1.3 Scope of the Project

Overview

Pangbourne Primary School and Purley CE Primary School will be procuring a school meals contractor where Pangbourne Primary School is the Mother kitchen. We are seeking a three [3] year contract with the option to extend for a maximum of two [2] one [1] year periods. We require a school meal service that aims to provide high quality, nutritious meals at an affordable price to as many pupils as possible. The objective is to run the contract as a partnership.

Contractors are invited to visit the Schools and catering facilities to find out more.

Current Arrangements

Between the two schools there are approximately 300 pupils on roll, of which the daily uptake is around 150 meals. Approximately 50 meals are transported to Purley school every day. Current meal price is £2.35.

Value of the contract

The current service handles work to a value of £70,000 in one academic year.
The anticipated value of the Services is approximately £350,000 = £70,000 x 5 years.

Details of current expenditure or potential future uptake are given in good faith as a guide to past purchasing and current planning to assist you in submitting your Tender. They should not be interpreted as an undertaking to purchase any goods or services to any particular value and do not form part of the Contract.

1.4 Contract term

The Schools propose to enter into a Contract for a maximum period of three [3] years with the option of two [2] one [1] year roll on with the successful Tenderer (Contractor).

The anticipated service commencement date is Friday 24th July 2020.

1.5 Purpose and scope of this ITT

This ITT:

- Asks Tenderers to submit their Tenders in accordance with the instructions set out in the remainder of this ITT.
- Sets out the overall timetable and process for the procurement to Tenderers.
- Provides Tenderers with sufficient information to enable them to submit a compliant Tender (including providing templates where relevant).
- Sets out the Award Criteria and the Tender Evaluation Model that will be used to evaluate the Tenders.
- Explains the administrative arrangements for the receipt of Tenders.

1.6 **Clarifications about the Services or ITT**

Any clarifications relating to this ITT must be submitted through the Government Contracts Finder. Tenderers should ensure that they do not identify their organisation when submitting clarification questions. Clarification questions will be available to all to see.

The Schools will respond to all reasonable clarifications as soon as possible through publishing the Tenderers' questions and the Schools responses to them on the Government Contracts Finder. If a Tenderer wishes the Schools to treat a clarification as confidential and not issue the response to all Tenderers, it must state this when submitting the clarification. If, in the opinion of the Schools, the clarification is not confidential, the Schools will inform the Tenderer and it will have an opportunity to withdraw it. If the clarification is not withdrawn, the response will be issued to all Tenderers.

The deadline for receipt of clarifications relating to the Services or this ITT is set out in paragraph 2.

Tenderers are advised not to rely on communications from the Schools in respect of the Services or ITT unless they are made in accordance with these instructions.

1.7 **Clarifications about the contents of the Tenders**

The Schools reserve the right (but is not obliged) to seek clarification of any aspect of a Tenderer's Response during the evaluation phase where necessary for the purposes of carrying out a fair evaluation. Tenderers are asked to respond to such requests promptly. Vague or ambiguous answers are likely to score poorly or render the Tender non-compliant.

2. **TENDER TIMETABLE**

Any Tender received after the Deadline shall not be opened or considered. The Schools may, however, in their own absolute discretion extend the Deadline and in such circumstances the Schools will notify all Tenderers of any change.

2.3 **References**

Tenderers are requested to supply two references. References will be used to verify the technical proposals put forward in the Tender Response and will not be scored.

The Schools reserve the right to seek references from any of the Tenderer's customers, whether or not the Tenderer has listed such customers as referees.

2.4 **Reference site visits**

All Tenderers are asked to make available one reference site. The Schools reserve the right to visit the sites to see your current service in operation and seek feedback.

2.5 **Software or product demonstration**

You will need to include a demonstration of the software solution proposed for the Contract as part of the reference site visit.

2.6 **Contract award**

The Schools may award a Contract on the basis of a Tender submitted in accordance with the instructions below.

Contract award is subject to the formal approval process of the Schools. Until all necessary approvals are obtained and the standstill period completed, no Contract will be entered into.

Once the Schools have reached a decision in respect of a contract award, it will notify all Tenderers of that decision and provide for a standstill period in accordance with The Public Contracts Regulations 2015 (PCR 2015) before entering into any Contract.

2.7 **Debrief**

The contract award notification will be sent to each Tenderer. The Schools will inform all unsuccessful Tenderers of the identity and relative advantages and characteristics of the successful Tender as compared with the addressee's Tender.

