

General Considerations for new LED Stage Lighting, Infrastructure and Installation in the Parish Hall August 2023

Introduction

- 1.1 The Parish of Great Baddow is located in the Chelmsford City Council district. The Parish Council operates a number of facilities including hall hire, recreation ground, with sports pitches, allotments and a cemetery. It is the overall objective of the Parish Council to maintain the facilities under its control to the highest possible standard. It is to be recognised that the facilities are public spaces.
- 1.2 The Council is seeking to enter into a contract for the supply and installation of LED lighting, lighting desk and infrastructure including lighting bars and electrics for the Parish Hall stage lighting.
- 1.3 Tenderers should be aware that, particularly in view of the financial pressures currently being faced by Central and Local Government, the Parish Council places considerable importance on the financial aspects of this project. There is an expectation within the Parish Council that significant savings will be achieved through the Public Realm competitive tendering programme.
- 1.4 This Invitation to Tender sets out how your organisation can tender for the stage lighting and infrastructure.
- 1.5 The tenderer must demonstrate that they can provide a comprehensive service for the benefit of the parish.
- 1.6 The standard of facilities within the Great Baddow parish plays an important part in maintaining the visual and economic wellbeing of the area. The tenderer shall ensure that the highest standards of service delivery are provided. Presenting a positive image is seen as an important aspect in helping maintain the visual wellbeing and local economy.
- 1.7 The Parish Council will appoint an Authorised Officer (The Clerk) for the purpose of the management of this Contract. The Council reserves the right to change the Authorised Officer at any time. The Authorised Officer may delegate duties to the Assistant Clerk.
- 1.8 For the avoidance of doubt, no individual member (Councillor) of the Parish Council is authorised to instruct the Contractor in relation to this contract.
- 1.9 The tenderer shall be expected to have familiarised itself with the Parish Hall. In doing so it shall be deemed to have made an assessment of any problems likely to be encountered in accessing the facility, e.g., parking or other obstructions such as gates and ramps etc. No payments will be made in respect of additional cost incurred by the Contractor in coping with any obstruction or access problems.
- 1.10 All work detailed in the specification shall be deemed to be included in the fixed

Contract Price for Programmed Work unless specific reference is made in the tender submitted.
