The DFE shall not withhold or delay its approval of the draft plan unreasonably.

- 32.1 The provisions of Clauses 7.5 and 12.6 confer benefits on a Replacement Contractor and are intended to be enforceable by a Replacement Contractor by virtue of the Contracts (Rights of Third Parties) Act 1999 (“**CRTPA**”).
- 32.2 Subject to Clause 32.1, a person who is not a Party has no right under CRTPA to enforce provisions of the Contract but this does not affect any right or remedy of any person which exists or is available otherwise than pursuant to the CRTPA and does not apply to the Crown.
- 32.3 A Replacement Contractor may not enforce or take steps to enforce the provisions of Clauses 7.5 or 12.6 without DFE’s prior written consent.
- 32.4 The Parties may amend the Contract without the consent of any Replacement Contractor.

33. CONFLICTS OF INTEREST

- 33.1 The Contractor shall:
- 33.1.1 not permit its obligations to its other clients and third parties (including other governmental bodies and organisations providing services to other governmental bodies) to interfere or conflict in any material way with its duty (which the Contractor hereby acknowledges) to comply with its obligations under the Contract to the required standards; and
 - 33.1.2 take appropriate steps to ensure that neither the Contractor nor any of the Personnel is placed in a position where, in the reasonable opinion of the DFE, there is or may be an actual conflict, or a potential conflict, between the pecuniary or personal interests of the Contractor or any of the Personnel and the duties owed to the DFE under the provisions of the Contract in either case, referred to in this Clause 33 as a “**Conflict of Interest**”.
- 33.2 If the Contractor becomes aware of any Conflict of Interest (or potential Conflict of Interest) or other situation which has arisen or may arise and which may cause a breach of this Clause 33 the Contractor shall forthwith provide full particulars to the DFE.

- 33.3 In performing its obligations under the Contract the Contractor shall conduct its business, operations, and activities in a politically neutral fashion.
- 33.4 Without prejudice to the foregoing provisions of this Clause 33, if any Conflict of Interest (or potential Conflict of Interest) arises or is likely to arise, the Contractor shall:
- 33.4.1 take all reasonable steps to remove or avoid the Conflict of Interest or to prevent it occurring in each case, or to manage the conflict to the satisfaction of the DFE (acting reasonably); and
- 33.4.2 give the DFE a comprehensive and detailed written statement of the action it had taken.
- 33.5 If the DFE is not satisfied with the Contractor's actions, the Contractor shall, on request by the DFE promptly end any relationship it may have with any third party, where that relationship has given rise to the Conflict of Interest (or potential Conflict of Interest).
- 33.6 Without prejudice to any other right or remedy it may have, the DFE may terminate the Contract with immediate effect by notice in writing and/or to take such other steps it deems necessary where, in the reasonable opinion of the DFE, there is any continuing breach by the Contractor of the provisions of this Clause 33.

34. FURTHER ASSURANCE

- 34.1 The Parties shall do or procure the doing of all such acts and things and will execute or procure the execution of all such documents as may be reasonably required including on or subsequent to the end of the Contract to vest in the relevant Party all rights granted under the Contract and otherwise to comply with its terms.

35. NOTICES

- 35.1 Any notice, demand or communication in connection with the Contract shall be in writing and may be delivered by hand, pre-paid first class post or (where being sent to an address in a different country to where posted) airmail, or e-mail, addressed to the recipient at its registered office or its address (or such other address, facsimile number or e-mail address as may be notified in writing from time to time).
- 35.2 The notice, demand or communication shall be deemed to have been duly served:
- 35.2.1 if delivered by hand, when left at the proper address for service;
- 35.2.2 if given or made by prepaid first class post 48 hours after being posted or in the case of airmail 14 days after being posted;
- 35.2.3 if given or made by e-mail, at the time of transmission, provided that a confirming copy is sent by first class pre-paid post or (where being sent to an address in a different country to where posted) airmail to the other Party within 24 hours after transmission and that, in the case of transmission by email where the time of transmission is not between 9.00 am and 5.00 pm, service shall be deemed to occur at 9.00 am on the next following Business Day (such times being local time at the address of the recipient).
- 35.3 If proceedings to which the Civil Procedure Rules apply have been issued, the provisions of Civil Procedure Rule 6 must be complied with in respect of the service of documents in connection with those proceedings.

36. DISPUTE RESOLUTION

- 36.1 Any Dispute shall be dealt with in accordance with this Clause 36.

- 36.2 In the first instance, a representative of each Party will each use their reasonable endeavours to resolve the Dispute. If the Dispute cannot be resolved by such representatives within 15 days of the Dispute arising, it will be referred to a senior representative of each Party, who shall each use their reasonable endeavours to resolve the Dispute.
- 36.3 If a Dispute cannot be resolved by negotiation as referred to in Clause 36.2 within 30 days of the Dispute arising, either Party may refer the Dispute for determination in accordance with the mediation procedure administered by the Centre for Effective Dispute Resolution, the costs of the mediator being split equally between the Parties, who shall otherwise bear their own costs.

