

## INVITATION FOR BIDS (IFB)

(Procurement of Twelve vehicles for delivery and use in Tanzania)

### CONTRACT TITLE: SUPPLY AND DELIVERY OF TWELVE PROJECT VEHICLES

Reference No: IFB/MML/SB/19/11/2021

Shule Bora - Quality Education

#### 1- Background

Mott MacDonald Limited has been appointed by the UK Foreign Commonwealth and Development Office (FCDO), to deliver the Shule Bora Programme. Shule Bora aims to improve the quality of pre-primary and primary schools in Tanzania. There are four main outcomes: improving learning outcomes for all children, improving transition rates to secondary schools for girls, ensuring children are safe in and around schools, and helping children with disabilities access quality education. If successful, Mott MacDonald will design and implement Shule Bora in Tanzania over 6 years.

Delivery of these services requires mobility of programme personnel throughout Tanzania, including remote areas accessible only by traversing unmade roads and other rough terrain. This requires vehicles with robust and reliable four-wheel-drive vehicles suited to off-road use.

Mott MacDonald is procuring on request of FCDO the vehicles for the Shule Bora programme.

#### 2- Objective

The purpose of this Invitation for Tender (IFT) is to source three passenger 4x4 vehicles and 9 four-wheel-drive double cabin vehicles for use on and off-road throughout Tanzania. Delivery and handover of such vehicles will take place in Dodoma, Tanzania.

#### 3- Specifications

The technical assessment should review and outline the high-level attributes i.e.: the fit to the minimum specification, as drawn up for each vehicle. If more than one model meets the specifications the supplier can provide prices for more than one vehicle for each category. Additional criteria for the assessment will be service, security and Service Continuity.
