About the Supplier Portal

The Supplier Portal you are using is provided solely for the purposes of the buying organisation specified on the Registration page and your registration details will not be shared with any other organisation.

The portal is provided by a UK registered company called Atamis Ltd. Atamis is an approved partner of Salesforce.com which provides the cloud-based platform on which the Atamis system runs. The system and data are hosted in the UK and are protected with ISO27001 information security. All data is encrypted in transit with TLS 1.1/1.2.

The following pages are normally made available within the Supplier Portal:

Registering and logging in

Register

If you have not accessed the portal before you will need to click **Register** from the landing page and complete the required form.

Log in

Alternatively, if you have used the portal before, click **Log in** from the landing page and enter your username and password.

Forgotten Password

From the Log in page, click **Forgot your Password?** and enter your email address in the Username box. Click **Continue** and you will be emailed instructions on resetting your password. Note the email will be addressed from Salesforce.com. The email goes out immediately so please check spam and junk folders if it does not reach your inbox.

Forgotten Username

Your Username will be the email address you used when registering.

Creating More Users Under your Account

You can merge users who have independently registered into the same supplier account, either by using the link from the Home Page if available (when logged in) or by contacting the buying organisation to request them to make the change for you.

Finding tendering opportunities and getting alerts

Search for Opportunities

You do not have to log in to search for tender opportunities providing the buying organisation has made this option available. If there is no link available to view tender opportunities from the landing page, you will need to log in.

After you have logged in, from the Home Page you should see a link similar to these options:

To search for tendering opportunities that have been published by the buying organisation, click **Find Opportunities**. (If you don't see this link it will be because the buying organisation is not publicising its tender opportunities through this portal.)

Enter one or more search keywords and click **Search**. The Search looks in all fields and operates like a web search engine, so if you enter two words it will return records that contains either word. Click on the title of an opportunity to view further details.

A maximum of 10 results are displayed on the page. Click **Next** at the bottom of the page to view the next 10 results.

Download Opportunities

From the bottom of the Find Opportunities page, Click **Download CSV** to generate a file containing all the data displayed in the search results.

Expressing interest in opportunities

Expressing interest is a means of notifying the buying organisation of your interest in potentially responding to an opportunity and of obtaining further information, such as documentation packs, about the opportunity.

Note: If the buying organisation has invited you to tender, you do not need to complete this step – the details of the opportunity should already be visible to you via the My Proposals and Quotes link.

From the Find Opportunities page, click on the title of an opportunity. If the tendering project is at the stage where it is open for suppliers to express interest, you will be able to click **Register Interest**.

Cleaning services	
« Back	
Register interest	Hide documents
Name	
download Instructions and Information to Tenderers.pdf	
Contract Ref	C0848
Description	Cleaning services

The Register Interest button will not appear if the window for registration has not yet opened or if it has closed. It will also not appear if the procedure the buying organisation is using does not permit supplier self-registration.

If you are not already logged in, the system will prompt you to log in or register, after which your interest will be registered and you will be able to view the details of the opportunity under My Proposals and Quotes.

If the buying organisation has shared any supporting documentation related to the tender, these can be accessed by toggling the View Documents/Hide Documents button.

View your proposal and quotes

If you have either been invited to respond or have registered interest in an opportunity, click **My Proposals and Quotes** on the Home Page (You will need to have logged in to access the Home Page.)

My Proposals and Quotes

The My Proposals and Quotes page lists all of your Open and Closed opportunities, their current status and time remaining until the response deadline.

Home				
My Proposals and Quotes				
Show: All ▼				
Ref/Title	Issued by	Status	Closing Date	Time Remaining

[My Proposals and Quotes](#) » C1439 - Health Services

C1439 - Health Services

Health Services is a project funded by EU and is also contained within the School's Workforce, innovation and improvement theme. It is a collaborative research programme with Swansea and Cardiff Universities.

Deadline for clarification questions:
 Closing Date/Time  : 30/11/2020 12:00 1
 Current Date/Time  : 11/11/2020 17:01 [Refresh](#)

You have **Accepted** this opportunity and expressed your intention to respond. 2

3 **Documentation**
4 **Messages**
8 **Submit**
10 **Decline**

Accept

Requirements Sections	Required Questions Remaining	Completion Status	Status
Stage 1 - Qualification Questionnaire	0	100%	Submitted
Stage 1 - Technical Questions	0	100%	Submitted 9
Stage 2 - Presentations	1	50% 7	Not yet submitted
Stage 2 - Proposal	1 6		Not yet submitted

- 1 If you stay on this page for more than 30 seconds, this red link appears on the page to alert you to recheck the current system date/time.

