in order that each of them may take whatever steps they think appropriate.

Withholding of Funding at Exception Report for Breach of Remedial Action Plan

26.23 If the Provider fails to complete an action required of it, or to deliver the improvement required, by a Remedial Action Plan in accordance with that Remedial Action Plan:

- (a) (if the Remedial Action Plan does not itself provide for a withholding or other financial sanction in relation to that failure) NHSE may, when issuing an Exception Report, withhold in respect of each action not completed or improvement not met, a reasonable and proportionate sum of up to 5% of the Actual Monthly Value, from the date of issuing the Exception Report and for each month the Provider's breach continues and/or the required improvement has not been achieved and maintained, subject to a maximum monthly withholding in relation to each Remedial Action Plan of 50% of the Actual Monthly Value; and
- (b) NHSE must pay the Provider any Funding withheld under clause 26.23(a) within 10 Business Days following NHSE's confirmation that the breach of the Remedial Action Plan has been rectified and/or the required improvement has been achieved and maintained. No interest shall be payable on those sums.

Retention of Sums Withheld for Breach of Remedial Action Plan

26.24 If, 20 Business Days after an Exception Report has been issued under clause 26.22, the Provider remains in breach of a Remedial Action Plan, NHSE may notify the Provider that any Funding withheld under clause 26.23(a) is to be retained permanently by NHSE.

27.3 Extra-ordinary review meetings may be called by NHSE or the Provider, giving 10 Business Days' written notice. In these circumstances the calling Party shall issue an agenda to the other Party within 5 Business Days of the meeting.

27.4 A Review Meeting shall be convened with representatives from the quality, finance, and performance and operations department of NHSE.

Where the Provider is relying on Applicable Law as the basis for processing personal data, the Provider shall promptly notify NHSE of this before performing the processing required by the Applicable Law and/or Guidance unless the Applicable Law and/or Guidance prohibits the Provider from so notifying NHSE;
- (b) at the written direction of NHSE, delete or return personal data and copies thereof to NHSE on termination of the contract unless required by Applicable Law and/or Guidance to store the personal data; and
- (c) maintain complete and accurate records and information to demonstrate its compliance with this clause 33 and allow for audits by NHSE or NHSE's designated auditor and immediately inform NHSE if, in the opinion of the Provider, an instruction infringes the Data Protection Legislation.

33.3 Where both Parties are data controllers in respect of personal data processed for the purposes of this contract, they shall document their respective rights and responsibilities in respect of such data based on the model data sharing agreement at Schedule 6.

33.4 Without prejudice to the generality of clause 33.1, NHSE shall ensure that it has all necessary appropriate consents and notices in place to enable lawful transfer of the personal data to the Provider for the duration and purposes of this contract.

33.5 Without prejudice to the generality of clause 33.1, the Provider shall, in relation to any personal data processed in connection with the performance by the Provider of its obligations under this contract:

- (a) ensure that it has in place appropriate technical and organisational measures, reviewed and approved by NHSE, to protect against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data, appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymising and encrypting personal data, ensuring confidentiality, integrity, availability and resilience of its systems and services, ensuring that availability of and access to personal data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it);

NHS Education Contract v1.1

- (b) without prejudice to clause 34, ensure that all personnel who have access to and/or process personal data are obliged to keep the personal data confidential; and

 - (i) NHSE or the Provider has provided appropriate safeguards in relation to the transfer;
 - (ii) the data subject has enforceable rights and effective legal remedies;
 - (iii) the Provider complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any personal data that is transferred; and
 - (iv) the Provider complies with reasonable instructions notified to it in advance by NHSE with respect to the processing of the personal data,
- (d) assist NHSE in responding to any request from a data subject and in ensuring compliance with its obligations under the Data Protection Legislation with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators; and
- (e) notify NHSE without undue delay on becoming aware of a personal data breach.

33.6 The Provider must obtain the prior written consent of NHSE, such consent not to be unreasonably withheld or delayed, prior to appointing an Affiliate or any third party as a processor of Personal Data under this contract.

34. Confidentiality

34.1 Except as this contract otherwise provides, Confidential Information is owned by the disclosing Party and the receiving Party has no right to use it.

34.2 Subject to clause 34.3 and clause 34.4 the receiving Party agrees:

- (a) to use the disclosing Party's Confidential Information only in connection with the receiving Party's performance under this Contract;
- (b) not to disclose the disclosing Party's Confidential Information to any third Party or to use it to the detriment of the disclosing Party; and

- (g) as permitted under or as may be required to give effect to clause 26;
- (h) as permitted under any other express arrangement or other provision of this contract.

