Schedule 1

Key Provisions

Guidance: These Key Provisions enable the Authority to complete project specific details and to add any optional and/or extra provisions applicable to the relevant project.

Standard Key Provisions

1 Application of the Key Provisions

- 1.1 The standard Key Provisions at Clauses 1 to 8 of this Schedule 1 shall apply to this Contract.
- 1.2 The optional Key Provisions at Clauses 9 to 26 of this Schedule 1 shall only apply to this Contract where they have been checked and information completed as applicable.
- 1.3 Extra Key Provisions shall only apply to this Contract where such provisions are set out at the end of this Schedule 1.

2 Term

- 2.1 This Contract shall commence on the Commencement Date and the Term of this Contract shall expire **1** year from the Actual Services Commencement Date. The Term may be extended in accordance with Clause 15.2 of Schedule 2 provided that the duration of this Contract shall be no longer than **3** years in total.

Guidance: Insert the initial term in the second line and the maximum term including all extensions in the fourth line. Do remember that the initial term and maximum term must be consistent with the Find a Tender contract notice.

Note that the term runs from the date when the Services are actually provided. If there is an implementation plan over, for example, three months, the term runs from the date the Services are provided. In these circumstances, it will be important to include a process in the implementation plan for acknowledging this date to ensure the term is clear.

The above approach has been adopted as it will mean that any delay in implementation does not have the effect of shortening the contract term. However, it may be that for some projects you want the services to start and/or end on a particular date or event. Where this is the case, this Key Provision can be amended accordingly.

3 Contract Managers

- 3.1 The Contract Managers at the commencement of this Contract are:

- 3.1.1 for the Authority:

Kathryn Perera – Director NHS Horizons

- 3.1.2 for the Supplier:

Neil Turton – Director Advancing Quality Alliance

Guidance: This Clause sets out the name of the contract manager for each party. Insert the name and role of the Authority's contract manager. At the tender stage you will not know who the Supplier is so Clause 3.1.2 cannot be completed until preparation of the final contract for signature.

4 Names and addresses for notices

- 4.1 Notices served under this Contract are to be delivered to:

- 4.1.1 for the Authority:

Kathryn Perera – Director NHS Horizons

Contactable –
NHS Horizons
Cheylesmore House
Coventry
CV1 2WT

4.1.2 for the Supplier:

Neil Turton – Director Advancing Quality Alliance

Contactable –
07523 930512
Advancing Quality Alliance (Aqua)
Crossgate House
Cross Street
Sale
M33 7FT

Guidance: This Clause sets out the name of each party's recipient of notices from the other party and is relevant to the issuing of formal communications under the Contract. Insert the name and address of the Authority's recipient of notices. At the tender stage you will not know who the Supplier is so Clause 4.1.2 cannot be completed until preparation of the final contract for signature. You may prefer to insert the role of the recipient (e.g. Finance Director) rather than an actual name.

5 Management levels for escalation and dispute resolution

5.1 The management levels at which a Dispute may be dealt with as referred to as part of the Dispute Resolution Procedure are as follows:

Level	Authority representative	Supplier representative
1	Kathryn Perera	Neil Turton
2	Ian Baines	Ruth Yates
3	Paul Woodley	Cath Hill

Guidance: The Dispute Resolution Procedure sets out an internal process for dealing with Disputes. In Clause 5.1 above you must insert the number of internal levels and the name and/or role of the person who will deal with a Dispute at each level. You may include as many levels as appropriate to the project. The purpose of having a number of levels is to ensure all internal avenues of resolution have been exhausted before a Dispute is dealt with by an external third party.

Under Authority representative insert the appropriate details. Also consider how many levels are appropriate to your individual project. At the tender stage you will not know who the Supplier is so the Supplier Representatives cannot be completed until preparation of the final contract for signature.

6 Order of precedence

6.1 Subject always to Clause 1.10 of Schedule 4, should there be a conflict between any other parts of this Contract the order of priority for construction purposes shall be:

- 6.1.1 the provisions on the front page of this NHS Contract for the Provision of Services (Contract Version);
 - 6.1.2 Schedule 1: Key Provisions;
 - 6.1.3 Schedule 5: Specification and Tender Response Document (but only in respect of the Authority's requirements);
 - 6.1.4 Schedule 2: General Terms and Conditions;
 - 6.1.5 Schedule 6: Commercial Schedule;
 - 6.1.6 Schedule 3: Information Governance Provisions;
 - 6.1.7 Schedule 7: Staff Transfer;
 - 6.1.8 Schedule 4: Definitions and Interpretations;
 - 6.1.9 the order in which all subsequent schedules, if any, appear; and
 - 6.1.10 any other documentation forming part of the Contract in the date order in which such documentation was created with the more recent documentation taking precedence over older documentation to the extent only of any conflict.
- 6.2 For the avoidance of doubt, the Specification and Tender Response Document shall include, without limitation, the Authority's requirements in the form of its specification and other statements and requirements, the Supplier's responses, proposals and/or method statements to meet those requirements, and any clarifications to the Supplier's responses, proposals and/or method statements as included as part of Schedule 5. Should there be a conflict between these parts of the Specification and Tender Response Document, the order of priority for construction purposes shall be (1) the Authority's requirements; (2) any clarification to the Supplier's responses, proposals and/or method statements, and (3) the Supplier's responses, proposals and/or method statements.

Guidance: Key Provision 6 addresses the order of precedence of various parts of the Contract for construction purposes. This should be carefully checked to confirm that it is appropriate for the particular Contract with any changes made accordingly.

7 Application of TUPE at the commencement of the provision of Services

- 7.1 [The Parties agree that at the commencement of the provision of Services by the Supplier, TUPE and the Cabinet Office Statement shall not apply so as to transfer the employment of any employees of the Authority or a Third Party to the Supplier and the provisions of Schedule 7 shall apply.] [The Parties agree that the commencement of the provision of the Services under this Contract shall give rise to a relevant transfer as defined in TUPE and the provisions of Schedule 7 shall apply to such transfer.]

Guidance: Key Provision 7 addresses whether any staff will transfer to the Supplier. There are alternative clauses and one of these needs to be adopted. If no staff will transfer on the commencement of the Services delete the second sentence in square brackets and remove the square brackets from the first sentence. If staff will transfer on the commencement of the Services delete the first sentence in square brackets and remove the square brackets from the second sentence. The notes at Schedule 7 then detail how to prepare that schedule accordingly.

8 Net Zero and Social Value Commitments

Supplier carbon reduction plans and reporting

- 8.1 The Supplier shall put in place, maintain and implement a board approved, publicly available, carbon reduction plan in accordance with the requirements and timescales set out in the NHS Net Zero Supplier Roadmap (see [Greener NHS »Suppliers](#))

[\(england.nhs.uk\)](https://www.england.nhs.uk/greenernhs/get-involved/suppliers/) (<https://www.england.nhs.uk/greenernhs/get-involved/suppliers/>), as may be updated from time to time.

- 8.2 A supplier assessment for benchmarking and reporting progress against the requirements detailed in the Net Zero Supplier Roadmap will be available in 2023 (“**Evergreen Supplier Assessment**”). The Supplier shall report its progress through published progress reports and continued carbon emissions reporting through the Evergreen Supplier Assessment once this becomes available and as may be updated from time to time.

Guidance: The Evergreen Supplier Assessment will be piloted in 2022 with a formal launch for suppliers in early 2023. The carbon reduction reporting requirements under the Evergreen Supplier Assessment will be consistent with the requirements in the Net Zero Supplier Roadmap and NHSE will liaise with the Sustainable Supplier Forum on the development of the Evergreen Supplier Assessment prior to launch. The Evergreen Supplier Assessment will be an online self-assessment process. This assessment is intended to serve as a single location for suppliers to the NHS to report progress against emissions reduction, modern slavery and other sustainability criteria. It will be integrated with other carbon transparency reporting that NHS suppliers may be asked to complete.

- 8.3 The Supplier has appointed Neil Turton (“**Supplier Net Zero Corporate Champion**”) who shall be responsible for overseeing the Supplier’s compliance with Clauses 8.1 and 8.2 of this Schedule 1 and any other net zero requirements forming part of this Contract. Without prejudice to the Authority’s other rights and remedies under this Contract, if the Supplier fails to comply with Clauses 8.1 and 8.2 of this Schedule 1, the Authority may escalate such failure to the Supplier Net Zero Corporate Champion who shall within ten (10) Business Days of such escalation confirm in writing to the Authority the steps (with associated timescales) that the Supplier will be taking to remedy such failure. The Supplier shall then remedy such failure by taking such confirmed steps by such timescales (and by taking any other reasonable additional steps that may become necessary) to ensure that such failure is remedied by the earliest date reasonably possible.

Net zero and social value in the delivery of the contract

- 8.4 The Supplier shall deliver its net zero and social value contract commitments in accordance with the requirements and timescales set out in the Specification and Tender Response Document forming part of this Framework Agreement and any Contracts (“**Net Zero and Social Value Contract Commitments**”).
- 8.5 The Supplier shall report its progress on delivering its Net Zero and Social Value Contract Commitments through progress reports, as set out in the Specification and Tender Response Document forming part of this Contract.

Guidance: Reporting timeframes for Contract specific net zero and social value requirements should be specified by the Authority in the Specification and Tender Response Document and should be reasonable and proportionate. With this in mind, reporting for such requirements should be annual unless there are exceptional Contract specific reasons why more frequent reporting is justified and proportionate. As a general principle, reporting timeframes for such requirements should never be more frequent than 6-monthly.

- 8.6 The Supplier has appointed Neil Turton (“**Supplier Net Zero and Social Value Contract Champion**”) who shall be responsible for overseeing the Supplier’s compliance with Clauses 8.4 and 8.5 of this Schedule 1. Without prejudice to the Authority’s other rights and remedies under this Contract, if the Supplier fails to comply with Clauses 8.4 and 8.5 of this Schedule 1, the Authority may escalate such failure to the Supplier Net Zero and Social Value Contract Champion who shall within ten (10) Business Days of such escalation confirm in writing to the Authority the steps (with associated timescales) that the Supplier will be taking to remedy such failure. The

Supplier shall then remedy such failure by taking such confirmed steps by such timescales (and by taking any other reasonable additional steps that may become necessary) to ensure that such failure is remedied by the earliest date reasonably possible.

Guidance: Key Provision 8 should be completed to reflect the Net Zero and Social Value Contract Commitments made by the Supplier.

Optional Key Provisions

Guidance: These optional Key Provisions enable the Authority to:

(a) vary some of the default provisions in Schedule 2 as appropriate to the particular project (e.g. Key Provision 12 allows for the insurance levels and/or types to be varied from the default position set out in Clause 14 of Schedule 2); and

(b) add provisions relevant to a particular project that are not part of the default provisions in Schedule 2 (e.g. there is an option to add further Authority obligations).

If any of the optional Key Provisions apply, this must be indicated in the draft contract issued at the tender stage by checking the boxes, completing the text in square brackets as appropriate and adding any required schedules. If a clause does not apply, leave the relevant box blank.

9 Implementation phase (only applicable to the Contract if this box is checked and the Schedule inserted)

9.1 Prior to commencement of delivery of the Services, there is an implementation phase and therefore all references in Schedule 2 to the Implementation Plan shall apply and the Implementation Plan is set out in Schedule **[insert schedule number]**.

Guidance: For some projects there will be an implementation phase before delivery of the Services commences. If your project has an implementation phase check the box above and insert a Schedule number in this Clause and a corresponding numbered Schedule at the back of the Contract called "Implementation Plan". The actual plan will be inserted at contract signature although you may want to issue a provisional timetable with the tender documentation.

You must then refer to this Schedule in the Table of Schedules on the front page of this Contract.

10 Services Commencement Date (where the Services are to start at a date after the Commencement Date) (only applicable to the Contract if this box is checked and the dates are inserted in Clause 10.1 of this Schedule 1)

10.1 The Services Commencement Date shall be **[insert date]** and the Long Stop Date referred to in Clause 15.5.1 of Schedule 2 shall be **[insert date]**.

Guidance: If provision of the Services is to start at a date after the date the Contract is signed, this must be stated in this Clause. This will apply, for example, if there is an implementation phase. If this applies, then check the box above and insert the date provision of the Services will commence.

Where provision of the Services commences after the date of the Contract, it is advisable to include a Long Stop Date. If the Supplier has not started to provide the Services by the Long Stop Date (which will be some weeks after the Services Commencement Date) it then entitles you to terminate the Services Contract (see Clause 15.5.1 of Schedule 2).

11 Induction training (only applicable to the Contract if this box is checked)

11.1 The Supplier shall ensure that all Staff complete the Authority's induction training. All Staff shall complete the training prior to the Actual Services Commencement Date (or immediately following the Services Commencement Date where this date is the date of this Contract) and all new Staff appointed throughout the Term shall also complete the training. The Supplier shall further ensure that all Staff complete any extra training that the Authority makes available to its own staff and notifies the Supplier in writing that it is appropriate for the Staff.

Guidance: If you require staff of the Supplier to undertake training provided by the NHS, check the box above. This may apply when the Services are provided on site and staff of the Supplier may require training in any site specific policies or procedures.

12 Quality assurance standards (only applicable to the Contract if this box is checked and the standards are listed)

12.1 The following quality assurance standards shall apply, as appropriate, to the provision of the Services: **[insert standards]**.

Guidance: If you have any project specific quality assurance requirements, such as compliance with and maintenance of ISO 9001, check the box above and insert the requirements in the second line.

13 Different levels and/or types of insurance (only applicable to the Contract if this box is checked and the table sets out the requirements)

13.1 The Supplier shall put in place and maintain in force the following insurances with the following minimum cover per claim:

Type of insurance required	Minimum cover
[Employer's Liability]	[]
[Public Liability]	[]
[Professional Indemnity]	[]
[Insert other types of insurance as appropriate]	[]

Guidance: This Clause relates to Clause 14 of Schedule 2. Clause 14.1 of Schedule 2 requires the Supplier to have in place a minimum level of cover per claim of the greater of five million pounds (£5,000,000) or any sum as required by law in respect of employer's liability, public liability, and professional indemnity insurance. If this default position is not appropriate in relation to the nature and risks of the particular project, you need to check the box above and insert in the table what different types and/or levels of insurance the Supplier must have in place.

14 Further Authority obligations (only applicable to the Contract if this box is checked and the Schedule inserted)

14.1 The Authority's Obligations are set out in Schedule **[insert schedule number]**.

Guidance: For some procurements, for example large outsourcing projects, there will be specific responsibilities on and requirements of your own staff. These could include individuals working alongside the Supplier's staff to develop processes or to ensure the Supplier's staff have an understanding of current systems and processes. If there are specific responsibilities on your own staff it is important to include these in a Schedule. This will help to avoid arguments, if implementation is late, as to who is responsible for any delay.