3. **TENDER COMPLETION INFORMATION**

3.1 **Formalities**

All documents comprising the Tender must be completed and emailed direct to either school by the Deadline.

Specifications, data, documentation or other technical or business information ("information") furnished or disclosed to the Tenderer hereunder shall be deemed to be the School's property.

The following requirements must be adhered to when submitting Tenders:

- The pages of the Tender documents must be numbered sequentially as "Page [x] of [xx]" and include the date and title of the document on each page of the main body.
- Any additional pre-existing material which is necessary to support the Tender should be included as schedules with cross-references to this material in the main body of the Tender. Cross-references to this ITT should also be included in the Tender whenever this is relevant, and clearly stated.
- Where documents are embedded within other documents, Tenderers must upload separate copies of the embedded documents.
- The Tender must be in English and drafted in accordance with the drafting guidance set out in this ITT.
- Each Tender must be uniquely named or referenced.
- A table of contents must be provided.
- The Tender must be fully and clearly cross-referenced.
- A list of supporting material must be supplied.

The Tender must be clear, concise and complete. The Schools reserve the right to mark a Tenderer Response down or exclude them from the procurement if its Tender contains any ambiguities, caveats or lacks clarity. Tenderers should submit only such information as is necessary to respond effectively to this ITT. Tenders will be evaluated on the basis of information submitted by the Deadline.

The Tenderer must upload a duly executed Form of Tender (*Schedule 9*). Where the Tenderer is a company, the Tender must be signed by a duly authorised representative of that company. Where the Tenderer is a consortium, the Tender must be signed by the lead authorised representative of the consortium, which organisation shall be responsible for the performance of the Contract. In the case of a partnership, all the partners should sign or, alternatively, one only may sign, in which case they must have and should state that they have authority to sign on behalf of the other partner(s). The names of all the partners should be given in full together with the trading name of the partnership. In the case of the sole trader, they should sign and give their name in full together with the name under which they are trading.

3.2 **Executive summary**

Each Tenderer must also provide an executive summary of its Tender. Each Tenderer must include in its executive summary:

- An outline of the way in which the Schools' requirements are to be met by their proposal.
- A summary of all the services offered by the Tenderer in response to the ITT.
- An overview of the Tenderer's overall costs and proposals in relation to pricing.
- A clear statement of whether it is a consortium or a group of companies with one supplier.
- A clear statement of its commitment to meet the Schools' requirements and the pricing, payment and performance model.
- Confirmation that the Tender(s) will remain open for a period of one hundred and twenty [120] days.
- Written confirmation of no adverse change to its financial standing and any other information.
- Any other requirements of the Schools (for example, certificates of non-collusion, non-canvassing and so on).

If changes subsequently occur in relation to the statements set out in the executive summary, the applicable Tenderer must promptly notify the Schools of them. The Schools reserve the right to disqualify any Tenderer that fails to duly notify the Schools. Tenderers are also reminded of the eligibility requirements that apply to the procurement process at all times. (In particular, these include the provisions set out in regulation 57 of the PCR 2015). Any change in the eligibility of a Tenderer must be notified immediately to the Schools in writing and may result in that Tenderer being disqualified from any further participation in the procurement process.

3.3 **Submission of Tenders**

Each Tenderer:

- Must submit one Tender Response.

The Tender Response must meet the Schools minimum requirements, operate as a standalone bid and not be dependent on any other bid or any other factors external to the Tender Response itself. That is, the Tender Response must be capable of being accepted by the Schools in their own right.

3.4 **Contract terms**

The draft Contract that the Schools propose to use is attached at Schedule 2. By submitting a Tender, Tenderers are agreeing to be bound by the terms of this ITT and the Contract without further negotiation or amendment.

If the terms of the Contract render the proposals in the Tenderer's Response unworkable, the Tenderer should submit a clarification in accordance with paragraph 1.6 and the Schools will consider whether any amendment to the Contract is required. Any amendments shall be published through the portal and shall apply to all Tenderers. Where both the amendment and the original drafting are acceptable and workable to the Schools, the Schools shall publish the amendment as an alternative to the original drafting. Tenderers should indicate if they prefer the amendment; otherwise the original drafting shall apply. Any amendments which are proposed, but not approved by the Schools through this process, will not be acceptable and may be construed as a rejection of the terms leading to the disqualification of the Tender.