34.4 The obligations in clause 34.1 and clause 34.2 shall not apply to any Confidential Information which:

- (a) is in or comes into the public domain other than by breach of this contract;
- (b) the receiving Party can show by its records was in its possession before it received it from the disclosing Party; or

34.6 The receiving Party must indemnify the disclosing Party and keep the disclosing Party indemnified against Losses and indirect losses suffered or incurred by the disclosing Party as a result of any breach of this clause 34.

34.7 The Parties acknowledge that damages would not be an adequate remedy for any breach of this clause 34 by the receiving Party, and in addition to any right to damages the disclosing Party shall be entitled to the remedies of injunction, specific performance and other equitable relief for any threatened or actual breach of this clause 34.

34.8 This clause 34 shall survive the expiry or the termination of this contract for a period of 5 years.

NHS Education Contract v1.1

34.9 This clause 34 shall not limit the Public Interest Disclosure Act 1998 in any way whatsoever.

35. Insurance

35.1 Without prejudice to its obligations to NHSE under this contract, including its indemnity and liability obligations, the Provider shall for the Term at its own cost take out and maintain, or procure the taking out and maintenance of the insurances as set out in this clause and any other insurances as may be required by Applicable Law and/or Guidance (together the “**Insurances**”).

35.2 During the Term and for a period of six years after the Provider ceases to have any obligations under this contract, the Provider shall maintain in force the following insurance policies with reputable insurance companies:

- (a) public liability insurance with a limit of at least £2,000,000 a claim;

35.3 The Provider confirms that the insurance taken out in accordance with this clause 35 adequately covers any losses caused by injury or death to persons (including Learners) arising from the Services including as a result of any notifiable infectious diseases as listed under the Health Protection (Notification) Regulations 2010, including, but not limited to, COVID-19.

35.4 During the Term, the Provider shall fulfil all duties relating to the Learners' health, safety and welfare as if it was their employer and shall comply with NHSE's reasonable requests in connection with the Provider's duties in relation to the Learners.

35.5 The Provider shall agree with NHSE the specific duties and obligations of such persons as regards Learner supervision and patient care as appropriate. For the purposes of this clause 35 and in performing the Services, the Provider agrees to be deemed to be the employer of the Learner whilst undertaking a

Programme(s) and not for the purposes of employment law, save where the Learner is an Employed Learner or a secondee employed via a secondment agreement with the Provider.

35.6 At the commencement of this contract and from time to time thereafter at the reasonable request of NHSE or the NHSE Representative, the Provider shall produce evidence of the insurances obtained and maintained in accordance with this clause 35 to NHSE.

36. Liability

36.1 The Provider is responsible for all liability in relation to Learners undertaking activity within the Premises regardless of the Learners' duties on the Premises.

36.2 Where the Provider provides continuing professional and personal development, it shall be liable for any action of all Learners relating to that continuing professional and personal development.

36.3 In performing the Services, the Provider is deemed to be the employer of the Learner whilst undertaking a Programme. This is for the purposes of the appropriate indemnity being provided and not for the purposes of employment law. NHSE shall use reasonable endeavours to communicate to the Provider any national agreement, policy, or Guidance issued by Government, parliament or any Contracting Authority from time to time which may impact on this contract (and/or specifically this clause 36). The Parties agree to comply with any such national agreement, policy or Guidance.

36.4 NHSE together with the Provider shall arrange that any employees, servants or agents of NHSE who shall work alongside and supervise Learners during a Programme shall be treated as secondees, and contracted accordingly, to the Provider for the purposes of training and instructing Learners and the Provider shall indemnify NHSE against any costs, claims or liabilities which may arise from the negligent acts or omissions of those persons save only to the extent caused (or contributed to) by any act or omission or breach of contract by NHSE.

36.5 Without prejudice to its liability to NHSE for breach of any of its obligations under this contract, the Provider shall be liable for and shall indemnify NHSE against any direct liability, loss, damage, costs, expenses, claims or proceedings whatsoever ("**Losses**") (subject always to an obligation upon NHSE to mitigate any Losses to every reasonably practicable extent) incurred by NHSE in respect of any claim against NHSE, arising under any statute or otherwise in respect of:

- (a) any loss of or damage to property (whether real or personal);

NHS Education Contract v1.1

- (b) any injury to any person (including but not limited to Learners), including injury resulting in death; or
- (c) any infectious disease present on the Premises (including but not limited to COVID-19); or
- (d) any Losses of the Provider that result from or arise out of the Provider's negligence or breach of contract in connection with the performance of this contract except insofar as that loss, damage or injury has been caused by any act or omission by or on the part of, or in accordance with the instructions of, the Provider, any Sub-Contractor, their Staff or agents; or
- (e) any material or non-material damage to any person as a result of infringement of the Data Protection Legislation,

arising directly out of any act or omission or breach of this contract by the Provider (which expression shall in the remainder of this clause include its servants, agents, contractors or any other person who at the request of the Provider is or should be performing or discharging or purporting to perform or discharge one or more of the obligations of the Provider under this contract) save to the extent caused (or contributed to) by any act or omission or breach of contract by NHSE.