If there will be specific responsibilities on your staff check the box above and insert a Schedule number in this Clause and a numbered Schedule at the back of the Contract called "Authority's Obligations". The detailed obligations may need to be inserted at contract signature although you may want to outline these at the time of issue of the tender documentation.

You must then refer to this Schedule in the Table of Schedules on the front page of this Contract.

15 Assignment of Intellectual Property Rights in deliverables, materials and outputs (only applicable to the Contract if this box is checked)

15.1 The Supplier confirms and agrees that all Intellectual Property Rights in and to the deliverables, material and any other output developed by the Supplier as part of the

Services in accordance with the Specification and Tender Response Document, shall be owned by the Authority. The Supplier hereby assigns with full title guarantee by way of present and future assignment all Intellectual Property Rights in and to such deliverables, material and other outputs. The Supplier shall ensure that all Staff assign any Intellectual Property Rights they may have in and to such deliverables, material and other outputs to the Supplier to give effect to Clause 15 of this Schedule 1 and that such Staff absolutely and irrevocably waive their moral rights in relation to such deliverables, material and other outputs. Clause 15 of this Schedule 1 shall continue notwithstanding the expiry or earlier termination of this Contract.

Guidance: Schedule 2 is structured so that the Supplier owns any intellectual property rights in the output of the Services and the Authority is granted a licence of the necessary usage rights. For most projects this will be the approach that attracts the most suppliers to bid and provides best value for money.

In exceptional circumstances, it may be appropriate for your contracting authority to own the intellectual property rights in the outputs of the Services. For example, if the Supplier is developing a bespoke approach to service delivery based on your specification, you may wish to have the rights to commercially exploit the outputs of this work, and the price for the Services will reflect this position. If there will be intellectual property created as part of the Services and it is appropriate for you to own such rights, check the box above.

16 Inclusion of a Change Control Process (only applicable to the Contract if this box is checked and the Schedule inserted)

16.1 Any changes to this Contract, including to the Services, may only be agreed in accordance with the Change Control Process set out in Schedule **[insert schedule number]**.

Guidance: Clause 21 of Schedule 2 states that any changes to the Services or other parts of the Contract can only be implemented if agreed between the Authority and the Supplier. In large projects where complex changes may be required then a more detailed change control process might be appropriate. Where you require a detailed change control process, check the box above and insert a Schedule number in this Clause and a corresponding numbered Schedule at the back of the Services Contract called "Change Control Process".

You must then refer to this Schedule in the Table of Schedules on the front page of this Contract.

17 Authority step-in rights (only applicable to the Contract if this box is checked and the Schedule inserted)

17.1 If the Supplier is unable to provide the Services then the Authority shall be entitled to exercise Step In Rights set out in Schedule **[insert schedule number]**.

Guidance: Exceptionally, for certain types of business critical services, if the Supplier cannot provide the Services or fails to provide them to an acceptable standard, you may want the right to step into the position of the Supplier to provide the Services yourself or to appoint a third party to do so.

Before including this right in the Contract you need to consider if in practice it is possible to step into the shoes of the Supplier and provide the Services yourself or through a third party. If not, the inclusion of this right may attract a pricing premium from suppliers to account for the risk of step in being triggered, but with no corresponding benefit as the right is unlikely to be used.

Where step in rights are considered proportionate to the risks of critical service failure and are thought to be a realistic, practical and a value for money solution to mitigating these risks, check the box above and insert a Schedule number in this Clause and a numbered Schedule at the back of the Services Contract called "Step in Rights". This Schedule must include the rights required and set out how the step-in process will operate.

You must then refer to this Schedule in the Table of Schedules on the front page of this Contract.

18 Grant of lease or licence (only applicable to the Contract if this box is checked)

18.1 Promptly following execution of this Contract, the Supplier shall enter into the **[lease/licence]**. Failure to comply with this Key Provision shall be an irremediable breach of this Contract.

Guidance: Clause 2 of Schedule 2 allows for the Supplier to have general access to the Authority's premises and locations within such premises to provide the Services.

Depending on the type of services being provided, the Supplier may need to be granted rights to occupy certain premises and/or locations. If this is the case you will need to decide if this is by way of a lease or a licence (see Clause 2.4 of Schedule 2), check the box above and insert a Schedule number in this Clause and a numbered Schedule at the back of the Services Contract called "Form of [Lease/Licence]".

You must then refer to this Schedule in the Table of Schedules on the front page of this Contract.

The lease or licence should be issued with the tender documentation.

19 Guarantee (only applicable to the Contract if this box is checked)

19.1 Promptly following the execution of this Contract, the Supplier shall, if it has not already delivered an executed deed of guarantee to the Authority, deliver the executed deed of guarantee to the Authority as required by the procurement process followed by the Authority. Failure to comply with this Key Provision shall be an irremediable breach of this Contract.

Guidance: If you require that a third party guarantees the Supplier's performance, this must be in the tender documentation and you should check the box above. This Clause then protects your NHS body should signature of the guarantee be delayed.

20 Data Protection Protocol (only applicable to the Contract if this box is checked)

20.1 The Parties shall comply with their respective obligations under the Data Protection Protocol.

Guidance: If the Personal Data is being processed by the Supplier and/or otherwise shared between the Parties in connection with this contract, an appropriate Data Protection Protocol should be completed and the above box checked accordingly. The agreed Data Protection Protocol can then be appended to Schedule 3 in the final Contract

21 Purchase Orders (only applicable to the Contract if this box is checked)

21.1 The Authority shall issue a Purchase Order to the Supplier in respect of any Services to be supplied to the Authority under this Contract. The Supplier shall comply with the terms of such Purchase Order as a term of this Contract. For the avoidance of doubt, any actions or work undertaken by the Supplier under this Contract prior to the receipt of a Purchase Order covering the relevant Services shall be undertaken at the Supplier's risk and expense and the Supplier shall only be entitled to invoice for Services covered by a valid Purchase Order.

Guidance: If your financial systems and/or governance arrangements require you to issue a purchase order to the Supplier prior to the commencement of delivery of the Services as is good practice, then this Clause is needed to set out the timing and status of these purchase orders and the box above should be checked accordingly.

22 Monthly payment profile (only applicable to the Contract if this box is checked)

22.1 The payment profile for this Contract shall be monthly in arrears.

Guidance: If the payment profile for invoicing purposes is to be monthly in arrears, this Clause should be included for the purposes of Clause 9.3 of Schedule 2 and the box above checked accordingly. Otherwise, the Supplier may invoice either at any point following the supply of the Services in compliance with the Contract or as set out in the Commercial Schedule at Schedule 6.

23 Termination for convenience (only applicable to the Contract if this box is checked and Clause 23.1 of this Schedule 1 is completed)

23.1 The Authority may terminate this Contract by issuing a Termination Notice to the Supplier at any time on [**one (1)/three (3)/six (6) months**] written notice. [**Such notice shall not be served within one (1) year of the Actual Services Commencement Date**].

23.2 [**Should the Authority terminate this Contract in accordance with Clause 23.1 of this Schedule 1, then the Authority shall pay to the Supplier the termination sum calculated in accordance with Schedule**] [**insert schedule number**].

Guidance: This Clause entitles you, as the Authority, to terminate the Contract for no reason on a given period of notice (e.g. 1 month, 3 months or 6 months), as proportionate to the particular Services. Where it is important for NHS bodies to have this flexibility in contracts, for example when you are anticipating potential business change, this Clause can be used and the box above checked accordingly. The Clause should not be used as a matter of course, but exceptionally where the contracting authority considers that such flexibility is reasonable and proportionate in the given circumstances.

You can provide that this right commences after the Services have been supplied for twelve months or a longer period where this is considered reasonable to give the Supplier at least some certainty at the start of the Contract. The relevant part of the highlighted text can be retained or deleted accordingly.

For some services, particularly where there is an initial investment from the Supplier which will be recovered in monthly charges over the contract term, Suppliers will expect to be able to recover some costs should you terminate without cause. This is reasonable and if this is not included you may find that the price of the Services is higher than anticipated to offset this risk.

Where it is appropriate for the contracting authority to pay certain costs should you terminate without cause, you will need to include the highlighted text at Clause 23.2 above (and remove the brackets) referring to this and set out in Schedule 6 what these costs will cover and how these costs will be calculated. If for your project it would not be appropriate to pay such costs, delete Clause 23.2 from the Key Provisions, but retain Clause 23.1

24 Right to terminate following a specified number of material breaches (only applicable to the Contract if this box is checked and Clause 24.1 of this Schedule 1 is completed)

24.1 Either Party may terminate this Contract by issuing a Termination Notice to the other Party if such other Party commits a material breach of this Contract in circumstances where it is served with a valid Breach Notice having already been served with at least [**two (2)**] previous valid Breach Notices within the last twelve (12) calendar month rolling period as a result of any previous material breaches of this Contract which are capable of remedy (whether or not the Party in breach has remedied the breach in accordance with a Remedial Proposal). The twelve (12) month rolling period is the twelve (12) months immediately preceding the date of the [**third**] Breach Notice.

Guidance: This Clause is aimed at providing a termination right where one of the Parties has committed a number of material breaches whether or not they have been remedied. The aim of this Clause is to avoid a situation where one Party can keep breaching the Contract so long as it rectifies each material breach, as this can lead to nagging poor performance and additional time and resources being incurred by the non-breaching Party to manage such breaches. The numbers in square brackets can be changed to suit the requirements of the particular contract. The square brackets should then be removed prior to issue.

25 Expert Determination (only applicable to the Contract if this box is checked)

25.1 Any Dispute between the Authority and the Supplier shall be dealt in accordance with the expert determination process as specified at Schedule 8.

- 25.2 For the avoidance of doubt, where Clause 25 of this Schedule 1 is checked, all Disputes shall be dealt in accordance with Clause 25.1 of this Schedule 1 above and the entirety of Clause 22 of Schedule 2 shall be deemed not to apply and deleted in its entirety from this Contract.

Guidance: This clause should be checked when the expert determination process at Schedule 8 is to be adopted in place of the dispute process set out at clause 22 of Schedule 2. Further guidance on the use of expert determination can be found at [\[INSERT LINK TO GUIDANCE NOTE\]](#).

26 COVID-19 related enhanced business continuity provisions (only applicable to the Contract if this box is checked)

- 26.1 Subject to Clause 26.2 of this Schedule 1, the Supplier's Business Continuity Plan and, where required, its implementation must ensure the continuity of the provision of the Services under this Contract in all circumstances where there is a COVID-19 related Business Continuity Event and the text in Clause 6.6 of Schedule 2 to "use reasonable endeavours to" shall be deemed deleted for the purposes of any COVID-19 related Business Continuity Events. For the avoidance of doubt, to the extent that the Supplier fails to ensure such continuity, it shall be deemed not to have fulfilled its business continuity obligations pursuant to Clause 6 of Schedule 2 for the purposes of Clause 23.2.1 of Schedule 2.

- 26.2 To the extent only that the Supplier is prohibited from implementing its Business Continuity Plan (in full or part) due to any Laws or Guidance, it shall be relieved of its obligations under Clause 26.1 of this Schedule 1

Guidance: This Clause should only be used for Contracts where the Supplier is required to supply COVID-19 related Services in all circumstances during a pandemic and so needs to have in place appropriate enhanced business continuity plans to enable it to do so.

Extra Key Provisions

Guidance: Insert extra project specific Key Provisions (if any) as required. For example, you may have a project where the supplier is responsible for undertaking detailed pre-contract due diligence to verify any information provided by the Authority and/or any aspects of the Premises and Locations relevant to the provision of the Services. This will almost certainly require a project specific extra Key Provision to make clear the scope of the Supplier's due diligence responsibilities, any associated Supplier warranties and any consequent limitations / exclusions of the Authority's liability for information that it may have or may not have provided to the Supplier.

Where the detail of the issue will be dealt with in a Schedule, remember to cross reference the Schedule in the Key Provisions and refer to it in the Table of Schedules on the front page of this Contract. Also remember to draft and add to Schedule 4 any new definitions as required for any extra Key Provisions added.

- 10.5.1 notify the Authority in writing of such fact within five (5) Business Days of its occurrence; and
- 10.5.2 promptly provide to the Authority:
- (i) details of the steps which the Supplier is taking to address the Occasion of Tax Non-Compliance and to prevent the same from recurring, together with any mitigating factors that it considers relevant; and
- (ii) such other information in relation to the Occasion of Tax Non-Compliance as the Authority may reasonably require.
- 10.6 The Supplier further warrants and undertakes to the Authority that it will inform the Authority in writing immediately upon becoming aware that any of the warranties set out in Clause 10 of this Schedule 2 have been breached or there is a risk that any warranties may be breached.
- 10.7 Any warranties provided under this Contract are both independent and cumulative and may be enforced independently or collectively at the sole discretion of the enforcing Party.
- 11 Intellectual property**
- 11.1 The Supplier warrants and undertakes to the Authority that either it owns or is entitled to use and will continue to own or be entitled to use all Intellectual Property Rights

used in the development and provision of the Services and/or necessary to give effect to the Services and/or to use any deliverables, matter or any other output supplied to the Authority as part of the Services.

- 11.2 Unless specified otherwise in the Key Provisions and/or in the Specification and Tender Response Document or elsewhere in this Contract, the Supplier hereby grants to the Authority, for the life of the use by the Authority of any deliverables, material or any other output supplied to the Authority in any format as part of the Services, an irrevocable, royalty-free, non-exclusive licence (with the right to sub-license to any supplier or other third party contracted by, engaged by and/or collaborating with the Authority) to use, modify, adapt or enhance such items in the course of the Authority's normal business operations. For the avoidance of doubt, unless specified otherwise in the Key Provisions and/or in the Specification and Tender Response Document and/or elsewhere in this Contract, the Authority shall have no rights to commercially exploit (e.g. by selling to third parties) any deliverables, matter or any other output supplied to the Authority in any format as part of the Services.

12 Indemnity

- 12.1 The Supplier shall be liable to the Authority for, and shall indemnify and keep the Authority indemnified against, any loss, damages, costs, expenses (including without limitation legal costs and expenses), claims or proceedings in respect of:

- 12.1.1 any injury or allegation of injury to any person, including injury resulting in death;
- 12.1.2 any loss of or damage to property (whether real or personal);
- 12.1.3 any breach of Clause 10.1.6 and/or Clause 11 of this Schedule 2; and/or
- 12.1.4 any failure by the Supplier to commence the delivery of the Services by the Services Commencement Date;

that arise or result from the Supplier's negligent acts or omissions or breach of contract in connection with the performance of this Contract including the provision of the Services, except to the extent that such loss, damages, costs, expenses (including without limitation legal costs and expenses), claims or proceedings have been caused by any act or omission by, or on behalf of, or in accordance with the instructions of, the Authority.

