However, as a discretionary service and not as a matter of obligation, the Service Desk may be available to answer queries of the "How do I ?" type. 9 The Supplier provides a chargeable service for dealing with support requests that are not covered by your contract. This service can be accessed by contacting the Service Desk in the normal way. 10 The Supplier is constantly improving its products. Its aim is to make them easier to use, which will increase efficiency and deliver more benefits for your organisation. If you have a suggestion for the Services, you may request a suggestion form by contacting the service desk in the usual manner.