37. Limitation of liability

37.1 Subject to clause 37.2 and clause 37.4, the limit of the Provider's liability to NHSE under or in connection with this contract whether arising in contract, tort, negligence, breach of statutory duty or otherwise shall be limited in aggregate to the greater of: (a) five million GBP (£5,000,000); or (b) one hundred and twenty percent (120%) of the total Funding paid or payable by NHSE to the Provider for the Services for all occurrences or series of occurrences in any year of the Term.

37.2 If the total Funding paid or payable by NHSE to the Provider over the Term:

- (a) is less than or equal to one million pounds (£1,000,000), then the figure of five million pounds (£5,000,000) at clause 37.1 shall be replaced with one million pounds (£1,000,000);
- (b) is less than or equal to three million pounds (£3,000,000) but greater than one million pounds (£1,000,000), then the figure of five million pounds (£5,000,000) at clause 37.1 shall be replaced with three million pounds (£3,000,000);
- (c) is equal to, exceeds or will exceed ten million pounds (£10,000,000), but is less than fifty million pounds (£50,000,000), then the figure of five million pounds (£5,000,000) at clause 37.1 shall be replaced with ten million pounds (£10,000,000) and the figure of one hundred and twenty percent

NHS Education Contract v1.1

(120%) at clause 37.1 shall be deemed to have been deleted and replaced with one hundred and fifteen percent (115%); and

- (d) is equal to, exceeds or will exceed fifty million pounds (£50,000,000), then the figure of five million pounds (£5,000,000) at clause 37.1 shall be replaced with fifty million pounds (£50,000,000) and the figure of one hundred and twenty percent (120%) at clause 37.1 shall be deemed to have been deleted and replaced with one hundred and five percent (105%).

37.3 Subject to clause 37.4, NHSE's total liability to the Provider for any and all claims arising under this contract shall be limited to the total Funding.

37.4 Nothing in this contract shall exclude or limit the liability of either Party for death or personal injury caused by negligence or for fraud or fraudulent misrepresentation or any other liability which cannot be excluded or limited by reason of law.

37.5 Neither Party may benefit from the limitations and exclusions set out in this clause in respect of any liability arising from its deliberate default.

37.6 NHSE has no responsibility for any other costs incurred by the Provider in connection with the Services and/or the Programme(s) to which the Funding relates, and the Provider must indemnify and keep NHSE indemnified against any losses, damages, costs, expenses, liabilities, claims, actions, proceedings or other liabilities that result from or arise out of the Provider's acts or omissions in relation to the Services and/or the Programme(s) or its duties to third parties.

38. Termination

38.1 Without affecting any other right or remedy available to it, NHSE may terminate this contract or any part of the Services at any time on six 6 months' written notice, but may in its absolute discretion terminate on three 3 months' written notice subject to clause 38.6. NHSE will consider the impact on the Provider and the Healthcare System in making the decisions for termination on three 3 months, and share this decision publicly.

38.2 Without affecting any other right or remedy available to it, the Provider may terminate this contract or any part of the Services at any time with the written agreement of NHSE and providing twelve 12 months' notice in writing. In partnership with the Provider and at the discretion of NHSE this notice period may be reduced where it is reasonable to NHSE to do so, provided that twelve 12 months' notice has been provided.

NHS Education Contract v1.1

38.3 Without affecting any other right or remedy available to it, either Party may terminate this contract with immediate effect by giving written notice to the other Party if:

- (a) the other Party commits a material breach of any term of this contract and (if such breach is remediable) fails to remedy that breach within a period of 20 Business Days after being notified in writing to do so;
- (b) the other Party repeatedly breaches any of the terms of this contract in such a manner as to reasonably justify the opinion that its conduct is inconsistent with it having the intention or ability to give effect to the terms of this contract;
- (c) where the Provider is an NHS Trust or NHS Foundation Trust, the Provider is or becomes subject to an order made under section 65B or 65D of the NHS Act 2006;
- (d) the Provider is in receipt of a quality report from any Regulator which has material adverse implications for the provision of any of the Services, where a Remedial Action Plan has not been agreed and enforced;
- (e) the Provider is subject to an Insolvency Event or otherwise its financial position deteriorates so far as to reasonably justify the opinion that its ability to give effect to the terms of this contract is in jeopardy; and/or
- (f) the Secretary of State for Health and Social Care no longer authorises and/or funds NHSE to commission, and manage the provision of Funding in a manner as envisaged by this contract.