3.5 **Documents forming the contract**

The following documents shall form part of the Contract between the Schools and the Contractor(s):

LIST DOCUMENTS

- Contract and its schedules.
- Specification.
- Schedules (such as service levels, site plans, asset lists, contracts list, list of transferring employees, relevant policies and so on).
- A pricing model (as completed by the Contractor).
- Responses to requirements **OR** method statement questions (as completed by the Contractor).
- A list of commercially sensitive information (as completed by the successful Tenderer).

3.6 **Tender Compliance Checklist**

Tenderers must ensure the items in Schedule 13 Compliance Checklist are returned. Failure to include any of the mandatory items by the Deadline may render the Tender non-compliant.

All Tenders received by the Deadline will be checked for compliance with the submission requirements set out in this ITT. If the Schools do not consider a Tender compliant, it reserves the right not to carry out any further evaluation and may eliminate the Tenderer from the procurement.

You must respond to all of the questions in this document, ensuring that the numbering and order remains the same. You should ensure your answers are as clear and concise as possible, limiting your answer to no more than the maximum words count stated.

All proposals contained in a Tender must be capable of delivery and the Tender must have commitment from within the Tenderer's organisation.

Where a section of a Tender is duplicated between a different section, Tenderers may cross-refer to the part of their Tender where the information has been provided, rather than repeat that information for each section. This should be clearly referenced.

3.7 **Consortia and subcontractors**

The Schools require all Tenderers to identify whether and which sub-contracting or consortium arrangements apply in the case of their Tender, and in particular specify the share of the Contract it intends to sub-contract, any proposed sub-contractors, and precisely which entity they propose to be the Contractor.

For the purposes of this ITT, the following terms apply:

- **Consortium arrangement.** Groups of companies come together specifically for the purpose of bidding for appointment as the Contractor and envisage that they will establish a special purpose vehicle as the prime contracting party with the Schools.
- **Subcontracting arrangement.** Groups of companies come together specifically for the purpose of bidding for appointment as the Contractor, but envisage that one of their number will be the Contractor, the remaining members of that group will be sub-contractors to the Contractor.

3.8 **Warnings and disclaimers**

While the information contained in this ITT is believed to be correct at the time of issue, neither the Schools, their advisors, nor any other awarding authorities will accept any liability for its accuracy, adequacy or completeness, nor will any express or implied warranty be given. This exclusion extends to liability in relation to any statement, opinion or conclusion contained in or any omission from this ITT (including its appendices) and in respect of any other written or oral communication

transmitted (or otherwise made available) to any Tenderer. This exclusion does not extend to any fraudulent misrepresentation made by or on behalf of the Schools.

If a Tenderer proposes to enter into a Contract with the Schools, it must rely on its own enquiries and on the terms and conditions set out in the Contract (as and when finally executed), subject to the limitations and restrictions specified in it.

Neither the issue of this ITT, nor any of the information presented in it, should be regarded as a commitment or representation on the part of the Schools (or any other person) to enter into a contractual arrangement.

3.9 **Confidentiality and Freedom of Information**

This ITT is made available on condition that its contents (including the fact that the Tenderer has received this ITT) is kept confidential by the Tenderer and is not copied, reproduced, distributed or passed to any other person at any time, except for the purpose of enabling the Tenderer to submit a Tender.

As a public body, the Schools are subject to the provisions of the Freedom of Information Act 2000 (FOIA) and Environmental Information Regulations 2004 (EIR) in respect of information it holds (including third-party information). Any member of the public or other interested party may make a request for information.

Tenderers are advised that documentation provided by them in response to this ITT and other documentation supplied by them in connection with this procurement may be the subject of a request for information under the FOIA or the EIR.

Tenderers are required to specify (with reasons) any information contained in their proposals or tenders which they regard as falling within any of the exemptions from disclosure specified under FOIA/EIR including (without limitation) information provided in confidence by completing the form in Schedule 5 of this ITT. Tenderers are required to state which provisions of FOIA/EIR apply to the information identified above.

Tenderers are to make sure any information that is considered commercially confidential is clearly marked as such. The front page of the document must be clearly marked "In confidence – not to be circulated" (and any document, submission or each relevant page of the document must also be marked "commercially confidential"). Information marked as confidential should be limited to that which is genuinely confidential and which may be exempted from disclosure under FOIA/EIR. Tenderers are to be aware that any document, submission, proposal or tender that indicates that all of the information provided in it is confidential, without a clear and substantive justification, is unlikely to be acceptable to the Schools. Tenderers are to also be aware that even where

information is identified as confidential and/or commercially sensitive the Schools may be required to disclose such information in accordance with FOIA or the EIR.