Note: You will not be able to change your response after the Closing Date/Time. The system's Current Date/Time is displayed for reference but does not automatically update if you wait on this page. To obtain the correct system time, click the **Refresh** link (appears after 30 seconds of waiting).

- 2 If you have registered interest to the current opportunity, the **Accept** button will be automatically selected. If you have been invited to bid to an opportunity, you will need to Accept the invitation before completing and submitting your responses.
- 3 **Click Documentation** to view and download all documents provided by the buying organisation relating to this opportunity. The documents may be structured in folders and will be displayed as shown below:

Home

[My Proposals and Quotes](#) » [C1439 - Health Services](#) » Documents

Documents

a

Folder: Supporting Documentation

Document Name	File Size	Uploaded Date	Downloaded	c	Action
Lorem Ipsum.docx	14320 Bytes	11/11/2020 16:46	(by Sian Davies on 11 Nov 2020)		Download

Folder: Second Stage Supporting Documentation

Document Name	File Size	Uploaded Date	Downloaded	b	Action
Lorem Ipsum.docx	14320 Bytes	11/11/2020 16:46		New	Download
Atamis-TM.pdf	2340327 Bytes	11/11/2020 16:46		New	Download

- a) Shared documents will be displayed per folder and you are able to expand or collapse the list of documents by clicking on the arrow displayed next to the folder name
 - b) New documents that have not been downloaded by yourselves yet, will be marked as **New**
 - c) **Click** **Download** to download the document. Once downloaded, the system will mark the date/time and the name of the user that has downloaded the file
- 4 The communication between the organisation and yourselves must take place via messenger function. You can access all communications on [Messages](#) page. See [Message Centre](#) for more details.
 - 5 Each **Requirement Section** will contain several requirements. All **Requirement Sections** will be visible here and you will have to open each one of them to access the requirements. Go to [Responding to an opportunity](#) for more details.
 - 6 Every section will contain a number of required requirements and, as you enter your responses, the column will reflect the number of remaining required requirements due to complete.
 - 7 The completion status for each **Requirement Section** is calculated by the system from all the **Required** responses in the requirement section. If you have entered a **Response** but not marked it as **Complete**, the system treats that **Response** as 50% complete; if you check the **Complete** box, it treats is as 100% complete.

You do not need to have marked each **Response** as complete in order to submit your final response.

Note: The Completion Status bars are determined by how many responses you have entered and whether you have marked them as complete. If you had entered all mandatory responses but had not marked any as complete, the bar would show as 50%. The 'Complete?' checkbox provides you with the option to draft responses first and then confirm/approve later.

You do not need to have marked each Response as complete in order to submit your final response.

- 8 When you **click** Submit the system will check you have completed all the Required (including Pass/Fail) Requirements, then mark all Responses as Complete and display a submission confirmation message. Upon confirmation of submission, a submission notification will be sent to the email address registered and a copy of it is available in the Message Centre as well. Go to [Submitting a response](#) section for more details.
- 9 When you confirm the submission, the status of each Requirement Section will update accordingly. As the project progresses into other project stages, the submission status for each Requirement Section and Project Stage will update accordingly.
- 10 If you need to decline the invitation, you can do so by clicking on **Decline**. You will be given the option to write a message for the buying organisation.

Decline Interest In Opportunity

If you do not intend to continue participating in this procurement exercise, please provide a reason for declining below and click Confirm to inform the buying organisation of your decision.

Hello,

Thank you for the invitation to participate in this opportunity. Due to prior commitments we are unable to take part on this occasion.

Confirm [Cancel](#)

Responding to an opportunity

In order to review and respond to the requirements **Click** on one of the Requirements Sections.