38.4 For the purposes of clause 38.3(a) **material breach** means a breach (including an anticipatory breach) that is serious in the widest sense of having a serious effect on the benefit which the terminating Party would otherwise derive from:

- (a) a substantial portion of this contract; or
- (b) any number of the obligations set out in the contract,

over the term of this contract. In deciding whether any breach is material no regard shall be had to whether it occurs by some accident, mishap, mistake or misunderstanding.

38.5 Without affecting any other right or remedy available to it, the Provider may terminate this contract with immediate effect by giving written notice to NHSE if NHSE fails to pay any amount due under this contract on the due date for payment and remains in default not less than 40 Business Days after being notified in writing to make such payment.

38.6 If following termination (whether partial or full termination) for any reason under this clause 38 there are any Learners remaining with the Provider, NHSE may

NHS Education Contract v1.1

direct that this contract shall remain in full force and effect in relation to such Learners and such Programmes only until such Programmes have been completed.

38.7 The termination of this contract for whatever reason shall be without prejudice to any rights or liabilities which have accrued prior to the date of termination.

39. Obligations on termination and survival

39.1 Obligations on termination or expiry

On termination or expiry of this contract:

- (a) NHSE shall immediately pay to the Provider all of the Provider's outstanding unpaid invoices without interest and, in respect of the Services supplied but for which no invoice has been submitted, the Provider may submit an invoice, which shall be payable immediately on receipt; and
- (b) the Provider and/or NHSE shall on request return any of NHSE Materials not used up in the provision of the Services.

39.2 Where NHSE terminates under clause 39.1, it may not (unless otherwise entitled to do so under clause 17):

- (a) recover any Funding monies already paid to the Provider; or
- (b) withhold any Funding monies otherwise due to be paid to the Provider before the end of the notice period,
- (c) but NHSE shall have no liability to pay the Provider any further sums in relation to the Funding.

39.3 Any rights or obligations under this contract which are expressed to survive, or which otherwise by necessary implication survive the expiry or termination for any reason of this contract (including all indemnities and any obligations relating to use of unspent amounts of the Funding) shall continue after expiry or termination.

39.4 Survival

- (a) On termination or expiry of this contract, the following clauses shall continue in force: clause 1, clause 29, clause 35, clause 388, clause 49, clause 51, clause 62, clause 63 and clause 64.
- (b) Termination or expiry of this contract shall not affect any rights, remedies, obligations or liabilities of the Parties that have accrued up to the date of termination or expiry, including the right to claim damages in respect of any

NHS Education Contract v1.1

breach of the contract which existed at or before the date of termination or expiry.

40. Publicity and NHS Branding

40.1 The Provider must not, without the prior written consent of NHSE, apply NHS branding or NHSE's name or logo to the Services, and must obtain the NHSE's prior written approval (not to be unreasonably withheld) for any publicity in connection with the Provider's receipt of the Funding.

40.2 If NHSE does permit the Provider to use NHS branding, its name or logo in connection with the Services, that permission is limited to the purposes and duration communicated to the Provider by NHSE and the Provider must comply with the NHS Branding Guidelines.

40.3 Goodwill in the Services, to the extent branded as NHS services, shall belong separately to both the Secretary of State and the Provider. The Provider may enforce its rights in its own branding even if it includes the NHS Brand. The Provider must provide whatever assistance the Secretary of State may reasonably require to allow the Secretary of State to maintain and enforce his rights in respect of the NHS Brand.

41. Force majeure

41.1 **Force Majeure Event** means any circumstance not within a Party's reasonable control including (having regard to Emergency Preparedness, Resilience and Response guidance) without limitation:

- (a) acts of God, flood, drought, earthquake or other natural disaster;
- (b) terrorist attack, civil war, civil commotion or riots, war, threat of or preparation for war, armed conflict, imposition of sanctions, embargo, or breaking off of diplomatic relations;
- (c) nuclear, chemical or biological contamination or sonic boom;
- (d) any law or any action taken by a government or public authority, including imposing an export or import restriction, quota or prohibition, or failing to provide a necessary licence or consent;
- (e) collapse of buildings, fire, explosion or accident;
- (f) any labour or trade dispute, strikes, industrial action or lockouts;
- (g) non-performance by Providers or Sub-contractors and interruption or failure of utility service.

NHS Education Contract v1.1

41.2 For the avoidance of doubt, a Force Majeure Event does not include an epidemic, pandemic, or other incidents which have been planned under NHS Emergency Preparedness, Resilience and Response requirements. Providers are required to work in partnership to identify these events and to collaborate with NHSE to comply with any national guidance issued in these circumstances.