- 37.2 The courts of England shall have exclusive jurisdiction to settle any dispute which arises out of or in connection with the Contract.
- 37.3 If any provision of the Contract is held by any court or other competent authority to be void or unenforceable in whole or part, the other provisions of the Contract and the remainder of the affected provisions shall continue to be valid.

Schedule 1

The Specification

1 Overview of the Service Requirements

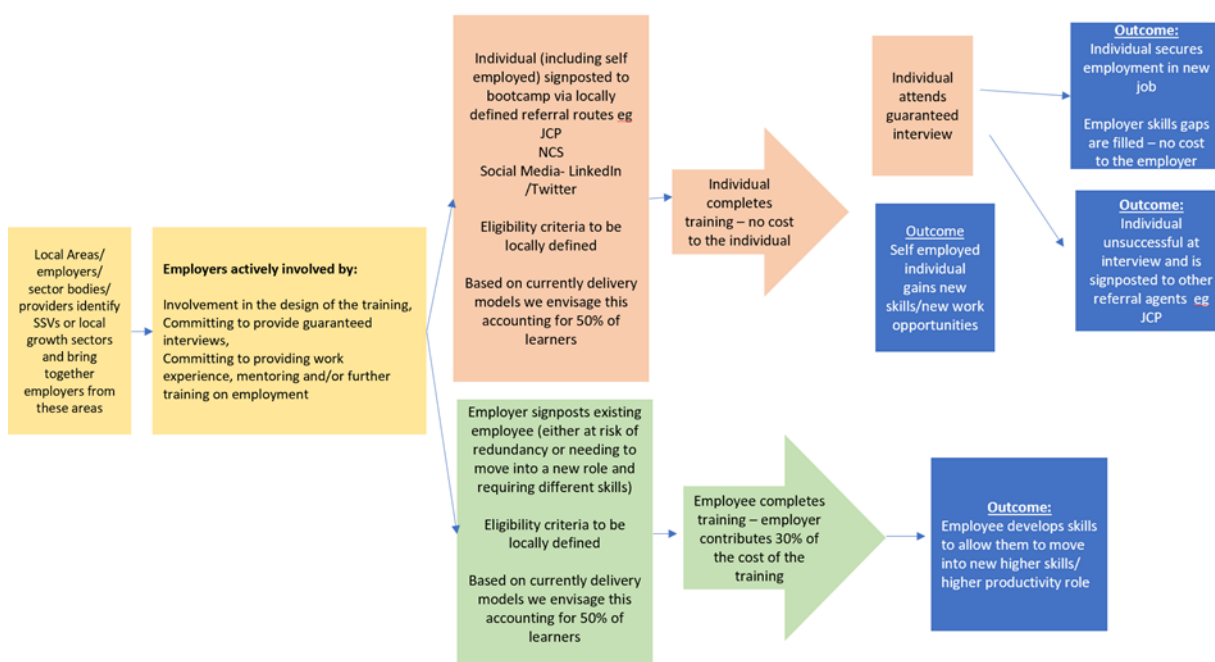

The DFE has contracted with the Contractor to provide Skills Bootcamps. This Schedule 1 contains the Specification which was issued with the DFE Invitation To Tender (ITT), following which the Contractor's Tender was accepted. The DFE has modified some of the wording in this schedule in order that it reads consistently with the Contract.

The Contractor is providing the DFE with the Services set out in the Summary of Funding.

A) COMMON SERVICE REQUIREMENTS: LOT ONE TO LOT SEVEN

1.1 The Skills Bootcamp Delivery Model

- 1.1.1 Skills Bootcamps are intensive, Level 3-5 or equivalent (except the Level 2 referred to in 1.4.1 below), flexible training courses up to 16 weeks, with a guaranteed job interview (in the case of a new job), which equip adults with technical skills that enable them to access in-demand jobs, apprenticeships, new opportunities and an increased level of income over time (including for the self-employed).

- 1.1.2 All Skills Bootcamps must meet the requirements posed in the mainstream **Skills Bootcamp Delivery Model** to be considered for funding under Lots One to Seven.

1.2 Learner Eligibility

- 1.2.1 For further information on Learner Eligibility and Funding rules, please see Annex A.

1.3 **Employer Engagement & Involvement**

- 1.3.1 The Provider must ensure employer involvement in the design and delivery of their Skills Bootcamp provision. The Provider may be required by the Department to provide evidence of its work with employers. This could include involvement in the provision of behavioural skills support, work experience, coaching and mentoring, or the delivery of content. Providers will be expected to include evidence of strategic engagement with named employers (via employer letters) and evidence of employers' commitment, in principle, to providing real job vacancies for Skills Bootcamp participants. Providers will be expected to detail exactly how they are proposing the recruitment process for the learners to work and to set forward a clear plan for achieving positive employment progression outcomes for learners.
- 1.3.2 We have an indicative target of 60% of employers involved in the development of Skills Bootcamp provision being SMEs. We would expect Providers to demonstrate how they will engage with SMEs in support of this objective.
- 1.3.3 We require substantial evidence of demand for the skills developed through the Skills Bootcamp, including evidence of vacancies in the local labour market. Providers must cite the evidence they are relying on regarding local labour market needs and demonstrate due regard to the skills analysis and priorities of Local Enterprise Partnership(s)(LEPs) and their Skills Advisory Panels, Mayoral Combined Authorities (MCA), Local Authorities (LA) and show how they align with their Local Skills Improvement Plan(s) where relevant now (in trailblazer areas¹) and in future (when they roll out nationwide). The Provider must evidence how this has informed the Skills Bootcamp design and delivery.
- 1.3.4 The Provider must work with MCAs/LEPs/LAs during roll out and throughout the Contract Period to ensure skills provision is co-ordinated within regions. We expect to see evidence that, prior to submission of tender, there has been early engagement with the local body with strategic responsibility for the coordination of skills provision (MCAs/LEPs/LAs).

