

**TacSys Resource Partner
Acronyms and Abbreviations**

| Acronym/Abbreviation | Definition |
|-----------------------------|--|
| ACD | Access Control Devices |
| ACII | ARTD Classroom Information Infrastructure |
| ACR | Allowable Cost Review |
| ACT | Architecture Coherence Team |
| ADaM | Assumptions and Dependencies Management |
| AFV | Armoured Fighting Vehicles |
| AHQ | Army Head Quarters |
| AIC | Army Investment Committee |
| AKEE | Adaptor Kit Electrical Equipment |
| ALARP | As Low as Reasonably Practicable |
| AMS | Architecture Management Strategy |
| ARM | Active Risk Management (tool) |
| ARTD | Army Recruiting Training Division |
| ASpec | Assessment Specification |
| AStrat | Assessment Strategy |
| ATUD | Authority to Use Document |
| BATCIS | Battlefield and Tactical Communications Information System |
| BAFO | Best and Final Offer |
| BCIP | Bowman, ComBAT, Infrastructure, Platform |
| BCT | Brigade Combat Team |
| BIDS | Bowman Information Distribution System |
| BISA | Battlefield Information System Application(s) |
| BITs | Built-In Tests |
| BMA | Battlefield Management Application (new ComBAT) |
| BoE | Basis of Estimate |
| BoM | Bill of Materials |
| BPL | Business Process Library |
| BPSS | BATCIS Private Sector Support |
| BtG | Back to Green |
| CA | Certificate Authority |
| CAAS | Cost Assurance and Analysis Service |
| CAB | Change Advisory Board |
| CACT | Capability Acceptance Test Case(s) |
| CACTR | Capability Acceptance Test Case Review |
| CADMID | Concept, Assessment, Design, Manufacture, In-service, Disposal |
| CAT | CAAS Approvals Team |
| CATT | Combined Arms Tactical Trainer |
| CAST | Combined Arms Staff Training |
| CBT | Computer Based Training |
| CCB | Change Control Board |
| CDAL | Cost Data and Assumptions List |
| CDO | Coordinating Design Organisation |
| CDR | Critical Design Review |
| CDRL | Contract Data/Deliverables Requirement List |

OFFICIAL-SENSITIVE

| Acronym/Abbreviation | Definition |
|----------------------|---|
| CF | Customer Friend |
| CIS | Communications & Information Systems |
| CISTDU | CIS Trials Development Unit |
| CIWG | Capability Integration Working Group |
| CM | Cost Modelling |
| CM/DM | Configuration Management & Data Management |
| CO | Cabinet Office |
| COI | Conflict Of Interest |
| CONEMP | Concept of Employment |
| COP | Common Operating Picture |
| CP | Checkpoint |
| CPR | Consolidated Position Report |
| CTE | Collective Training Environment |
| CU | Capability Uplift |
| CUC | Capability Use Case |
| CWE | Collaborative Working Environment |
| CyDR | Cyber Defence and Risk |
| D1E | Day 1 Essentials (Legacy Milestone) |
| DaaP | Defence as a Platform |
| D@R | Data @ Rest |
| DAT | Digital Approval Tool |
| DCO | Defensive Cyber Operations |
| DD | Defence Digital |
| DDaT | Digital, Data and Technology |
| DE&S | Defence Equipment & Support |
| DFF | Deployable Flashing Facility |
| DII | Defence Information Infrastructure |
| DIP | Design and Integration Partner |
| D-JFI | Dismounted Joint Fires Integrator |
| DLE | Defence Learning Environment |
| DLod | Defence Lines of Development |
| DNS | Domain Name Service |
| DOORS | Dynamic Object Oriented Requirements System |
| DP | Delivery Partner |
| DPQQ | Dynamic, Project, Qualification Questionnaire |
| DPAS | Defence Portfolio Approvals Secretariat |
| DPMA | Defence Policy Management Authority |
| DPS | Defined Pricing Structure |
| DSA | Dismounted Situational Awareness |
| DSID | Design and System Integration Delivery |
| DSTL | Defence Science Technology Laboratory |
| DT | Delivery Team |
| E3 | Electromagnetic Environmental Effects |
| EC3 | Early Capability 3 |
| EAC | Estimate at Completion |
| ECD | Evolving Capability Development |
| ECR | Engineering Change Request |
| EDD | Expected Delivery Date |
| EFHA | Early Human Factors Analysis |

