## **1. INTRODUCTION**

### **1.1 How this tender is structured**

This tender is arranged in four sections:

**Document One**, this document, contains instructions on how to respond to the Invitation to Tender; gives an indication of the timetable being followed; provides Bidders with details of the scoring, criteria and weightings which will be used to evaluate bids, and details of how and when to return the Tender Response Document (Document Four).

**Document Two** contains the detailed Specification for the goods or services required.

**Document Three** is the Tender Response Document which has to be completed according to the instructions and returned as instructed by no later than the due date and time.

### **1.2 The commissioning background**

1. This contract is issued by Corby Borough Council (the Council).
2. In compliance with the Public Contract Regulations 2015, for public contract opportunities that are advertised with a value between £50,000 and £164,176, a single stage tender process is being followed. Any increases beyond the value range can inform a multiple stage tender process at the Client's request.
3. This means that the tender response document combines a Standard Selection Questionnaire (SQ), a set of Tender Evaluation Questions/Pricing Schedule and a Form of Tender, a Collusive Tendering Certificate and a Confidential and Commercially Sensitive Information form.
4. The Council, as the contract holder, requires that the process of awarding this contract is to involve the circulation of the tender documentation to locally known suppliers who may have the right experience, and advertising on Contracts Finder.
5. The eventual contract between the successful tenderer and the Council will consist of the following documents:
  - a. Documents 1 to 3 of this tender developed by the Council.
  - b. Document 4 of this tender – the response document completed by the Bidder.
  - c. Letter of Acceptance – confirming the conditions of acceptance of the tender.
6. There is a current sports facility in the immediate vicinity. This and the members of the public are to be respected.

In any event, should the evaluation panel, in its reasonable judgment, identify a fundamental failing or weakness in any tender then that tender may, regardless of its other merits, be excluded from further consideration.

### **1.4 Instructions on responding to this tender**

1. Bidders shall treat the details of the tender document as private and confidential. However such information may be disclosed as necessary for the purpose of obtaining quotations or Insurance quotes.

**CORBY BOROUGH COUNCIL –**  
**ROCKINGHAM TRIANGLE – CONSTRUCTION OF SPORTS PAVILION - DOC ONE**

6. Tenders must not be qualified but must be submitted strictly in accordance with the tender documents. Bidders must not make unauthorised changes to tender documents.
7. Bidders may submit (an) alternative bid(s); but must also submit a conforming bid.
8. The tender submission should include all the information which the Bidder feels necessary for an accurate and equitable evaluation of their proposal. Reference should not be made to previously submitted information and all aspects of the tender request are to be addressed. The submission is to be self contained. The Bidder should not rely on the Council's past experience as tender evaluations will be based only on the information contained within the submission.
9. Where the Council has imposed word limits, these are intended to be indicative only. Bidders are strongly requested to adhere as closely to these as possible, but there will be no penalty for responses which exceed these.
10. The Council asks that you do not use acronyms in your responses, or where these are necessary, that an explanation of the acronym be provided for consideration.
11. Bidders will not be allowed to alter their tenders after the closing date, except that arithmetical errors may be corrected.
12. Where questions raise an issue of general interest or clarification then the question and answer will be circulated to all Bidders. The identity of the originator will not be disclosed. These tender documents can be downloaded from websites, and so the Council may not be aware of your interest in this procurement. **Please e-mail the Council's contact ([Section 7](#)) now with your contact details so that we can get in touch with you if necessary.** This does not commit you to submit a tender.
13. Any queries arising from the tender documents which may have a bearing on the offer to be made should be raised with the Council's contact ([Section 7](#)) as soon as possible in writing (via e-mail is acceptable) and in any case by the stated deadline.

**ROCKINGHAM TRIANGLE – CONSTRUCTION OF SPORTS PAVILION - DOC ONE**

17. The envelope should not bear any indication of the identity of the Bidder either on the envelope or in the franking.
18. Bidders must hold their tender open for acceptance for a minimum of ninety (90) days from the date of opening.
19. The Council does not bind itself to accept the lowest or any tender.

