19.1 The Parties shall attempt in good faith to negotiate a settlement to any dispute between them arising out of or in connection with the Agreement and such efforts shall involve the escalation of the dispute to an appropriately senior representative of each Party.

19.2 If the dispute cannot be resolved by the Parties within one month of being escalated as referred to in clause 19.1, the dispute may by agreement between the Parties be referred to a neutral adviser or mediator (the "**Mediator**") chosen by agreement between the Parties. All negotiations connected with the dispute shall be conducted in confidence and without prejudice to the rights of the Parties in any further proceedings.

19.3 If the Parties fail to appoint a Mediator within one month, or fail to enter into a written agreement resolving the dispute within one month of the Mediator being appointed, either Party may exercise any remedy it has under applicable law.

20 GENERAL

20.1 Each of the Parties represents and warrants to the other that it has full capacity and authority, and all necessary consents, licences and permissions to enter into and perform its obligations under the Agreement, and that the Agreement is executed by its duly authorised representative.

20.2 A person who is not a party to the Agreement shall have no right to enforce any of its provisions which, expressly or by implication, confer a benefit on him, without the prior written agreement of the Parties.

- 20.3 The Agreement cannot be varied except in writing signed by a duly authorised representative of both the Parties.
- 20.4 The Agreement contains the whole agreement between the Parties and supersedes and replaces any prior written or oral agreements, representations or understandings between them. The Parties confirm that they have not entered into the Agreement on the basis of any representation that is not expressly incorporated into the Agreement. Nothing in this clause shall exclude liability for fraud or fraudulent misrepresentation.
- 20.5 Any waiver or relaxation either partly, or wholly of any of the terms and conditions of the Agreement shall be valid only if it is communicated to the other Party in writing and expressly stated to be a waiver. A waiver of any right or remedy arising from a breach of contract shall not constitute a waiver of any right or remedy arising from any other breach of the Agreement.
- 20.6 The Agreement shall not constitute or imply any partnership, joint venture, agency, fiduciary relationship or other relationship between the Parties other than the contractual relationship expressly provided for in the Agreement. Neither Party shall have, nor represent that it has, any authority to make any commitments on the other Party's behalf.
- 20.7 Except as otherwise expressly provided by the Agreement, all remedies available to either Party for breach of the Agreement (whether under the Agreement, statute or common law) are cumulative and may be exercised concurrently or separately, and the exercise of one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.
- 20.8 If any provision of the Agreement is prohibited by law or judged by a court to be unlawful, void or unenforceable, the provision shall, to the extent required, be severed from the Agreement and rendered ineffective as far as possible without modifying the remaining provisions of the Agreement, and shall not in any way affect any other circumstances of or the validity or enforcement of the Agreement.

21 NOTICES

- 21.1 Any notice to be given under the Agreement shall be in writing and may be served by personal delivery, first class recorded or, subject to clause 21.3, e-mail to the address of the relevant Party set out in the Award Letter, or such other address as that Party may from time to time notify to the other Party in accordance with this clause:
- 21.2 Notices served as above shall be deemed served on the Working Day of delivery provided delivery is before 5.00pm on a Working Day. Otherwise delivery shall be deemed to occur on the next Working Day. An email shall be deemed delivered when sent unless an error message is received.
- 21.3 Notices under clauses 15 (Force Majeure) and 16 (Termination) may be served by email only if the original notice is then sent to the recipient by personal delivery or recorded delivery in the manner set out in clause 21.1.

22 GOVERNING LAW AND JURISDICTION

The validity, construction and performance of the Agreement, and all contractual and non-contractual matters arising out of it, shall be governed by English law and shall be subject to the exclusive jurisdiction of the English courts to which the Parties submit.

ANNEX 3 – STATEMENT OF REQUIREMENT

1. PURPOSE

1.1 The purpose of this work is to:

- Identify the options which are available to the Department to request upfront payments for its franchises;
- Assess the impact which such payment structures might have on bidding behaviour, operator's incentives in life, taxpayers and passengers; and,
- Advise the Department on whether it should consider using an upfront payments structure when tendering franchises in future and if so how they would practically be implemented.

2. BACKGROUND TO THE CONTRACTING AUTHORITY

- 2.1 The requirement for this Work Package originates from the Franchise Finance Policy team within Franchise Design in Passenger Services. This team is responsible for the development of financial policies for use on rail franchises tendered by the Department for Transport (DfT), and is also where the contract manager is based. However this piece of work will draw upon the support of colleagues from other areas of the Department as well, including Corporate Finance who will attend all meetings relating to the commission.