If the Schools receive a request under FOIA or the EIR for the release of information which has been provided by a Tenderer, the Schools shall consult with the relevant Tenderer to inform its decisions regarding any exemptions as they may relate to the bid and including any subsequent iterations of that detailed bid submitted by a Tenderer to the Schools in the course of this procurement but otherwise use reasonable endeavours to consult with the relevant Tenderer as soon as practicable where it considers that the requested information may include exempt information relating to that Tenderer. Where the Schools consult with the Tenderer, the Tenderer must respond to the School's requests within three [3] working days (unless otherwise agreed by the Schools), in order that the Schools may comply with its obligation to answer the request within the relevant time limit.

The Schools shall be responsible for determining, at its absolute discretion, whether such exemption is to apply and Tenderers agree to comply with any such decision taken by the Schools.

The Schools shall not be liable for any loss, damage, harm or other detriment however caused arising from any disclosure of information under FOIA, the EIR or other legislation governing access to information including but not limited to guidance notes and codes of practice issued by the Information Commissioner.

Tenderers are recommended to take their own independent legal advice regarding the effect of the FOIA and the EIR.

Tenderers should be aware that the Schools may comply with the Government's Transparency Agenda by publishing procurement documentation and contracts on appropriate publicly accessible websites. The procurement documents, the fact that the Tenderer has submitted a bid and the text of any Contract awarded may therefore be published (subject to possible redactions at the School's discretion, relating to information which is exempt from disclosure under the FOIA and the EIR).

3.10 **Publicity**

No publicity regarding the Services or the award of any Contract will be permitted unless and until the Schools have given express written consent to the relevant communication. For example, no statements may be made to the media regarding the nature of any Tender, its contents or any proposals relating to it without the prior written consent of the Schools.

3.11 **Tenderer conduct and conflicts of interest**

Any attempt by Tenderers or their advisors to influence the contract award process in any way may result in the Tenderer being disqualified. Specifically, Tenderers shall not directly or indirectly at any time:

- Devise or amend the content of their Tender in accordance with any agreement or arrangement with any other person, other than in good faith with a person who is a proposed partner, supplier, consortium member or provider of finance.
- Enter into any agreement or arrangement with any other person as to the form or content of any other Tender, or offer to pay any sum of money or valuable consideration to any person to effect changes to the form or content of any other Tender.
- Enter into any agreement or arrangement with any other person that has the effect of prohibiting or excluding that person from submitting a Tender.
- Canvass the Schools or any employees or agents of the Schools in relation to this procurement.
- Attempt to obtain information from any of the employees or agents of the Schools or their advisors concerning another Tenderer or Tender.

Tenderers are responsible for ensuring that no conflicts of interest exist between the Tenderer and its advisers, and the Schools and its advisers. Any Tenderer who fails to comply with this requirement may be disqualified from the procurement at the discretion of the Schools.

3.12 **School's rights**

The Schools reserve the right to:

- Waive or change the requirements of this ITT from time to time without prior (or any) notice being given by the Schools.
- Seek clarification or documents in respect of a Tenderer's submission.
- Disqualify any Tenderer that does not submit a compliant Tender in accordance with the instructions in this ITT.
- Disqualify any Tenderer that is guilty of serious misrepresentation in relation to its Tender, expression of interest or the tender process.
- Withdraw this ITT at any time, or to re-invite Tenders on the same or any alternative basis.
- Choose not to award any Contract as a result of the current procurement process.

- Make whatever changes it sees fit to the Timetable, structure or content of the procurement process, depending on approvals processes or for any other reason.

3.13 **Bid costs**

The Schools will not be liable for any bid costs, expenditure, work or effort incurred by a Tenderer in proceeding with or participating in this procurement, including if the procurement process is terminated or amended by the Schools.

3.14 **Anti-Competitive Behaviour**

In order to create a level playing field for Tenderers, the Schools may require evidence from Tenderers that their arrangements are not anti-competitive. The Schools reserves the right to require Tenderers to comply with any reasonable measures such as may be needed to verify that no anti-competitive arrangements are in place.

Any evidence of any anti-competitive behaviour could result in Tenderers being disqualified from the procurement process.

The above requirements are supplementary to the requirement to provide a Certificate of Undertaking and Absence of Non-collusion, a copy of which is provided at Schedule 10.

3.15 **Governing Law**

All tender discussions with Tenderers will be conducted, and all documents, proposals and tenders will be prepared, in the English language. The procurement process and any contract arising will be subject to English law and the exclusive jurisdiction of the English courts.

