

Childhood Flu Immunisation Programme – NHS England

Market Engagement Advert

NHS Arden & Greater East Midlands Commissioning Support Unit, on behalf of NHS England, would like to invite providers to attend a 'Market Engagement event' for the opportunity to become a provider on a National Framework Agreement for the Provision of Childhood Influenza Immunisation Services.

The framework was established in April 2015 and this opportunity is for providers that have not already been accredited onto the National Framework.

The purpose of the National Framework is to enable local NHS England teams to call-off for the delivery of Childhood Influenza Immunisations (as per localised service specifications).

The event will give an outline of the framework, the procurement process and the anticipated timeline, and an overview of the Childhood Influenza Immunisation Services to be delivered.

The 'Market Engagement Event' will be held on **Monday 27th July 2015** at Department of Health, Skipton House, 80 London Road SE1 6LH.

This event is for providers who are interested in joining the framework. Providers who are already framework members do not need to attend.

To reserve your place please email the following details to LLRprocurement@gemcsu.nhs.uk by no later than 20th July 2015:

- Name of delegate(s)
- Job title of delegate(s)
- Contact telephone number
- Contact email address
- Organisation details, including address.

Please note that after this deadline, we cannot guarantee your place at the event. Places are strictly limited and therefore reservations are limited to no more than 2 delegates per organisation.

The procurement will be advertised in the OJEU and Contracts Finder, and will be administered via the AGEM BravoSolution e-procurement portal website <http://gemcsu.bravosolution.co.uk>. An expression of interest in this market event will not automatically entitle involvement in any future procurement exercise. Any procurement conducted as a result of this event will be advertised separately and all organisations wanting to participate will need to respond to the procurement advertisement as and when it is published.
