16.4 Responsibility for costs will be at the:

16.4.2 Buyer's expense if the Malicious Software originates from the Buyer software or the Service Data, while the Service Data was under the Buyer's control

16.5 The Supplier will immediately notify the Buyer of any breach of security of Buyer's Confidential Information. Where the breach occurred because of a Supplier Default, the Supplier will recover the Buyer's Confidential Information however it may be recorded.

18.2 The Parties agree that the:

18.2.1 Buyer's right to End the Call-Off Contract under clause 18.1 is reasonable considering the type of cloud Service being provided

18.3 Subject to clause 24 (Liability), if the Buyer Ends this Call-Off Contract under clause 18.1, it will indemnify the Supplier against any commitments, liabilities or expenditure which result in any unavoidable Loss by the Supplier, provided that the Supplier takes all reasonable steps to mitigate the Loss. If the Supplier has insurance, the Supplier will reduce its unavoidable costs by any insurance sums available. The Supplier will submit a fully itemised and costed list of the unavoidable Loss with supporting evidence.

18.4 The Buyer will have the right to End this Call-Off Contract at any time with immediate effect by written notice to the Supplier if either the Supplier commits:

18.4.1 a Supplier Default and if the Supplier Default cannot, in the reasonable opinion of the Buyer, be remedied

18.4.2 any fraud

18.5 A Party can End this Call-Off Contract at any time with immediate effect by written notice if:

19. Consequences of suspension, ending and expiry

19.1 If a Buyer has the right to End a Call-Off Contract, it may elect to suspend this Call-Off Contract or any part of it.

19.2 Even if a notice has been served to End this Call-Off Contract or any part of it, the Supplier must continue to provide the ordered G-Cloud Services until the dates set out in the notice.

19.5.2 return any materials created by the Supplier under this Call-Off Contract if the IPRs are owned by the Buyer

19.5.4 destroy all copies of the Buyer Data when they receive the Buyer's written instructions to do so or 12 calendar months after the End or Expiry Date, and provide written confirmation to the Buyer that the data has been securely destroyed, except if the retention of Buyer Data is required by Law

- Proof of service: Sent in an emailed letter in PDF format to the correct email address without any error message

20.2 This clause does not apply to any legal action or other method of dispute resolution which should be sent to the addresses in the Order Form (other than a dispute notice under this Call-Off Contract).

21. Exit plan

21.1 The Supplier must provide an exit plan in its Application which ensures continuity of service and the Supplier will follow it.

21.2 When requested, the Supplier will help the Buyer to migrate the Services to a replacement supplier in line with the exit plan. This will be at the Supplier's own expense if the Call-Off Contract Ended before the Expiry Date due to Supplier cause.

21.3 If the Buyer has reserved the right in the Order Form to extend the Call-Off Contract Term beyond 36 months the Supplier must provide the Buyer with an additional exit plan for approval by the Buyer at least 8 weeks before the 30 month anniversary of the Start date.

21.4 The Supplier must ensure that the additional exit plan clearly sets out the Supplier's methodology for achieving an orderly transition of the Services from the Supplier to the Buyer or its replacement Supplier at the expiry of the proposed extension period or if the contract Ends during that period.

21.5 Before submitting the additional exit plan to the Buyer for approval, the Supplier will work with the Buyer to ensure that the additional exit plan is aligned with the Buyer's own exit plan and strategy.

21.6 The Supplier acknowledges that the Buyer's right to take the Term beyond 36 months is subject to the Buyer's own governance process. Where the Buyer is a central government department, this includes the need to obtain approval from CDDO under the Spend Controls process. The approval to extend will only be given if the Buyer can clearly demonstrate that the Supplier's additional exit plan ensures that:

21.6.1 the Buyer will be able to transfer the Services to a replacement supplier before the expiry or Ending of the period on terms that are commercially reasonable and acceptable to the Buyer

22.2 On reasonable notice at any point during the Term, the Supplier will provide any information and data about the G-Cloud Services reasonably requested by the Buyer (including information on volumes, usage, technical aspects, service performance and staffing). This will help the Buyer understand how the Services have been provided and to run a fair competition for a new supplier.