3. BACKGROUND TO REQUIREMENT

- 3.1 Under the current rail franchising model, bidders propose the franchise payments that they are willing to pay (or the subsidy they require) for each year of the franchise term. In return, the Department gives the winning bidder the right (and the obligation) to deliver the services specified in the Franchise Agreement.
- 3.2 Franchisees are contracted to make any franchise payments committed in their bid. If they are unable to do this, whilst meeting their other financial obligations, their Guarantor must provide Parent Company Support (or "PCS"). The exposure of the Guarantor is therefore limited to the level of PCS contracted. PCS is typically much less than the premium that a franchisee might avoid paying through default, as the Department must also take into account market participants' balance sheet capacity when setting capital requirements for a franchise.
- 3.3 Another way the Department could manage the risk of franchisee financial default is by requesting upfront payments for its franchises. There are many ways this could be done, including by requesting an entire lump sum payment upfront, or requesting that bidders pay their "ambition"¹ (or a proportion of it) at the start of the franchise.
- 3.4 Advice is being sought on what options are available for requesting upfront payments for rail franchises and the impact such payments structures could have on the incentives of bidders, operators, taxpayers and passengers. Furthermore, the Department wishes to understand whether it should consider requesting upfront payments for different franchise structures it may tender in future.

¹ "Ambition" here refers to the amount a bidder offers to pay for a franchise over and above the Department's baseline franchise payments, (i.e. those which could be delivered by a public operator with no private sector initiatives).

4. SCOPE OF REQUIREMENT

4.1 Options identification

4.1.1 The Department has already identified four potential models for upfront payments and will require further advice on these. These are:

- **Full Upfront:** where the whole franchise payments bid would be paid up front;
- **Capped Upfront:** where the maximum a bidder can commit to pay upfront is capped (e.g. at £100m), with the remaining balance being paid over the term of the franchise;
- **Fixed and Variable Upfront:** under this option, there would be a fixed minimum amount of upfront payment (e.g. £50m), to which a defined percentage of "bid ambition"² is added (e.g. 20%), with the remaining balance being paid over the term of the franchise; and,
- **Ambition Upfront:** where all payments bid in excess of a Department defined profile of franchise payments would be paid up front. The 'defined' level of franchise payments would then be contracted to be paid over the term of the franchise.

4.1.2 In addition, it may be possible to combine some of these options with different forms of revenue protection (for instance an exogenous protection mechanism), where appropriate.

4.1.3 The advisers should consider whether – in addition to these four options – there are other upfront payment mechanisms which should be examined. Together, these options will form the "long list" for assessment.

4.2 Analysing the long list

4.2.1 Once the long list has been agreed with the project team, the advisers will undertake a qualitative assessment of the options. The exact criteria against which the options will be evaluated will be agreed in advance with the project team. However, the criteria are likely to include the following considerations:

4.3 Option viability:

- What is the likely impact on a bidder's commercial incentives? Including:
 - Is there scope for gaming?
 - Will this address the issue of over-aggressive bidding?
- What is the likely impact on the operator's incentives in life?
- What are the practical implications of the option? (e.g. how would contract changes be accommodated?)
- What implications would there be for the Department in terms of:

² "Bid Ambition" refers to the amount a bidder bids over and above a profile of franchise payments defined by the Department.

- Franchise specification?
- Bid evaluation?
- In life management/Change?
- To what extent can the model be applied across all franchises in the Department's portfolio, including:
 - "Premium" versus "Subsidy" franchises? (and those which "switch"?);
 - Regional versus Intercity franchises?; and,
 - Large versus small franchises?
 - Might there be impacts on passengers? (e.g. from increased stability of operators?)

4.4 Financial market considerations:

- How is the market likely to respond to this proposal?
- To what extent is there capital in the market to support these commercial structures? This should consider both:
 - The capital required for one (or a few) franchises; and,
 - Whether this would absorb so much balance sheet capacity that competition for the rest of the franchising portfolio would be reduced.
- Are there *current* participants in the franchising market who are likely to be interested in these propositions, given alternative investment options for their capital?
- What *new* participants would be attracted to the rail franchising market with this type of payment structure?
- How might market participants price the risk associated with these structures? (Taking into account the costs of capital?)

4.5 Departmental financial implications:

- What are the budgetary implications for the Department? Including:
 - How might expected payments for future franchises be treated under Government accounting rules; and,
 - How would the "lumpiness" of the payments affect Department's budget.

4.5.1 The project team will provide input to address the questions regarding Departmental financial implications, although the advisers will be heavily involved in the discussions around these.

4.5.2 On the basis of this analysis, the advisers and project team will jointly agree the options which merit further assessment. These options will form the "short list".

4.6 Analysing the Short list

4.6.1 The advisers will then produce a quantitative examination report of the short list of options, using actual franchise data provided by the Department. This analysis will consider the Value for Money implications of each of the options by considering the trade-off between:

- **The additional financial protection and reduced risk of default** offered by each of the options; versus the,
- **Reduced payments** made by winning bidders, due to the need to make payments upfront.