1.4 **Level of Delivery**

- 1.4.1 Skills Bootcamps delivered through Lots 1- 7 must be delivered at Level 3-5 or equivalent. Skills Bootcamps delivered through Lot 5 (Construction) and Lot 7 (Green Skills) may be delivered at Level 2 or equivalent for appropriate skills.

1.5 **Course Length**

- 1.5.1 The Provider must offer Skills Bootcamps of a minimum of 60 Guided Learning Hours (GLH) and a maximum of 16 weeks. Guided Learning Hours are the time a Learner spends being taught or instructed by, or otherwise participating in education or training under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training, whether online or in person.

1.6 **Course Content & Flexibility**

- 1.6.1 The Provider must ensure that the Skills Bootcamps:
- can be reasonably delivered to a Learner concurrently employed in either a full-time or part-time role or around other commitments; and
 - are accessible to Learners
 - The Provider must make reasonable adjustments, as appropriate for those Learners with Protected Characteristics (as defined by the Equalities Act (2010)).
- 1.6.2 The Provider must deliver a 'wraparound service' of Learner support (for example, using

¹ LSIP Trailblazer are set out at this link: [Skills Accelerator: Local Skills Improvement Plan trailblazers and Strategic Development Fund pilots - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/news/skills-accelerator-local-skills-improvement-plan-trailblazers-and-strategic-development-fund-pilots)

a coaching and mentoring approach, from programme application stage, during, and post programme, to move people into jobs/new roles and opportunities. This should include upfront screening of applicants, soft skills (or work readiness) training to support the occupational skills training, vacancy/role/opportunity identification, providing pastoral services to help participants complete the Skills Bootcamp and follow-up services to participants and employers to support job placement mentorship, pastoral support) and high-quality advice and guidance to support the learner into a positive employment outcome (for example, CV writing support, mock interviews).

- 1.6.3 We expect all Learners to progress on to a guaranteed job interview upon the completion of the Skills Bootcamp, (in the case of a new job).
- 1.6.4 The Provider may deliver Skills Bootcamps remotely online or face to face or through a blended approach.
- 1.6.5 All training must either be accredited, aligned to occupational standards managed by the Institute for Apprenticeship & Technical Education or utilise a recognised standard for representing attainment (e.g. RARPA, SFIA). Where the third pathway is chosen, we will expect a higher standard of evidence for employer engagement. Where training is accredited by a recognised Awarding Body, providers are required to submit evidence of this accreditation. Where training is not accredited with a recognised Awarding Body, Providers are required to submit evidence of curriculum mapping to standards or other suitable qualifications at the appropriate level for the Skills Bootcamps.

1.7 **Data submission**

- 1.7.1 The Provider must supply the Department with data in accordance with the following:
 - in line with agreed audit arrangements;
 - in adherence with the UK GDPR and DPA 2018;
 - to support payments to be made;
 - to enable reconciliation to take place;
 - to support the contract management process; and
 - any written request from the Department.
- 1.7.2. The Provider must:
 - submit Performance Management Information on a monthly basis
 - submit Individual Learner Record (ILR) and Skills Bootcamps Data Submission Sheets monthly to reflect delivery
 - report new Learner starts within one month of the Learner starting, and
 - report within one months of the Learner finishing, all drop-outs, completions
 - report job outcomes for Learners in the next monthly reporting cycle following an offer of a job by an employer to a Learner
 - report employment status of candidates six months after completion of the Skills Bootcamp
- 1.7.3 The Provider must undertake to the Department to submit accurate data. Where the Department is concerned about the quality of the data, including the completeness or accuracy of the data, provided by the Provider, the Department may require the Provider to supply data more frequently for such a period as the Department will require and the Department may audit the Provider's data and controls to gain assurance that the quality improvements have been made.
- 1.7.4 The Department reserves the right to require the Provider, at its own cost, to carry out such work as the Department deems necessary to improve the quality of data.
- 1.7.5 The Provider must register with UKRLP (UK Register of Learning Providers (ukrlp.co.uk)) and maintain contact details on an on-going basis. The Provider must return ILR data. Where required, the Provider must supply the Department data on each Individual Learner, in accordance with the data collections framework set out in the 'ILR specification validation rules and appendices' as amended and updated, [Individualised Learner Record](#)

[\(ILR\) technical documents, guidance and requirements \(submit-learner-data.service.gov.uk\)](#), and in accordance with the '*Provider Support Manual*' as amended and updated.