OFFICIAL-SENSITIVE

OFFICIAL-SENSITIVE

| Acronym/Abbreviation | Definition |
|-----------------------------|--|
| EJA | Engineering Job Analyses |
| EMAF | Engineering Maturity Assessment Framework |
| EMC | ElectroMagnetic Compatibility |
| EO | Enabling Objectives |
| EP | Engineering Publications |
| EPM | Enterprise Project Management |
| ESCoT | EvO System Coherence Team |
| ESySM | Enterprise Security and System Management |
| ETC | Estimated Time to Completion |
| EULA | End User Licence Agreement |
| EvO | Evolve to Open |
| EvOSATR | EvO Systems Acceptance Test Review |
| FAT | Field Army Training |
| FBC | Full Business Case |
| FC-BISA | Fire Control- Battlefield Information System Application(s) |
| FCR | Formal Change Request |
| FFR | Fitted For Radio |
| FIA | Further Interim Agreement (Contract Extension) |
| FLC | Front Line Commands |
| FMN | Federated Mission Networking |
| FMV | Full Motion Video |
| FOC | Full Operational Capability |
| FOM | Future Operating Model |
| FOO | Forecast of Outturn |
| FoT | First of Type |
| FRP | Full Rate Production |
| FST | Fire Support Team |
| FTFTRR | First of Type Field Test Readiness Review |
| FTS | Formal Training Statement |
| GDC | General Dynamics Canada |
| GDMS-C | General Dynamics Mission Systems - Canada |
| GDUK | General Dynamics United Kingdom Limited |
| GFA | Government Furnished Artefacts/Assets |
| GFE | Government Furnished Equipment |
| GFF | Government Furnished Facilities |
| GFI | Government Furnished Information |
| GFX | Government Furnished Artefacts/Assets/Equipment/Information/Facilities |
| GIS | Geospatial Information System |
| GVA | Generic Vehicle Architecture |
| HCDR | High Capacity Data Radio |
| HCI | Human-Computer Interaction |
| HFI | Human Factor Integration |
| HLDR | High-Level Design Review |
| HMT | His Majesty's Treasury |
| HoTs | Heads of Terms (the contract) |
| HTG | High Threat Gateway |
| IA | Interim Agreement |

OFFICIAL-SENSITIVE

OFFICIAL-SENSITIVE

| Acronym/Abbreviation | Definition |
|-----------------------------|---|
| IAAP | Integrated Assurance and Approvals Plan |
| IATO | Interim Authority To Operate |
| IdAM | Identity and Access Management |
| ICT | Information and Communications Technology |
| ID&C | Integration Design & Certification |
| IER | Information Exchange Rate |
| IKEE | Interface Kit Electrical Equipment |
| IKM | Information and Knowledge Management |
| ILR | Initial Look Request |
| ILS | Integrated Logistic Support |
| ILSM | Integrated Logistic Support Manager |
| ILSP | Integrated Logistic Support Plan |
| IM | Information Management |
| IMS | Information Management System |
| IN | Information Note |
| IOC | Initial Operating Capability |
| IPDP | Integrated Product Development Process |
| ISP | Information Services Plan |
| ITEAP | Integrated Test, Evaluation & Acceptance Plan |
| ITEAS | Integration Test Evaluation & Acceptance Strategies |
| ITAMP | Integrated Test, Acceptance and Management Plan |
| ITEAP | Integrated Test, Evaluation and Acceptance Plan |
| ITHC | Information Technology Health Checks |
| ISP | Integrated Support Plan |
| ITN | Invitation to Negotiate |
| ITT | Invitation to Tender |
| IWG | Integration Working Group |
| JCKP | Joint Crypt-Key Programme |
| JCRVT | Joint Common Remote Viewing Terminal |
| JETAT | Joint EvO Test and Acceptance Team |
| JOSCAR | Joint Supply Chain Accreditation Register |
| JPO | Joint Programme Office |
| JRMP | Joint Relationship Management Plan |
| JSIB | Joint Systems Integration Body |
| JSP | Joint Services Publication |
| KLP | Key Learning Points |
| KPA | Key Production Authority |
| KPI | Key Performance Indicator |
| LAS | Local Area System |
| LBAT | Lab-Based Assurance Test |
| LBATTR | Laboratory Based Acceptance Test Readiness Review |
| LCM | Life Cycle Management |
| LDGV1 | Land Deployable Gateway Version 1 |
| LDGV2 | Land Deployable Gateway Version 2 |
| LEMS | Land Environment Message Set |
| LE TacCIS | Land Environment Tactical Communication Information Systems |
| LKG | Local Key Generation |
| LKM | Local Key anagement |