4.6.2 Alongside this analysis the advisers will consider how the options would be practically implemented. This consideration should address questions such as:

- How contract changes would be implemented during the life of the franchise;
- When operators would be allowed to pay debts back to their respective Groups; and,
- How the payment structures could be applied on franchises with a greater degree of vertical alignment.
- What specific changes would the Department need to make to the structure of its competitions (e.g. would bidding periods need to be extended?)

4.6.3 The advisers will also suggest ways in which the Department might assess the extent to which it is prepared to "pay" for the reduced risk provided by the use of upfront payments. For instance, an examination of how private sector entities handle similar trade-offs may be instructive. There may also be ways of inferring the government's risk appetite, by examining how it handles similar risks in other areas of policy, (whether in the Department for Transport or elsewhere).

4.6.4 Finally, the advisers will recommend whether the Department should consider using any upfront payment structures on franchises in future.

5. THE REQUIREMENT

5.1 The team is looking to secure excellent value for money and timely delivery for this Work Package. It is essential that the designated resources that the financial advisers deploy have the following skills and experience for this project:

- Experience working on Rail franchise competitions, particularly considering how the structure of commercial propositions put forward by the Department influences bidder behaviour and franchise robustness; and,
- The ability to produce, at short notice, high quality and robust analysis within the timelines set by the Project Team.

5.2 With regards to the assessment of financial market considerations outlined in section 4, it should be noted that any evidence which potential advisers can supply which demonstrates relevant and current expertise in this area would be a benefit.

6. KEY MILESTONES

6.1 The Potential Provider should note the following indicative project milestones that the Authority will measure the quality of delivery against:

Milestone	Description	Timeframe
1	Initial meeting with project team	Project commencement
2	Long list and qualitative criteria for evaluation agreed	1 week after project commencement
3	Qualitative assessment complete and Short list agreed	Within 2 – 3 weeks of project commencement
4	Analysis of short list complete: supplier presents draft final report to project team	Within 5 – 6 weeks of project commencement
5	Final report complete.	Within week 8 of project commencement

7. AUTHORITY'S RESPONSIBILITIES

7.1 These include:

- 7.1.1 Ensuring that data and information which is relevant to the production of the supplier's outputs is readily available; and,
- 7.1.2 That relevant stakeholders within the Department are involved in the project.

8. REPORTING

8.1 The ultimate output from this work package will be the production of a report which clearly documents all aspects of the supplier's work, including:

- their assessment of all options considered; and,
- their final recommendation.

9. CONTINUOUS IMPROVEMENT

- 9.1 The Supplier will be expected to continually improve the way in which the required Services are to be delivered throughout the Contract duration.
- 9.2 The Supplier should present new ways of working to the Authority during Contract review meetings.
- 9.3 Changes to the way in which the Services are to be delivered must be brought to the Authority's attention and agreed prior to any changes being implemented.

10. QUALITY

10.1 The Provider must complete each milestone by the agreed date within Section 6 of the Appendix B – Statement of Requirements. The report submitted by the Provider will need to be to a quality standard that is accepted by key stakeholders within the project.

11. PRICE

11.1 The Supplier will be required to provide the Department with a scope and price (based on day rates) for each task as part of the contract. The Supplier should also provide an overall budget cap for the commission.

11.2 The absolute budget cap for this commission is £50,000 (excluding VAT).

11.3 Prices are to be submitted via the e-Sourcing Suite, Appendix E excluding VAT.

12. STAFF AND CUSTOMER SERVICE

12.1 The Authority requires the Potential Provider to provide a sufficient level of resource throughout the duration of the Provision of Consultancy for the Project on Upfront Payments (Project "PUP") in order to consistently deliver a quality service to all Parties.

12.2 Potential Provider's staff assigned to the Provision of Consultancy for the Project on Upfront Payments (Project "PUP") shall have the relevant qualifications and experience to deliver the Contract.

12.3 The Potential Provider shall ensure that staff understand the Authority's vision and objectives and will provide excellent customer service to the Authority throughout the duration of the Contract.

13. SECURITY REQUIREMENTS

13.1 Bidders are to note that in line with Government Security Policy, all staff they supply or intend to supply who have regular access to or will be based at the Employer's premises have complied with the Employer's baseline personnel Security Standard (BPSS) <https://www.gov.uk/government/publications/security-policy-framework>

14. INTELLECTUAL PROPERTY RIGHTS (IPR)

14.1 Intellectual Property Rights will be as outlined in the Terms and Conditions of the Contract.

15. PAYMENT

15.1 Before payment can be considered, each invoice must include a detailed elemental breakdown of work completed and the associated costs.

16. LOCATION

16.1 The base location will be DfT Offices in London as the Provider is required to attend on a regular basis (e.g. attend meetings). The Department's normal approach is that advisers work for the most part at their own office. The Provider will be expected to work from their own premises.

16.2 In addition, it is possible that the Department may require the provider to take into account confidential data which has to be kept on the Department's own system, in which case part of the work may need to be undertaken at the Department's offices.
