1 Scheme Type

This scheme is a value band B (£30k to £250k), Renewal of Structures Scheme.

2 Scheme Description

This scheme is based on a single carriageway side road overbridge, spanning a dual 2 lane carriageway. The works involve painting the full length of both parapets on an underbridge using water based paints.

The works will include but are not limited to:

- Provision of temporary accommodation or all necessary facilities to meeting health and safety requirements;
- General site clearance;
- Provision of information boards;
- Removal of existing paint and re-painting both parapets each of a total length of no more than 100m, including all necessary temporary protection measures, preparation of surfaces and minor repairs to the parapet to provide a sound surface for painting.

3 Road category on which the work is to be carried out

The works will take place on a single carriageway $\leq 9\text{m}$ wide (rural – greater than 40mph) road, and over a Dual two lane all-purpose dual carriageway (rural – greater than 40 mph) road.

4 Traffic Management

The traffic management layout to be utilised on the side road will be one lane closure to a 2-lane single carriageway road.

The traffic management layout to be utilised on the 2 lane dual carriageway will be closure lane 1 and lane 2 in phases to allow installation and removal of scaffolding.

5 Period within which the work is to be carried out

The works are to be carried out within Time Band 4.

6 Site Restrictions and Constraints

The following restrictions and constraints exist at the works location:

- Pedestrian routes are to be maintained through the works at all times.

7 Indicative Programme and Season within which the work is to be carried out

The works are to be completed within 2 weeks.

The works are to be constructed during British Summer Time.