22.3 This information must be accurate and complete in all material respects and the level of detail must be sufficient to reasonably enable a third party to prepare an informed offer for replacement services and not be unfairly disadvantaged compared to the Supplier in the buying process.

23. Force majeure

23.1 Neither Party will be liable to the other Party for any delay in performing, or failure to perform, its obligations under this Call-Off Contract (other than a payment of money) to the extent that such delay or failure is a result of a Force Majeure event.

23.2 A Party will promptly (on becoming aware of the same) notify the other Party of a Force Majeure event or potential Force Majeure event which could affect its ability to perform its obligations under this Call-Off Contract.

23.3 Each Party will use all reasonable endeavours to continue to perform its obligations under the Call-Off Contract and to mitigate the effects of Force Majeure. If a Force Majeure event prevents a Party from performing its obligations under the Call-Off Contract for more

than 30 consecutive Working Days, the other Party can End the Call-Off Contract with immediate effect by notice in writing.

24.2 Notwithstanding Clause 24.1 but subject to Framework Agreement clauses 4.1 to 4.6, the Supplier's liability:

24.2.1 pursuant to the indemnities in Clauses 7, 10, 11 and 29 shall be unlimited; and

24.4 When calculating the Supplier's liability under Clause 24.1 any items specified in Clause 24.2 will not be taken into consideration.

25. Premises

25.1 If either Party uses the other Party's premises, that Party is liable for all loss or damage it causes to the premises. It is responsible for repairing any damage to the premises or any objects on the premises, other than fair wear and tear.

25.2 The Supplier will use the Buyer's premises solely for the performance of its obligations under this Call-Off Contract.

25.3 The Supplier will vacate the Buyer's premises when the Call-Off Contract Ends or expires.

25.4 This clause does not create a tenancy or exclusive right of occupation.

25.5 While on the Buyer's premises, the Supplier will:

25.5.1 comply with any security requirements at the premises and not do anything to weaken the security of the premises

25.5.2 comply with Buyer requirements for the conduct of personnel

25.5.3 comply with any health and safety measures implemented by the Buyer

25.5.4 immediately notify the Buyer of any incident on the premises that causes any damage to Property which could cause personal injury

25.6 The Supplier will ensure that its health and safety policy statement (as required by the Health and Safety at Work etc Act 1974) is made available to the Buyer on request.

26. Equipment

26.1 The Supplier is responsible for providing any Equipment which the Supplier requires to provide the Services.

26.2 Any Equipment brought onto the premises will be at the Supplier's own risk and the Buyer will have no liability for any loss of, or damage to, any Equipment.

26.3 When the Call-Off Contract Ends or expires, the Supplier will remove the Equipment and any other materials leaving the premises in a safe and clean condition.

27. The Contracts (Rights of Third Parties) Act 1999

27.1 Except as specified in clause 29.8, a person who is not a Party to this Call-Off Contract has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any of its terms. This does not affect any right or remedy of any person which exists or is available otherwise.

28. Environmental requirements

28.1 The Buyer will provide a copy of its environmental policy to the Supplier on request, which the Supplier will comply with.

28.2 The Supplier must provide reasonable support to enable Buyers to work in an environmentally friendly way, for example by helping them recycle or lower their carbon footprint.

29. The Employment Regulations (TUPE)

29.1 The Supplier agrees that if the Employment Regulations apply to this Call-Off Contract on the Start date then it must comply with its obligations under the Employment Regulations and (if applicable) New Fair Deal (including entering into an Admission Agreement) and will indemnify the Buyer or any Former Supplier for any loss arising from any failure to comply.