41.3 Provided it has complied with clause 41.5, if a Party is prevented, hindered or delayed in or from performing any of its obligations under this contract by a Force Majeure Event (**Affected Party**), the Affected Party shall not be in breach of this contract or otherwise liable for any such failure or delay in the performance of such obligations. The time for performance of such obligations shall be extended accordingly.

41.4 The corresponding obligations of the other Party shall be suspended, and its time for performance of such obligations extended, to the same extent as those of the Affected Party.

41.5 The Affected Party shall:

- (a) as soon as reasonably practicable after the start of the Force Majeure Event [but no later than 5 Business Days from its start], notify NHSE in writing of the Force Majeure Event, the date on which it started, its likely or potential duration, and the effect of the Force Majeure Event on its ability to perform any of its obligations under this contract; and
- (b) use all reasonable endeavours to mitigate the effect of the Force Majeure Event on the performance of its obligations.

41.6 If the Force Majeure Event prevents, hinders or delays the Affected Party's performance of its obligations for a continuous period of more than 4 weeks, the Party not affected by the Force Majeure Event may terminate this contract by giving 4 weeks' written notice to the Affected Party.

41.7 All Regulator, NHS and NHSE notices should be adhered to by the Provider in the event of a Force Majeure Event.

42. Assignment, sub-contracting, and other dealings

42.1 NHSE may assign, transfer, mortgage, charge, subcontract, delegate, declare a trust over or deal in any other manner any or all of its rights and obligations under this contract to any third party, provided that it gives prior written notice of such subcontract or delegation to the Provider.

42.2 The Provider may with the permission of NHSE (provided that the Provider gives prior written notice of such dealing to NHSE) or at the direction of NHSE assign,

NHS Education Contract v1.1

transfer, sub-contract, or deal in any other manner with any or all of its rights and obligations under this contract.

42.3 NHSE may at its absolute discretion require the Provider to work collaboratively with another provider and/or enter into a TPA in order to deal with any of the Provider's rights and obligations under this contract.

42.4 Sub-contracting any part of this contract will not relieve the Provider of any of its obligations or duties under this contract. The Provider will be responsible for the performance of and will be liable to NHSE for the acts and/or omissions of all Sub-Contractors as though they were its own.

42.5 Any positive obligation or duty on the part of the Provider under this contract includes an obligation or duty to ensure that all Sub-Contractors comply with that positive obligation or duty. Any negative duty or obligation on the part of the Provider under this contract includes an obligation or duty to ensure that all Sub-Contractors comply with that negative obligation or duty.

42.6 If the Provider enters into a Sub-Contract it must ensure that the Sub-Contractor does not further sub-contract its obligations under the Sub-contract without the approval of NHSE.

42.7 The Provider will remain responsible for the performance and will be liable to NHSE for the acts and omissions of any third party to which the Provider assigns or transfers any obligation or duty under this contract, unless and until the terms of that assignment, or transfer have been accepted by the third party so that the third party is liable to NHSE for its acts and omissions.

43. Replacement of Sub-Contractors

43.1 If NHSE is entitled to terminate this contract in accordance with clause 38, wholly or partly in connection with any Sub-Contract or as a result of any act or omission on the part of a Sub-Contractor, NHSE may (without prejudice to any other rights NHSE may have in relation to that event) by serving written notice upon the Provider, require the Provider to remove or replace the relevant Sub-Contractor within:

- (a) 5 Business Days; or
- (b) whatever period may be reasonably specified by NHSE (taking into account any factors which NHSE considers relevant in its absolute discretion, including the interests of Service Users and the need for the continuity of Services),

NHS Education Contract v1.1

and the Provider must remove or replace the relevant Sub-Contractor (as required) within the period specified in that notice.

44. Governance, Transaction Records and Audit

44.1 The Placement Provider must comply with regulation 17 of the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014.

44.2 The Provider must comply with all reasonable written requests made by any relevant Regulator (or its authorised representatives), or NHSE for entry to the Premises and/or the Learning Environment and/or the premises of any Sub-Contractor for the purposes of auditing, viewing, observing or inspecting those premises and/or the provision of the Services, and for information relating to the provision of the Services.

44.3 Subject to Applicable Law and Guidance, an NHSE Representative (or another person who NHSE may nominate) may enter the Provider's Premises and/or the Learning Environment and/or the premises of any Sub-Contractor without notice for the purposes of auditing, viewing, observing or inspecting those premises and/or the provision of the Services, and for information relating to the provision of the Services. During those visits, subject to Applicable Law, Guidance, and Good Practice (also taking into consideration the nature of the Services and the effect of the visit on Services Users), the Provider must not restrict access and shall give all reasonable assistance and provide all reasonable facilities.