The system will present you with a page containing the following components:

The screenshot shows the 'Stage 2 - Presentations Section' interface. At the top, there's a breadcrumb trail: 'Home' > 'My Proposals and Quotes' > 'C1439 - Health Services' > 'Stage 2 - Presentations'. Below this, the section title 'Stage 2 - Presentations Section' is followed by a 'Completion Status' bar showing 50% completion, with a checkbox labeled 'Complete?'. A 'Work Offline' link is also present. Three main buttons are visible: 'Back to Summary', 'Compact View', and 'Edit Responses'. Below these are three columns: 'Requirements', 'Response Summary', 'Response Type', and 'Status'. The 'Requirements' column lists two items: '01 Please attach a copy of the presentation you will undertake part of the upcoming presentation day' and '02 Please provided additional details in the box provided.' The 'Response Summary' column provides instructions for each requirement. The 'Response Type' column shows 'Required' for both. The 'Status' column shows flags. Numbered callouts 1 through 9 point to specific elements: 1 points to the Completion Status bar, 2 points to the Work Offline link, 3 points to the Back to Summary button, 4 points to the Compact View button, 5 points to the Edit Responses button, 6 points to the first requirement row, 7 points to the Response Summary column header, 8 points to the Response Type column header, and 9 points to the Status column header.

- 1 The Completion Status bars are determined by how many responses you have entered and whether you have marked them as complete. If you had entered all mandatory responses, but had not marked any as complete, the bar would show as 50%. The 'Complete?' checkbox provides you with the option to draft responses first and then confirm/approve later.

You do not need to have marked each Response as complete in order to submit your final response.

- 2 For each Requirement Section, you can use the Work Offline function. The system will provide a spreadsheet in which you will be able to enter your responses and upload them on to the portal. Instructions are provided on the Work Offline page as well as in cell A1 in the downloaded spreadsheet.

Stage 2 - Presentations Section

If you'd prefer to work on your responses off-line, you can download the requirements for this section and the responses you've completed so far by clicking Download. Note that Rich Text Area and Attachment type responses are excluded from this download – you need to complete those directly in the system.

Download

To upload your changes, you must keep exactly the same file format, i.e. CSV file with the same column headings. If you are entering currency values, avoid using pound signs and commas, e.g. enter "1000.00" and not "£1,000.00". Remember to pay attention to any character limits on textual responses. If any responses fail the validation you'll be notified.

Upload Responses

Back

- 3 Click Back to Summary to return to the Opportunity Page.

- 4 When the Requirement Section page is accessed, the default view of the requirement is set to Expanded View. The Expanded View presents the full body of the requirement and allows you to enter your responses while on the page.

If you **click** on Compact View the system will trim the body of the requirements as per below. In order to enter your response from Compact View you will need to **click** on every Requirement.

Response	
The following diagram describes the solution: - Part A - Parts B & C Altitude, precipitation, geology, slope and water flow accumulation for the basis for the analysis. Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Neque aliquam vestibulum morbi blandit cursus risus at ultrices. Elit eget gravida cum sociis natoque penatibus. Sit amet cursus sit amet dictum sit amet justo. Rhoncus mattis rhoncus urna neque viverra. Sit amet venenatis urna cursus eget nunc scelerisque viverra mauris. Elementum tempus egestas sed sed. Malesuada bibendum arcu vitae elementum. Nisi nunc mi ipsum faucibus vitae aliquet nec ullamcorper. Nunc sed blandit libero volutpat sed cras. Sollicitudin ac orci phasellus egestas tellus rutrum. <pre> graph TD Title[Exploratory data analysis] PD([Prevalence distribution]) --> ASP[Assessing spatial patterns] SC([Secondary covariates]) --> AC[Altitude, precipitation, geology, slope and water flow accumulation] PD --> AC AC --> AVD[Assessing variable distributions] </pre>	Required / Optional Required Response Status Completed ? ☐

Note: When completing responses of type Rich Text Area ensure that images are added to the response area by **clicking** on the Image Icon  rather than pasting the image in the response area.

Click **Left** or **Right** to move through the section. Your entries will be saved automatically when you move from one response to another. Alternatively, click **Save** before moving off the page. Click **Back** to return to the opportunity page or use the breadcrumb trail at the top of the page.

Note: It is recommended NOT to use the Back button on your browser when using these pages.

- 8 The buying organisation will request you to provide answers to required or optional requirements. This column will specify if the requirement is Required or Optional.

You must provide answers for all required requirements in order to submit your responses. When you **click** on **Submit**, the system will display a window with incomplete requirements if some required requirements have been missed.

- 9 The flags displayed denote the Status of the response

-  Response entered and the Completed? Checkbox checked. You may submit your responses
-  Response entered, but Completed? Checkbox not checked. You may submit your responses
-  Response not entered. You must enter a response in order to submit.

