

# Proposal

## [V2] Renewal of Contract No. L0137036L For the Period: 01/06/2023 to 31/05/2024 [v2]

Proposal number: ORN-0007515-QUOTE-008202

Proposal Expiry Date 28 May 2023

### Customer Contact

Phillip Noret

### Company Name

York St John University

### Company Address

Lord Mayors Walk,, York, YO31 7EX

### Logicalis Contact

Stacey Spencer  
Account Manager  
01753 490739  
stacey.spencer@uk.logicalis.com

### Proposal Date

15 May 2023

# 1 Proposal

## 1 Framework

|              | Item Description                                                       | Quantity |
|--------------|------------------------------------------------------------------------|----------|
| 1.1          | To be transacted under the JISC Framework<br><b>JISC-ITS5063 CISCO</b> | 1        |
| Group Total: |                                                                        | £0.00    |

## 2 York St John University, Lord Mayors Walk, York, YO31 7EX

## 2 Terms of payment

All Prices exclude VAT. Payment Terms Strictly 30 Days.

## 3 General terms of the offer

This quotation is valid for 14 days from the above document date.

Please note: Product pricing may be subject to increase if maintenance is quoted and not ordered.

This quotation is subject to Logicalis standard terms and conditions which can be viewed at <https://www.logicalis.com/sites/default/files/2022-10/luk-standard-terms-nov-2021-alternative-format.pdf> unless a separate agreement has been individually negotiated and agreed. Multi-Year Paid Annually Maintenance Contracts are subject to an Addendum to Logicalis standard terms and conditions. Logicalis reserves the right to re-quote should the underlying exchange rate fluctuate by more than 5 cents from spot rate at date of quotation. Lead-time information is only valid at the time of quoting and may be subject to change. Services may be charged either on a fixed price or T&M basis. Quotations for services are an estimate until a detailed scope of works has been agreed. All quotations are supplied, errors and omissions excepted. To ensure that this quotation meets your criteria it is essential that a design engagement takes place to produce a final qualified design, without this taking place we cannot guarantee. For support services, Logicalis requests that accurate location specific information by device is provided and failure to do so, may affect Logicalis' ability to provide support services. Where Logicalis has quoted to provide support for existing Cisco Collaboration and Prime software products (the "Products"), pricing is indicative only and is based on the assumption that the Products are currently under support with Cisco and that this support will not have expired before Logicalis is able to establish a contractually binding obligation from Cisco to support the Products. If the Products have not previously been supported by Cisco or if support has expired, substantial licence re-instatement charges plus a mandatory one year support charge will become payable and Cisco instance IDs will be required. This situation may not be discovered until after Logicalis has confirmed order acceptance, but, in these circumstances, order acceptance will not be valid and Logicalis may re-quote. Any coverage dates specified on the quote are indicative only. Coverage dates cannot be established until after LUK have confirmed order acceptance. Due to new rules around Cisco mid-term takeovers, it is now the end user's responsibility to ensure all existing support contracts between themselves or their previous partner and Cisco are terminated prior to commencement of their Logicalis UK support. Where this has not been completed, support may commence but exclude escalation to Cisco TAC and software support for elements currently under contract with Cisco. Where Logicalis cannot offer this service, the start date of support on such elements will be 'current Cisco expiry date + 1 day' and support will run for the duration quoted. In this scenario, and where the Cisco contract is in 'overdue' status, support must be backdated (i.e. where an order is received by Logicalis UK within 30 days of the previous Cisco contract having expired). Billing will be adjusted or credit issued on a pro-rata basis for any items which cannot be supported for the full quoted period for whatever reason.