- 12.2 Liability under Clauses 12.1.1, 12.1.3 and 17.13 of this Schedule 2 and Clause 2.6 of Schedule 3 shall be unlimited. Liability under Clauses 12.1.2 and 12.1.4 of this Schedule 2 shall be subject to the limitation of liability set out in Clause 13 of this Schedule 2.

- 12.3 In relation to all third party claims against the Authority, which are the subject of any indemnity given by the Supplier under this Contract, the Authority shall use its reasonable endeavours, upon a written request from the Supplier, to transfer the conduct of such claims to the Supplier unless restricted from doing so. Such restrictions may include, without limitation, any restrictions:

- 12.3.1 relating to any legal, regulatory, governance, information governance, or confidentiality obligations on the Authority; and/or
- 12.3.2 relating to the Authority's membership of any indemnity and/or risk pooling arrangements.

Such transfer shall be subject to the Parties agreeing appropriate terms for such conduct of the third party claim by the Supplier (to include, without limitation, the right of the Authority to be informed and consulted on the ongoing conduct of the claim

following such transfer and any reasonable cooperation required by the Supplier from the Authority).

13 Limitation of liability

- 13.1 Nothing in this Contract shall exclude or restrict the liability of either Party:
- 13.1.1 for death or personal injury resulting from its negligence;
 - 13.1.2 for fraud or fraudulent misrepresentation; or
 - 13.1.3 in any other circumstances where liability may not be limited or excluded under any applicable law.
- 13.2 Subject to Clauses 12.2, 13.1, 13.3 and 13.5 of this Schedule 2, the total liability of each Party to the other under or in connection with this Contract whether arising in contract, tort, negligence, breach of statutory duty or otherwise shall be limited in aggregate to the greater of: (a) five million GBP (£5,000,000); or (b) one hundred and twenty five percent (125%) of the total Contract Price paid or payable by the Authority to the Supplier for the Services.
- 13.3 There shall be no right to claim losses, damages and/or other costs and expenses under or in connection with this Contract whether arising in contract (to include, without limitation, under any relevant indemnity), tort, negligence, breach of statutory duty or otherwise to the extent that any losses, damages and/or other costs and expenses claimed are in respect of loss of production, loss of business opportunity or are in respect of indirect loss of any nature suffered or alleged. For the avoidance of doubt, without limitation, the Parties agree that for the purposes of this Contract the following costs, expenses and/or loss of income shall be direct recoverable losses (to include under any relevant indemnity) provided such costs, expenses and/or loss of income are properly evidenced by the claiming Party:
- 13.3.1 extra costs incurred purchasing replacement or alternative services;
 - 13.3.2 costs associated with advising, screening, testing, treating, retreating or otherwise providing healthcare to patients;
 - 13.3.3 the costs of extra management time; and/or
 - 13.3.4 loss of income due to an inability to provide health care services,
- in each case to the extent to which such costs, expenses and/or loss of income arise or result from the other Party's breach of contract, negligent act or omission, breach of statutory duty, and/or other liability under or in connection with this Contract.
- 13.4 Each Party shall at all times take all reasonable steps to minimise and mitigate any loss for which that Party is entitled to bring a claim against the other pursuant to this Contract.
- 13.5 If the total Contract Price paid or payable by the Authority to the Supplier over the Term:
- 13.5.1 is less than or equal to one million pounds (£1,000,000), then the figure of five million pounds (£5,000,000) at Clause 13.2 of this Schedule 2 shall be replaced with one million pounds (£1,000,000);
 - 13.5.2 is less than or equal to three million pounds (£3,000,000) but greater than one million pounds (£1,000,000), then the figure of five million pounds (£5,000,000) at Clause 13.2 of this Schedule 2 shall be replaced with three million pounds (£3,000,000);

- 13.5.3 is equal to, exceeds or will exceed ten million pounds (£10,000,000), but is less than fifty million pounds (£50,000,000), then the figure of five million pounds (£5,000,000) at Clause 13.2 of this Schedule 2 shall be replaced with ten million pounds (£10,000,000) and the figure of one hundred and twenty five percent (125%) at Clause 13.2 of this Schedule 2 shall be deemed to have been deleted and replaced with one hundred and fifteen percent (115%); and
- 13.5.4 is equal to, exceeds or will exceed fifty million pounds (£50,000,000), then the figure of five million pounds (£5,000,000) at Clause 13.2 of this Schedule 2 shall be replaced with fifty million pounds (£50,000,000) and the figure of one hundred and twenty five percent (125%) at Clause 13.2 of this Schedule 2 shall be deemed to have been deleted and replaced with one hundred and five percent (105%).
- 13.6 Clause 13 of this Schedule 2 shall survive the expiry of or earlier termination of this Contract for any reason.

14 Insurance

- 14.1 Subject to Clauses 14.2 and 14.3 of this Schedule 2 and unless otherwise confirmed in writing by the Authority, as a minimum level of protection, the Supplier shall put in place and/or maintain in force at its own cost with a reputable commercial insurer, insurance arrangements in respect of employer's liability, public liability and professional indemnity in accordance with Good Industry Practice with the minimum cover per claim of the greater of five million pounds (£5,000,000) or any sum as required by Law unless otherwise agreed with the Authority in writing. These requirements shall not apply to the extent that the Supplier is a member and maintains membership of each of the indemnity schemes run by the NHS Litigation Authority.
- 14.2 Without limitation to any insurance arrangements as required by Law, the Supplier shall put in place and/or maintain the different types and/or levels of indemnity arrangements explicitly required by the Authority, if specified in the Key Provisions.
- 14.3 Provided that the Supplier maintains all indemnity arrangements required by Law, the Supplier may self insure in order to meet other relevant requirements referred to at Clauses 14.1 and 14.2 of this Schedule 2 on condition that such self insurance arrangements offer the appropriate levels of protection and are approved by the Authority in writing prior to the Commencement Date.
- 14.4 The amount of any indemnity cover and/or self insurance arrangements shall not relieve the Supplier of any liabilities under this Contract. It shall be the responsibility of the Supplier to determine the amount of indemnity and/or self insurance cover that will be adequate to enable it to satisfy its potential liabilities under this Contract. Accordingly, the Supplier shall be liable to make good any deficiency if the proceeds of any indemnity cover and/or self insurance arrangement is insufficient to cover the settlement of any claim.
- 14.5 The Supplier warrants that it shall not take any action or fail to take any reasonable action or (in so far as it is reasonable and within its power) permit or allow others to take or fail to take any action, as a result of which its insurance cover may be rendered void, voidable, unenforceable, or be suspended or impaired in whole or in part, or which may otherwise render any sum paid out under such insurances repayable in whole or in part.
- 14.6 The Supplier shall from time to time and in any event within five (5) Business Days of written demand provide documentary evidence to the Authority that insurance arrangements taken out by the Supplier pursuant to Clause 14 of this Schedule 2 and

the Key Provisions are fully maintained and that any premiums on them and/or contributions in respect of them (if any) are fully paid.

- 14.7 Upon the expiry or earlier termination of this Contract, the Supplier shall ensure that any ongoing liability it has or may have arising out of this Contract shall continue to be the subject of appropriate indemnity arrangements for the period of twenty one (21) years from termination or expiry of this Contract or until such earlier date as that liability may reasonably be considered to have ceased to exist.

15 Term and termination

- 15.1 This Contract shall commence on the Commencement Date and, unless terminated earlier in accordance with the terms of this Contract or the general law, shall continue until the end of the Term.

- 15.2 The Authority shall be entitled to extend the Term on one or more occasions by giving the Supplier written notice no less than three (3) months prior to the date on which this Contract would otherwise have expired, provided that the duration of this Contract shall be no longer than the total term specified in the Key Provisions.

- 15.3 In the case of a breach of any of the terms of this Contract by either Party that is capable of remedy (including, without limitation any breach of any KPI and, subject to Clause 9.6 of this Schedule 2, any breach of any payment obligations under this Contract), the non-breaching Party may, without prejudice to its other rights and remedies under this Contract, issue a Breach Notice and shall allow the Party in breach the opportunity to remedy such breach in the first instance via a remedial proposal put forward by the Party in breach ("**Remedial Proposal**") before exercising any right to terminate this Contract in accordance with Clause 15.4.2 of this Schedule 2. Such Remedial Proposal must be agreed with the non-breaching Party (such agreement not to be unreasonably withheld or delayed) and must be implemented by the Party in breach in accordance with the timescales referred to in the agreed Remedial Proposal. Once agreed, any changes to a Remedial Proposal must be approved by the Parties in writing. Any failure by the Party in breach to:

15.3.1 put forward and agree a Remedial Proposal with the non-breaching Party in relation to the relevant default or breach within a period of ten (10) Business Days (or such other period as the non-breaching Party may agree in writing) from written notification of the relevant default or breach from the non-breaching Party;

15.3.2 comply with such Remedial Proposal (including, without limitation, as to its timescales for implementation, which shall be thirty (30) days unless otherwise agreed between the Parties); and/or

15.3.3 remedy the default or breach notwithstanding the implementation of such Remedial Proposal in accordance with the agreed timescales for implementation,

shall be deemed, for the purposes of Clause 15.4.2 of this Schedule 2, a material breach of this Contract by the Party in breach not remedied in accordance with an agreed Remedial Proposal.

- 15.4 Either Party may terminate this Contract by issuing a Termination Notice to the other Party if such other Party commits a material breach of any of the terms of this Contract which is:

15.4.1 not capable of remedy; or

15.4.2 in the case of a breach capable of remedy, which is not remedied in accordance with a Remedial Proposal.

- 15.5 The Authority may terminate this Contract forthwith by issuing a Termination Notice to the Supplier:
- 15.5.1 if the Supplier does not commence delivery of the Services by any Long Stop Date;
 - 15.5.2 if the Supplier, or any third party guaranteeing the obligations of the Supplier under this Contract, ceases or threatens to cease carrying on its business; suspends making payments on any of its debts or announces an intention to do so; is, or is deemed for the purposes of any Law to be, unable to pay its debts as they fall due or insolvent; enters into or proposes any composition, assignment or arrangement with its creditors generally; takes any step or suffers any step to be taken in relation to its winding-up, dissolution, administration (whether out of court or otherwise) or reorganisation (by way of voluntary arrangement, scheme of arrangement or otherwise) otherwise than as part of, and exclusively for the purpose of, a bona fide reconstruction or amalgamation; has a liquidator, trustee in bankruptcy, judicial custodian, compulsory manager, receiver, administrative receiver, administrator or similar officer appointed (in each case, whether out of court or otherwise) in respect of it or any of its assets; has any security over any of its assets enforced; or any analogous procedure or step is taken in any jurisdiction;
 - 15.5.3 if the Supplier undergoes a change of control within the meaning of sections 450 and 451 of the Corporation Tax Act 2010 (other than for an intra-group change of control) without the prior written consent of the Authority and the Authority shall be entitled to withhold such consent if, in the reasonable opinion of the Authority, the proposed change of control will have a material impact on the performance of this Contract or the reputation of the Authority;
 - 15.5.4 if the Supplier purports to assign, Sub-contract, novate, create a trust in or otherwise transfer or dispose of this Contract in breach of Clause 28.1 of this Schedule 2;
 - 15.5.5 if the NHS Business Services Authority has notified the Authority that the Supplier or any Sub-contractor of the Supplier has, in the opinion of the NHS Business Services Authority, failed in any material respect to comply with its obligations in relation to the NHS Pension Scheme (including those under any Direction Letter) as assumed pursuant to the provisions of Part D of Schedule 7;
 - 15.5.6 pursuant to and in accordance with the Key Provisions and Clauses 15.6, 19.7.2, 23.8, 25.2, 25.4 and 29.2 of this Schedule 2;
 - 15.5.7 if the warranty given by the Supplier pursuant to Clause 10.5 of this Schedule 2 is materially untrue, the Supplier commits a material breach of its obligation to notify the Authority of any Occasion of Tax Non-Compliance as required by Clause 10.5 of this Schedule 2, or the Supplier fails to provide details of proposed mitigating factors as required by Clause 10.5 of this Schedule 2 that in the reasonable opinion of the Authority are acceptable; or
 - 15.5.8 pursuant to and in accordance with any termination rights set out in the Data Protection Protocol, as applicable to this Contract.
- 15.6 If the Authority, acting reasonably, has good cause to believe that there has been a material deterioration in the financial circumstances of the Supplier and/or any third party guaranteeing the obligations of the Supplier under this Contract and/or any material Sub-contractor of the Supplier when compared to any information provided to and/or assessed by the Authority as part of any procurement process or other due

diligence leading to the award of this Contract to the Supplier or the entering into a Sub-contract by the Supplier, the following process shall apply:

- 15.6.1 the Authority may (but shall not be obliged to) give notice to the Supplier requesting adequate financial or other security and/or assurances for due performance of its material obligations under this Contract on such reasonable and proportionate terms as the Authority may require within a reasonable time period as specified in such notice;
- 15.6.2 a failure or refusal by the Supplier to provide the financial or other security and/or assurances requested in accordance with Clause 15.6 of this Schedule 2 in accordance with any reasonable timescales specified in any such notice issued by the Authority shall be deemed a breach of this Contract by the Supplier and shall be referred to and resolved in accordance with the Dispute Resolution Procedure; and
- 15.6.3 a failure to resolve such breach in accordance with such Dispute Resolution Procedure by the end of the escalation stage of such process shall entitle, but shall not compel, the Authority to terminate this Contract in accordance with Clause 15.4.1 of this Schedule 2.

In order that the Authority may act reasonably in exercising its discretion in accordance with Clause 15.6 of this Schedule 2, the Supplier shall provide the Authority with such reasonable and proportionate up-to-date financial or other information relating to the Supplier or any relevant third party entity upon request.