44.4 Within 10 Business Days following NHSE's reasonable request, the Provider must send NHSE the results of any audit, evaluation, inspection, investigation or research in relation to the Services, the Learning Environment or services of a similar nature to the Services delivered by the Provider, to which the Provider has access and which it can disclose in accordance with Applicable Law and Guidance.

45. Suspension

45.1 If a Suspension Event occurs NHSE:

- (a) may by written notice to the Provider require the Provider with immediate effect to suspend the provision of any affected Service, or the provision of any affected Service from any part of the Learning Environment, until the Provider demonstrates to the reasonable satisfaction of NHSE that it is able to and shall provide the suspended Service to the required standard; and
- (b) must promptly notify any appropriate Regulator of that

NHS Education Contract v1.1

45.2 If and when NHSE is reasonably satisfied that the Provider is able to and shall provide the suspended Service to the required standard, it must by written notice require the Provider to restore the provision of the suspended Service.

45.3 The Provider must continue to comply with any steps that NHSE may reasonably specify in order to remedy a Suspension Event, even if the matter has been referred to the dispute resolution procedure at clause 62.

46. Consequence of Suspension

46.1 During the suspension of any Service under clause 45.1, the Provider shall not be entitled to receive any Funding for the suspended Service except in respect of:

- (a) all or part of the suspended Service the delivery of which took place before the date on which the relevant suspension took effect in accordance with clause 45.1(a); and/or
- (b) all or part of the suspended Service which the Provider continues to deliver during the period of suspension in accordance with the notice served under clause 45.1(a).

46.2 Unless suspension occurs as a result of an Event of Force Majeure, the Provider shall indemnify NHSE in respect of any Losses reasonably incurred by them in respect of a suspension (including for the avoidance of doubt Losses incurred in commissioning the suspended Service from an alternative provider).

46.3 The Parties must use all reasonable endeavours to minimise any inconvenience to Learners as a result of the suspension of the Service.

46.4 While any Service is suspended NHSE must use reasonable efforts to ensure that no further Learners are referred to the Provider for that Service.

46.5 While any Service is suspended the Provider must:

- (a) not accept any further referrals of Learners for that Service;
- (b) at its own cost co-operate fully with NHSE and any interim or successor provider of that Service in order to ensure continuity and smooth transfer of the suspended Service and to avoid any inconvenience to Learners, or to or risk to the health and safety of Service Users, including:
 - (i) promptly providing all reasonable assistance and all information necessary to effect an orderly assumption of that Service by any interim or successor provider; and

NHS Education Contract v1.1

- (ii) delivering to NHSE all materials, papers, documents and operating manuals owned by NHSE and used by the Provider in the provision of that Service.

46.6 As part of its compliance with clause 46.5 the Provider may be required by NHSE to agree a transition plan with NHSE and any interim or successor provider.

47. Variation

National Variation

47.1 NHSE may propose changes to the scope or execution of the Services arising from a change in Applicable Laws and Guidance but no proposed changes shall come into effect until a **National Variation** has been issued by NHSE. A National Variation shall be a document setting out the proposed changes and the effect that those changes shall have on:

- (a) the Services;
- (b) the Funding;
- (c) the Quality and Performance Requirements; and
- (d) any of the terms of this contract.

47.2 The Parties acknowledge that any National Variation may be mandated by NHSE, in which case the National Variation shall be deemed to have taken effect on the date that NHSE mandates the National Variation.

47.3 If the Provider refuses to accept a National Variation, NHSE may terminate this contract by giving the Provider not less than 3 months' written notice following the issue of a notice that that National Variation is refused.

Variation

47.4 If the Provider wishes to make a change to the Services:

- (a) it shall notify NHSE and provide as much detail as NHSE reasonably requires of the proposed changes, including the timing of the proposed changes; and
- (b) NHSE shall, as soon as reasonably practicable after receiving the information at clause 47.4(a), shall present the request to the national governing panel for the NHS Education Contract.
- (c) All decisions made to the NHS Education Contract governing panel shall be applied nationally to all providers either as a National Variation, or as a new edition of the NHS Education Contract.

NHS Education Contract v1.1

47.5 If NHSE wishes to make a change other than a National Variation, any such change shall be agreed in writing by NHSE and the Provider. It is acknowledged that any such agreed changes shall be applied nationally to all providers.

47.6 Each Party shall bear its own costs in relation to compliance with this clause.

47.7 NHSE may reject a request for a change from the Provider pursuant to clause 47.4 if, following a request for change, NHSE reasonably believes that the proposed change would:

- (a) materially or adversely affect the risks to the health and safety of any person; or
- (b) require the contract to be delivered in a way that infringes any law; or
- (c) would not meet the needs of NHSE.