29.2 Twelve months before this Call-Off Contract expires, or after the Buyer has given notice to end it, and within 28 days of the Buyer's request, the Supplier will fully and accurately disclose to the Buyer all staff information including, but not limited to, the total number of staff assigned for the purposes of TUPE to the Services. For each person identified the Supplier must provide details of:

29.2.1 the activities they perform

29.2.2 age

29.2.3 start date

29.2.4 place of work

29.2.5 notice period

29.2.6 redundancy payment entitlement

29.2.7 salary, benefits and pension entitlements

29.2.8 employment status

29.2.9 identity of employer

29.2.10 working arrangements

29.2.11 outstanding liabilities

29.2.12 sickness absence

29.2.13 copies of all relevant employment contracts and related documents

29.2.14 all information required under regulation 11 of TUPE or as reasonably requested by the Buyer.

29.3 The Supplier warrants the accuracy of the information provided under this TUPE clause and will notify the Buyer of any changes to the amended information as soon as reasonably possible. The Supplier will permit the Buyer to use and disclose the information to any prospective Replacement Supplier.

29.4 In the 12 months before the expiry of this Call-Off Contract, the Supplier will not change the identity and number of staff assigned to the Services (unless reasonably requested by the Buyer) or their terms and conditions, other than in the ordinary course of business.

29.5 The Supplier will cooperate with the re-tendering of this Call-Off Contract by allowing the Replacement Supplier to communicate with and meet the affected employees or their representatives.

29.6 The Supplier will indemnify the Buyer or any Replacement Supplier for all Loss arising from both:

29.6.1 its failure to comply with the provisions of this clause

29.6.2 any claim by any employee or person claiming to be an employee (or their employee representative) of the Supplier which arises or is alleged to arise from any act or omission by the Supplier on or before the date of the Relevant Transfer

29.7 The provisions of this clause apply during the Term of this Call-Off Contract and indefinitely after it Ends or expires.

29.8 For these TUPE clauses, the relevant third party will be able to enforce its rights under this clause but their consent will not be required to vary these clauses as the Buyer and Supplier may agree.

30. Additional G-Cloud services

30.1 The Buyer may require the Supplier to provide Additional Services. The Buyer doesn't have to buy any Additional Services from the Supplier and can buy services that are the same as or similar to the Additional Services from any third party.

30.2 If reasonably requested to do so by the Buyer in the Order Form, the Supplier must provide and monitor performance of the Additional Services using an Implementation Plan.

31. Collaboration

31.1 If the Buyer has specified in the Order Form that it requires the Supplier to enter into a Collaboration Agreement, the Supplier must give the Buyer an executed Collaboration Agreement before the Start date.

31.2 In addition to any obligations under the Collaboration Agreement, the Supplier must:

31.2.1 work proactively and in good faith with each of the Buyer's contractors

31.2.2 co-operate and share information with the Buyer's contractors to enable the efficient operation of the Buyer's ICT services and G-Cloud Services

32. Variation process

32.2 The Supplier must notify the Buyer immediately in writing of any proposed changes to their G-Cloud Services or their delivery by submitting a Variation request using the template in Schedule 9. This includes any changes in the Supplier's supply chain.

32.3 If either Party can't agree to or provide the Variation, the Buyer may agree to continue performing its obligations under this Call-Off Contract without the Variation, or End this Call-Off Contract by giving 30 days' notice to the Supplier.

End-of-contract data extraction

Customers can extract all the data from the platform at any point during the duration of the contract. Additionally, Go Vocal makes platform data available at no additional cost via a raw database transfer, compatible with the open-source PostgreSQL database package. Go Vocal has an exit policy to support clients who wish to cease using the solution.

End-of-contract process

At the end of the contract, Go Vocal will remove the customer's access to the platform and archive all existing projects. The platform and related data is deleted within 12 months but customers can ask for their own timeline on this. There is no additional cost involved. The customer is given the opportunity to retrieve or request data.