- 1.7.6 ILR Data must be transmitted to the Department through the Department's web portal [Submit learner data \(submit-learner-data.service.gov.uk\)](#). Access to the Department's web portal is restricted and the Provider must agree to comply with the conditions of use regarding the supply of data to the Department set out in this Service Requirement and in the 'Individualised Learner Record Specification' and relevant Provider Support Manual as amended and updated available on the Department's web site [Individualised Learner Record \(ILR\) technical documents, guidance and requirements \(submit-learner-data.service.gov.uk\)](#).
- 1.7.7 The Provider must return complete ILR data, including contact details such as telephone numbers, and must only return 'not knowns' in exceptional circumstances. If the information is not provided, or 'not known', or is not available, then the Provider must use 'learner has withheld this information'. The ILR must accurately reflect the learning and support (where applicable) the Provider has identified, planned and delivered to eligible individuals. The Provider must not report inaccurate information that would result in an overstatement of the funding claimed.
- 1.7.8 The Department will confirm the data successfully submitted through Funding Reports [Individualised Learner Record \(ILR\) - GOV.UK \(www.gov.uk\)](#) posted on the Department's web portal after the data has been submitted. The Provider must correct or remove data that fails the validation rules as set out in the ILR specification [ESFA - Online Documentation \(fasst.org.uk\)](#).
- 1.7.9 The Provider must submit data via the Skills Bootcamps Data Submission Sheet. This data collection is mandatory and must be submitted on a monthly basis via the spreadsheet template supplied by the Authority and will be used for audit, assurance and evaluation purposes. This data is in addition to data submitted via the ILR. A draft version of the Data Submission template is at Attachment 17 but the template may be subject to change and providers will be expected to provide any additional data to allow full evaluation of Skills Bootcamps to be completed.
- 1.7.10 Using validated ILR Data, the Department will calculate the value of the Provider's earnings for the Funding Year to-date. The Department will pay the Provider on the 14th Working Day of each month.
- 1.7.11 Sampling will be done throughout the Contract Period to verify evidence to support data submitted by the Provider. Acceptable evidence will be agreed between the Provider and the Department as part of the initial contract mobilisation. The evidence pack for a Skills Bootcamp must contain evidence to support the funding claimed and must be available to the Department. The evidence pack must confirm all evidence reported by the Provider in the ILR and Skills Bootcamps Data Submission Sheets, and all supporting evidence to substantiate the data that the Provider reports. The following list provides a non-exhaustive list of examples of what this evidence may include: Learner registration records, accreditation, certification or digital reporting records, copies of work contracts etc. In cases where irregularities are identified, the Department reserves the right to carry out further checks and other remedial action.
- 1.7.12 If on review by the Department the evidence provided by the Provider is deemed insufficient to substantiate a data submission by the Provider, or the data submitted by the Provider is otherwise found to be incorrect, the Department will look to reclaim any funds which were paid out based on that data submission. This may be done through making adjustments to subsequent payments to the Provider. The Department also reserves the right to suspend payments to the Provider where data quality gives rise to concern about the accuracy of the data provided by the Provider.

B) SPECIFIC SERVICE REQUIREMENTS LOT 5: SKILLS BOOTCAMPS IN CONSTRUCTION

- 1.8.1 Level 2 or equivalent Construction skills training - in addition to delivery of training at level 3-5 or equivalent, Skills Bootcamps in Construction in Lot 5 can also be delivered at Level 2 or equivalent.
- 1.8.2 If a bid includes delivery at Level 2 or equivalent, it must demonstrate the demand for delivery at this level. This should include evidence that: i) the delivery is for a key in-demand Construction skill, ii) that the skill level required by the sector is at Level 2 or equivalent and iii) that the skills required can be effectively delivered through the Skills Bootcamp model and that leads to an actual vacancy with an employer.
- 1.8.3 Examples of in-demand Construction skills where training is at Level 2 or equivalent include Bricklaying, Dry Lining, and Joinery.