- 15.7 The Authority may terminate this Contract by issuing a Termination Notice to the Supplier where:
 - 15.7.1 the Contract has been substantially amended to the extent that the Public Contracts Regulations 2015 require a new procurement procedure;
 - 15.7.2 the Authority has become aware that the Supplier should have been excluded under Regulation 57(1) or (2) of the Public Contracts Regulations 2015 from the procurement procedure leading to the award of this Contract; or
 - 15.7.3 there has been a failure by the Supplier and/or one its Sub-contractors to comply with legal obligations in the fields of environmental, social or labour Law. Where the failure to comply with legal obligations in the fields of environmental, social or labour Law is a failure by one of the Supplier's Sub-contractors, the Authority may request the replacement of such Sub-contractor and the Supplier shall comply with such request as an alternative to the Authority terminating this Contract under this Clause 15.7.3 of this Schedule 2.
- 15.8 If the Authority novates this Contract to any body that is not a Contracting Authority, from the effective date of such novation, the rights of the Authority to terminate this Contract in accordance with Clause 15.5.2 to Clause 15.5.4 of this Schedule 2 shall be deemed mutual termination rights and the Supplier may terminate this Contract by issuing a Termination Notice to the entity assuming the position of the Authority if any of the circumstances referred to in such Clauses apply to the entity assuming the position of the Authority.
- 15.9 Within three (3) months of the Commencement Date the Supplier shall develop and agree an exit plan with the Authority consistent with the Exit Requirements, which shall ensure continuity of the Services on expiry or earlier termination of this Contract. The Supplier shall provide the Authority with the first draft of an exit plan within one (1) month of the Commencement Date. The Parties shall review and, as appropriate,

update the exit plan on each anniversary of the Commencement Date of this Contract. If the Parties cannot agree an exit plan in accordance with the timescales set out in this Clause 15.9 of this Schedule 2 (such agreement not to be unreasonably withheld or delayed), such failure to agree shall be deemed a Dispute, which shall be referred to and resolved in accordance with the Dispute Resolution Procedure.

16 Consequences of expiry or early termination of this Contract

- 16.1 Upon expiry or earlier termination of this Contract, the Authority agrees to pay the Supplier for the Services which have been completed by the Supplier in accordance with this Contract prior to expiry or earlier termination of this Contract.
- 16.2 Immediately following expiry or earlier termination of this Contract and/or in accordance with any timescales as set out in the agreed exit plan:
- 16.2.1 the Supplier shall comply with its obligations under any agreed exit plan;
- 16.2.2 all data, excluding Personal Data, documents and records (whether stored electronically or otherwise) relating in whole or in part to the Services, including without limitation relating to patients or other service users, and all other items provided on loan or otherwise to the Supplier by the Authority shall be delivered by the Supplier to the Authority provided that the Supplier shall be entitled to keep copies to the extent that: (a) the content does not relate solely to the Services; (b) the Supplier is required by Law and/or Guidance to keep copies; or (c) the Supplier was in possession of such data, documents and records prior to the Commencement Date; and
- 16.2.3 any Personal Data Processed by the Supplier on behalf of the Authority shall be returned to the Authority or destroyed in accordance with the relevant provisions of the Data Protection Protocol.
- 16.3 The Supplier shall retain all data relating to the provision of the Services that are not transferred or destroyed pursuant to Clause 16.2 of this Schedule 2 for the period set out in Clause 24.1 of this Schedule 2.
- 16.4 The Supplier shall cooperate fully with the Authority or, as the case may be, any replacement supplier during any re-procurement and handover period prior to and following the expiry or earlier termination of this Contract. This cooperation shall extend to providing access to all information relevant to the operation of this Contract, as reasonably required by the Authority to achieve a fair and transparent re-procurement and/or an effective transition without disruption to routine operational requirements.
- 16.5 Immediately upon expiry or earlier termination of this Contract any licence or lease entered into in accordance with the Key Provisions shall automatically terminate.
- 16.6 The expiry or earlier termination of this Contract for whatever reason shall not affect any rights or obligations of either Party which accrued prior to such expiry or earlier termination.
- 16.7 The expiry or earlier termination of this Contract shall not affect any obligations which expressly or by implication are intended to come into or continue in force on or after such expiry or earlier termination.

17 Staff information and the application of TUPE at the end of the Contract

- 17.1 Upon the day which is no greater than nine (9) months before the expiry of this Contract or as soon as the Supplier is aware of the proposed termination of the Contract, the Supplier shall, within twenty eight (28) days of receiving a written request from the Authority and to the extent permitted by Law, supply to the Authority and keep updated

all information required by the Authority as to the terms and conditions of employment and employment history of any Supplier Personnel (including all employee liability information identified in regulation 11 of TUPE) and the Supplier shall warrant such information is full, complete and accurate.

- 17.2 No later than twenty eight (28) days prior to the Subsequent Transfer Date, the Supplier shall or shall procure that any Sub-contractor shall provide a final list to the Successor and/or the Authority, as appropriate, containing the names of all the Subsequent Transferring Employees whom the Supplier or Sub-contractor expects will transfer to the Successor or the Authority and all employee liability information identified in regulation 11 of TUPE in relation to the Subsequent Transferring Employees.
- 17.3 If the Supplier shall, in the reasonable opinion of the Authority, deliberately not comply with its obligations under Clauses 17.1 and 17.2 of this Schedule 2, the Authority may withhold payment under Clause 9 of this Schedule 2.
- 17.4 The Supplier shall be liable to the Authority for, and shall indemnify and keep the Authority indemnified against, any loss, damages, costs, expenses (including without limitation legal costs and expenses), claims or proceedings that arise or result from any deficiency or inaccuracy in the information which the Supplier is required to provide under Clauses 17.1 and 17.2 of this Schedule 2.
- 17.5 Subject to Clauses 17.6 and 17.7 of this Schedule 2, during the period of nine (9) months preceding the expiry of this Contract or after notice of termination of this Contract has been served by either Party, the Supplier shall not, and shall procure that any Sub-contractor shall not, without the prior written consent of the Authority, such consent not to be unreasonably withheld or delayed:
- 17.5.1 make, propose or permit any material changes to the terms and conditions of employment or other arrangements of any of the Supplier Personnel;
 - 17.5.2 increase or seek to increase the emoluments (excluding cost of living increases awarded in the ordinary course of business) payable to any of the Supplier Personnel;
 - 17.5.3 replace any of the Supplier Personnel or increase the total number of employees providing the Services;
 - 17.5.4 deploy any person other than the Supplier Personnel to perform the Services;
 - 17.5.5 terminate or give notice to terminate the employment or arrangements of any of the Supplier Personnel;
 - 17.5.6 increase the proportion of working time spent on the Services by any of the Supplier Personnel; or
 - 17.5.7 introduce any new contractual term or customary practice concerning the making of any lump sum payment on the termination of employment of any of the Supplier Personnel.
- 17.6 Clause 17.5 of this Schedule 2 shall not prevent the Supplier or any Sub-contractor from taking any of the steps prohibited in that Clause in circumstances where the Supplier or Sub-contractor is required to take such a step pursuant to any changes in legislation or pursuant to a collective agreement in force at that time.
- 17.7 Where the obligations on the Supplier under Clause 17 of this Schedule 2 are subject to the Data Protection Legislation, the Supplier will, and shall procure that any Sub-contractor will, use its best endeavours to seek the consent of the Supplier Personnel to disclose any information covered under the Data Protection Legislation and utilise

any other exemption or provision within the Data Protection Legislation which would allow such disclosure.

- 17.8 Having as appropriate gained permission from any Sub-contractor, the Supplier hereby permits the Authority to disclose information about the Supplier Personnel to any Interested Party provided that the Authority informs the Interested Party in writing of the confidential nature of the information.
- 17.9 The Parties agree that where a Successor or the Authority provides the Services or services which are fundamentally the same as the Services in the immediate or subsequent succession to the Supplier or Sub-contractor (in whole or in part) on expiry or early termination of this Contract (howsoever arising) TUPE, the Cabinet Office Statement and Fair Deal for Staff Pensions may apply in respect of the subsequent provision of the Services or services which are fundamentally the same as the Services. If TUPE, the Cabinet Office Statement and Fair Deal for Staff Pensions apply then Clause 17.11 to Clause 17.14 of this Schedule 2 and (where relevant) the provisions of Clause 1.15 of Part D of Schedule 7 shall apply.
- 17.10 If on the termination or at the end of the Contract TUPE does not apply, then all Employment Liabilities and any other liabilities in relation to the Supplier Personnel shall remain with the Supplier or Sub-contractor as appropriate. The Supplier will, and shall procure that any Sub-contractor shall, indemnify and keep indemnified the Authority in relation to any Employment Liabilities arising out of or in connection with any allegation or claim raised by any Supplier Personnel.
- 17.11 In accordance with TUPE, and any other policy or arrangement applicable, the Supplier shall, and will procure that any Sub-contractor shall, comply with its obligations to inform and consult with the appropriate representatives of any of its employees affected by the subsequent transfer of the Services or services which are fundamentally the same as the Services.
- 17.12 The Supplier will and shall procure that any Sub-contractor will on or before any Subsequent Transfer Date:
- 17.12.1 pay all wages, salaries and other benefits of the Subsequent Transferring Employees and discharge all other financial obligations (including reimbursement of any expenses and any contributions to retirement benefit schemes) in respect of the period between the Transfer Date and the Subsequent Transfer Date;
 - 17.12.2 account to the proper authority for all PAYE, tax deductions and national insurance contributions payable in respect of the Subsequent Transferring Employees in the period between the Transfer Date and the Subsequent Transfer Date;
 - 17.12.3 pay any Successor or the Authority, as appropriate, the amount which would be payable to each of the Subsequent Transferring Employees in lieu of accrued but untaken holiday entitlement as at the Subsequent Transfer Date;
 - 17.12.4 pay any Successor or the Authority, as appropriate, the amount which fairly reflects the progress of each of the Subsequent Transferring Employees towards achieving any commission, bonus, profit share or other incentive payment payable after the Subsequent Transfer Date wholly or partly in respect of a period prior to the Subsequent Transfer Date; and
 - 17.12.5 subject to any legal requirement, provide to the Successor or the Authority, as appropriate, all personnel records relating to the Subsequent Transferring Employees including, without prejudice to the generality of the foregoing, all records relating to national insurance, PAYE and income tax. The Supplier

shall for itself and any Sub-contractor warrant that such records are accurate and up to date.

- 17.13 The Supplier will and shall procure that any Sub-contractor will indemnify and keep indemnified the Authority and/or a Successor in relation to any Employment Liabilities arising out of or in connection with any claim arising from:
- 17.13.1 the Supplier's or Sub-contractor's failure to perform and discharge its obligations under Clause 17.12 of this Schedule 2;
 - 17.13.2 any act or omission by the Supplier or Sub-contractor in respect of the Subsequent Transferring Employees occurring on or before the Subsequent Transfer Date;
 - 17.13.3 any allegation or claim by any person who is not a Subsequent Transferring Employee but who alleges that their employment should transfer or has transferred to the Successor or the Authority, as appropriate;
 - 17.13.4 any emoluments payable to a person employed or engaged by the Supplier or Sub-contractor (including without limitation all wages, any accrued or unpaid holiday pay, bonuses, commissions, PAYE, national insurance contributions, pension contributions and other contributions) payable in respect of any period on or before the Subsequent Transfer Date;
 - 17.13.5 any allegation or claim by any of the Subsequent Transferring Employees on the grounds that the Successor or Authority, as appropriate, has failed to continue a benefit provided by the Supplier or Sub-contractor as a term of such Subsequent Transferring Employee's contract as at the Subsequent Transfer Date where it was not reasonably practicable for the Successor or Authority, as appropriate, to provide an identical benefit but where the Successor or Authority, as appropriate, has provided (or offered to provide where such benefit is not accepted by the Subsequent Transferring Employee) an alternative benefit which, taken as a whole, is no less favourable to such Subsequent Transferring Employee; and
 - 17.13.6 any act or omission of the Supplier or any Sub-contractor in relation to its obligations under regulation 13 of TUPE, or in respect of an award of compensation under regulation 15 of TUPE except to the extent that the liability arises from the Successor's or Authority's failure to comply with regulation 13(4) of TUPE.
- 17.14 The Supplier will, or shall procure that any Sub-contractor will, on request by the Authority provide a written and legally binding indemnity in the same terms as set out in Clause 17.13 of this Schedule 2 to any Successor in relation to any Employment Liabilities arising up to and including the Subsequent Transfer Date.
- 17.15 The Supplier will indemnify and keep indemnified the Authority and/or any Successor in respect of any Employment Liabilities arising from any act or omission of the Supplier or Sub-contractor in relation to any other Supplier Personnel who is not a Subsequent Transferring Employee arising during any period whether before, on or after the Subsequent Transfer Date.
- 17.16 If any person who is not a Subsequent Transferring Employee claims or it is determined that their contract of employment has been transferred from the Supplier or any Sub-contractor to the Authority or Successor pursuant to TUPE or claims that their employment would have so transferred had they not resigned, then:
- 17.16.1 the Authority will, or shall procure that the Successor will, within seven (7) days of becoming aware of that fact, give notice in writing to the Supplier;

- 17.16.2 the Supplier may offer (or may procure that a Sub-contractor may offer) employment to such person within twenty eight (28) days of the notification by the Authority or Successor;
- 17.16.3 if such offer of employment is accepted, the Authority will, or shall procure that the Successor will, immediately release the person from their employment; and

Specification of Requirements

1.1 *Background and context*

This work is being commissioned by NHS Horizons which is an improvement team within NHS England.

NHS Horizons is a deliberately small, specialist team that supports leaders, teams, organisations and systems to think differently about large-scale change and to accelerate transformation, in line with NHS priorities. The team was established in 2013 and has a 20-year direct line of continuity from the NHS Modernisation Agency.

NHS Horizons is part of the Transformation Directorate of NHSE. It operates as an internal consultancy, taking commissions directly from National Directors, from other teams in the Transformation Directorate and from across NHSE. In addition, Horizons work with the wider health and care system to support their large-scale change efforts in service of NHSE's strategic priorities.

The work of the NHS Horizons falls into two categories:

- A highly responsive and specialist change capability, which supports large-scale change thinking and practice in tech-enabled ways. This is undertaken by convening spaces and places for people to come together and solve complex problems, building the capability of leaders (both formal and informal) across the system and supporting networks and communities of action to deliver change in-line with NHSE priorities. Horizons support this work by publishing

[NHS Terms and Conditions for the Provision of Services \(Contract Version\) \(August 2022\)](#)

thought-leadership insights and peer-reviewed research, sharing the most effective methods and practice for large-scale change.

- The development and leadership of an ongoing crowdsourcing capability, #SolvingTogether, that enables thousands of people to contribute ideas for key improvement and transformation priorities. The team works with leaders to assess and test the ideas and scale the best ones. Recent commissions include elective care recovery; urgent and emergency care strategy; primary care development (the Fuller stocktake); and discharging people from hospital.

