**United Kingdom-Liverpool: Road equipment  
2016/S 127-228419**

**Contract notice**

**Supplies**

Directive 2004/18/EC

**Section I: Contracting authority**

**I.1) Name, addresses and contact point(s)**

The Minister for the Cabinet Office acting through Crown Commercial Service part of the Crown  
9th Floor, The Capital, Old Hall Street  
L3 9PP Liverpool

United Kingdom

Telephone: +44 3450103503

E-mail: [supplier@crowncommercial.gov.uk](mailto:supplier@crowncommercial.gov.uk) , [enablement@crowncommercial.gov.uk](mailto:enablement@crowncommercial.gov.uk)

**Internet address(es):**

General address of the contracting authority: <https://www.gov.uk/ccs>

Address of the buyer profile: <https://gpsesourcing.cabinetoffice.gov.uk>

**Further information can be obtained from:** The above mentioned contact point(s)

**Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:** The above mentioned contact point(s)

**Tenders or requests to participate must be sent to:** The above mentioned contact point(s)

**I.2) Type of the contracting authority**

Ministry or any other national or federal authority, including their regional or local sub-divisions

**I.3) Main activity**

Other: public procurement

**I.4) Contract award on behalf of other contracting authorities**

**Section II: Object of the contract**

**II.1) Description**

**II.1.1) Title attributed to the contract by the contracting authority:**

Traffic Management Technology 2.

**II.1.2) Type of contract and location of works, place of delivery or of performance**

Supplies

Purchase

Main site or location of works, place of delivery or of performance: UK and Abroad: Primarily in the UK with some limited requirements overseas, including but not limited to UK MoD bases located overseas.

NUTS code UK

**II.1.3) Information about a public contract, a framework agreement or a dynamic purchasing system (DPS)**

The notice involves the establishment of a framework agreement

**II.1.4) Information on framework agreement**

Framework agreement with several operators

maximum number of participants to the framework agreement envisaged: 999

**Duration of the framework agreement**

Duration in years: 4

**Estimated total value of purchases for the entire duration of the framework agreement**

Estimated value excluding VAT:

Range: between 500 000 000 and 750 000 000 GBP

**II.1.5) Short description of the contract or purchase(s)**

Crown Commercial Service as the contracting authority is putting in place a Framework Agreement for the provision of Traffic Management Technology (TMT), intended to be accessed by all UK Public Sector bodies, but will be designed specifically for Central Government, Devolved Administrations, Local Authorities, including Local Transport Authorities and Combined Authorities, Health and Police. This is to assist them in meeting their duties under the Traffic Management Act (TMA) and other traffic related duties as appropriate to the Public bodies using this Framework.

This new TMT framework (hereafter referred to as TMT2) will replace the existing TMT Framework Agreement (RM869) which came into existence on 12.10.2011 and is due to expire on the 10.7.2016 (hereafter referred to as TMT1).

**II.1.6) Common procurement vocabulary (CPV)**

34920000, 31158100, 31500000, 31600000, 31720000, 31730000, 32000000, 34923000, 34924000, 34926000, 34927000, 34928000, 34970000, 34990000, 35125110, 38100000, 38200000, 38300000, 38400000, 38730000, 45200000, 45316000, 48000000, 50000000, 63712710, 71241000, 71311200, 71351600, 71600000, 71700000, 72100000, 72200000, 72300000, 72500000, 73000000, 75100000, 79311300, 79314000, 79315000, 79320000, 79415200, 79800000

**II.1.7) Information about Government Procurement Agreement (GPA)**

The contract is covered by the Government Procurement Agreement (GPA): yes

**II.1.8) Lots**

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

**II.1.9) Information about variants**

Variants will be accepted: no

**II.2) Quantity or scope of the contract**

**II.2.1) Total quantity or scope:**

A Framework Agreement that will deliver local, regional and national TMT services including but not limited to the project management, end to end solution for the design, supply, installation, commissioning, calibration, decommissioning, maintenance, support, removal from site and disposal, delivery and/or service management of:

1. Traffic Signal Junctions, Controlled Pedestrian Crossings and Ramp Metering;
2. Traffic Monitoring and Traffic Enforcement Cameras;
3. Geographic Information Systems (GIS) Data Systems;
4. Variable Message Signs;
5. Parking and Access Control Systems;
6. Environmental Monitoring Systems (Fixed and mobile);
7. Urban Traffic Management Control and Common Database Systems;
8. Asset Data Capture and Management;
9. Street and Exterior Lighting;

- 10. Sustainable Transport Infrastructure;
- 11. Traffic Management Communications;
- 12. Traffic Management Professional Services;
- 13. Ancillary Roadside Equipment;
- 14. Intelligent Transport Systems (ITS);
- 15. Catalogue.