OFFICIAL-SENSITIVE

OFFICIAL-SENSITIVE

| Acronym/Abbreviation | Definition |
|----------------------|---|
| LLI | Long Lead Item |
| LOC | Land Operations Command |
| LOE | Level of Effort |
| LORA | Level of Repair Analysis |
| LOSA | Land Open Systems Architecture |
| LRIP | Low Rate Initial Production |
| LSC | Logistic Support Contract |
| LSpec | Learning specification |
| LSU | Legacy System Update |
| LSRC | Land Systems Reference Centre |
| MaAS | Modelling and Analysis Service |
| MAC | Management, Analysis, Communication |
| MEI | Mandatory Equipment Inspections |
| MERL | Master Evidence Requirements List |
| MDAL | Master Data and Assumptions List |
| MI | Management Information |
| MIM | MIP Information Model |
| MIP | Multilateral Interoperability Programme |
| MKMS | Morpheus Key Management System |
| MMR | Multi-Mode Radio |
| MOD | Ministry of Defence |
| MODAF | MoD Architecture Framework |
| MoE | Measure of Performance |
| MOOD | Masters of Our Own Destiny |
| MoP | Measure of Effectiveness |
| MI | Management Information |
| MIDaC | MORPHEUS Installation Design and Certification |
| MIS | Management Information System |
| MPPS | Modular Platform Processing System (the hardware) |
| M&S | Modelling and Simulation |
| MSusP | MORPHEUS Sustainment Programme |
| MTA | Maintenance Task Analysis |
| MTRC | Morpheus Test and Reference Centre (Oakdale > LSRC) |
| MTSA | MORPHEUS Target System Architecture |
| MUDTRaITS | MORPHEUS UDT Replacement & IT Security |
| MVP | Minimum Viable Product |
| MVRM | Multi-Vendor Management Review Meeting |
| NCSC | National Cyber Security Centre |
| NOA | Network Operating Authority |
| OBS | Organisational Breakdown Structure |
| OEM | Original Equipment Manufacturer |
| OFI | Obsolescence & Future Infrastructure |
| OFT | Operational Field Trials |
| OMP | Obsolescence Management Plan |
| OSM | Operational Service Management |
| OSPR | Own Station Position Report |
| OSW | Operation Staff Work |
| P3M | Project Programme Portfolio Management |
| PACEX | Proving and Confirmation Exercise |

OFFICIAL-SENSITIVE

OFFICIAL-SENSITIVE

| Acronym/Abbreviation | Definition |
|----------------------|--|
| PASE | Planning Assumption for Service Entry |
| PBISA | Platform Battlefield Information System Application |
| PBPU | Platform BISA Processor Unit |
| PCR | Programme Cost Review |
| PDR | Preliminary Design Review |
| PD | Product Description |
| PDS | Post Design Services |
| PHS&T | Packaging, Handling, Storage and Transportation |
| PI | Planning Increment/Iteration – (<i>Software Release</i>) |
| PI | Platform Integration – (<i>Equipment and Design</i>) |
| PI&F | Platform Integration & Fielding |
| PIFACR | Platform Integration & Fielding Acceptance Review |
| PKI | Public Key Infrastructure |
| PM | Programme Manager |
| PMO | Programme Management Office |
| PMP | Programme Management Plan |
| PMR | Programme Management Review |
| POEMS | Project Oriented Environmental Management System |
| POAP | Plan on A Page |
| POC | Prototype Operating Capability |
| POEMs | Project Orientated Environmental Management System |
| POL | Project Online |
| PM | Project Manager |
| PPM | Pre-Production Model |
| PPS | Platform Presentation State |
| PRMM | Project Review Monthly Meeting |
| PRWM | Project Review Weekly Meeting |
| PSEP | Project Safety and Environmental Panel |
| PTRF | Permanent Test & Reference Fleet |
| QA | Quality Assurance |
| QAM | Quality Assurance Management |
| QDC | Qualifying Defence Contract |
| QRPC | |
| RACI | Responsible Accountable Consulted & Informed |
| RAIDO | Risks Assumptions Issues Dependencies & Opportunities |
| RAM | Responsibility Assignment Matrix |
| RAMP | Requirement and Acceptance Management Plan |
| RAMS | Requirements Acceptance Management Strategy |
| RCP | Release Control Point |
| RE | Requirements Engineer |
| RFC | Request for Change |
| RFI | Request for Information |
| RMADS | Risk Management and Accreditation Document Set |
| R&M | Reliability and Maintainability |
| RN | Review Note |
| RoAD | Record of Actions and Decisions |
| RoD | Record of Decision |
| ROMP | Risk & Opportunities Management Plan |
| SA | Supportability Analysis |