Why this contract is required

NHS Horizons is continually looking at new thought leadership for change and how this can be transferred into the NHS. In addition, the business model of an internal consultancy lends itself to agile, time limited commissions that require expertise and flexible capacity. Horizons is therefore looking to establish a partnership with an organisation that has significant improvement expertise and through which there is reciprocity of learning, expertise and resource.

Examples of previous partnerships include:

- NHS England & Improvement Connect & Exchange – A programme of work supporting the merger of NHS England and NHS Improvement that included the crowdsourcing and theming of ideas for how the ‘new organisation’ organisation wanted to work differently. A three way ‘improvement’ partner relationship ensured that there was a high level of engagement with NHSE&I colleagues, the development of ideas for the new directorate teams in the organisation, good programme management as well as contributing directly to the ‘simple rules’ of how people wanted to work across NHSE&I.
- NHS Horizons Annual Report – An improvement partner reviewed the work of NHS Horizons and its associated impact and reach. This was used in the development of the annual report in 2020/21 - <http://horizonsnhs.com/end-of-year-report-2021/>

1.2 Scope of the Procurement

Aims & Objectives

- To have reciprocity of expertise and learning with regard to large scale and change improvement across both parties in the partnership.
- Ability to bring knowledge, capacity and resource to time limited commissions within the NHS Horizons portfolio of work and that of the partners portfolio.
- To undertake joint pieces of work that support large scale change in the NHS.
- To help NHS Horizons understand and evaluate the impact of the work it undertakes – providing an external lens and critical friend approach.

Constraints and Dependencies

The NHS Horizons team within the Transformation Directorate of NHS England will manage this contract. The supplier will also need to work closely with other departments in NHSE as potential commissioners of work from NHS Horizons and the partnership. Indeed, there may be aspects of work in which the partner supplier undertakes a lead role.

The scoping of any work will involve conversations with NHSE departments and teams as well as Health systems / ICS's to understand issues and support the development of tailored interventions.

It is expected that the facilitation of the partnership, commissions and planned interventions will be delivered virtually through tech enabled change approaches and tools. Familiarity with this way of working is necessary component of the partnership. As ways of working develop in the NHS and the partnership develops, we do expect that in person working may become an increasing ask of commissions.

The Horizons team will generate commissions over the course of the partnership and look to facilitate involvement of the supplier where possible. The improvement partner/supplier will also be expected to generate contacts and leads for programmes of work to which the expertise of the partnership can be brought to bear.

1.3 Requirements

Our minimum requirements for the Improvement Partner are as follows:

- Share intelligence and knowledge of large-scale change and improvement

- Have sufficiently stable financial and resource base that enables continuity over the life of the contract.
- To maintain and promote high standards of working including – wellbeing, compassion and equity.

Timescales & Implementation

Work is not guaranteed - each piece of work will be agreed along with timescales and pricing within agreed 'statement of works' as required by NHS England. Work on any piece of work should not begin or costs incurred until a 'statement of works' has been agreed in writing by NHS England. If this isn't adhered to it will be considered a breach of contract and therefore NHS England has the right to invoke clause 23 of the terms and conditions.

Deliverables

- Provide data and analysis to the Partnership Steering Group as needed on inputs, capacity and costs as required. This could be on the basis of a monthly report against the commissioned programmes of work that clearly shows the work undertaken, the resources used and any risk to delivery.
- Provide learning and evaluation to clients as commissioned as part of programmes of work – including insight and impact of the interventions undertaken as well as being able to demonstrate the evaluation of completed programmes against their original aims.

- Provide learning and evaluation to the partnership that can be translated into future programmes of work – thus supporting both NHS Horizons, the successful supplier and clients on a continual learning ‘loop’ of improvement.

Location

NHS Horizons operates on a national basis across England and has links into global healthcare networks. There is no requirement to work out of a specific location.

There may be a need to travel to multiple national workshops and meeting locations across England. Details and frequency would be established as part of any commissioned piece of work by or through the partnership.

Management Information & Governance

The successful bidder will be expected to take part in virtual meetings every month to update on progress and results. Individual and joint commissions with external clients may require different reporting timescales.

If KPIs are not met or Horizons (NHS England) is not satisfied with the standard of work or concerned over potential risks, the issue will be raised with the Supplier, and the Supplier will be given clear corrective actions in writing.

NHS England reserves the right to consider KPI's which haven't been met as a breach of contract and therefore NHS England may invoke clause 23 of the terms and conditions 'NHS England Terms and Conditions for the Provision of Services'.

If any issue is unresolved after a period 7 calendar days, it will be escalated in accordance with clause 5 'Management levels for escalation and dispute resolution'

of the terms and conditions 'NHS England Terms and Conditions for the Provision of Services'.

Clear actions and timescales for resolution will be agreed with the Supplier, and if still not resolved within the timescales stated NHS England may take further action such as invoking the dispute resolution procedure detailed within clause 22 of the terms and conditions 'NHS England Terms and

Conditions for the Provision of Services' or terminating the contract in line with clause 23 of the terms and condition.

Performance and Measurement

As this is a partnership based on discreet time limited commissioned pieces of work by NHSE and other NHS clients, performance indicators will be formalised before commencement in an agreed statement of works for each programme of work. Examples could include:

- Time and resource allocated to programme of work by partner is in accordance with plan agreed with client.
- Outputs for programmes of work are delivered in a timely fashion to the timetable agreed with clients
- The sourcing of qualitative feedback on the work undertaken by the client and its impact.

Contract Term

This contract has an initial term of 36 months from 1 January 2022 to 31 December 2025, with the option of a 12-month extension

Budget

The cap for this contract is £200k Per Annum (£800k in total) including VAT for the term of the contract including extensions.

Payment schedule: This is a time & materials contract; therefore, work will be costed based on the day rates submitted by the winning bidder. Payment will be made on a Quarterly basis for work completed. Work completed must be evidenced and signed off by NHS England before NHS England will release payment.

*Note – As a commercial organisation within NHSE, NHS Horizons income can fluctuate according to commissions received. Under the partnership NHS Horizons would be looking to procure services from the successful partner up to the value of £200k per annum. NHS Horizons reserves the right to alter this should its own commissions fluctuate. There would of course be a corresponding alteration in the agreed workplan of the partnership.

Question 1 Skills, Knowledge, Experience and Value Add Skills and Expertise Advancing Quality Alliance (Aqua) is an NHS improvement agency that supports health and care organisations to identify, refine and embed sustainable strategies for high quality care and regulatory excellence. For over a decade Aqua have built an excellent reputation for providing support and development to health and care organisations locally, regionally, and nationally. Over the last 3 years we have worked closely with the NHS Horizons team as a delivery, evaluation, and learning partner. This partnership was formed to promote innovative improvement approaches to large-scale and is underpinned by complementary knowledge and skills, mutual respect, and shared values. This procurement provides an opportunity to strengthen this partnership. Aqua will bring breadth and depth of subject matter knowledge and expertise, together with a wide range of advanced skills, deep knowledge, real-world experience in areas on improvement & large-scale transformation methods, that complement those of NHS Horizons. Aqua's complementary subject matter knowledge and expertise covers: Analytics and Evaluation, Leadership Development, Lived Experience, Mental Health, Personalised Care, Quality Improvement, Safety, System Transformation, and Well-Led. It is Aqua's ability to reach across these areas of work, blending the approach and complementing the Horizons team's skills, that will add most value. Another example of Aqua's approach is our 3-year improvement partnership with Mid Cheshire Hospitals NHS Trust, where we are a trusted advisor, developing the board in leadership for improvement, building QI capability across the organisation, and refining their operating system. We use knowledge transfer to build their own improvement faculty, connect with peers, and bring in thought leadership to sharpen critical thinking on topics of interest, in this case safety, analytics and leadership. Multi-partner, Complex, Fast Moving Improvement Just as important as what we know is how we work. Our approach to improvement and transformation highly complements NHS Horizons own approach working in a multi-partner NHS context, for example:

- We work in collaboration, using co-design and co-production as a means of achieving lasting change, for example through our support for The Big Conversation, resulting in a highly impactful national event.
- Experience of adopting a systems perspective, to understand both the detail alongside the bigger picture, the indirect influences, and relationships.
- Aqua respond flexibly in a fast-changing and emergent environment, working in an agile way to respond to customers. A good example is our support for NHS England's MatNeo programme and NHSE North West programme on hospital discharge, in both cases helping not only to shape the solution, but also the question.
- We are an independent & impartial source of advice support. This is illustrated well through our role as critical friend to the team to the Horizons team, able to provide a critique of their work, e.g. review of the Scale and Spread publication, and support to develop the teams theory of change.
- Aqua share intelligence and knowledge of large-scale change and improvement. For example, Aqua supports the NHS Quest network, which builds learning connects at all levels of member Trusts, including a CEO network that invites inspirational speakers to stimulate peer learning on the topics that matter most. Examples of how we have done this with the Horizons team includes team-to-team development sessions, secondments, and engagement in review processes, such the national improvement review.
- We provide expertise and additional capability and support learning in change methodologies and practice with and for NHS Horizons clients. Examples include project management for the Change Exchange for NHSE, and programme leadership for The Big Conversation and community building.
- We seek to understand and evidence the impact of what we do and build capability in those we work with. A great example is our work over the past 2 years on Horizons End of Year Reports. Through the rigorous

process as an evaluation partner, we helped the team to capture the impact of their work, shone a light on the teams operating model and revealed more clearly their theory of change. Other examples are the support to review the School for Change Agents, where the recommendations have been enthusiastically implemented, and the role as 'intelligent commissioner' of the Rreal evaluation of learning community for Large Scale Vaccinations Centres. • All our work is underpinned by shared values. Aqua's values are for Excellence in of work, Respect for the people we work with, Integrity in all that we do, and Collaboration, as we can only go further by doing so together. Aqua has collaboration at our core and can work effectively in a multi-partner context. Our success lies in our approach, which includes convening safe spaces in which to co-design and co-produce, exploring context together with partners, finding the prior learning and evidence base to help inform the approach, developing relationships, ensuring the development and transparency of shared purpose and values, bringing rigour to programme management, evaluation and learning. For example, Aqua have provided long term support to the Salford health and care partnership through the Safer Salford programme. This programme convenes stakeholders from acute, mental health, primary care, and lived experience around leadership for safety behaviours, using data and insight to learn about safety, and using improvement approaches through collaboration and networking. The programme has worked on safe handovers of care, safety in care homes and domiciliary care, medicines safety, and general practice. Added Value – Efficiency and Impact This partnership will build on a successful track record of working between NHS Horizons and Aqua to offer efficiency and impact by: Co-delivering on shared change, improvement, and transformation workstreams. This includes promoting the adoption, scale, and spread of large-scale change methodologies, access to networks and connections to jointly find, win and deliver new business, co-designing and delivering programmes of work, and promoting one another's work through our established networks. A good example of this was working with the NHSE regional team for the East of England. The connection was made through Horizons, Aqua co-designed the approach and brought a member of the Horizons team into the co-design process. This approach brought efficiency – it avoided duplication and helped the customer get to the right answer more quickly – and multiplied the impact, as each partner brought their strengths. Providing capacity and capability to one another, based on the partners strengths and available resources. This uses a teams-based approach to the delivery of commissioned programmes of work, building deeper cross organisational relationships. This includes evidencing impact through robust evaluation, providing implementation capacity, and advising on strategic analysis, planning and review, and associated robust governance & business systems. A good example of this was our joint work with Horizons, Health Foundation's Q Community and lived experience partners on the co-design, co-ordination and delivery of The Big Conversation, a high profile, national improvement event. This approach brought in efficiencies by Aqua providing additional capacity and capability to Horizons and brought add value through a development opportunity for the Aqua staff involved. The collaborative approach increased the impact through increased reach, brining multiple perspectives and a focus on learning. Share learning with one another from work done separately and together. This includes closer alignment on the latest methods and innovations to support improvement and large-scale change, developing as organisations and individually as leaders, learning from one another's work and connections with good practice, and network mapping and introductions to potential customers. This has been put into action through Aqua - NHS Horizons team-to-team learning events, where members of our respective senior leadership teams have shared learning from recent commissions. Another example is where Aqua provided rapid input to help the thinking around the national improvement review. The trusted relationship between senior leaders means that authentic, relevant, and useful learning can be shared quickly. In doing so this is a highly effective and efficient learning system for both parties. The impact on each party is that we become much more effective organisations. NHS Policy and Political Context Aqua brings to the partnership a deep understanding of improvement in the political context. Aqua has been at the forefront of improvement for over a decade, with a highly experienced team who possess

deep knowledge, advanced skills, and real-world experience in improvement and leading transformation in health and care. Over the years Aqua has trained, supported, and coached improvers at all levels, from point of care staff, through improvement leaders and clinical leaders, to executives and CEOs. We have a suite of 35 programmes delivered across 9 themes, building the capability of hundreds of staff each year through our online learning platform and in-person events. Our flagship programmes, such as Advanced Improvement Practitioner, Leading Integrated Teams, Improvement Science for Leaders, and the AQ Programme as some of the longest running improvement programmes nationally. Aqua has an excellent reputation nationally for the delivery of highly tailored programmes of work through bespoke and consultancy work around complex challenges, from multi-year organisational improvement partner, leadership development for integrated care at neighbourhood and place, whole-system flow across challenging pathways, region-wide improvement capability building for primary care, and national-level work on MatNeo safety. Aqua also supports networks to promote improvement, share learning and advance thinking, such as the NHS Quest network of ambition tests, our network of members in the North West, and the patient safety specialist network. Much of our work is delivered with partners, for example over the years we have worked closely with the Health Foundation & the Q Community, Institute for Healthcare Improvement, Virginia Mason Institute, NHS Horizons. We have contributed and participated to learning networks conferences, and events on improvement, nationally and internationally, Improvement Directors Network, and The Big Conversation. Aqua has published thought leadership on improvement and transformation. To guide Aqua's work, our board draws together some of the leading thinkers in improvement with high profile connections locally, regionally and nationally. In doing so we have an awareness of the political landscape, understand the drivers, and can influence and/or adapt to the operating environment. Aqua have a sound understanding of the current policy context, with real-world experience of working at national, regional, system, place, organisational and point of care team levels, supporting the understanding and improvement in priority areas, illustrated by the following examples. • Integrated Care Systems: Aqua have supported various systems, including using data visibility to promote system safety with the unintended harms from the Covid response; and leadership development at 'system' and 'place'. • Safety: Aqua has contributed to the national MatNeo programme through the work with Board patient Safety Champions. This is a complex and highly political area. • Health Inequalities: The AQ Programme has provided insight to participant Trusts on the impact of deprivation the clinical focus areas considered by the programme. • Social Care: Safer Salford has worked with care providers around over system safety. • Workforce: Aqua have supported psychological safety and workforce wellbeing programmes. The partnership with NHS Horizons will bring blended expertise, a broader range of connections, greater opportunities to spread learning

Q2. Please describe in your proposal how you will use the partnership to deepen collaborative ways of working across NHS change programmes.

