Date	Questions and Answers
1. 05-Jul-2021	<b>Q:</b> Can you confirm/advise of the likely quantum of cases that may be passed to the supplier over the course of the duration of the contract, even if this is a band of potential cases, as this will assist in providing a more accurate price.
	<b>A:</b> The number of cases will vary each month and is very much demand led by the Occupational Therapy Service, therefore it is advisable to price on an hourly rate not a job rate, especially as each case will vary from potential level access showers to complex ground floor extensions.