II.2.2) **Information about options**

Options: no

II.2.3) **Information about renewals**

II.3) **Duration of the contract or time limit for completion**

Duration in months: 48 (from the award of the contract)

**Information about lots**

Lot No: 1

Lot title: Traffic Signal Junctions, Controlled Pedestrian Crossings and Ramp Metering

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;
- Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and
- The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Contracting Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Traffic signal heads,
- Traffic signal controllers,
- Ramp metering equipment,
- Ramp metering controllers,
- Pedestrian signal heads,
- Pedestrian signal controllers,
- Push button units,
- Traffic detection systems,
- Outstation Transmission Units (OTU),
- Outstation Monitoring Units (OMU).

2) **Common procurement vocabulary (CPV)**

34923000, 45233150, 34923000, 71248000, 72200000, 35125110, 32572000, 71241000, 71600000, 32570000, 72250000, 34992000, 51310000, 51610000, 30237280, 31213300, 71322500, 51000000, 51100000, 45200000, 34996000, 45316212, 50232200, 34992100, 48610000, 45316210, 45316000, 71240000, 34970000, 48813200, 72500000, 50000000, 45316110, 48813000, 71244000, 50232000, 34920000, 34924000, 32000000, 32580000, 51110000, 45316213, 71243000, 71242000, 34996100, 48000000, 63712710, 34990000, 50200000, 71245000, 50324100, 48813100

- 3) **Quantity or scope**
- 4) **Indication about different date for duration of contract or starting/completion**  
Duration in months: 48 (from the award of the contract)
- 5) **Additional information about lots**

Lot No: 3

Lot title: Geographic Information Systems (GIS) Data Systems

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;
- Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and
- The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- GIS-based traffic, incident, environmental and planning management systems;
- SMART Technologies;
- Telematics.

2) **Common procurement vocabulary (CPV)**

38221000, 72318000, 32580000, 45316212, 45200000, 72500000, 72322000, 48813100, 63712710, 71244000, 72310000, 48813200, 38100000, 72315000, 71243000, 45316210, 34923000, 38221000, 48000000, 72316000, 72200000, 72317000, 32570000, 45316213, 50232200, 45316110, 72300000, 50200000, 32260000, 71240000, 71245000, 34970000, 38200000, 51100000, 38112100, 30237280, 72320000, 32000000, 71322500, 71242000, 72313000, 51610000, 51310000, 32572000, 72250000, 50232000, 72314000, 50324100, 72315100, 48813000, 71600000, 71248000, 51000000, 45316000, 72319000, 48610000, 71241000, 34920000, 50000000, 51110000

- 3) **Quantity or scope**
- 4) **Indication about different date for duration of contract or starting/completion**  
Duration in months: 48 (from the award of the contract)
- 5) **Additional information about lots**

Lot No: 4

Lot title: Variable Message Signs

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;

— Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and

— The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Urban Variable Messaging Signs (VMS);
- Motorway Variable Messaging Signs (VMS);
- Vehicle activated signs;
- Temporary traffic management signs;
- VMS control systems.

2) **Common procurement vocabulary (CPV)**

34924000, 48000000, 51310000, 71322500, 32260000, 50324100, 34996000, 48813100, 32000000, 71600000, 71241000, 34920000, 48813200, 34996100, 71240000, 45316110, 51610000, 32580000, 71242000, 51000000, 48610000, 72250000, 48813000, 45316210, 45316000, 71244000, 34992000, 51100000, 45200000, 72200000, 34924000, 32572000, 72500000, 71248000, 71245000, 71243000, 34970000, 51110000, 30237280, 45316213, 50232000, 45316212, 50000000, 50200000, 34923000, 34990000, 34992100, 32570000, 50232200, 63712710

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 5

Lot title: Parking and Access Control Systems

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;

— Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and

— The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Contracting Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Pay and display equipment;
- Space counting and bay monitoring e.g. capacity counters;
- Intercom systems;
- Car park barriers;
- Gate automation;
- Parking and access control RFID systems inc. biometric gates;
- Software systems for data capture and processing services.