API

Yes

What users can and can't do using the API

In addition to the manual export of data, Go Vocal has a well-documented Application Programming Interface (API), so that other applications can exchange data with the software. This API is open so that the data in the platform can be offered in the form of open data. (e.g. for displaying data on a map). The authentication uses the JWT standard and the login data can easily be obtained from Go Vocal. The documentation contains a complete list of possible operations, with examples. The API is constantly being expanded to unlock new functionalities. The documentation is also consistently kept up to date: 1. Read data All data from ideas, comments, projects and users are made available for processing by external tools via our documented REST API. 2. Write data In addition to reading data, the API also offers opportunities to create ideas and approve verifications of citizens. This creates many opportunities for the automated input of content from other systems in the city. One of the possibilities is an integration with the city's agenda software to automatically publish agenda items and reports of the city council or advisory councils on the platform.

Customisation available

Yes

Description of customisation

The Go Vocal platform can be customised by each customer to meet their specific needs. The main areas, which customers can personalise are: branding (logos, colours, visuals, etc), languages (the platform is multilingual), topics (to classify resident input), geographic data (map location and zoom levels for instance), registration fields (information requested of users when signing in), webpages (create certain custom pages). Customers also benefit from a modular toolkit that enables them to pick and choose from a toolbox of engagement methods for each specific project.

Scaling

Independence of resources

The software solution has been built redundantly. The delivery, application and database layers are made up of multiple servers that dynamically distribute the work and can take over from each other. To reduce the risk of multiple servers becoming inaccessible at the same time, they are physically located in different zones of the data center. The application servers apply auto-scaling to deal with peak times. In the event of a high load, the number of servers is expanded fully automatically in order to reduce the global load to a level that offers an optimal user experience and quick response times.

Metrics types

All the metrics are displayed in four different dashboards. The summary dashboard and the user dashboard are available to all customers. They include data on the usage rate of the platform as well as on the demographics of the users themselves. Standard and Premium customers may also gain access to two deeper data insight features (idea clusters and idea mapping). Both of these are enabled by our in-house built natural language processing (NLP) technology.

Availability and resilience

Guaranteed availability

The Services shall be available more than 99%, measured monthly, excluding scheduled maintenance. If Customer requests maintenance during these hours, any uptime or downtime calculation will exclude periods affected by such maintenance. Further, any downtime resulting from outages of third party connections or utilities or other reasons beyond Company's control will also be excluded from any such calculation. Customer's sole and exclusive remedy, and Company's entire liability, in connection with Service availability shall be that for each period of downtime lasting longer than one hour, Company will credit Customer 5% of Service fees for each period of 60 or more consecutive minutes of downtime; provided that no more than one such credit will accrue per day. Downtime shall begin to accrue as soon as Customer (with notice to Company) recognises that downtime is taking place. To receive downtime credit, Customer must notify Company in writing within 24hours from the time of downtime, and failure to provide such notice will forfeit the right to receive downtime credit. Such credits may not be redeemed for cash and shall not be cumulative beyond a total of credits for one (1) week of Service Fees in any one (1) calendar month in any event.

The application layer has a permission system that specifies access policies for every user role and every read/and write action on every data resource. These policies are automatically tested in every change to the application.

Configuration and change management standard

Recognised standard

Configuration and change management approach

Change management is performed according to our ISO27001 Change Management policy. An internal database, part of the technical knowledge base, tracks all services and code repositories used by the platform, including their deployment information, API serving and consumption. All applications are containerised and tracked through a centralised container registry. Security concerns are an explicit part of the specification documents of all new features or changes to existing features.

Vulnerability management type

Recognised standard

Vulnerability management approach

The application source code is automatically monitored for CVEs using GitHub's vulnerability alerts database in any library dependencies, upgrading them as soon as possible. We release very frequently, about twice per week. Critical issues are released right away. Static code analysis detect known malicious patterns and blocks them from reaching production deployments.

Protective monitoring type

Recognised standard

Protective monitoring approach

Server and application access is monitored and anomalies trigger notifications to the support team. Platform administrators are in direct contact with our account managers through e-mail, phone and in-platform chat, which are in direct contact with the 2nd line technical team.