C) SPECIFIC SERVICE REQUIREMENTS LOT 7: SKILLS BOOTCAMPS IN GREEN SKILLS

- 1.9.1 We expect proposals in this lot to conform to the Common Service Requirements proposed for Lots 1 to 7 (Section 2a), and to complete an additional set of questions specific to Lot 7, to demonstrate how they meet the Green Skills eligibility criteria.
- 1.9.2 To be successful in the Green Skills lot (Lot 7), a Skills Bootcamp must meet all the following criteria:
- 1.9.3 Where the Provider delivers Skills Bootcamps under Green Skills (Lot 7) the skills that Learners are trained in must meet the needs of the green economy ...
- I. Meet the definition of delivering Green Skills
- 1.9.4 *“Skills that directly meet the needs of the green economy² - support the transition from high to low carbon, directly contribute to the achievement of the UK's net zero emissions target³ and help mitigate climate risks.”*
- II. Deliver Green Skills in one of the following Prioritised Green Sectors.
- 1.9.5 The Skills Bootcamp must fall into one of the Prioritised Green Sectors; bids should therefore clearly state which Prioritised Green Sector they fall under. (Skill and role examples given are not however exhaustive, but illustrate potential skills that might feature within each Prioritised Green Sector) Prioritised Green Sectors can be found at Table 1 of the Introduction section of Attachment 1.
- III. Deliver ‘Direct Green’ (rather than ‘Supporting Green’)
- 1.9.6 ‘Direct Green’ skills are skills that are specific to a Prioritised Green Sector or role within that sector. For example, a heat pump installer needing specific skills in order to be able to do that role. Direct Green skills are included in Lot 7.
- 1.9.7 ‘Supporting Green’ are excluded from Lot 7.

²Green economy - “one in which value and growth are maximised across the whole economy, while natural assets are managed sustainably. Such an economy would be supported and enabled by a thriving low carbon and environmental goods and services sector. Environmental damage would be reduced, while energy security, resource efficiency and resilience to climate change would all be increased” (Green Jobs Taskforce Report July 2021).

³ UK emissions target - cut greenhouse gas emission by 78% by 2035 compared to 1990 levels and to achieve net zero by 2050

These are skills that support green economic activity but crucially, do not require significant changes in tasks, skills, or knowledge if taking place within a green sector. For example, data analysis or project management.

'Supporting Green' skills are excluded from Lot 7 but may align with Lots 1-6.

- 1.9.8 Skills Bootcamps in Green Skills bids must clearly demonstrate how the bid i) delivers skills that meet the Green Skills definition, ii) delivers skills relevant to a Prioritised Green Sector, and iii) delivers skills that are 'Direct Green'.
- 1.9.9 Level 2 or equivalent Green Skills training - in addition to delivery of training at level 3-5 or equivalent, Skills Bootcamps in Green Skills in Lot 7 can also be delivered at Level 2 or equivalent. If a bid includes delivery at Level 2 or equivalent, it must demonstrate the demand for delivery at this level.
- 1.9.10 This should include evidence that: i) the delivery is for a key in-demand green skill in a Prioritised Green Sector skill area, and ii) that the skill level required by that industry / sector is at Level 2 or equivalent.
- 1.9.11 Below is a suggested list of in-demand green skills where training is at Level 2 or equivalent:

Prioritised Green Sector	Suggested Level 2 green skills
Green Transport	Electric vehicle manufacturing and recycling
Green Construction	Electric vehicle charge point installation Energy efficiency installation Heat pump installation
Green Protection of Natural Resources	Arboriculture
Green Power	Offshore wind manufacturing Onshore wind construction Solar roofing installation

2 Evaluation, Research and Data Collection

- 2.1.1 The evaluation of this initiative is vital to the development of Skills Bootcamps as it will help to inform the future direction and longevity of the policy. All participating organisations must commit to participate in research and evaluation by collecting and providing data, taking part in qualitative interviews, completing surveys and allowing their data to be processed and analysed for this purpose. The Authority will provide an Excel template for manual completion; and other data must be submitted via the Individualised Learner Record.
- 2.1.2 Contractors will be required to work with the Department and its appointed Evaluation Supplier to ensure that the data you collect for this contract(s) can contribute to the end-of-project evaluation. In practise this will involve providing full, accurate and timely Skills Bootcamps Data Submission Sheets to support these aims through participation in all data collection and up to two qualitative interviews with research contractors acting on behalf of the Department.
- 2.1.3 The evaluation will require participation from Providers, delivery partners and employers, focusing on the delivery and outcomes of Skills Bootcamps. A draft version of the Data Submission template will be shared but the template may change and providers will be expected to provide any additional data to allow full evaluation to be completed. Please note that monitoring data is required for all applicants, learners and employers. Comprehensive and accurate data is crucial to evaluate any contribution of Skills Bootcamps towards improved employment, wages and employee productivity. Providers will be required to submit data monthly.