2) **Common procurement vocabulary (CPV)**

34926000, 71322500, 34990000, 71243000, 71244000, 51610000, 32572000, 32580000, 32000000, 45200000, 71245000, 34996100, 34920000, 51000000, 35125110, 72200000, 50000000, 50232000, 45316212, 48813100, 30237280, 34996000, 34992000, 72250000, 71242000, 72500000, 32570000, 34923000, 34926000, 71600000, 71241000, 63712710, 50324100, 45316110, 51100000, 48813200, 38730000, 34970000, 71240000, 51310000, 48000000, 45316000, 45316210, 50200000, 32260000, 34992100, 34924000, 71248000, 48610000, 45233150, 50232200, 45316213, 51110000, 48813000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 6

Lot title: Environmental Monitoring Systems (Fixed and Mobile)

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;
- Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and
- The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Pollution monitoring systems and equipment;
- Noise level monitoring systems and equipment;
- Flood level monitoring systems and equipment;
- Meteorological systems and equipment (e.g. ice monitoring units, wind speed, fog detection, weather stations, weather detection and information systems);
- Ambient light monitoring systems and equipment.

2) **Common procurement vocabulary (CPV)**

38100000, 71322500, 71243000, 71244000, 51610000, 32580000, 32000000, 45200000, 71245000, 34920000, 72300000, 51000000, 71351600, 72200000, 50000000, 38100000, 72250000, 71242000, 72500000, 34923000, 71600000, 71241000, 50324100, 51100000, 38400000, 71700000, 71240000, 48000000, 50200000, 32260000, 38300000, 71248000, 48610000, 51110000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 7

Lot title: Urban Traffic Management Control and Common Database Systems

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;
- Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and
- The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Urban Traffic Control (UTC) and Urban Traffic Management and Control (UTMC) systems;
- UTC/UTMC Common Database Platforms (CDB) and systems;
- Priority detection systems;
- Common database integration;
- Central business district integration services;
- Congestion charge systems;
- Monitoring outstations;
- Traffic engineering design services;
- Control of traffic signal controllers;
- Traffic control compliant system to system adaptor software;
- Traffic control training and support services;
- Data exchange services.

2) **Common procurement vocabulary (CPV)**

34923000, 32000000, 51000000, 34970000, 71248000, 72315000, 38200000, 71245000, 72500000, 71241000, 32580000, 38221000, 63712710, 34923000, 48610000, 72315100, 48813200, 50324100, 72250000, 72310000, 71244000, 34920000, 72322000, 71243000, 48000000, 72212514, 72200000, 48813000, 92222000, 72212300, 72320000, 45200000, 71240000, 32260000, 51100000, 51310000, 71600000, 72318000, 72317000, 72316000, 72319000, 72315200, 71322500, 38100000, 50000000, 71242000, 50200000, 72314000, 38112100, 48813100, 51110000, 72313000, 51610000, 72300000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 8

Lot title: Asset Data Capture and Management

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;

— Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and

— The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

— Surveys to capture asset data (e.g. location, condition, inventory — including physical properties, etc.) using technologies such as:

- LiDAR,
- High resolution photography,
- Ground penetrating radar,
- Asset data management,
- Asset data analysis,
- Asset data processing.

2) **Common procurement vocabulary (CPV)**

72314000, 72315000, 50000000, 72320000, 71244000, 72315100, 72250000, 72317000, 50200000, 34920000, 71248000, 48813200, 71241000, 50324100, 72212300, 38100000, 71631480, 48813000, 72319000, 71245000, 38200000, 71700000, 72313000, 38112100, 72200000, 71240000, 72310000, 72322000, 45200000, 51100000, 34923000, 48813100, 71242000, 71322500, 72314000, 51000000, 72500000, 32000000, 48610000, 71243000, 72318000, 71600000, 38221000, 72300000, 72316000, 72315200, 48000000, 51110000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 9

Lot title: Street and Exterior Lighting

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;

— Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and

— The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Contracting Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

— Street and exterior lighting equipment:

- i. Columns,
- ii. Luminaires,
- iii. Cables,
- iv. Switchgear,

- v. Sensors and controls,
- vi. Street lighting consumables,
- vii. Ancillary equipment;
  - Lighting control systems,
  - Survey and asset review,
  - Upgrade of existing assets to high efficiency lighting (e.g. CMS and LED),
  - Ancillary lighting and equipment for road signs, bollards, central beacons and zebra crossings.