48. Advertisements and marketing

48.1 Unless otherwise agreed by NHSE, no disclosure, announcement, advertisement or publication or any form of marketing or public relations exercise in connection with this contract or the existence of this contract and the Parties to it or them shall be made by or on behalf of a Party to this contract without the approval of NHSE in writing. Each Party agrees that it shall have no claim for innocent or negligent misrepresentation or negligent misstatement based on any statement in this contract.

57.6 If:

- (a) there is a Material Sub-Contractor Change in Control; and
- (b) following consideration of the information provided to NHSE, NHSE reasonably concludes that, as a result of that Material Sub-Contractor Change in Control, there is (or is likely to be) an adverse effect on the ability of the Provider and/or the Material Sub-Contractor to provide Services in accordance with this contract (and, in reaching that conclusion, NHSE may consider any factor, in its absolute discretion, that it considers relevant to the provision of Services),

then:

- (c) NHSE may, by serving a written notice upon the Provider, require the Provider to replace the relevant Material Sub-Contractor within 10 Business Days (or other period reasonably specified by NHSE taking into account the interests of Service Users and the need for the continuity of Services); and

NHS Education Contract v1.1

- (d) the Provider must replace the relevant Material Sub-Contractor within the period specified under clause 43.1.

In those circumstances, all and any information provided to or received by NHSE in relation to that proposed Change in Control shall be Confidential Information.

The other Party may then, without affecting any other right it may have under Applicable Law and Guidance, take whatever action under this contract as it deems necessary.

59.2 The Provider must and must ensure that, in delivering the Services, all Staff comply with Applicable Law, with Managing Conflicts of Interest in the NHS and other Guidance, and with Good Practice, in relation to gifts, hospitality and other inducements and actual or potential conflicts of interest.

NHS Education Contract v1.1

11.16 The Placement Provider acknowledges, and shall procure that:

The Placement Provider agrees to work closely with NHSE to identify the most effective means of helping or supporting the postgraduate Learners, whilst ensuring that Service User safety is maintained at all times.
- 11.23 The Placement Provider will promptly inform the relevant Head of Foundation/Specialty School, and Postgraduate Dean, via agreed reporting routes (Serious Incident Portal/Employers Revalidation Portal/Responsible Officer to Responsible Officer conversations – as appropriate) of any disciplinary action being taken against a postgraduate Trainee and follow this up in writing as required to the relevant Head of Foundation/Specialty School and Postgraduate Dean and relevant Lead Employer.

Study leave Funding does not support the cost of examination fees. The “study leave budget” is designed to support these costs; and
- 11.24.3 Study leave will be allocated in accordance with the postgraduate Learners’ terms and conditions of service, and relevant guides as appropriate.
- 11.24.4 Study leave Funding is accessed by doctors in secondary care regardless of whether a post receives tariff Funding or is funded by the Placement Provider. For posts funded outside of tariff, separate Funding arrangements for study leave are in place – including primary care, dental and public health training.

Training Posts Funded by the Placement Provider

- 11.47 If the Placement Provider has training posts that are not funded under this Schedule but accepted for training by NHSE, then the Placement Provider shall ensure that an equivalent level of Funding is made available to the Placement Provider for such training posts. It is the responsibility of the Placement Provider to ensure that the proportion of Funding for a post which is to be found from service allocations has been agreed with the necessary service commissioners prior to the implementation, except where the Placement Provider has agreed to fund the post from the existing allocations.

Public Health

NHS Education Contract v1.1

11.48 Funding for Learners in public health is not included in this Schedule and is addressed under separate arrangements.

Changes to Funding

11.49 Additional training posts will not be established until both Parties have agreed in writing that sufficient Funding for both short- and long-term needs has been identified.

11.50 Funding under this Schedule is allocated to the Placement Provider on the understanding that a high quality educational and working environment that meets the GMC requirements is provided for doctors in training. 12 WORKFORCE DEVELOPMENT (WD) FUNDING

12.1 This paragraph is applicable where Funding is provided by NHSE to the Provider for use by the Provider for the provision of education/training for the development of its Staff

Overview of WD Funding

12.2 Workforce development ("WD") Funding is to be used to deliver workforce transformation priorities, as described by STP/ICS 5 year strategic plans and their underpinning Workforce Transformation delivery plans.

12.3 WD is focused on improvement and transformation of care delivery, driven by employer intent and requiring scale of education and training intervention and should not be used to support Continuing Professional Development ("CPD") i.e.

NHS Education Contract v1.1

for an individual's maintenance of competence or personal and professional development subject to an agreed personal development plan.