Message Centre

To raise a clarification question with the buying organisation or to view any other communication with the organisation, either:

- locate the opportunity using [My Proposals and Quotes](#), open the tender, then **click Messages**. This displays questions that you have previously asked (and answers when available) for the tender you've opened.
- on [Home Page](#), **click on Message Centre**. This will display a list of all messages for all tenders.

Note: When you ask a question, it may take a few minutes before it appears in your messages list.

If you attempt to send a message after the [Clarification Question Deadline](#) has passed, you will see the message below indicating that a reply may not be provided:

The screenshot shows a web interface with a 'Home' tab. A yellow warning box at the top contains an information icon and the text: 'Please note that as it is now after the Deadline for Clarification Questions, you may not receive an answer to your question.' Below this, the text 'Please enter your message below and click Send' is displayed. A large text input area is provided for the user. At the bottom of the input area, there is a file upload section with a 'Choose file' button, the text 'No file chosen', and 'Send' and 'Back' buttons. A small note at the very bottom states: '(Please note that including large attachments might cause the page to load slowly, please do not refresh or close the page after submitting a message until loading is complete)'.

Your question will still reach the buying organisation, however a response may not be provided.

Note: You'll receive an email immediately an answer is provided for your question, or indeed for any published answer, so you don't need to keep checking in the portal.

Submitting a response (Accept, Submit or Decline)

Accept

If the buying organisation has invited you to this opportunity, you will be requested to **Accept** the invitation before you can enter and submit your responses. The **Submit** button will not be visible until you have accepted the invitation.

C1439 - Health Services

Health Services is a project funded by EU and is also contained within the School's Workforce, innovation and improvement theme. It is a collaborative research programme with Swansea and Cardiff Universities.

Deadline for clarification questions:

Closing Date/Time  : 30/11/2020 12:00

Documentation

Messages

Accept

Decline

When you click on **Accept**, the following message will be displayed which will request your confirmation before proceeding.

Express Your Intention to Respond to this Opportunity

Please click Confirm to indicate to the buyer that you have received, understood and accepted the requirements for this opportunity and intend to respond.

Confirm

Cancel

Submit

To submit your final response, locate the opportunity using My Proposals and Quotes, then click **Submit**.

Note: You will not be able to submit a final response if there are mandatory requirements that you have not entered. However, you don't need to have checked the Completed box on every response in order to submit, the system will mark them as Completed for you.

This will generate an email to the buying organisation indicating that you have responded. Depending on the procedure being followed, the buying organisation may not be able to view your response until some time after the Closing Date/Time for the opportunity.

Note: You will not be able to submit your final response after the Closing Date/Time, however all of the responses you entered before the deadline will still become visible to the buying organisation and may be considered for evaluation. This is dependent on the type of procurement procedure the buying organisation is adhering to.

In exceptional circumstances a buying organisation may grant a supplier a late submission. This must be agreed directly between the supplier and buying organisation.

The Status of each section will update as per below:

- Not yet Submitted – you are still within the Response Window of the opportunity and you are still able to submit your responses
- Submitted – you are still within the Response Window of the opportunity and you have successfully submitted your responses
- Did not Submit – the Response Window for this opportunity is now closed. This status denotes that you have not submitted your responses
- Evaluation Started – the Response Window for this opportunity is now closed, you have successfully submitted your responses and the buying organisation has started the evaluation of your responses.

If you would like to amend your submitted responses, you are able to do so if the Response Window for the opportunity is still open. To amend your already submitted responses, simply navigate to the relevant requirement and amend your response. If you attempt to edit a response that has already been submitted, the system will display a warning window with the following message:

You have made a change to an already submitted response. Would you like to save your changes and override your latest submitted response?

If you **click Yes**, the modifications you have applied to your response will be saved and re-submitted. If you **click No**, the modifications you have applied will not be saved and re-submitted.

Decline

If you do not intend to respond to the opportunity, click **Decline** and provide a reason. This will be communicated to the buying organisation. The decision can be reversed if required by **clicking** on the **Accept** button again.

Decline Interest In Opportunity

If you do not intend to continue participating in this procurement exercise, please provide a reason for declining below and click Confirm to inform the buying organisation of your decision.

Hello,

Thank you for the invitation to participate in this opportunity. Due to prior commitments we are unable to take part on this occasion.
