3 RESPONSE GUIDANCE

3.1 Quality Evaluation Process

3.1.1 Each response to questions within the Quality/Service Delivery Questionnaire(s) will be given once of the scores in accordance with the table below:

Mark	Comment
0	Failed to provide confidence that the proposal will meet the requirements. An unacceptable response with serious reservations.
25	A Poor response with reservations. The response lacks convincing detail with risk that the proposal will not be successful in meeting all the requirements.
50	Meets the requirements – the response generally meets the requirements, but lacks sufficient detail to warrant a higher mark.
75	A Good response that meets the requirements with good supporting evidence. Demonstrates good understanding.
100	An Excellent comprehensive response that meets the requirements. Indicates an excellent response with detailed supporting evidence and no weaknesses resulting in a high level of confidence.

3.1.2 Each mark achieved will be multiplied by the corresponding weighting to provide an overall question score.

3.1.3 When the score for each question has been determined they will be added together to provide an overall score for the Quality Evaluation (“Quality Score”).

3.2 Consensus Marking Procedure

3.2.1 The Consensus Marking Procedure is a two-step process, comprising of:

- 3.2.1.1 Independent evaluation; and
- 3.2.1.2 Group consensus marking.

3.2.2 During the independent evaluation process, each evaluator will separately (i.e. without conferring with other evaluators) scrutinise the quality of answers given by Potential Providers in their Tender. Each evaluator will then allocate a mark for the answer in accordance with the Marking Scheme applicable to that question.

3.2.3 During the meeting, the evaluators will discuss the independent marks until they reach a consensus regarding the marks that should be attributed to each Potential Providers’ answer to the questions.

3.2.4 Once all quality responses have been evaluated the individual scores attributed to each response will be added together to provide a ‘Quality Score’.

3.3 Price Evaluation Process

3.3.1 Potential Providers’ are required to provide a completed pricing schedule against the ‘Price’ Questionnaire submitted to the DfT e-Sourcing Portal.

3.3.2 The Potential Provider with the lowest price shall be awarded the Maximum Score Available. The remaining Potential Providers shall be awarded a percentage of the Maximum Score Available equal to their price, relative to the lowest price submitted.

3.3.3 The calculation used is the following:

$$3.3.4 = \frac{\text{Lowest Price Tendered} \times \text{Maximum Score Available}}{\text{Tender price}}$$

Potential Provider	Price Submitted	Score Calculation	Maximum Score Available	Score Awarded
Potential Provider A	£1,000	£1,000/£1,000 *100	100	100
Potential Provider B	£2,000	£1,000/£2,000 *100	100	50
Potential Provider C	£2,500	£1,000/£2,500 *100	100	40

3.4 Final score

3.4.1 The Quality Score will be added to the Price Score to determine the final score for each Potential Provider (“Final Score”)

4 EVALUATION CRITERIA

4.1 Questionnaires 1 and 2 contain ‘Pass/Fail’ questions and act as a doorway for progression to the following stages of the evaluation. Potential Providers are strongly advised to read and understand the specific guidance provided before responding to these questionnaires.