- 2.1.4 Providers will be required to complete this Data Submission Sheet which will also be used to collect additional information about their organisation, how they organise and deliver Skills Bootcamps, and if available, more data about the employers they work with. The employer postcode is needed to improve data appending through other sources and providers will be asked to supplement their employer data where possible. Providers and delivery partners will also be asked to provide more detail about themselves relating to Skills Bootcamps such as staffing levels and budget allocations, plus other firmographic details. Research contractors will also append provider records for external sources using UKPRN as a matching variable. This will create an enhanced provider and delivery partner dataset for analysis and use in the impact evaluation.
- 2.1.5 Providers must inform employers of the evaluation and the research activities in which they might be asked to participate. Employers will be asked to take part in up to two qualitative interviews and up to two surveys to understand the impact of Skills Bootcamps on employers and the workforce.
- 2.1.6 Two types of data will be collected from Skills Bootcamps applicants and learners. The first is factual data related to their learning and employment history, including their National Insurance Number. This data will be linked to other data for the purpose of accurately measuring the impact Skills Bootcamps make of employment and training outcomes and what happens in the absence of Skills Bootcamp training. It is compulsory for lead suppliers to collect and provide this data for all applicants (both successful and unsuccessful applicants) and learners.
- 2.1.7 The Department's Evaluation Supplier will also collect data from learners through surveys, in-depth interviews and focus groups (so called primary data collection). Primary data on learners will be collected at two points: when learning on a Skills Bootcamp; and three to four months after completion. Primary methods are the best way to collect the views and attitudes of learners towards Skills Bootcamps.
- 2.1.8 The Evaluation Supplier will also approach some applicants who did not go on to participate in the Skills Bootcamp to conduct a survey. These surveys will explore any alternative training options taken by these individuals instead of a Skills Bootcamp. The survey will also cover changes to employment or training status since their application.
- 2.1.9 Taking part in all primary research is voluntary for all Skills Bootcamp applicants and learners. The Evaluation Supplier will provide selected unsuccessful applicants and all learners with privacy notices outlining what participating in the evaluation means for them and all data collection will conform to GDPR and privacy requirements. This includes the right to be forgotten and the facility to withdraw consent at any time, including after surveys or interviews are completed.
- 2.1.10 Providers will be required to take part in online interviews lasting up to one hour with the person or persons responsible for implementing Skills Bootcamps with the provider or delivery partner. The interviews will cover implementation issues including choices and rationale for delivery methods and the structure of training content. Providers would also be required to take part in outcome interviews to discuss the delivery of Skills Bootcamps over the lifetime of the programme and thoughts on the outcomes achieved by learners and employers. These outcomes include what providers believe constitutes success across three main measures: skills development, employment and wages.
- 2.1.11 We expect bidders to demonstrate their approach to robust data collection. Data collection, storage and retrieval must be compliant with the requirements of General Data Protection Regulations (GDPR) <https://www.gov.uk/government/publications/guide-to-the-general-data-protection-regulation>

3 Provider Performance including Key Performance Indicators (KPIs)

- 3.1 The Provider shall monitor its own performance and that of its supply chain, against the Key Performance Indicators outlined in the **Table 1 of Schedule 3**.

3.2 Provider Performance Management Requirements

- 3.2.1 The Provider must adhere to the data and performance monitoring requirements outlined in 1.7. The Department reserves the right to amend the frequency of reporting.
- 3.2.2 The Provider must submit a delivery profile for each Skills Bootcamp at the start of the contract which will be used to monitor delivery performance. The Provider must capture and retain evidence for contractual and performance purposes. At quarterly intervals we will review delivery progress against the delivery profile and adjust contract values accordingly where delivery is predicted to vary from delivery profile. This is to allow the Department to maximise spend on the Skills Bootcamps programme in any financial year.
- 3.2.3 The Provider will attend as a minimum monthly performance review meetings with the Authority and will be required to present relevant/requested Provider Management Information to include, but not restricted to, delivery performance, subcontractor performance, delivery risks and mitigations. Provider Performance Management Information should be submitted to the Authority 5 days prior to the monthly performance review meeting.
- 3.2.4 The Authority may amend/supplement the Provider Performance Management Information it requires at any time including but not limited to amendments to cover the Provider's organisational structures/mechanisms for delivery of the Services.
- 3.2.5 The Provider will be required to act in a flexible, responsive, and timely manner to provide the requested data/information within reasonable timescales specified by the Authority without additional cost to the Authority.
- 3.2.6 The Authority reserves the right to validate the Provider Performance Management Information and ILR submissions, reports or claims made in reports, in whole or in part, independently or directly with providers, participants, Learners and/or partners.

4 Provider Quality Assurance

4.1 Ofsted

Ofsted are currently carrying out a thematic survey of Skills Bootcamps being delivered in Wave 2. The survey will assess the effectiveness and quality of the education and training Learners are receiving, identifying strengths and weaknesses, across a sample of providers. In due course, Ofsted may begin inspections of Skills Bootcamps provision. If this occurs during The Provider's delivery of Skills Bootcamps provision, the Provider may be subject to inspection by Ofsted.

4.2 The Provider

Whilst Skills Bootcamps are still in development and being evaluated, the Provider is required to engage with the Skills Bootcamp Quality Assurance and Improvement team who will be responsible for helping the Department's policy team better understand how the Department can continuously improve the policy and to support providers to improve their Skills Bootcamps delivery. Any activity carried out will be coordinated with the Provider and in conjunction with any other monitoring and evaluation activity. The Provider's responsibilities will include:

- 4.2.1 The Provider will accommodate and coordinate a visit from the Quality Assurance and Improvement team.
- 4.2.2 The Provider will accommodate and provide requested evidence in relation to the curriculum and learning outputs of Skills Bootcamps, to the best of their ability. Examples could include, but not limited to curriculum planning documents, policies, teaching materials and examples of learner work

- 4.2.3 The Provider will accommodate and coordinate collection of feedback from learners on their experience of Skills Bootcamp and share data collected through these means with Quality Assurance and Improvement Team.
- 4.2.4 The Provider will provide details of any subcontracting of delivery to the Quality Assurance and Improvement team and accommodate and coordinate a visit to subcontracted provision as well as to the Provider.
- 4.2.5 The Provider will commit to working with the Quality Assurance and Improvement team on any improvements identified.