## **2. PROCUREMENT APPROACH**

1. This is a single stage tender process, this being the Invitation to Tender. You may ask questions in writing via e-mail regarding the tender documents or the details of the goods or service required.
2. Where questions raise an issue of general interest or clarification then the question and answer will be circulated to all Bidders. The identity of the originator will not be disclosed.
3. Once the deadline for receipt of tenders has been reached, the Council will evaluate the written tenders. The Standard Selection Questionnaire will be assessed first, as Bidders who do not meet the Council's expectations may be excluded. Suppliers who self certify that they meet the requirements for insurance, economic and financial standing, and technical and professional ability may be required to provide evidence of this if they are successful at contract award stage.
4. The responses to the evaluation questions will then be scored and weighted as explained in Sections [3](#), [4](#) and [5](#) below. Bidders may be invited to an interview in order to clarify their proposals.
5. This procurement is evaluated in two distinct stages, The standard Selection Questionnaire and then, if Bidders pass this, the Tender submission. The Evaluation Panel will not consider details provided in the Standard Selection Questionnaire (e.g. relevant experience and contract examples) during their evaluation of the Tender submission unless specifically referred to by the Bidder. Likewise, the answer to one question will not be considered as an extension to the answer of another question unless this is specifically referenced.
6. Once the submitted bids have been evaluated, the Council reserves the right to hold clarification meetings with no fewer than the top two highest scoring Bidders. No new criteria will be introduced at these meetings, rather on the basis of these clarification meetings, the Council may choose to revise a Bidder's score for each response to an evaluation question, either up or down to reach a final score.
7. The Council will then make its award decision, if appropriate.
8. The procurement timetable is detailed in section 1.3 above, and the tender evaluation process is shown below.
9. The process is subject to the completion of formal contract documents.

### **3. SCORING**

#### **3.1 Non-Price Scoring**

Each written tender will be scrutinised by a small panel of Council officers and each scoring criteria (Sections [4](#) and [5](#) below) will be awarded points out of 10 according to the following scale.

| <b>Score</b> | <b>Criteria for awarding score</b>  |
|--------------|---|
| 0            | No response is provided.  |
| 1            | Response fails to answer the question asked and is inconsistent or in conflict with other responses provided.   |
| 2            | Response answers some elements of the question, providing no detail and may be inconsistent or in conflict with other responses provided.   |
| 3            | Response answers the majority of the question, but does not provide the required level of detail and may be inconsistent or in conflict with other responses provided.  |
| 4            | Response answers the whole question, but does not provide the required level of detail and may be inconsistent or in conflict with other responses provided.  |
| 5            | Response answers the whole question, providing a suitable level of detail.  |
| 6            | Response answers the whole question, providing a suitable level of detail, taking account of some additional elements which may enhance the service being tendered.   |
| 7            | Response answers the whole question, providing a considerable level of detail, taking account of some additional elements which may enhance the service being tendered.   |
| 8            | Response answers the whole question, providing a considerable level of detail, paying significant attention to additional elements which may enhance the service being tendered.  |
| 9            | Response answers the whole question and is tailored to the locality of the service being tendered (i.e. Corby), providing a considerable level of detail, paying significant attention to additional elements which may enhance the service being tendered.   |
| 10           | Response answers the whole question and is tailored to the locality of the service being tendered (i.e. Corby), providing a considerable level of detail. The response also takes account of additional factors, (economic or demographic, for example) and identifies price and / or quality initiatives, which may affect or enhance the service being tendered, demonstrating innovation and creativity. |

The weighting available for a score of 10 points is shown below in section [5](#), and a pro rata weighting will be applied to the score.

### **3.2 Multiple Choice Questions**

There will be no Multiple Choice Questions as part of the assessment.

### **3.3 User Group Consultation Scoring**

There is no user Group Consultation Scoring as part of the assessment.

### **3.4 Price Scoring**

The total price figure will be converted into points by applying the formula:

Lowest price bid divided by Bidder's price multiplied by 100%

For example, if the Bidder's price is £100, and this is also the lowest price, the calculation is  $100 / 100 \times 100\% = 100\%$  of the available weighting

A bid of £200 would be calculated as  $100 / 200 \times 100\% = 50\%$  of the available weighting.

#### **4. CRITERIA FOR ASSESSING STANDARD SELECTION QUESTIONNAIRE**

The Public Contract Regulations 2015 came into force on 26 February 2015. Since this date, short-listing has been prohibited in all procurements carried out by local government that are advertised and are above £25,000 in value but below the EU Threshold for Goods and Services (currently £164,176).

For contracts that are advertised between these two values, instead of a Pre-Qualification Questionnaire, Local Authorities must assess a Bidder's suitability to deliver the requirements as stated in the Specification / Contract. Those Bidders who satisfy the suitability assessment will have their tenders evaluated. Those who do not will be excluded from the process. The selection process is based on a template document issued by Central Government. Many of the suitability questions will be the same for every tender but some may be specific to the subject matter of the contract. Please see below for further details about the evaluation of the Standard Selection Questionnaire.