Incident management type

Recognised standard

Incident management approach

Our incident response plan described how to respond to high, medium and low-medium severity incidents, describing the priority and communication actions to take for each category of severity. For issues with critical severity, there's a critical response plan that gets highest priority. Platform administrators are in direct contact with our account managers through e-mail, phone and in-platform chat, which are in direct contact with the 2nd line technical team. All incidents are anonymously archived in an incident log and proves to be a useful "lessons-learned" approach.

If at any time the Supplier will fail to perform any of the guaranteed obligations, the Guarantor irrevocably and unconditionally undertakes to the Buyer it will, at the cost of the Guarantor:

- fully perform or buy performance of the guaranteed obligations to the Buyer
- as a separate and independent obligation and liability, compensate and keep the Buyer compensated against all losses and expenses which may result from a failure by the Supplier to perform the guaranteed obligations under the Call-Off Contract

As a separate and independent obligation and liability, the Guarantor irrevocably and unconditionally undertakes to compensate and keep the Buyer compensated on demand against all losses and expenses of whatever nature, whether arising under statute, contract or at common Law, if any obligation guaranteed by the guarantor is or becomes unenforceable, invalid or illegal as if the obligation guaranteed had not become unenforceable, invalid or illegal provided that the guarantor's liability will be no greater than the Supplier's liability would have been if the obligation guaranteed had not become unenforceable, invalid or illegal.

Obligation to enter into a new contract

If the Call-Off Contract is terminated or if it is disclaimed by a liquidator of the Supplier or the obligations of the Supplier are declared to be void or voidable, the Guarantor will, at the request of the Buyer, enter into a Contract with the Buyer in the same terms as the Call-Off Contract and the obligations of the Guarantor under such substitute agreement will be the same as if the Guarantor had been original obligor under the Call-Off Contract or under an agreement entered into on the same terms and at the same time as the Call-Off Contract with the Buyer.

Any notice purported to be served on the Buyer under this Deed of Guarantee will only be valid when received in writing by the Buyer.

Beneficiary's protections

The Guarantor will not be discharged or released from this Deed of Guarantee by:

- any arrangement made between the Supplier and the Buyer (whether or not such arrangement is made with the assent of the Guarantor)

- any forbearance or indulgence as to payment, time, performance or otherwise granted by the Buyer (whether or not such amendment, termination, forbearance or indulgence is made with the assent of the Guarantor)
- the Buyer doing (or omitting to do) anything which, but for this provision, might exonerate the Guarantor

This Deed of Guarantee will be a continuing security for the Guaranteed Obligations and accordingly:

- it will not be discharged, reduced or otherwise affected by any partial performance (except to the extent of such partial performance) by the Supplier of the Guaranteed Obligations or by any omission or delay on the part of the Buyer in exercising its rights under this Deed of Guarantee
- it will not be affected by any dissolution, amalgamation, reconstruction, reorganisation, change in status, function, control or ownership, insolvency, liquidation, administration, appointment of a receiver, voluntary arrangement, any legal limitation or other incapacity, of the Supplier, the Buyer, the Guarantor or any other person
- if, for any reason, any of the Guaranteed Obligations is void or unenforceable against the Supplier, the Guarantor will be liable for that purported obligation or liability as if the same were fully valid and enforceable and the Guarantor were principal debtor
- the rights of the Buyer against the Guarantor under this Deed of Guarantee are in addition to, will not be affected by and will not prejudice, any other security, guarantee, indemnity or other rights or remedies available to the Buyer

The Buyer will be entitled to exercise its rights and to make demands on the Guarantor under this Deed of Guarantee as often as it wishes. The making of a demand (whether effective, partial or defective) relating to the breach or non-performance by the Supplier of any Guaranteed Obligation will not preclude the Buyer from making a further demand relating to the same or some other Default regarding the same Guaranteed Obligation.