Your response should include:

- A description of the support offer
- How the work will strengthen partnerships in ICSs
- How/where this will be delivered e.g. virtual, face to face and how many ICSs you expect this offer to be able to reach

Question 2 - Collaborative Working, NHS Change, ICS Partnership Delivery and Support Aqua is an NHS improvement agency with over a decade's track record of collaboration and partnership working. Collaboration is one of our four values, achieved through actively promoting and demonstrating an open minded, engaging, and inclusive approach. As part of our delivery solutions, we will embed the value of Aqua as a connector of stakeholders. The components of this are used in synergy, Aqua will: Convene, Co-Produce, Connect, Capability Build, Clarify, Community Build and Coach. We seek and build partnerships to improve the value of our work. Our partnership with NHS Horizons over the last 3 years has brought the skills and assets of both teams together to deliver a number of programmes, for example: the Horizons End of Year Report, the Rreal evaluation of learning community for Large Scale Vaccinations Centres, review of the Scale & Spread publication, implementation capacity and capability to The Big Conversation and community building; plus a review of School for Change Agents and development of an evaluation approach. Co-delivery on NHS change, improvement, and transformation workstreams. This contract is an opportunity to refresh the Aqua-Horizons partnership to become more ambitious, accrue further benefits, and become more intentional. Three aspects where the partnership can deepen collaborative ways of working include: The partners will promote large-scale change approaches, access networks to find opportunities, and co-design and deliver relevant NHS change programmes, such as the elective recovery programme, the 100-Day Discharge Challenge, and the Urgent and Emergency Care Collaborative. We have demonstrated this approach with Aqua's support to NHSE on requirements gathering and scoping of a potential redesign of the nationally mandated diagnostic data return (DM01). Aqua carried out engagement with stakeholders across the country, worked with the NHSE team to scope and shape requirements for data collection, and designed 3-4 prototype solutions. Aqua then collaborated with NHS Horizons on an Accelerated Design Event with over 50 stakeholders to test prototypes and build consensus and a decision. A further example is in the partnership delivery for The Big Conversation, working together with the Health Foundation's Q Community and Lived Experience Partners. Shared capacity and capability. The partners will identify and mobilise specific expertise to support one another's programmes of work. Aqua has provided capacity and capability to Horizons through the community building work, delivery of Horizons end-of-year report, review of School for Change Agents, and access to a wider range of suppliers, such as Hop-In for The Big Conversation. Engagement and learning. The partners will share learning with one another from work done separately and together, with a view to developing delivery methodologies, engagement approaches, staff and organisational development. Aqua and Horizons have shared learning in various forums over the past 3 years through monthly meetings between senior leaders, senior team-to-team learning events, and through various informal connects between members of each team. Other examples where Aqua has shared learning through partnerships are with the NHS Quest network, where learning is shared across the network, and through the Safer Salford programme, which shares learning around safety across all parts of the health and care system. Strengthening Partnerships - through delivery. An important area for the partnership is in strengthening Integrated Care Systems (ICS). Aqua has considerable experience of working at region, system, place and neighbourhood levels to connect stakeholders with improvement endeavours, act as a neutral convenor to develop trust and relationships. We do this working with lived experience partners and third sector and bring prior learning and evidence-based approaches to complex, dynamic, multi-stakeholder environments. The partnership with Horizons will strengthen work at ICS level through the combined capabilities, such as role as neutral convenor, deep real-world working knowledge of techniques and methodologies for large scale change, network development and robust measurement and evaluation approaches. Working with ICSs as part of wider networks, the partnership will be able to align system work to deliver national programmes. The work will be built on Aqua's deep and longstanding connections with ICSs and Horizons close working on national programmes. Aqua has recently supported providers across the three North West ICSs with ambulance handovers and hospital discharge projects. Supporting ICSs to better co-ordinate

improvement across their system. It can be difficult for individual providers to address longer-term complex issues alone and they can benefit from system improvement plans. The partnership will support ICSs to connect improvement programmes by blending Aqua's range of subject matter expertise and delivery approach with Horizon's expertise in large-scale change and virtual delivery. Aqua recently partnered with Horizons to support developing an improvement and learning network for an ICS in the North of England. We are also working with the GM Provider Federation on several improvement focused pieces including using data analysis and insight to inform the elective recovery programme. The partnership will also support ICSs to prioritise and move forward improvement work at specific place and providers. Aqua has extensive experience at supporting providers and integrated care partnerships to develop and deliver improvement and transformation programmes. Recent examples include the alcohol pathway in East Lancashire and child self-harm pathway at West Lancashire. In delivering to ICSs Aqua will draw upon an excellent track record of delivery face to face, such as the recent on-site work for NHSE to support hospital discharge across the Northwest; virtual delivery, using a number of platforms, such as Teams and Zoom, including Aqua's Hub, a virtual learning environment; and hybrid delivery. The partnership will use the most appropriate delivery method for the programme of work, co-designed with the customer and other partners. We would expect that the partnership could work with any ICS, and as work comes to both partners, we can decide together which ones to deliver in partnership depending on the nature of the skills and approach required

Q3. Please describe your project management arrangements and how you expect to work with the NHS Horizons Improvement team including how you will share your learning.

Your response should include:

- How you intend to transfer skills to NHS Horizons and details of the core team (including a summary of relevant skills and experience) that you will bring to the partnership.
- Your approach to improvement
- How you will work efficiently with NHS Horizons to ensure that work is delivered within scope, and in a timely manner, including reporting.

Question 3 Project Management, Shared Learning, Team, Efficiency - incorporating Aqua's approach to Improvement Over the last 3 years Aqua has built a successful partnership with NHS Horizons, providing mutual benefit by bringing the skills and assets of both teams together. The partnership is building a team-based approach to delivery with intentionality around shared learning; building a deeper partnership with strong cross-organisational relationships at many levels.

Project Management and Governance – Timeliness and Efficiency We recognise the fast-paced and developmental nature of work undertaken by NHS Horizons requires a partner that can offer an agile and flexible response to requirements as they arise. Aqua's adaptive, flexible and proportionate approach alongside our structured and rigorous project management, and highly skilled faculty of specialist staff mean that we are well placed to make this partnership successful. The figure below outlines how we will work with Horizons to mobilise capacity and capability, co-deliver on shared pieces of work, and build engagement and learning. This will be underpinned by shared vision and values and robust project and programme management and governance.

We have identified key enablers in further building our delivery of a successful partnership which adds value to the NHS and public sector teams we deliver to. Our strong project management and risk mitigation strategies enable us to be responsive to client needs while pro-actively managing delivery. We will work efficiently with NHS Horizons to ensure that work is delivered within scope, and in a timely manner. We develop processes to work with clients which suit their needs and ensure they feel involved and informed in decision making. To ensure the partnership is successful Aqua will designate a partnership lead to work with key stakeholders in NHS Horizons to:

- Provide regular engagement, work with Horizon's stakeholders to understand plans for the year, identify where additional capacity and specialist skills might be required and seek to align resources from within Aqua's staff and Associate pool.
- Provide support and direction to Aqua staff and Associates deployed to NHS Horizons projects to ensure they are best placed to deliver value and can participate in growing the Learning System described below.
- Work proactively with NHS Horizons to ensure that Aqua is well placed to be able to respond to emerging and new requirements in a timely fashion.
- Have oversight for the delivery of the partnership and ensure that NHS Horizons stakeholders are kept up to date with opportunities to partner and any risks and mitigations to successful delivery.
- Have overall accountability for successful delivery and be a point of contact for NHS Horizons to raise any issues of concerns with the partnership. Aqua propose a structured and intentional approach to making the partnership a continued success. Primarily we will continue to build on established informal trusted relationships to ensure any governance and project management processes remain proportionate. However, to further establish a successful partnership in the current complex and multi-faceted delivery environment we propose to:
- Establish and administer a regular schedule of review meetings with NHS Horizons stakeholders and, where relevant, provide updates into existing NHS Horizons groups and meetings such as SLT or weekly huddles
- Develop joint risk register
- Establish regular reporting on overall progress, deliverables and resource tracking across projects. For each piece of work delivered under the partnership, where considered and agreed proportionate by Aqua's partnership lead and the relevant NHS Horizons stakeholder, we will establish a short Project Initiation Document (PID) to detail scope, timescales resources and leadership. The PID will be signed off by the relevant NHS Horizons stakeholder with oversight from Aqua's partnership lead and will be a useful tool to capture and communicate the work being undertaken as part of the partnership. All work undertaken by Aqua as part of delivering on the partnership will be captured on a resource tracker to provide real time costs on deliver and ensure both parties are happy with the allocation of resources and overall expenditure. We will build on previous work established under a Memorandum of Understanding to ensure clarity on adherence to elements such as data protection and governance standards. This has embedded our knowledge and understanding of the contractual relationship and the wider governance and reporting requirements to successfully deliver. Our Teams - relevant skills and experience for capacity, capability and codelivery Aqua is an improvement organisation; the vast

majority of the work we do it focused on driving improvement. In doing so we work with large numbers of health and care organisations who benefit from our ability to work with and through their preferred improvement models. We are flexible in our approach and always keen to test and adapt new models and approaches. Aqua's Evaluation and Analytics team is comprised of subject matter experts with extensive experience of using both quantitative and qualitative data to deliver insight, build learning and understand the impact of improvements. We have an outstanding track record of working with teams across the health and care sector to deliver high quality, meaningful and actionable outputs that support Aqua's ambition to identify, refine and embed sustainable strategies for high-quality care and regulatory excellence. We use data-led, collective sense-making sessions to support timely action, and identify opportunities for adaptation/ innovation and impact. We share and refine our analysis to ensure you recognise our findings and have the opportunity to provide context and interpretation. Aqua's evaluation team have supported NHS Horizons with quantitative and qualitative analysis, interviewing key stakeholders and helping to shape a culture of understanding and measuring impact. As a critical friend and independent evaluation delivery partner we will work collaboratively on the partnership to co-design and co-produce proportionate evaluation plans and measurement frameworks which address the specified evaluation questions and emergent questions underpinned by programme theory and to meets requirements of NHS Horizons and their stakeholders. Aqua's faculty have a strong track record in leading programme delivery and Organisational Development which we have successfully deployed to support NHS Horizon's with the capacity and capability to deliver on flagship programmes in 2021- 22 including the Big Conversation and #SolvingTogether. Aqua have a proven track record of successful delivery as evidenced by the range and scope of projects our team lead and support. We have built and continue to maintain strong and trusted relationships with members, customers and partners; many of whom return to work with us. To be successful in this space Aqua can deploy senior and highly experienced members of our team to pick up and lead into NHS Horizon's commissions pulling on significant experience in leadership development, organisational development and programme delivery.

- **Leading Programme delivery:** Aqua has a broad portfolio of programmes that we successfully deliver to both members and consultancy customers. We are accomplished at managing high profile, complex programmes with multiple stakeholders in fast-changing environments. Aqua's Programme Leads bring subject matter experience and significant senior leadership experience in the public sector. Aqua's programmes work to a well-established programme management approach. Our experience of working across public services supports us to build relationships and engagement across programmes resulting in realistic and achievable outcomes.
- **Organisational development:** Aqua holds significant OD expertise at all levels of our organisation, this expertise enables us to offer a range of programmes interventions from OD strategic partnerships, Board Development, team development, 360 Feedback and Coaching. We are a member of the growing ODN Europe network.

Aqua's Communications and Engagement team: Our team bring a range of skills across marketing – such as insight and promotion – and communications, including written and digital content creation, design and layout, video production, and social media engagement. The teamwork with customers to cocreate a tailored communications plan, access expertise through comms networks, and deliver content for a range of audiences using a range of media. Sharing and growing skills through an Engagement and Learning System To ensure that the partnership delivers a transfer of skills, as well as benefitting from the additional capacity and capability that working with Aqua can provide, we propose establishing an Engagement and Learning System. A core element of making this partnership successful is creating trusted relationships and a culture of continuous improvement. Aqua's approach is to co-produce an informal engagement and learning system between the two organisations to:

- Work with Horizons senior system leadership team to build understanding and buy-in to developmental approach
- Devise, test and refine a programme theory of change for the NHS Horizons team, building on previous work to understand and describe impact
- Find opportunities for meaningful stakeholder involvement throughout the entire

cycle of evaluation and culture of continuous learning • Review emerging data and findings on NHS Horizons delivery and its impact • Develop a proportionate communication strategy and processes, roles and responsibilities for timely response to emergent findings. Aqua recommend an engagement and learning approach as a mechanism to ensure that the partnership is more than sharing capacity and faculty in the delivery of a fast paced and challenging agenda. This will be enhanced through the independent collection of stakeholder views and experiences to generate honest accounts and facilitating collective sensemaking

Q4. Please describe how you will evaluate and tailor your support and input to the partnership.

Your response should include:

- How you will understand and measure your impact within the partnership
- How you will reflect learning from this back into the partnership.

Question 4 – Evaluate, Tailor Support, Measure Impact and apply Learning

Aqua have built an excellent reputation for our high quality and improvement focused research and evaluation. We work collaboratively with leaders, frontline staff and patients from organisations and systems locally, regionally and nationally to tailor support, discover, codesign, and learn together to better understand, measure and capture impact. We have successfully developed our partnership model with NHS Horizons over the last 3 years and can demonstrate impact across a range of projects:

We evaluate our support at project and partnership level to capture and feedback learning in ways that inform NHS Horizons design and delivery and promotes organisational development. Reciprocal learning allows us to test and embed ways of working that align with Horizons’ culture and aspirations and deliver impact.

Our **embedded and collaborative** model means we co-produce proportionate and robust evaluation activities, building shared understanding while working in complex, emergent contexts. We apply our **toolkit** of advanced evaluation, methodological and analytical approaches flexibly to adapt and innovate practices. We provide **regular and timely feedback** on actionable insights through effective stakeholder engagement, excellent visualisation techniques and knowledge management.

The partnership has enabled us to grow a shared understanding of how **facilitating participation and co-design** can develop safe spaces for sensemaking and leadership to embed improvement culture and learning systems. We are keen to further explore where this might have impact.

Our evaluation approach is **scaffolded** by establishing joint working, identifying shared goals and seeking intentional opportunities to enhance and build capability and reciprocity of benefits across organisations.