OFFICIAL-SENSITIVE

OFFICIAL-SENSITIVE

| Acronym/Abbreviation | Definition |
|-----------------------------|---|
| SAC | Security Assurance Coordinator |
| SAM | Software Asset Management |
| SAAD | Simple Audio Ancillary Device |
| SAFe | Scaled Agile Framework |
| SBB | System Building Block |
| SCMP | Supply Chain Management Plan |
| SCORM | Shareable Content Object Reference Model |
| SDA | System Design Authority |
| SDE | Shared Data Environment |
| SDMD | Security Definition and Management Document |
| SDR | System Design Review |
| SDRL | Subcontractor Data Requirements List |
| SECR | Safety and Environmental Case Report |
| SEMP | System Engineering Management Plan |
| S&EMP | Safety and Environmental Management Plan |
| SEMS | Safety and Environmental Management System |
| SET | Support to Experimentation & Training |
| SET | Specific Evidence Table |
| SG | Steering Group |
| SI | System Integrator |
| SIA | Security Impact Assessment |
| SIB | Supplier Intelligence Briefs |
| SIE | Single Information Environment |
| SIL | Systems Integration Lab |
| SIRG | System Integration Readiness Gate |
| SIRR | System Integration Readiness Review |
| SI&T | System Integration and Test |
| SME | Subject Matter Expert/Small to Medium Enterprise |
| SMITS | Service Management Integrated Technical Solutions |
| SML | System Maturity Level |
| SNAK | Share New and Acquired knowledge |
| SOP | Standard Operating Procedures |
| SOR | Statement of Requirement |
| SOW | Statement of Work |
| SQEP | Suitably Qualified Experienced Personnel |
| SRA | Schedule Risk Analysis |
| SRD | System Requirement Document |
| SRL | System Readiness Level |
| SRM | Security Risk Manager |
| SRO | Senior Responsible Owner |
| SRR | System Requirements Review |
| SSCR | Single Source Contracting Regulations |
| SSDT | Support Solutions Development Tool |
| SSI | Supply Support Instruction |
| SSM | Strategic Supplier Management |
| SSO | Support Solution Officers |
| SSRD | Sub-System Requirements Document |
| SSRO | Single Source Regulations Office |
| STE | Short Term Extension |

OFFICIAL-SENSITIVE

OFFICIAL-SENSITIVE

| Acronym/Abbreviation | Definition |
|-----------------------------|---|
| S&TE | Support and Test Equipment |
| STLM | Security Technical Liaison Meeting |
| STRB | System Technical Review Board |
| SUC | System User Case |
| SUT | System Under Test |
| SV | Social Value |
| SyWG | Security Working Group |
| SyDAWG | Security Design and Assurance Working Group |
| T3 | Technician Level 3 |
| T&A | Test & Acceptance |
| TacCIS | Tactical Communication and Information Systems |
| TacSys | Tactical Systems (DT) – originally BATCIS |
| TAD | Target Audience Description |
| TAF | Tactical Architecture Forum |
| TAFMIS | Training Administration and Financial Management Information System |
| TAS | Technical Assurance Services |
| TASG | TacSys Architecture Steering Group |
| TAWG | Test and Acceptance Working Group |
| TAWG | TacSys Architecture Working Group |
| TCIS | Tactical Communication Information Systems |
| TCS | Tactical Crew Station |
| TCT | Test Change & Transition |
| TDA | Technical Design Authority |
| TEPO | Trials Experimentation Programme Office |
| TERFF | Trials, Experimentation and Research Requirements Form |
| TEWG | Trials and Experimentation Working Group |
| TIBR | Tactical Internet Backbone Radio (replacement for HCDR) |
| TL | Team Leader |
| TLMP | Through Life Management Plan |
| TNA | Training Needs Analysis |
| TNASG | TNA Steering Group |
| TOM | Target Operating Model |
| TOR | Terms of Reference |
| TP | Transition Partner |
| TPS | Technical Performance Specification |
| TRA | Training Requirement Authority |
| TRL | Technology Readiness Level |
| TRP | TacSys Resource Partner |
| TRRA | Technical Release Readiness Assessment |
| TUPE | Transfer of Undertakings (Protection of Employment) |
| TSC | TacCIS Support Committee |
| TSSP | Training Systems and Simulation Programme |
| TWG | Training Working Group |
| T&Cs | Terms and Conditions |
| UAT | User Acceptance Trial(s) |
| UCD | User Centred Design |