12.4 Workforce transformation priorities must support both service transformation and sustainability requirements and be aligned to delivery of the commitments made in the Long Term Plan and specifically, the core components of the People Plan, those being;

12.4.1 Making the NHS the Best Place to Work

12.4.2 Leadership and Culture

12.4.3 Releasing Time for Care

12.4.4 Workforce Redesign

12.4.5 Growing and Training Our Future Workforce

12.4.6 Capacity and Capability to Deliver the New Operating Model for Workforce

Detailed parameters for spend

12.5 Deployment decisions must take account of any pre-existing commitments, including contracts, infrastructure and sustainability requirements.

12.6 Consideration should also be given to maximising economies of scale of investment across systems and/or regions where appropriate.

12.7 Attention should be paid to the risk of duplicating investment, given the range of activity supported. The NHSE Star provides a directory of resources already available which can be searched on-line for reference to inform investment decisions and priorities: <https://heestar.e-lfh.org.uk>

12.8 Thereafter, WD Funding may be used for:

12.8.1 All education, training and project activity associated with People Plan deliverables

12.8.2 Infrastructure costs to support/enhance project delivery

12.8.3 Activity which transcends the health and care sector, where this supports the intent and ambition of the People Plan

12.9 WD Funding may **not** be used for:

12.9.1 Statutory and mandatory training (i.e. any training required to meet either legislative requirements of those of an organisation to limit risk and maintain safe working practice)

NHS Education Contract v1.1

12.9.2 Backfill for Staff to attend education and training

12.9.3 Hotels, catering, travel or any other costs outside the delivery of education and training

12.9.4 Facilities, accommodation, catering and venue hire – unless solely for the purpose of education and training events e.g. learner forums, action learning etc.

12.9.5 Meeting overall organisational savings targets

12.10 WD should not be used to replace other NHSE sources of Funding, including Future Workforce which is subject to a different Funding stream; advanced practitioners, physician associates, nursing associates being examples of this.

12.11 Activities supporting the recruitment, retention and development of such roles however (excluding salary costs), is within scope.

12.12 Any potential to escalate and accelerate the spread and adoption of future workforce activity through WD investment must be consistently applied across NHSE.

Payments Scheme

12.13 Allocations will be determined at STP/ICS level in support of system level partnerships and will be included within the emerging Education Funding Statements, committed to within the People Plan.

12.14 Allocations will be made in two parts; 50% directly to system level workforce boards and the remaining 50% (still focused on system need), subject to NHSE Regional Director discretion, to facilitate advance management of any agreed pre-existing/ongoing commitments.

12.15 To establish any potential economies of scale, payments will be subject to an agreed system level plan, endorsed by regional People Boards.

12.16 Plans will need to be sufficiently detailed as to assure regional People Boards of appropriate spend and added value beyond other investment streams/existing activity and will need to be in place in the early part of Q1, to facilitate timely payment of allocations.

12.17 Allocations will be deployed in 2 tranches; the first, direct payment to systems (subject to an endorsed plan) in Q1; the second, at the beginning of Q3 (at the latest) – subject to Regional Director guidance and performance reporting requirements i.e. assurance of anticipated spend. Regions should have flexibility as to when the totality of Funding is released within the Q1-Q3 timeframe – this being the responsibility of NHSE Regional Directors.

NHS Education Contract v1.1

- 12.18 Allocations will be determined based on current workforce headcount (excluding doctors). This is to include primary care and relevant social enterprise workforce, as well as both vocational and registered Staff.
- 12.19 All payments will go via NHSE Regional offices and will be made to the appropriate body where the system architecture to deliver workforce development/transformation is in place. Where this is not the case, payments will be made to an agreed, nominated organisation and will be subject to an agreed Memorandum of Understanding.

Reporting and Evaluation Requirements

- 12.20 WD Funding will be subject to triannual reporting at the end of July, October and February, via NHSE's new reporting framework designed and tested in 2019/2020.
- 12.21 NHSE regional teams are responsible for agreeing appropriate arrangements with systems locally, to facilitate compliance with the reporting schedule and requirement.
- 12.22 All investment should be subject to evaluation, proportionate to spend. For example, investment of less than £100k should be subject to a project level impact assessment e.g. using the LeADER evaluation framework adopted by NHSE; Investment of £100k or greater, should be subject to an appropriate, independent evaluation of impact and learning.
- 12.23 Evaluation outcomes should be shared systematically to inform continuous improvement of NHSE Star content and inform spread and adoption priorities.

13 APPRENTICESHIPS

- 13.1 The Provider shall be required to comply with any monitoring requirements specified by NHSE or Government.
- 13.2 The Provider should make NHSE aware of any Regulator outcomes that would impact on the continuation of apprenticeship programme and learners; where such outcomes would impact funding specific to NHSE programme grants or funding.
- 13.3 The Provider should complete the data collections for all apprenticeships, as per Schedule 6.
- 13.4 Services Funded for Apprenticeships are detailed in Schedule 2.