Horizons benefit from our in-house team of skilled evaluators and analysts, the wider expertise of colleagues across Aqua (including comms and lived experience), and our regional and national networks. Aqua's trusted relationships with Horizons and their partners deliver both value and impact, often using OD and complexity lenses. Our flexible and pragmatic approach is well suited to complexity and uncertainty and is built on sound, evidence-based methodology and practice. Partnership impact can be evidenced at individual, organisational and system level through our co-delivery.

Social Value Question

Fighting climate change

-Detail how, through the delivery of the contract, you plan to influence environmental protection and improvement

You answer should include, but not be limited to:

- How you will influence staff, suppliers, customers, communities and/or any other appropriate stakeholders through the delivery of the contract to support environmental protection and improvement.
- The activities you will undertake to reconnect people with the environment and increase awareness of ways to protect and enhance it.
- Alongside the suggested action(s), a time-based commitment for each activity to allow effective contract management
- Contract specific commitments that are above your current corporate social responsibility policy (CSR)

Equal Opportunity

- Detail how, through the delivery of the contract, you plan to increase overall diversity and inclusion within the contracted (supplier) workforce.

You answer should include, but not be limited to:

- A brief summary of what the perceived current diversity and inclusion barriers are within the contracted workforce
- Alongside the suggested action(s), a time-based commitment for each activity to allow effective contract management
- Contract specific commitments that are above your current corporate social responsibility policy (CSR)

Aqua will consider the social, economic & environmental impact of that work we do. We will actively seek opportunities to increase social value through buying local and ethical products and services, use our people and offices to support the voluntary sector and our local community, target recruitment at disadvantaged groups, and reduce our carbon footprint. We encourage stakeholders to consider their impact and support our customers to increase their contribution to social value. For example, Aqua are leading a NW England programme to support NHS providers to become Anchor organisations; we contribute to the ambition of our host organisation, the Northern Care Alliance NHSFT, to become an Anchor organisation, and we have supported a learning network around social value for the national NHS Quest network.

Fighting climate change The biggest impact on the carbon emissions is through reduction in travel and accommodation usage from moving to increasingly to wholly virtual or hybrid working. This is in line with the national digitisation agenda in the NHS and wider public sector and global learning from the Covid pandemic. For example, if 4 Aqua staff travel 150-mile return trip, and 45 participants travel 100 miles return to a venue, then 5,100 miles could be saved by hosting the event virtually. Estimating every mile driven emits an average 404 grams of CO₂ (Cleanenergy.com) this equates to a reduced carbon impact of 2,060 kg/event. Over the lifetime of the partnership this can yield a significant reduction. Aqua have a methodology for the areas of our service that can be digitised, which provides a scalable model for partnership development and delivery nationally. In 2020-21 all Aqua delivery including delivery of the Horizons partnership was converted to digital due to Covid restrictions. This worked well facilitating faculty and participants to connect, with breakout space, and access to private faculty space. Examples where virtual delivery works well include pre work such as scoping meetings, diagnostic exercises, such as interviews; large scale single events; networks and learning communities; and partnership meetings/workshops aided by virtual whiteboards and online voting. Course material can be made available through a virtual learning environment such as Aqua's Hub which provides on-demand and real-time access to resources; online platforms such as Basecamp or NHS Futures can facilitate peer networking, learning and sharing and these forums can be moderated by the programme team. Mobile phones allow real-time participation, access to programme apps and use of tools such as video stories, audio recordings. Twitter chats or virtual hackathons as part of course/programmes, and this technology enables informal peer connection and support through open access tools such as WhatsApp or Signal. Our experience is that some in-person contact is valuable, and we recommend hybrid delivery to facilitate peer connection, relationship building and to reduce distraction. Areas where hybrid delivery works well includes long-term programmes where deep relationships are vital to success, and leadership coaching and action learning sets with the first and last sessions can be in-person to aid inter-personal connection. For in-person events, Aqua aims to invest in local community venues and catering run by voluntary, faith or community groups thereby providing work locally. Such innovations can radically reduce carbon emissions by reducing the requirements for travel. Aqua will calculate and report on a subsequent reduction in carbon emissions through virtual delivery at contract meetings using an online calculator such as carbonfootprint.com multiplying the number of course participants and faculty by the average return distance to an in-person course in an average sized petrol hybrid car. Aqua's values, co-developed with our staff, have equal opportunity at their heart. For example: "we show respect through valuing and recognising everyone's input into the organisation and the relationships we build with our members and partners. We seek to ensure we reflect the world in which we live in and understand and value difference." To achieve this we: • Operate with a strong policy commitment to equality, diversity and inclusion, for example in our recruitment policy from our host, Northern Care Alliance NHSFT, and use equality impact assessment of changes, for example when we introduced home

working during the Covid pandemic. • Monitor, review and learn from equalities data on staffing & recruitment. • Promote positive open environment with spaces for staff to engage e.g. team wellbeing activities • Request equality and diversity data from participants of our programmes and events, which we analyse and review on a quarterly basis. • Incorporate the findings from analysis of staffing and participant data into business planning, programme planning, communications and marketing. • Promote importance of equality, diversity & inclusion with our members when implementing quality Improvement methodology. • Engage service users/carers/public in our work and promote our approach with our members • Support and share members best practice around equality, diversity & inclusion, for example we engaged board level leaders from across the NHS Quest network in a powerful programme on tackling racism. While Aqua has a broadly representative number of staff with protected characteristics, we recognise a lack of diversity in our Senior Leadership team and across our senior faculty as a weakness. We are in discussions with our HR partner to explore practical steps we might take to attract more diverse applicants to any future senior vacancies in the team and make our Associate faculty more diverse. Part D Provisions regarding pensions (only applicable to the Contract if this box is checked or Clause 1.2.4 of Part A of this Schedule 7 applies)

This Part D is designed to protect any Transferred Staff who before the transfer were either (a) employed by an NHS Body or other employer which participates automatically in the NHS Pension Scheme or (b) who transferred from the public sector under the old Fair Deal policy and who remain employed in connection with outsourced public services for more than 50% of their employed time with their new employer. These staff may have been through several changes of employer but they have been and remain continuously employed for more than 50% of their employed time in connection with the Services. These protected staff (who are often referred to as having 'Fair Deal' rights) are referred to in Part D as "Eligible Employees".

If the staff being transferred is thought not include any "Eligible Employees", Part D may not be relevant but should be included in case any such persons actually transfer. Note that staff recruited to work on the Services but who did not originate from an NHS Body or other employer which participates automatically in the NHS Pension Scheme, may be offered "access" to the NHS Pension Scheme by way of separate negotiation between the Authority, the Supplier and NHS Pensions. However, those staff do not enjoy the protection conferred by Fair Deal for Staff Pensions which Part D of this Schedule is intended to implement.

Further explanation of the provisions of Part D can be found in the Department of Health's Guidance on New Fair Deal, which can be accessed [here](#).

Broadly comparable pension benefits (Clause 1.4 of this Part D of this Schedule 7 only applies to the Contract if this box is checked or 1.2.4 of Part A of this Schedule 7 applies. For the avoidance of doubt, where this box is not checked, but the Part D box above is checked all of the provisions of this Part D of this Schedule 7 shall apply to this Contract except Clause 1.4 of this Part D of this Schedule 7)

Guidance: Clause 1.4 (Broadly Comparable Pension Benefits) will not be relevant to most contracts. In the vast majority of cases the Supplier and/or any relevant Sub-contractor(s) will either participate in the NHS Pension Scheme in respect of all Eligible Employees by securing a Direction Letter or be eligible to participate automatically in the scheme where they are an NHS Body by the time the Contract is entered into. Clause 1.4 will apply in the exceptional circumstances where the Authority permits the Supplier to enable relevant staff to have access or continued access to a Broadly Comparable pension scheme.

1 Pension protection for Eligible Employees

1.1 General

1.1.1 The Supplier shall procure that, if relevant, each of its Sub-contractors shall comply with the provisions in this Schedule 7 as if references to the Supplier were to the Sub-contractor.

1.2 Membership of the NHS Pension Scheme

1.2.1 In accordance with Fair Deal for Staff Pensions, the Supplier to which the employment of any Eligible Employee compulsorily transfers as a result of the award of this Contract, if not an NHS Body or other employer which participates automatically in the NHS Pension Scheme, shall on or before the Employee Transfer Date, each secure a Direction Letter to enable the Eligible Employees to retain either continuous active membership of or eligibility for, the NHS Pension Scheme, or as appropriate rejoin or secure eligibility for the NHS Pension Scheme for so long as they remain employed in connection with the delivery of the Services under this Contract.

1.2.2 The Supplier must supply to the Authority a complete copy of the Direction Letter as soon as reasonably practicable after the Employee Transfer Date.

- 1.2.3 The Supplier shall comply with the terms of the Direction Letter (including any terms which change as a result of changes in Law) for so long as it remains bound by the terms of the Direction Letter.
- 1.2.4 Where any Staff (including any Transferred Staff) omitted from the Direction Letter supplied in accordance with Part D of this Schedule 7 is subsequently found to be an Eligible Employee, the Supplier (or its Sub-contractor if relevant) will ensure that that person is treated as an Eligible Employee from the Employee Transfer Date so that their Pension Benefits and Premature Retirement Rights are not adversely affected.
- 1.2.5 The Supplier shall ensure that all data relating to the Eligible Employees and the NHS Pension Scheme is up to date and is provided to the Authority as requested from time to time.
- 1.3 Contributions payable
- 1.3.1 The Supplier shall pay to the NHS Pension Scheme all such amounts as are due under the Direction Letter and shall deduct and pay to the NHS Pension Scheme such employee contributions as are required by the NHS Pension Scheme.
- 1.3.2 Where during the Term the standard employer contribution rate which the Supplier is required to pay into the NHS Pension Scheme pursuant to the terms of its Direction Letter is increased to a rate which is over and above the rate which was applicable to the Supplier as at the date of this Contract and such rate increase results in an increased cost to the Supplier overall in relation to the provision of the Services (“Cost Increase”), the Supplier shall (subject to Clause 1.3.3 of Part D of this Schedule 7 and the provision of supporting information) be entitled to recharge a sum equal to the Cost Increase to the Authority. The Supplier shall only be entitled to recharge any Cost Increase to the Authority pursuant to this Clause 1.3.2 of Part D of this Schedule 7 in circumstances where the Cost Increase arises solely as a direct result of a general increase in the employer contribution rate applicable to all employers participating in the NHS Pension Scheme and not in circumstances where the employer contribution rate applicable to the Supplier is increased for any other reason, including as a result of any acts or omissions of the Supplier which give rise to any costs or additional charges (including interest) being charged to the Supplier which are over and above the minimum employer contributions payable by an employer in the NHS Pension Scheme (including as a result of a failure by the Supplier to comply with the terms of its Direction Letter or to meet its obligations to the NHS Pension Scheme).
- 1.3.3 The Supplier must supply all such information as the Authority may reasonably request from time to time in order to support any claim made by the Supplier pursuant to Clause 1.3.2 of Part D of this Schedule 7 in relation to a Cost Increase.
- 1.3.4 Where during the Term the standard employer contribution rate which the Supplier is required to pay in relation to the NHS Pension Scheme pursuant to the terms of its Direction Letter is decreased as part of a general reduction in the standard employer contribution rate applicable to all employers participating in the NHS Pension Scheme to a rate which is lower than that

which was applicable as at the date of this Contract and such decrease results in a cost saving for the Supplier (a “Cost Saving”), the Authority shall be entitled to reduce the amounts payable to the Supplier under this Contract by an amount equal to the Cost Saving. The Authority shall be entitled to deduct any Cost Saving from sums otherwise payable by the Authority to the Supplier under this Contract.

1.4 Broadly Comparable Pension Benefits

1.4.1 If the Authority in its sole discretion agrees that the Supplier or Sub-contractor need not provide the Eligible Employees with access to the NHS Pension Scheme, the Supplier must ensure that, with effect from the Employee Transfer Date until the day before the Subsequent Transfer Date, the Eligible Employees are offered access to a scheme under which the Pension Benefits are Broadly Comparable to those provided under the NHS Pension Scheme.

1.4.2 The Supplier must supply to the Authority details of its Broadly Comparable scheme and provide a full copy of the valid certificate of Broad Comparability covering all Eligible Employees, as soon as it is able to do so and in any event no later than twenty eight (28) days before the Employee Transfer Date.

1.5 Transfer Option where Broadly Comparable Pension Benefits are provided

1.5.1 As soon as reasonably practicable and in any event no later than twenty (20) Business Days after the Employee Transfer Date, the Supplier must provide the Eligible Employees with the Transfer Option, where a Third Party offered, or the Supplier offers, a Broadly Comparable scheme.

1.6 Calculation of Transfer Amount

1.6.1 The Authority shall use reasonable endeavours to procure that twenty (20) Business Days after the Transfer Option Deadline, the Transfer Amount is calculated by the Third Party’s Actuary or the Authority’s Actuary (as appropriate) on the following basis and notified to the Supplier along with any appropriate underlying methodology.

1.6.2 If the Third Party offers a Broadly Comparable scheme to Eligible Employees:

(i) the part of the Transfer Amount which relates to benefits accrued in that Broadly Comparable scheme other than those in Clause (ii) of Part D of this Schedule 7 below must be aligned to the funding requirements of that scheme; and

(ii) the part of the Transfer Amount which relates to benefits accrued in the NHS Pension Scheme (having been previously bulk transferred into the Third Party’s Broadly Comparable scheme), must be aligned to whichever of:

(A) the funding requirements of the Third Party’s Broadly Comparable scheme; or

(B) the principles under which the Third Party’s Broadly Comparable scheme received a bulk transfer payment from the NHS Pension Scheme (together with any shortfall payment),

gives the higher figure, provided that where the principles require the assumptions to be determined as at a particular date, that date shall be the Employee Transfer Date.

1.6.3 In the case of Transferring Employees or any Third Party Employees who have access to the NHS Pension Scheme (and who are classed as Eligible Employees), the Transfer Amount shall be calculated by the NHS Pension Scheme's Actuary on the basis applicable for bulk transfer terms from the NHS Pension Scheme set by the Department of Health from time to time.

1.6.4 Each Party shall promptly provide to the Actuary calculating or verifying the Transfer Amount any documentation and information which that Actuary may reasonably require.