3.16 **Specification of Standards**

Where reference is made to an International, European or British Standard then a Tenderer may propose an equivalent to any of these, provided that its proposal offers equivalent guarantees of safety, suitability and fitness for purpose to those specified.

4. TENDER EVALUATION MODEL

4.1 Tenders Received

After the formal tender opening, each Tender response will be checked for completeness and compliance. The Schools reserve the right to reject a Tender response and/or disqualify a Tenderer where the response is incomplete or non-compliant, including where the Tender response is submitted late, is completed incorrectly, is materially incomplete, does not meet the essential criteria, is submitted in any other format other than specified.

4.2 Award Criteria and Evaluation Criteria

Any Contract awarded as a result of this procurement will be awarded on the basis of the offer that is the most economically advantageous to the Schools. The Award Criteria (**Award Criteria**) are:

- 70% technical or quality (maximum of 700 points available)
- 30% Price (maximum of 300 points available)

A maximum of 1000 points are available within this tender.

Scores are arrived at following the application of the Evaluation Criteria (**Evaluation Criteria**) set out below to the Tenderer's Response.

Tenderers are required to submit a Tender strictly in accordance with the requirements set out in this ITT, to ensure the Schools have the correct information to make the evaluation. Evasive, unclear or hedged Tenders may be discounted in evaluation and may, at the School's discretion, be taken as a rejection by the Tenderer of the terms set out in this ITT.

The Tender Evaluation Criteria and the maximum scores attributable to them are set out below:

4.3 Evaluation process

Technical Evaluation

The technical evaluation will be scored in accordance with the table below.

A total of 700 points is available for technical criteria which equates to 70% of the total score.

Scoring matrix for the technical criteria

Scoring Matrix		
	Score	Criteria
Excellent	5	Proposal meets the required standard in all material respects and exceeds some or all of the major requirements.
Good	4	Proposal meets the required standard in all material respects.
Acceptable	3	Proposal meets the required standard in most material respects, but is lacking or inconsistent in others.
Poor	2	Proposal falls short of achieving expected standard in a number of identifiable respects.
Unacceptable	1	Proposal significantly fails to meet the standards required, contains significant shortcomings or is inconsistent with other proposals.

Pricing Evaluation

Bid prices will be scored:

- The Total Mark for the Price is 300 Marks which equates to 30% of the total scores.
- The Tenderer proposing the lowest annual price will be given the maximum financial score available for the Pricing criterion.
- Other Tenderers will be evaluated and given a financial score by dividing the lowest Tenderer's price (L) by their higher tendered price (H) and the result multiplied by the maximum score available (300) for that criteria. One total financial score will be awarded to each Tenderer.

Tender Price	Score
Lowest annual price (L)	Maximum Number of Marks Available for Price 300 marks
Higher annual price (H)	$L/H \times (\text{Number of Maximum Available Marks for Price})$

Mathematical errors detected by the Schools in the submission of Financial Offers will be corrected in the following manner:

- If there are errors in the addition of costs, the total is corrected and the correct amount reflected in the total bid price;
- Any Tenderer affected by mathematical errors will be told immediately and given the corrected bid price. Proposals must confirm their acceptance of this modification otherwise their bid will be rejected.

4.4 **Transferring employees and pension requirements**

- i. The Schools consider that the Transfer of Undertakings (Protection of Employment) Regulations 2006 (**TUPE**) and the Collective Redundancies and Transfer of Undertakings (Protection of Employment) (Amendment) Regulations 2014 will apply on the Contract, although the Schools give no assurances, guarantees nor warranties about the effect or applicability of TUPE. It is the responsibility of Tenderers to form a view on their exact obligations under TUPE and the Schools make no representations on these obligations. Tenderers are advised to seek their own professional advice in order to form their view on TUPE.
- ii. Provisional lists of the Third-Party Employees are contained in Schedule 4.
- iii. Tenderers' pricing models must include the costs associated with the TUPE transfer of these employees. If the costs associated with a TUPE transfer (including pension's costs) are subsequently found to be lower than envisaged, the Contractor shall make a corresponding reduction in the contract price.
- iv. Tenderers are required to confirm that they will comply with their obligations under TUPE (if TUPE does apply).
- v. Tenderers may apply to the Schools for confidential workforce information about employees who may be affected by the outsourcing of the service. Tenderers shall be required to execute and return to the Schools the Confidentiality Agreement in order to receive such information.
- vi. The Schools have used all reasonable endeavours to obtain TUPE information, which is believed to be correct at the time of issue but is not and cannot be held accountable for any errors or omissions. It remains the Tenderer's responsibility to ensure that its tender takes full account of the relevant circumstances.
- vii. The Tenderer shall comply, amongst other things, with the consultation requirements in the TUPE Regulations and to act reasonably and expeditiously in all dealings with TUPE issues.
- viii. Any meetings with third party contractors' employees must be arranged through the Schools. The Tenderer must not and shall not approach such employees or its representatives directly.
- ix. The Tenderer shall comply with all protocols and procedures/processes required to be complied with or followed in connection with all TUPE and pensions issues including inter alia the Code on Workforce Matters, the Pensions Act and consultation requirements and shall comply at all times with all legislation that may affect staff as a result of their transfer under and subject to TUPE.

