (2) notifies the Authority of the Assignee's contact information and bank account details to which the Authority shall make payment, subject to any reduction made by the Authority in accordance with clauses 37.a.(1) and 37.a.(2).
- d. The provisions of Condition 35 (Payment and Recovery of Sums Due) shall continue to apply in all other respects after the assignment and shall not be amended without the prior approval of the Authority.

### **38.Subcontracting and Prompt Payment**

- a. Subcontracting any part of the Contract shall not relieve the Contractor of any of the Contractor's obligations, duties or liabilities under the Contract.
- b. Where the Contractor enters into a subcontract, they shall cause a term to be included in such subcontract:
- (1) providing that where the Subcontractor submits an invoice to the Contractor, the Contractor will consider and verify that invoice in a timely fashion;
  - (2) providing that the Contractor shall pay the Subcontractor any sums due under such an invoice no later than a period of thirty (30) days from the date on which the Contractor has determined that the invoice is valid and undisputed;
  - (3) providing that where the Contractor fails to comply with clause 38.b.(1) above, and there is an undue delay in considering and verifying the invoice, that the invoice shall be regarded as valid and undisputed for the purposes of clause 38.b.(2) after a reasonable time has passed; and
  - (4) requiring the counterparty to that subcontract to include in any subcontract which it awards, provisions having the same effect as clauses 38.b.(1) to 38.b.(4).

Termination

### **39.Dispute Resolution**

- a. The Parties will attempt in good faith to resolve any dispute or claim arising out of or relating to the Contract through negotiations between the respective representatives of the Parties having authority to settle the matter, which attempts may include the use of any alternative dispute resolution procedure on which the Parties may agree.
- b. In the event that the dispute or claim is not resolved pursuant to clause 39.a the dispute shall be referred to arbitration. Unless otherwise agreed in writing by the Parties, the arbitration and this clause 39.b shall be governed by the Arbitration Act 1996. For the purposes of the arbitration, the arbitrator shall have the power to make provisional awards pursuant to Section 39 of the Arbitration Act 1996.
- c. For the avoidance of doubt, anything said, done or produced in or in relation to the

arbitration process (including any awards) shall be confidential between the Parties, except as may be lawfully required in judicial proceedings relating to the arbitration or otherwise.

#### **40. Termination for Insolvency or Corrupt Gifts**

##### **Insolvency:**

b. Such termination shall be without prejudice to and shall not affect any right of action or remedy which shall have accrued or shall accrue thereafter to the Authority and the Contractor.

Corrupt Gifts:

c. The Contractor shall not do, and warrants that in entering the Contract they have not done any of the following (hereafter referred to as 'prohibited acts'):

(1) offer, promise or give to any Crown servant any gift or financial or other advantage of any kind as an inducement or reward;

(a) for doing or not doing (or for having done or not having done) any act in relation to the obtaining or execution of this or any other Contract with the Crown; or