1.7 Payment of Transfer Amount

Subject to:

1.7.1 the period for acceptance of the Transfer Option having expired; and

1.7.2 the Supplier having provided the trustees or managers of the Third Party's pension scheme (or NHS Pensions, as appropriate) with completed and signed forms of consent in a form acceptable to the Third Party's pension scheme (or NHS Pensions) from each Eligible Employee in respect of the Transfer Option; and

1.7.3 the calculation of the Transfer Amount in accordance with Clause 1.6 of Part D of this Schedule 7; and

1.7.4 the trustees or managers of the Supplier's (or any Sub-contractor's) Broadly Comparable scheme (or NHS Pensions, as appropriate) having confirmed in writing to the trustees or managers of the Third Party's pension scheme (or NHS Pensions, as appropriate) that they are ready, willing and able to receive the Transfer Amount and the bank details of where the Transfer Amount should be sent, and not having revoked that confirmation,

the Authority will use reasonable endeavours to procure that the Third Party's pension scheme (or the NHS Pension Scheme, as appropriate) shall, on or before the Payment Date, transfer to the Supplier's Broadly Comparable scheme (or NHS Pension Scheme) the Transfer Amount in cash, together with any cash or other assets which are referable to additional voluntary contributions (if any) paid by the Eligible Employees which do not give rise to salary-related benefits.

1.8 Credit for Transfer Amount

1.8.1 Subject to prior receipt of the Transfer Amount, by the trustees or managers of the Supplier's Broadly Comparable scheme (or NHS Pensions, as appropriate), the Supplier must procure that year-for-year day-for-day service credits are granted in the Supplier's (Broadly Comparable scheme (or NHS Pension Scheme), or an actuarial equivalent agreed by the Authority's Actuary (and NHS Pension Scheme Actuary) in accordance with Fair Deal for Staff Pensions as a suitable reflection of the differences in benefit structure between the NHS Pension Scheme and the Supplier's pension scheme.

1.8.2 To the extent that the Transfer Amount is or shall be insufficient to provide benefits in the receiving scheme on the basis set out in Clause 1.8.1 above,

the Supplier shall be liable to make a top-up payment into the receiving scheme such that benefits shall be provided by the receiving scheme on the basis set out in Clause 1.8.1 above.

1.9 Premature Retirement Rights

1.9.1 From the Employee Transfer Date until the day before the Subsequent Transfer Date, the Supplier must provide Premature Retirement Rights in respect of the Eligible Employees that are identical to the benefits they would have received had they remained employees of an NHS Body or other employer which participates automatically in the NHS Pension Scheme.

1.10 Breach and Cancellation of any Direction Letter(s) and Right of Set-Off

1.10.1 The Supplier agrees that it shall notify the Authority if it breaches the terms of the Direction Letter. The Supplier also agrees that the Authority is entitled to make arrangements with NHS Pensions for the Authority to be notified if the Supplier breaches the terms of this Direction Letter.

1.10.2 If the Authority is entitled to terminate this Contract pursuant to Clause 15.5.5 of Schedule 2, the Authority may in its sole discretion instead of exercising its right under Clause 15.5.5 of Schedule 2 permit the Supplier to offer Broadly Comparable Pension Benefits, on such terms as decided by the Authority.

1.10.3 If the Authority is notified by NHS Pensions of any NHS Pension Scheme Arrears, the Authority shall be entitled to deduct all or part of those arrears from any amount due to be paid by the Authority to the Supplier having given the Supplier five (5) Business Days' notice of its intention to do so, and to pay any sum deducted to NHS Pensions in full or partial settlement of the NHS Pension Scheme Arrears. This set-off right is in addition to and not instead of the Authority's right to terminate the Contract under Clause 15.5.5 of Schedule 2.

1.11 Compensation

1.11.1 If the Supplier is unable to provide the Eligible Employees with either:

- (i) membership of the NHS Pension Scheme (having used its best endeavours to secure a Direction Letter); or
- (ii) a Broadly Comparable scheme,

the Authority may in its sole discretion permit the Supplier to compensate the Eligible Employees in a manner that is Broadly Comparable or equivalent in cash terms, the Supplier having consulted with a view to reaching agreement any recognised trade union or, in the absence of such body, the Eligible Employees. The Supplier must meet the costs of the Authority in determining whether the level of compensation offered is reasonable in the circumstances.

1.11.2 This flexibility for the Authority to allow compensation in place of Pension Benefits is in addition to and not instead of the Authority's right to terminate the Contract under Clause 15.5.5 of Schedule 2.

1.12 Supplier Indemnities Regarding Pension Benefits and Premature Retirement Rights

- 1.12.1 The Supplier must indemnify and keep indemnified the Authority and any Successor against all Losses arising out of any claim by any Eligible Employee that the provision of (or failure to provide) Pension Benefits and Premature Retirement Rights from the Employee Transfer Date, or the level of such benefit provided, constitutes a breach of his or her employment rights.
- 1.12.2 The Supplier must indemnify and keep indemnified the Authority, NHS Pensions and any Successor against all Losses arising out of the Supplier (or its Sub-contractor) allowing anyone who is not an Eligible Employee to join or claim membership of the NHS Pension Scheme at any time during the Term.
- 1.12.3 The Supplier must indemnify the Authority, NHS Pensions and any Successor against all Losses arising out of its breach of this Part D of this Schedule 7 or the terms of the Direction Letter.

1.13 Sub-contractors

- 1.13.1 If the Supplier enters or has at the Commencement Date entered into a Sub-contract for delivery of all or part of the Services it shall impose obligations on its Sub-contractor in the same terms as those imposed on the Supplier in relation to Pension Benefits and Premature Retirement Benefits by this Part D of this Schedule 7, including requiring that:
- (i) if the Supplier has secured a Direction Letter, the Sub-contractor also secures a Direction Letter in respect of the Eligible Employees for their future service with the Sub-contractor as a condition of being awarded the Sub-contract; or
 - (ii) if the Supplier has offered the Eligible Employees access to a pension scheme under which the benefits are Broadly Comparable to those provided under the NHS Pension Scheme, the Sub-contractor either secures a Direction Letter in respect of the Eligible Employees or provides Eligible Employees with access to a scheme with Pension Benefits which are Broadly Comparable to those provided under the NHS Pension Scheme and in either case the option for Eligible Employees to transfer their accrued rights in the Supplier's pension scheme into the Sub-contractor's Broadly Comparable scheme (or where a Direction Letter is secured by the Sub-contractor, the NHS Pension Scheme) on the basis set out in Clause 1.8 of Part D of this Schedule 7, except that the Supplier or the Sub-contractor as agreed between them, must make up any shortfall in the transfer amount received from the Supplier's pension scheme.

1.14 Direct Enforceability by the Eligible Employees

- 1.14.1 Notwithstanding Clause 30.8 of Schedule 2, the provisions of this Part D of this Schedule 7 may be directly enforced by an Eligible Employee against the Supplier and the Parties agree that the Contracts (Rights of Third Parties) Act 1999 shall apply to the extent necessary to ensure that any Eligible Employee shall have the right to enforce any obligation owed to him or her by the Supplier under this Part D of this Schedule 7 in his or her own right under section 1(1) of the Contracts (Rights of Third Parties) Act 1999.

1.14.2 Further, the Supplier must ensure that the Contracts (Rights of Third Parties) Act 1999 shall apply to any Sub-contract to the extent necessary to ensure that any Eligible Employee shall have the right to enforce any obligation owed to them by the Sub-contractor in his or her own right under section 1(1) of the Contracts (Rights of Third Parties) Act 1999.

1.15 Pensions on Transfer of Employment on Exit

1.15.1 In the event of any termination or expiry or partial termination or expiry of this Contract which results in a transfer of the Eligible Employees, the Supplier must (and if offering a Broadly Comparable scheme, must use all reasonable efforts to procure that the trustees or managers of that pension scheme must):

- (i) not adversely affect pension rights accrued by the Eligible Employees in the period ending on the Subsequent Transfer Date;
- (ii) within thirty (30) Business Days of being requested to do so by the Authority or Successor, (or if the Successor is offering Eligible Employees access to the NHS Pension Scheme, by NHS Pensions), provide a transfer amount calculated in accordance with Clause 1.6 of this Part D of this Schedule 7; and
- (iii) do all acts and things, and provide all information and access to the Eligible Employees, as may in the reasonable opinion of the Authority be necessary or desirable and to enable the Authority and/or the Successor to achieve the objectives of Fair Deal for Staff Pensions.

Schedule 8

Expert Determination

1 Dispute Process

- 1.1 During any Dispute, including a Dispute as to the validity of the Contract, it is agreed that the Supplier shall continue its performance of the provisions of the Contract (unless the Authority requests in writing that the Supplier does not do so).
- 1.2 In the case of a Dispute the Supplier and the Authority shall make every reasonable effort to communicate and cooperate with each other with a view to resolving the Dispute and shall follow the procedure set out in this Schedule 8.
- 1.3 In the event of a Dispute either Party may serve a Dispute Notice on the other Party to commence formal resolution of the Dispute. The Dispute Notice shall set out:
 - 1.3.1 the material particulars of the Dispute; and
 - 1.3.2 the reasons why the Party serving the Dispute Notice believes the Dispute has arisen.
- 1.4 Following the service of a Dispute Notice the Parties shall first seek to resolve the Dispute by convening a meeting between the Authority's Contract Manager and the Supplier's Contract Manager (together the "**Contract Managers**").
 - 1.4.1 The meeting of the Contract Managers must take place within five (5) Business Days of the date of the Dispute Notice (the "**Dispute Meeting**").
 - 1.4.2 The Contract Managers shall be given ten (10) Business Days following the date of the Dispute Meeting to resolve the Dispute.
 - 1.4.3 The Contract Managers can agree to further meetings at levels 2 and/or 3, as referred to at Clause 5.1 of the Key Provisions in Schedule 1, in addition to the Dispute Meeting, but such meetings must be held within the ten (10) Business Day timetable set out in Clause 1.4.2 of this Schedule 8.
 - 1.4.4 If at any point it becomes clear that the timetable set out cannot be met or has passed, the Parties may (but shall be under no obligation to) agree in writing to extend the timetable. Any agreed extension to the timetable shall have the effect of delaying the start of the subsequent stages by the period agreed in the extension.
- 1.5 If the procedure set out in Clause 1.4 of this Schedule 8 has been exhausted and fails to resolve the Dispute either Party may request the Dispute be resolved by way of a binding expert determination (pursuant to Clause 1.6 of this Schedule 8). For the avoidance of doubt, the Expert shall determine all matters (including, without limitation, matters of contractual construction and interpretation) in connection with any Dispute referred to binding expert determination pursuant to Clause 1.6 of this Schedule 8.
- 1.6 Where the Dispute is referred to binding expert determination the following process will apply:
 - 1.6.1 The Party wishing to refer the Dispute to expert determination shall give notice in writing to the other Party informing it of its wish to refer the Dispute to expert determination and giving brief details of its position in the Dispute.
 - 1.6.2 The Parties shall attempt to agree upon a single expert (who must have no connection with the Dispute unless both Parties have consented in writing) (an "**Expert**"). For the avoidance of doubt, where the Dispute relates to contractual interpretation and construction, the Expert may be Queen's Counsel. In the event that the Parties fail to agree upon an Expert within five

- (5) Business Days following the date of the notice referred to in Clause 1.6.1 of this Schedule 8 (or if the person agreed upon is unable or unwilling to act), the Parties agree that the Expert will be nominated and confirmed to be appointed by the Centre for Effective Dispute Resolution.
- 1.6.3 The Expert must be willing and able to complete the expert determination process within thirty (30) Business Days of the Date of Final Representations (as defined in Clause 1.6.5 of this Schedule 8).
- 1.6.4 The Expert shall act as an expert not as an arbitrator or legal advisor. There will be no formal hearing and the Expert shall regulate the procedure as he sees fit.
- 1.6.5 The Parties shall each have the right to make written representations to the Expert and will, with reasonable promptness, provide the Expert with such assistance and documents as the Expert reasonably requires for the purpose of reaching a decision. Such representations must be made within twenty eight (28) Business Days of the Expert being appointed, or fourteen (14) Business Days after the last documents requested by the Expert have been provided to the Expert, whichever is the later (“**Date of Final Representations**”). Any documents provided to the Expert and any correspondence to or from the Expert, including email exchanges, shall be copied to the other Party simultaneously.
- 1.6.6 The Expert shall have the power to open up, review and revise any certificate, opinion, requisition or notice and to determine all matters in Dispute (including his jurisdiction to determine matters that have been referred to him).
- 1.6.7 The Expert may take such advice and assistance from professional advisers or other third parties as he reasonably considers appropriate to enable him to reach a determination of the Dispute and may issue orders that one or both of the Parties are to pay such third party costs, stating the proportion. For the avoidance of doubt, where the Expert is not Queen’s Counsel, and the Expert requires advice or assistance on matters of contractual interpretation and construction, the expert may take such advice and assistance from a third party Queen’s Counsel of their choosing under this Clause 1.6.7 of this Schedule 8. The Parties will pay any such third party costs incurred pursuant to this Clause 1.6.7 of this Schedule 8 in such proportions as the Expert shall order. In the absence of such order such third party costs will be paid equally.
- 1.6.8 The Expert shall provide the Parties with a written determination of the Dispute (the “**Expert’s Decision**”) within thirty (30) Business Days of the Date of Final Representations, which shall, in the absence of fraud or manifest error, be final and binding on the Parties.
- 1.6.9 The Expert’s Decision shall include reasons.
- 1.6.10 The Parties agree to implement the Expert’s Decision within five (5) Business Days of the Expert’s Decision being provided to them or as otherwise specified as part of the Expert’s Decision.
- 1.6.11 The Parties agree that the Expert shall be entitled to proceed to give his binding determination should one or both Parties fail to act in accordance with the procedural timetable set out above.

- 1.6.12 The Parties will pay the Expert's costs in such proportions as the Expert shall determine. In the absence of such determination such costs will be shared equally.
- 1.6.13 The Parties agree to keep confidential all information arising out of or in connection with the expert determination, including details of the underlying Dispute, except where disclosure is required by Law.
- 1.7 Nothing in this Contract shall prevent:
 - 1.7.1 the Authority taking action in any court in relation to any death or personal injury arising or allegedly arising in connection with the provision of the Services; or
 - 1.7.2 either Party seeking from any court any interim or provisional relief that may be necessary to protect the rights or property of that Party (including Intellectual Property Rights) or which relates to the safety of patients and other service users or the security of Confidential Information, pending the resolution of the relevant Dispute in accordance with the Dispute Resolution Procedure.
- 1.8 Subject to Clause 1.7 of this Schedule 8 neither Party may commence legal proceedings in relation to a Dispute until the dispute resolution procedures set out in this Schedule 8 have been exhausted. For the avoidance of doubt, either Party may commence legal proceedings to enforce the Expert's Decision.
- 1.9 This Schedule 8 shall survive the expiry of or earlier termination of this Contract for any reason.