- x. The Schools have included information relating to the terms and conditions of staff carrying out the work being tendered. Those staff may consist of employees of the existing contractors, including former employees of the Schools, and School's employees. Tenderers should note that TUPE provides for the transfer of employees employed in the part of the service so transferred at the point of transfer, and Tenderers should be aware that the information relating to those employees may have altered at the point of transfer. This information is provided in good faith and the Schools give no assurances, guarantees nor warranties as to the accuracy or completeness of the disclosed information.
- xi. Tenderers will be expected to provide all necessary information required by the Schools and its existing contractors to allow the Schools and its existing contractors to meet their obligations under TUPE to consult with recognised trades unions and employees' representatives about any likely consequences for affected staff.
- xii. If TUPE is deemed to apply to transfer employees of the Schools (a Primary TUPE transfer) or former employees of the Schools (a Secondary TUPE transfer) the new employer will be required to offer appropriate pension provision to those employees in accordance with the Fair Deal and the Best Value Authorities Staff (Pensions) Direction 2007.
- xiii. Where there is a Primary TUPE transfer, the Schools will need to be satisfied that the Tenderer is either a member of the Local Government Pension Scheme (LGPS), is proposing to apply for membership of the LGPS, or is proposing to offer pension arrangements which are the same as, broadly comparable to, or better than those available to staff eligible for the LGPS. Where the Tenderer is not able to provide benefits which are fully comparable with the standard, it may propose other changes to the remuneration package to offset the degree of detriment suffered.
- xiv. Where there is a Primary TUPE transfer, the Schools have a preference for Tenderers to seek "admitted body status" as it enables employees to enjoy continuity in their pension arrangements. It believes that there should be no higher cost to Tenderers in seeking admitted body status compared to providing a broadly comparable scheme. If this is not possible, and where permitted by Fair Deal, the new employer must offer the employees access to a pension scheme which has been certified by the Government Actuary's Department (GAD) as broadly comparable to the current employers pension scheme. The Schools must be provided justification from the Tenderer for not seeking admitted body status for its consideration.
- xv. The Schools must see a copy of the GAD certificate before the transfer date. In addition, the costs and terms applicable to the bulk transfer of accrued benefits must be clearly provided for in the Tender.
- xvi. Tenderers are advised that their tender should take into account all costs relating to TUPE and all costs relating to pension provision.

Schedule 12 Exit Plan

Introduction

1. It is in the interests of both parties to a contract to have a clearly defined exit strategy – it removes uncertainty, reduces risk and helps develop a strong relationship. Uncertainty over the exit roles and responsibilities, scope, cost and duration make it difficult to achieve a smooth exit that provides value for money for the schools and risk reduction for the both the schools and the supplier.
2. The Exit Plan should be reviewed periodically during the contract and it will probably evolve, making changes necessary as the contract progresses and begins to near its completion.

The objective of the Exit Plan is to ensure:

- An orderly and smooth termination of the contracted activities leading to the completion of the contract and its outcomes at the expiry of the contract or if in exceptional circumstances, where the contract is terminated immediately or early.
- A plan for communicating with all partners and employees during the exit period, in ways that avoid any detrimental impact on respective business resulting from the termination.

Key requirements are:

- That the responsibilities of both parties to the contract are clearly defined in the event of expiry or termination and the Plan should be known and understood by all delivery partners.
- The Plan should identify what action will be taken by all parties in the case of an immediate or early termination of the contract and actions to be taken as the contract reaches its normal completion date. It should confirm what is owned by whom at the end of the contract/termination e.g. data, IPR, assets. It should also identify:
