Output/Outcome Level	98 % of Warrants of Control to be successfully executed or progressed
Other Notes	
<p><u>Technical Description</u></p> <p>This warrant is generally the first warrant tried in the enforcement process. It directs the AEA to collect payment in full or take control of goods. Statutory fees apply for the Warrant of Control. The AEA adds to the balance owed the court £75 compliance fee then an additional £235 if the defendant fails to comply at the compliance stage and the AEA must commence door stepping activities to secure payment. Generally, payment in full is obtained very rarely to the AEA take control of goods.</p> <p><u>Completions</u></p> <p>Successfully Executed means:</p>	

Payment of the court fine is collected in full and paid over to the court. Fees are applied to the amount due to the AEA.

Progressed means

If not executed within the 180 calendar days, the case must be progressed, this meaning the AEA must provide information that informs the courts next steps. For example, they have confirmed they cannot execute the warrant as the defendant is in prison.

Where any Warrant or Order has not been successfully executed or satisfied within the Retention Period, and the Service Provider has undertaken all mandatory steps stated in the relevant requirement to execute or satisfy the Warrant or Order, at the end of the relevant Retention Period all outstanding Warrants or Orders shall be returned to the Authority using the agreed Return Codes. This is to provide the Authority with details of the outcome of the execution activities and where applicable the most up to date information regarding the Defendant's whereabouts. Supporting evidence will be provided as required.

Examples could include:

- visit(s) which establishes the Defendant has moved away and relevant enquires and tracing have not been able to identify a new address or the Defendants whereabouts
- the Defendant is deceased
- the Defendant is in prison
- all visits and remote contact has been undertaken but no contact has been made with the Defendant and relevant enquires and tracing has been unable to confirm the Defendant's residency at the address or their whereabouts

Formula/calculation

$$KPI7s = A / B \times 100\%$$

Where:

A = number successfully executed or progressed within 180 calendar days from the date of issue

B = number issued minus exclusions

<p><u>Method of data extraction/processing</u></p> <p>Data to be extracted from the supplier system monthly and sent to the Authority on agreed spreadsheet.</p> <p>The Authority will undertake a % of validation checks on the data supplied by the provider to ensure its accuracy.</p>