The Buyer will not be obliged before taking steps to enforce this Deed of Guarantee against the Guarantor to:

- obtain judgement against the Supplier or the Guarantor or any third party in any court
- make or file any claim in a bankruptcy or liquidation of the Supplier or any third party
- take any action against the Supplier or the Guarantor or any third party

No action (or inaction) by the Buyer relating to any such security, guarantee or other means of payment will prejudice or affect the liability of the Guarantor.

The Buyer's rights under this Deed of Guarantee are cumulative and not exclusive of any rights provided by Law. The Buyer's rights may be exercised as often as the Buyer deems expedient. Any waiver by the Buyer of any terms of this Deed of Guarantee, or of any Guaranteed Obligations, will only be effective if given in writing and then only for the purpose and upon the terms and conditions on which it is given.

Any release, discharge or settlement between the Guarantor and the Buyer will be conditional upon no security, disposition or payment to the Buyer by the Guarantor or any other person being void, set aside or ordered to be refunded following any enactment or Law relating to liquidation, administration or insolvency or for any other reason. If such condition will not be fulfilled, the Buyer will be entitled to enforce this Deed of Guarantee subsequently as if such release, discharge or settlement had not occurred and any such payment had not been made. The Buyer will be entitled to retain this security before and after the payment,

discharge or satisfaction of all monies, obligations and liabilities that are or may become due owing or incurred to the Buyer from the Guarantor for such period as the Buyer may determine.

All sums payable by the Guarantor under this Deed of Guarantee will be paid without any set-off, lien or counterclaim, deduction or withholding, except for those required by Law. Guarantor's acknowledgement

The Guarantor warrants, acknowledges and confirms to the Buyer that it has not entered into this Deed of Guarantee in reliance upon the Buyer nor been induced to enter into this Deed of Guarantee by any representation, warranty or undertaking made by, or on behalf of the Buyer, (whether express or implied and whether following statute or otherwise) which is not in this Deed of Guarantee.

Assignment

The Buyer will be entitled to assign or transfer the benefit of this Deed of Guarantee at any time to any person without the consent of the Guarantor being required and any such assignment or transfer will not release the Guarantor from its liability under this Guarantee.

Third-party rights

A person who is not a Party to this Deed of Guarantee will have no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Deed of Guarantee. The Guarantor irrevocably agrees for the benefit of the Buyer that the courts of England will have jurisdiction to hear and determine any suit, action or proceedings and to settle any dispute which may arise out of or in connection with this Deed of Guarantee and for such purposes hereby irrevocably submits to the jurisdiction of such courts.

Nothing contained in this Clause will limit the rights of the Buyer to take proceedings against the Guarantor in any other court of competent jurisdiction, nor will the taking of any such proceedings in one or more jurisdictions preclude the taking of proceedings in any other jurisdiction, whether concurrently or not (unless precluded by applicable Law).

The Guarantor irrevocably waives any objection which it may have now or in the future to the courts of England being nominated for this Clause on the ground of venue or otherwise and agrees not to claim that any such court is not a convenient or appropriate forum.

The provisions of paragraph 3.3 to 3.5 shall apply again to any resubmitted CRP Information provided that either Party may refer any disputed matters for resolution under clause 32 of the Framework Agreement (Managing disputes).

3.6 Where the Supplier or a member of the Supplier Group has already provided CRP Information to a central government body or the Cabinet Office Markets and Suppliers Team (or, in the case of a Strategic Supplier, solely to the Cabinet Office Markets and Suppliers Team) and has received an Assurance of its CRP Information from that central government body and the Cabinet Office Markets and Suppliers Team (or, in the case of a Strategic Supplier, solely from the Cabinet Office Markets and Suppliers Team), then provided that the Assurance remains Valid (which has the meaning in paragraph 3.7 below) on the date by which the CRP Information would otherwise be required, the Supplier shall not be required to provide the CRP Information under Paragraph 3.2 if it provides a copy of the Valid Assurance to the Appropriate Authority or Appropriate Authorities on or before the date on which the CRP Information would otherwise have been required.

3.7 An Assurance shall be deemed Valid for the purposes of Paragraph 3.6 if:

3.7.1 the Assurance is within the validity period stated in the Assurance (or, if no validity period is stated, no more than 12 months has elapsed since it was issued and no more than 18 months has elapsed since the Accounting Reference Date on which the CRP Information was based); and

3.7.2 no Corporate Change Events or Financial Distress Events (or events which would be deemed to be Corporate Change Events or Financial Distress Events if the Call-Off Contract had then been in force) have occurred since the date of issue of the Assurance.

3.8 If the Call-Off Contract is a Critical Service Contract, the Supplier shall provide an updated version of the CRP Information (or, in the case of Paragraph 3.8.3 of its initial CRP Information) to the Appropriate Authority or Appropriate Authorities:

3.8.1 within 14 days of the occurrence of a Financial Distress Event (along with any additional highly confidential information no longer exempted from disclosure under Paragraph 3.11) unless the Supplier is relieved of the consequences of the Financial Distress Event as a result of credit ratings being revised upwards;

3.8.2 within 30 days of a Corporate Change Event unless

(a) the Supplier requests and the Appropriate Authority (acting reasonably) agrees to a Corporate Change Event Grace Period, in the event of which the time period for the Supplier to comply with this Paragraph shall be extended as determined by the Appropriate Authority (acting reasonably) but shall in any case be no longer than six months after the Corporate Change Event. During a Corporate Change Event Grace Period the Supplier shall regularly and fully engage with the Appropriate Authority to enable it to understand the nature of the Corporate Change Event and the Appropriate Authority shall reserve the right to terminate a Corporate Change Event Grace Period at any time if the Supplier fails to comply with this Paragraph; or

(b) not required pursuant to Paragraph 3.10;

3.8.3 within 30 days of the date that:

(a) the credit rating(s) of each of the Supplier and its Parent Undertakings fail to meet any of the criteria specified in Paragraph 3.10; or

(b) none of the credit rating agencies specified at Paragraph 3.10 hold a public credit rating for the Supplier or any of its Parent Undertakings; and

3.8.4 in any event, within 6 months after each Accounting Reference Date or within 15 months of the date of the previous Assurance received from the Appropriate Authority (whichever is the earlier), unless:

(a) updated CRP Information has been provided under any of Paragraphs 3.8.1 3.8.2 or 3.8.3 since the most recent Accounting Reference Date (being no more than 12 months previously) within the timescales that would ordinarily be required for the provision of that information under this Paragraph 3.8.4; or

(b) not required pursuant to Paragraph 3.10.

3.9 Where the Supplier is a Public Sector Dependent Supplier and the Call-Off Contract is not a Critical Service Contract, then on the occurrence of any of the events specified in Paragraphs 3.8.1 to 3.8.4, the Supplier shall provide at the request of the Appropriate Authority or Appropriate Authorities and within the applicable timescales for each event as set out in Paragraph 3.8 (or such longer timescales as may be notified to the Supplier by the Buyer), the CRP Information to the Appropriate Authority or Appropriate Authorities.

3.10 Where the Supplier or a Parent Undertaking of the Supplier has a credit rating of either:

3.10.1 Aa3 or better from Moody's;

3.10.2 AA- or better from Standard and Poors;

3.10.3 AA- or better from Fitch;

the Supplier will not be required to provide any CRP Information unless or until either (i) a Financial Distress Event occurs (unless the Supplier is relieved of the consequences of the Financial Distress Event due to credit ratings being revised upwards) or (ii) the Supplier and its Parent Undertakings cease to fulfil the criteria set out in this Paragraph 3.10, in which cases the Supplier shall provide the updated version of the CRP Information in accordance with paragraph 3.8.