4.3 **The Quality Assurance & Improvement Team**

The intention of the Quality Assurance and Improvement team is to support providers (including the authorities who oversee them, such as those who are grant funded), and where applicable sub-contracted providers, to deliver consistently high-quality Skills Bootcamps, identify and share best practice and promote continuous improvement in Skills Bootcamps delivery now and in the future. The team will provide follow-up support post-visits where appropriate. The form this support takes may vary dependent on a number of factors. Considerations include which team would be best placed to provide this support, and so this may take the form of a referral to another team to follow up, such as to contract managers, to sources of best practice, or to a providers own in-house quality department where applicable.

The Quality Assurance & Improvement (QA&I) team's responsibilities will include:

- 4.3.1 Assessing the level of Learner engagement and suggesting improvements where necessary.
- 4.3.2 Assessing the level of employer engagement and suggesting improvements where necessary.
- 4.3.3 Assessing the curriculum is fit for purpose and delivers on the key aims of Skills Bootcamps.
- 4.3.4 Evaluating how flexible delivery is and how well it meets the needs of users, including the use of technology and online delivery.
- 4.3.5 Providing a report detailing findings from visits which will be issued to providers and relevant internal stakeholders.
- 4.3.6 Following up on findings from visits and reports to ensure improvements are made and that Skills Bootcamps remain delivering at a level of high quality.
- 4.3.7 Assessing the level of effectiveness of Leadership and Management of the Skills Bootcamps, including sub-contracting arrangements, and suggesting improvements where necessary.

A provider has discretion to determine whether to use a Skills Bootcamp to support adults who have been unemployed for longer than 12 months if they judge that this provision will support them effectively. Skills Bootcamps should also be open, where practicable, to serving prisoners due to be released within 6 months of completion of a Skills Bootcamp and those on Temporary Release

1. All Skills Bootcamps must be open to all eligible adults within the communities they serve.
2. Skills Bootcamps should be designed to encourage the participation of underrepresented groups, such as those with protected characteristics (as defined in the [Equality Act 2010](#)) and those who might face barriers to employment e.g. veterans.
3. No prior attainment is required unless specifically prescribed by an employer and/or specifically related to the job and sector within which the vacancies offered are situated. However, Suppliers may define their own selection processes and/or assessments as part of their approach to recruitment of learners.
4. An adult may only undertake one Skills Bootcamp per funding year. DfE will not pay a provider for a learner where we have already incurred a payment for the same learner for a Skills Bootcamp within the same funding year. Providers must ensure when registering learners that they have not attended a Skills Bootcamp with any provider in the same funding year and are

not planning to attend another Skills Bootcamp at the same time.

5. We will not fund any part of any learner's learning aim or programme that duplicates provision they have received from any other source.
6. Skills Bootcamps will be co-funded at 30% by the employer where the employer is training their own existing employees (defined as someone directly employed by the employer, not a worker, sub-contractor, or freelancer). This is reduced to 10% where the employer is a small or medium sized enterprise (SME) (defined as an employer with less than 250 employees) training their own existing employees, towards the cost of training. Courses are fully funded by Government for individuals not being co-funded by their employer, and for the self-employed. There must be no charges to the individual learner.
7. Learners who live in Wales, Scotland or Northern Ireland.

Wales, Scotland and Northern Ireland have their own funding arrangements.

- a. You must not actively recruit learners who live or work outside of England.
- b. We will fund an individual who does not live in England if specialist skills training is only available in England and the individual intends to work in England as a result of the Skills Bootcamp. We do not expect these numbers to be significant.
- c. For learning delivered at an employee's workplace, we will fund individuals whose main employment or normal place of work is in England.
- d. Providers located close to the borders can deliver Skills Bootcamps to learners who are not resident in England if the learner intends to work in England as a result of the Skills Bootcamp. Delivery must take place in England. We do not expect these numbers to be significant.

Schedule 1

ANNEX B - Skills Bootcamps - Communications Guidance for Providers – November 2021

Publicity & Comms

Contractors and where appropriate Sub-Contractors, will be required to provide a web link to more information about your Skills Bootcamp(s) and how to sign up. The link will be shared on the Skills Bootcamps Gov.uk web page that will be created here [National Skills Fund - GOV.UK \(www.gov.uk\)](https://www.gov.uk).

Contractors, and where appropriate Sub-Contractors, must ensure that all applicants, learners and staff linked to Skills Bootcamps delivery are aware of the DfE's Whistleblowing and Complaints policies and processes. Whistleblowing involves entering a 'whistleblowing' webform on the 'Contact the Department for Education' page, which can be found below:
https://form.education.gov.uk/service/Contact_the_Department_for_Education

Whistleblowing entries for Skills Bootcamps must be clearly marked as 'Skills Bootcamps' and will be submitted via the DfE's whistleblowing submission process and will be escalated to the relevant policy team.