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 10

Lot title: Sustainable Transport Infrastructure

1) **Short description**

The provision of a de-carbonising transport solution for the charging/fuelling of ultra low/0 emission vehicles, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;
- Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing);and
- The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Charge Point equipment (e.g. Standard and Fast Single Phase, 3 Phase AC and Rapid AC/DC), inductive 'wireless' chargers (static and 'in motion');
- Access and Payment solutions (e.g. RFID, PAYG, membership);
- Charge Point Management Systems (CPMS);
- Portable and transportable electrical energy storage and recharging solutions.

2) **Common procurement vocabulary (CPV)**

31158000, 31158100, 71322500, 71243000, 71244000, 45200000, 71245000, 31681500, 34920000, 51000000, 50000000, 71242000, 34923000, 71600000, 71241000, 50324100, 51100000, 71240000, 50200000, 71248000, 51110000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 11

Lot title: Traffic Management Communications

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;
- Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and
- The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Radio communications,
- Emergency telephone equipment and systems,
- Routers,
- Modems,
- Mesh networks,
- Cloud services,
- Backups,
- Communications equipment associated with the provision of co-operative ITS (both in-vehicle and infrastructure), connected vehicles and autonomous vehicles, including (but not limited to):
  - Vehicular Wi-Fi equipment;
  - Roadside wireless connectivity equipment;
  - Dedicated Short Range Communications (DSRC) equipment;
  - Wireless LAN equipment;
  - Satellite communication equipment.

2) **Common procurement vocabulary (CPV)**

32000000, 71322500, 71243000, 71244000, 51610000, 32572000, 32562100, 32000000, 32237000, 45200000, 71245000, 51000000, 32520000, 32521000, 72200000, 50000000, 30237280, 32562300, 72250000, 71242000, 72500000, 32570000, 32562000, 71600000, 71241000, 50324100, 51100000, 32551500, 71240000, 51310000, 48000000, 50200000, 32260000, 71248000, 48610000, 51110000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 12

Lot title: Traffic Management Technology Professional Services

1) **Short description**

The provision of a solution, which must include:

— The supply of any related services, project management, software, feasibility, design, data capture facilities, calibration, research and development, fault detection, monitoring and reporting, training, business support services, help desk support;

— Part or a complete end to end solution for the services required under the Lot (including outsourcing), and;

— The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

— Traffic management technology professional services (including research, consultancy, project management, etc.);

— Type— approval and certification of traffic equipment;

— Traffic surveying, data capture and processing services;

— Feasibility study services;

— Inspection services;

— Traffic impact assessment reports;

— Design services;

— Public consultation and stakeholder engagement services;

— Public consultation and stakeholder engagement services;

— Traffic modelling services (virtualisation and simulation);

— Database services;

— Data management services;

— Transport systems consultancy services;

— Strategy development and implementation services;

— The supply of any related services (including prototyping systems and software modelling).

2) **Common procurement vocabulary (CPV)**

71311210, 71245000, 72212214, 73000000, 71541000, 72250000, 72322000, 72315100, 72221000, 73420000, 72313000, 73430000, 72227000, 72315200, 79315000, 72212514, 72212300, 71242000, 71311200, 71600000, 71240000, 71241000, 72225000, 72319000, 72500000, 72150000, 72226000, 72600000, 72246000, 71311210, 72220000, 79421000, 72591000, 72222200, 71322500, 72224000, 72228000, 72130000, 72318000, 72317000, 71248000, 72200000, 79320000, 71244000, 72120000, 72310000, 72110000, 72316000, 72320000, 79314000, 72300000, 72314000, 72140000, 79415200, 72315000, 71243000, 72100000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 13

Lot title: Ancillary Roadside Equipment

1) **Short description**

The provision of a solution, which must include:

— The supply of any related equipment (including management control systems and software);

— The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research

and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;

— Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and

— The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

— Cabinets,

— Cabinet frames and security straps and associated equipment,

— Power supply units,

— Cables (copper and fibre optic),

— Connectors.

2) **Common procurement vocabulary (CPV)**

31000000, 31000000, 44000000, 44320000, 71322500, 34990000, 71243000, 71244000, 32572000, 32562100, 32000000, 45200000, 34928420, 34928100, 34928120, 71245000, 44619200, 34928450, 34928460, 34996100, 34920000, 51000000, 31300000, 32520000, 32521000, 34928410, 44144000, 50000000, 50232000, 45316212, 30237280, 31224800, 32562300, 44321000, 34996000, 34992000, 71242000, 32570000, 32562000, 32562200, 34928430, 34923000, 34928000, 34928110, 71600000, 63712600, 71241000, 63712710, 50324100, 45232320, 45316110, 51100000, 31213300, 31320000, 32551500, 44322000, 34928320, 44142000, 34928300, 71240000, 51310000, 45316000, 45316210, 50200000, 32581100, 34928310, 34992100, 34924000, 71248000, 45233150, 50232200, 45316213, 51110000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 14

Lot title: Intelligent Transport Systems (ITS)

1) **Short description**

The provision of a solution, which must include:

— The supply of any related equipment (including management control systems and software);

— The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;

— Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and

— The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

— Deployment, provision, integration, application maintenance, system administration, testing and/or development of Intelligent Transport Systems (ITS), including (but not limited to):

i. Active traffic management;

ii. Advanced traffic management;

- iii. Tunnel control;
- iv. Bridge control;
- v. Contact management;
- vi. Traffic prediction;
- vii. Traffic simulation;
- viii. Traffic information and data;
- ix. Event management;
- x. Road space planning and works management;
- xi. Co-operative ITS, Vehicle-to-Vehicle (V2V) and Vehicle-to-Infrastructure (V2I) connected and autonomous vehicle systems;
- xii. Incident detection and management;
- xiii. Congestion detection and management;
- xiv. Vehicle compliance (height, weight, lane, speed, commercial);
- xv. Vehicle tracking and detection;
- xvi. Signs and signal management for urban and national networks;
- xvii. Traffic technology asset management, fault management and diagnostics;
- xviii. Supervisory Control and Data Acquisition (SCADA);
- Common database integration;
- Data Exchange Services;
- Cloud Services;
- Backups.

2) **Common procurement vocabulary (CPV)**

34970000, 32234000, 32323300, 71322500, 34990000, 72322000, 71243000, 75110000, 71244000, 51610000, 32572000, 32580000, 32562100, 32000000, 45200000, 71245000, 48100000, 32231000, 34996100, 79311300, 34920000, 34927000, 72300000, 72319000, 72320000, 75100000, 75130000, 51000000, 92222000, 32520000, 35125110, 72315100, 72200000, 50000000, 45316212, 48813100, 30237280, 32562300, 34996000, 34992000, 34972000, 72314000, 72315200, 72316000, 72318000, 71242000, 72500000, 32570000, 32562000, 32562200, 32300000, 34923000, 71600000, 72310000, 72313000, 72315000, 71241000, 63712710, 50324100, 45316110, 51100000, 48813200, 30144300, 32551500, 34970000, 34971000, 72317000, 71240000, 51310000, 48000000, 45316000, 45316210, 50200000, 32260000, 32323500, 34992100, 34993100, 34924000, 75112000, 71248000, 48610000, 45233150, 45316213, 51110000, 48813000

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 15

Lot title: Catalogue

1) **Short description**

Without limitation, goods and services relating to this Lot can include the provision of commoditised goods, services and works associated with any item, within the scope of the Lots listed above.