3.11 Subject to Paragraph 5, where the Supplier demonstrates to the reasonable satisfaction of the Appropriate Authority or Appropriate Authorities that a particular item of CRP

Information is highly confidential, the Supplier may, having orally disclosed and discussed that information with the Appropriate Authority or Appropriate Authorities, redact or omit that information from the CRP Information provided that if a Financial Distress Event occurs, this exemption shall no longer apply and the Supplier shall promptly provide the relevant information to the Appropriate Authority or Appropriate Authorities to the extent required under Paragraph 3.8.

4. Termination Rights

4.1 The Buyer shall be entitled to terminate the Call-Off Contract if the Supplier is required to provide CRP Information under Paragraph 3 and either:

4.1.1 the Supplier fails to provide the CRP Information within 4 months of the Start Date if this is a Critical Service Contract or otherwise within 4 months of the Appropriate Authority's or Appropriate Authorities' request; or

4.1.2 the Supplier fails to obtain an Assurance from the Appropriate Authority or Appropriate Authorities within 4 months of the date that it was first required to provide the CRP Information under the Call-Off Contract, which shall be deemed to be an event to which Clause 18.4 applies.

5. Confidentiality and usage of CRP Information

5.1 The Buyer agrees to keep the CRP Information confidential and use it only to understand the implications of an Insolvency Event of the Supplier and/or Supplier Group members on its UK Public Sector Business and/or services in respect of CNI and to enable contingency planning to maintain service continuity for end users and protect CNI in such eventuality.

5.2 Where the Appropriate Authority is the Cabinet Office Markets and Suppliers Team, at the Supplier's request, the Buyer shall use reasonable endeavours to procure that the Cabinet Office enters into a confidentiality and usage agreement with the Supplier containing terms no less stringent than those placed on the Buyer under paragraph 5.1 and incorporated Framework Agreement clause 34.

5.3 The Supplier shall use reasonable endeavours to obtain consent from any third party which has restricted the disclosure of the CRP Information to enable disclosure of that information to the Appropriate Authority or Appropriate Authorities pursuant to Paragraph 3 subject, where necessary, to the Appropriate Authority or Appropriate Authorities entering into an appropriate confidentiality agreement in the form required by the third party.

5.4 Where the Supplier is unable to procure consent pursuant to Paragraph 5.3, the Supplier shall use all reasonable endeavours to disclose the CRP Information to the fullest extent possible by limiting the amount of information it withholds including by:

5.4.1 redacting only those parts of the information which are subject to such obligations of confidentiality;

5.4.2 providing the information in a form that does not breach its obligations of confidentiality including (where possible) by:

- (a) summarising the information;
- (b) grouping the information;
- (c) anonymising the information; and
- (d) presenting the information in general terms

5.5 The Supplier shall provide the Appropriate Authority or Appropriate Authorities with contact details of any third party which has not provided consent to disclose CRP Information where that third party is also a public sector body and where the Supplier is legally permitted to do so.

ANNEX 1: EXPOSURE: CRITICAL CONTRACTS LIST

1.2 ensure that the information is presented so as to provide a simple, effective and easily understood overview of the Supplier Group; and

1.3 provide full details of the importance of each member of the Supplier Group to the Supplier Group's UK Public Sector Business and CNI agreements listed pursuant to Annex 1 and the dependencies between each.

ANNEX 3: Financial information AND COMMENTARY

1.1 provide sufficient financial information for the Supplier Group level, contracting operating entities level, and shared services entities' level to allow the Appropriate Authority to understand the current financial interconnectedness of the Supplier Group and the current performance of the Supplier as a standalone entity; and

1.2 ensure that the information is presented in a simple, effective and easily understood manner.

2 For the avoidance of doubt the financial information to be provided pursuant to Paragraph 1 of this Annex 3 should be based on the most recent audited accounts for the relevant entities (or interim accounts where available) updated for any material changes since the Accounting Reference Date provided that such accounts are available in a reasonable timeframe to allow the Supplier to comply with its obligations under this Schedule. If such accounts are not available in that timeframe, to the extent permitted by Law financial information should be based on unpublished unaudited accounts or management accounts (disclosure of which to the Appropriate Authority remains protected by confidentiality).