This will be monitored as part of the contract monitoring process.

You may be subject to inspection of your bootcamp provision by Ofsted for the purposes of a thematic survey of Skills Bootcamps, which may occur alongside or in addition to an Ofsted inspection of existing provision.

Suppliers must adhere with DfE's Communications Guidance and Skills Bootcamps should be advertised, marketed and delivered in accordance with the specified naming convention and branding. Your nominated Contract Manager will provide you with a pack that outlines the mandatory requirements along with some optional guidance to support you.

Schedule 2

Financials

1. The DfE shall pay the Contractor the Charges in accordance with the Contract, subject to successful delivery of the Services against the KPIs or Service Levels set out in Schedule 3. The Charges are inclusive of all expenses incurred by the Contractor in relation to its provision of the Services and unless agreed otherwise between the Contractor and the DfE, the Contractor shall not be entitled to claim any expenses in addition to the Charges.
2. The DfE may review the detailed costs set out in the Implementation Plan to ensure that the Contract is value for money.
3. Indexation shall not apply to the Charges.
4. The Contractor shall be entitled to invoice the Charges following acceptance by the DfE of satisfactory completion of the Services or, where performance of the Services will continue, as per the payment information as set out in Summary of Funding at the front of this Contract.

Payment & Finance Terms and Conditions

5. The Contractor must submit data via the Skills Bootcamps Data Submission Sheet. This data collection is mandatory and must be submitted on a monthly basis via the spreadsheet template supplied by DfE and will be used for audit, assurance and evaluation purposes. This data is in addition to data submitted via the ILR. A draft version of the Data Submission template is at Attachment 17 but the template may be subject to change and Contractor's will be expected to provide any additional data to allow full evaluation of Skills Bootcamps to be completed.
6. Using validated ILR Data, DfE will calculate the value of the Contractor's earnings for the Funding Year to-date. DfE will pay the Provider on the 14th Working Day of each month.
7. For current employees being supported by their employer the Contractor is expected to charge the employer 30% of the unit rate (10% in the case of SME employers). These contributions will be monitored as part of this Contract. For these learners the Contractor should only claim 70% (in the case of large employers and 90% in the case of SMEs) of the unit rate at each payment milestone.

Contractors will be required to submit an updated data spreadsheet to support all claims for milestone payments.

The final 20% payment will only be paid for learners who achieve a new job, role or new opportunity that utilises the new skills acquired through the Skills Bootcamp within 6 months of achieving the Skills Bootcamp required standard. The Contractor will be able to submit claims for this deliverable for up to 8 weeks after this point. DFE will accept claims for final 20% payments that fall beyond the 2022-23 Financial year subject to these conditions.

Evidence to support the payment milestones will be agreed with your Contract Manager.

All 35% milestone payments to the Contractor will include verification of information provided to support claims made. The Contract Manager will identify a random sample of learners and request supporting evidence to be presented alongside the claim and data collection spreadsheet.

In addition to the above the DFE reserves the right to undertake further evidence sampling throughout the contract period to verify claims and provide assurance. This may include, but is not limited to, reviewing learner registration records, accreditation certification or digital reporting records, copies of subcontracts and directly contacting learners.

The DFE reserves the right to authenticate information provided by the Contractor and those in their supply chain for assurance purposes. In cases where irregularities are identified, the DFE reserves the right to carry out further checks and other remedial checks and use the provisions within the Contract to remedy any breach.

Schedule 3

KPIs, Service Levels, Service Credits and Performance Measures

- 1 The objectives of the Service Levels are to:
 - 1.1 ensure that the Services are of a consistently high quality and meet the requirements of the DFE;
 - 1.2 provide a mechanism whereby the DFE can attain meaningful recognition of inconvenience and/or loss resulting from the Contractor's failure to deliver the Services; and
 - 1.3 incentivise the Contractor to meet the Service Levels and to remedy any failure to meet the Service Levels expeditiously.

KEY PERFORMANCE INDICATORS (KPIs) AND SERVICE LEVELS (SLs)

- 2 This Schedule 3 sets out the KPIs and Service Levels against which the Contractor shall measure its performance.
- 3 The Contractor shall monitor its performance against of each of the KPIs and Service Levels in and send the DFE a report detailing the KPIs and Service Levels which were achieved in accordance with the provisions of this Schedule 3.

PERFORMANCE STANDARDS/MEASURES

- 4 The Contractor must meet the Performance Measure for each identified KPI as set out in table 1 below within the agreed Service Period (defined in the Terms and Conditions).
- 5 If during a Service Period the Contractor achieves a KPI/Service Level, no Service Credit ("reduction in total amount of charges payable to the Contractor") will accrue to the Contractor in respect of that KPI/Service Level.
- 6 The Contractor confirms that it has taken Performance Measures and Service Credits into account in calculating the Charges. Both Parties agree that the Performance Measures and Service Credits are a reasonable method of adjusting the Charges to reflect poor Contractor performance.
- 7 The Contractor will be expected to meet/comply with all Service Levels as set out within table 2 below.