2) **Common procurement vocabulary (CPV)**

34923000, 32300000, 38221000, 34971000, 32562100, 34926000, 30233300, 45232320, 31320000, 34924000, 48813100, 32551500, 30144300, 48100000, 34928000, 34972000, 34992000, 32260000,

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

Lot No: 2

Lot title: Traffic Monitoring and Traffic Enforcement Cameras

1) **Short description**

The provision of a solution, which must include:

- The supply of any related equipment (including management control systems and software);
- The supply of any related services, project management, feasibility, design, supply of equipment, data capture facilities, calibration, installation (including interconnectivity and integration with other TMT and back-office systems), commissioning, decommissioning, removal from site and disposal and/or recycling, research and development, associated spares and maintenance, fault detection, monitoring and reporting, training, business support services, help desk support, associated civil engineering works;
- Part or a complete end to end solution for the equipment and services required under the Lot (including outsourcing); and
- The transfer of responsibility, whether in full or in part, of any existing equipment and services covered by the scope of this Lot from the Public Sector Body (or its appointed third party contractor) to the Supplier.

Without limitation, goods and services relating to this Lot can include:

- Automatic Number Plate Recognition (ANPR);
- Safety cameras (static and average speed);
- CCTV, used in a traffic surveillance and vehicle monitoring service;
- Automatic Traffic Counters (ATC);
- Selective Vehicle Detection (SVD) systems;
- Type approved enforcement technology to identify traffic offences;
- Motorway incident and traffic detection systems;
- Commercial vehicle operations compliance systems and equipment;
- Height and weight compliance systems and equipment;
- Outstation monitoring equipment;
- Road charging and toll systems;
- Associated real time data services.

2) **Common procurement vocabulary (CPV)**

63712710, 32323500, 32572000, 44000000, 32300000, 31320000, 45200000, 32562100, 71311200, 51000000, 31531000, 71240000, 34993000, 31000000, 31300000, 34971000, 79314000, 71242000, 71311210, 45316210, 32234000, 71243000, 32562000, 72500000, 31213300, 30144300, 48000000,

3) **Quantity or scope**

4) **Indication about different date for duration of contract or starting/completion**

Duration in months: 48 (from the award of the contract)

5) **Additional information about lots**

**Section III: Legal, economic, financial and technical information**

III.1) **Conditions relating to the contract**

III.1.1) **Deposits and guarantees required:**

Participants will be advised if this is necessary during the procurement. Parent company and/or other guarantees of performance and financial liability may be required by Crown Commercial Service if considered appropriate.

III.1.2) **Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them:**

III.1.3) **Legal form to be taken by the group of economic operators to whom the contract is to be awarded:**

No special legal form is required but if a contract is awarded to a consortium, the Contracting Authority may require the consortium to form a legal entity before entering into the Framework Agreement.

III.1.4) **Other particular conditions**

The performance of the contract is subject to particular conditions: no

III.2) **Conditions for participation**

III.2.1) **Personal situation of economic operators, including requirements relating to enrolment on professional or trade registers**

Information and formalities necessary for evaluating if the requirements are met: Potential Providers will be assessed in accordance with — Section 5 of the Regulations implementing the Directive on the basis of information provided in response to an Invitation to Tender ('ITT').

This procurement will be managed electronically via Crown Commercial Service's e-Sourcing Suite. To participate in this procurement, Potential Providers must 1<sup>st</sup> be registered on the e-Sourcing Suite.

If you have not yet registered on the eSourcing Suite, this can be done online at: <https://gpsesourcing.cabinetoffice.gov.uk> by following the link 'Register for CCS eSourcing'. Please note that, to register, you must have a valid DUNS number (as provided by Dun and Bradstreet) for the organisation which you are registering, who will be entering into a contract if invited to do so. Full instructions for registration and use of the system can be found at: <https://www.gov.uk/government/publications/become-a-crown-commercial-service-supplier/becoming-a-supplier-through-the-crown-commercial-service-what-you-need-to-know>

Once you have registered on the eSourcing Suite, a registered user can express an interest for a specific procurement. This is done by emailing: [ExpressionOfInterest@crowncommercial.gov.uk](mailto:ExpressionOfInterest@crowncommercial.gov.uk) Your email must clearly state: the name and reference for the procurement you wish to register for; the name of the registered supplier; and the name and contact details for the registered individual sending the email. Crown Commercial Service

will process the email and then enable the supplier to access the procurement online via the e-Sourcing Suite. The registered user will receive a notification email to alert them once this has been done. As a user of the e-Sourcing Suite you will have access to Emptoris email messaging service which facilitates all messages sent to you and from you in relation to any specific RFX event. Please note it is your responsibility to access these emails on a regular basis to ensure you have sight of all relevant information.

For technical assistance on use of the e-Sourcing Suite please contact Crown Commercial Service Support Desk email: [eEnablement@crowncommercial.gov.uk](mailto:eEnablement@crowncommercial.gov.uk)

Please note that there may be a short period of e-Sourcing Suite unavailability at the start of this procurement. Please monitor: <https://gpsesourcing.cabinetoffice.gov.uk> for details of e-Sourcing Suite availability.

Responses must be published by the date in IV.3.4)

A full copy of the ITT documentation for this Procurement is also available via Crown Commercial Service website from the date of this publication of the contract notice: <http://ccs-agreements.cabinetoffice.gov.uk/procurement-pipeline>

### III.2.2) **Economic and financial ability**

Information and formalities necessary for evaluating if the requirements are met: Potential Providers will be assessed on the basis of information provided in response to an ITT. The ITT can be accessed at: <https://gpsesourcing.cabinetoffice.gov.uk> using the instructions detailed in III.2.1) Crown Commercial Service and contracting authority (s) may take into account any of the following information:

- a) A statement of your turnover profit and loss account and cash flow for the most recent year of trading;
- b) A statement of your cash flow forecast for the current year and a bank letter outlining the current cash and credit position; and/or
- c) An alternative means of demonstrating financial status.

### III.2.3) **Technical capacity**

Information and formalities necessary for evaluating if the requirements are met:

Potential Providers will be assessed in accordance with Section 5 of the Regulations implementing the Directive, on the basis of information provided in response to an ITT. The ITT can be accessed at: <https://gpsesourcing.cabinetoffice.gov.uk> using the instructions detailed in III.2.1)

Crown Commercial Service may have regard to any of the following means in its assessment:

- (a) A list of the principal deliveries or main services provided over the past 3 years, with the sums, dates and recipients, whether public or private, involved;
- (b) An indication of the technicians or technical bodies involved, whether or not belonging directly to the Potential Provider's undertaking, especially those responsible for quality control and, in the case of public works contracts, those upon whom the Potential Provider can call in order to carry out the work;
- (c) A description of the technical facilities and measures used by the Potential Provider for ensuring quality and Cyber Security;
- (d) Where the Services to be supplied are complex or, exceptionally, are required for a special purpose, a check carried out by the contracting authorities or on their behalf by a competent official body of the country in which the Potential Provider is established, subject to that body's agreement, on the production capacities or the technical capacity and, if necessary, on the means of study and research which are available to it and the quality control measures it will operate;
- (e) The organisation, qualification and experience of staff of the Potential Provider and/or named Sub-Contractor(s) specifically those staff assigned to performing the contract where the quality of the staff assigned can have a significant impact on the level of performance of the contract;

- (f) For public works contracts and public services contracts, and only if related and appropriate to the subject-matter of the Framework Agreement, an indication of the environmental management measures that the economic operator will be able to apply when performing the contract;
- (g) An indication of the environmental management measures that the Potential Provider will be able to apply when performing the contract;
- (h) An indication of the proportion of the contract which the services provider intends possibly to subcontract.

**III.2.4) Information about reserved contracts**

**III.3) Conditions specific to services contracts**

**III.3.1) Information about a particular profession**

**III.3.2) Staff responsible for the execution of the service**

**Section IV: Procedure**

**IV.1) Type of procedure**

**IV.1.1) Type of procedure**

Open

**IV.1.2) Limitations on the number of operators who will be invited to tender or to participate**

**IV.1.3) Reduction of the number of operators during the negotiation or dialogue**

**IV.2) Award criteria**

**IV.2.1) Award criteria**

The most economically advantageous tender in terms of the criteria stated in the specifications, in the invitation to tender or to negotiate or in the descriptive document

**IV.2.2) Information about electronic auction**

An electronic auction will be used: no

**IV.3) Administrative information**

**IV.3.1) File reference number attributed by the contracting authority:**

RM1098

**IV.3.2) Previous publication(s) concerning the same contract**

**Prior information notice**

Notice number in the OJEU: [2015/S 250-456954](#) of 26.12.2015

**IV.3.3) Conditions for obtaining specifications and additional documents or descriptive document**

**IV.3.4) Time limit for receipt of tenders or requests to participate**

4.8.2016 - 12:00

**IV.3.5) Date of dispatch of invitations to tender or to participate to selected candidates**

**IV.3.6) Language(s) in which tenders or requests to participate may be drawn up**

English.

**IV.3.7) Minimum time frame during which the tenderer must maintain the tender**

in days: 120 (from the date stated for receipt of tender)

**IV.3.8) Conditions for opening of tenders**

Date: 4.8.2016 - 12:01

Place:

Electronically, via web-based portal.

**Section VI: Complementary information**

VI.1) **Information about recurrence**

This is a recurrent procurement: no

VI.2) **Information about European Union funds**

The contract is related to a project and/or programme financed by European Union funds: no

VI.3) **Additional information**

Any corporation established, or a group of individuals appointed to act together, for the specific purpose of meeting needs in the general interest, not having an industrial or commercial character; and

- (i) Financed wholly or mainly by another contracting authority listed above in this section VI.3) of this notice;
- (ii) Subject to management supervision by another contracting authority listed above in this section VI.3) of this notice; or
- (iii) More than 1/2 of the board of directors or members of which, or, in the case of a group of individuals, more than 1/2 of those individuals, are appointed by another contracting authority listed above in this section VI.3) of this notice;
- (iv) An association of or formed by 1 or more of the Contracting Authorities listed above in this section VI.3) of this notice.

Entities which are not public sector bodies may also use the Framework Agreements if the Authority is satisfied that:

- Such entity is calling-off goods and services directly, solely and exclusively in order to satisfy contractual obligations to 1 or more public sector bodies, all of which are entitled to use the Framework Agreements on their own account;
- All goods to be called-off by it are to be used directly, solely and exclusively to provide energy at sites occupied by such public sector body (ies); and
- It will pass the benefit of the call-off contract to such public sector body (ies) directly, in full and on a purely 'pass-through' basis. Accordingly there must be no mark-up, management fee, service charge or any similar cost solely in relation to the supply of energy imposed on the relevant public sector body (ies), who must be able

to benefit from the terms of the Framework Agreements in a like manner and to the same extent as if using the Framework Agreements on its/their own account.

Any 'bodies governed by public law' which under the Public Contracts Regulations 2015 means bodies that have all of the following characteristics:

- (a) They are established for the specific purpose of meeting needs in the general interest, not having an industrial or commercial character;
- (b) They have legal personality; and
- (c) They have any of the following characteristics:
  - (i) They are financed, for the most part, by the State, regional or local authorities, or by other bodies governed by public law;
  - (ii) They are subject to management supervision by those authorities or bodies; or
  - (iii) They have an administrative, managerial or supervisory board, more than 1/2 of whose members are appointed by the State, regional or local authorities, or by other bodies governed by public law.

Cyber Essentials is mandatory for Central Government Contracts which involve handling personal information and providing certain ICT products and services.

The government is taking steps to further reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when properly implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. There are 2 levels of certification: Cyber Essentials and Cyber Essentials Plus.

To participate in this Procurement, Potential Providers must be able to comply with the technical requirements prescribed by Cyber Essentials for Services under and in connection with this Procurement by the time the 1<sup>st</sup> call-off contract is awarded.

Further details of Cyber Essentials may be found here: <https://www.cyberstreetwise.com/cyberessentials/>

Further detail of the mandatory requirements may be found in PPN 09/14.

The duration referenced in section II.1.4) and at Section 4 of each Lot listed is 4 years with the option to break after 2 years and again after 3, unless otherwise terminated in accordance with the Framework Agreement. This duration is for the placing of orders.

**VI.4) Procedures for appeal**

**VI.4.1) Body responsible for appeal procedures**

**VI.4.2) Lodging of appeals**

Precise information on deadline(s) for lodging appeals: There is no right of appeal in this procurement. If you have a complaint or seek to challenge the outcome, please seek your own legal advice.

**VI.4.3) Service from which information about the lodging of appeals may be obtained**

**VI.5) Date of dispatch of this notice:**

30.6.2016
