- b. No waiver in respect of any right or remedy shall operate as a waiver in respect of any other right or remedy.

#### **A8. Third Party Rights**

Notwithstanding anything to the contrary elsewhere in the Contract, no right is granted to any person who is not a Party to the Contract to enforce any term of the Contract in their own right and the Parties to the Contract declare that they have no intention to grant any such right.

However, a foreign jurisdiction may apply solely for the purposes of giving full effect to this clause A9 and for the enforcement of any judgement order or award given under the English jurisdiction. Each Party irrevocably submits to the jurisdiction provided for under this clause.

d. Each Party warrants to the other that entry into the Contract does not, and the performance of the Contract will not, violate or conflict with any provision of law, statute, rule, regulation, judgement, writ, injunction, decree or order applicable to it. Each Party also warrants that the Contract does not conflict with or result in a breach or termination of any provision of, or constitute a default under any mortgage, contract or other liability, charge or encumbrance upon any of its properties or other assets.

e. The provisions of this clause A9 shall survive any termination of the Contract for any reason whatsoever and shall remain fully enforceable as between the Parties notwithstanding such a termination.

f.   - (1) is disclosed to its employees and Subcontractors, only to the extent necessary for the performance of the Contract; and

provided that the relationship to any other Information is not revealed.

e. Neither Party shall be in breach of this clause where it can show that any disclosure of Information was made solely and to the extent necessary to comply with a statutory, judicial or parliamentary obligation. Where such a disclosure is made, the Party making the disclosure shall ensure that the recipient of the Information is made aware of and asked to respect its confidentiality. Such disclosure shall in no way diminish the obligations of the Parties under this clause.

f. The Authority shall not be in breach of the Contract where disclosure of Information is made solely and to the extent necessary to comply with the Freedom of Information Act 2000 (the "Act") or the Environmental Information Regulations 2004 (the "Regulations"). To the extent permitted by the time for compliance under the Act or the Regulations, the Authority shall consult the Contractor where the Authority is considering the disclosure of Information under the Act or the Regulations and, in any event, shall provide prior notification to the Contractor of any decision to disclose the Information. c. The Authority may consult with the Contractor before redacting any Information from the Transparency Information in accordance with clause A14.b. ## **A17. Subcontracting**

- a. Subcontracting any part of the Contract shall not relieve the Contractor of any obligation, duty or liability attributable to the Contractor under the Contract.
- b. The Contractor shall ensure, to the extent that they are applicable, that the Conditions of the Contract are reflected in any subcontracts for any part of the Contractor Deliverables.
- c. In all circumstances the Contractor shall ensure that all subcontracts in relation to this Contract include:
  - (1) a requirement that either party to the subcontract may release to the Authority any of those parts of the subcontract documentation as are necessary to demonstrate the Contractor's compliance with the provisions of the Contract and that any such release shall not amount to a breach of any provision of confidentiality contained within the subcontract; and

This does not include the Intellectual Property-specific restrictions of the type referred to in clause D1 (Infringement or Alleged Infringement) of the First Party’s Conditions of Contract.

4. If requested by the First Party, the Second Party shall give the First Party a summary of every existing or expected licence and restriction referred to in clause 3 and any related obligation or restriction to the extent that they place an obligation or restriction upon the First Party or the Authority with which the First Party or the Authority must comply including, to the extent applicable to such obligations or restrictions:

The Second Party shall not be required to disclose any of the provisos to a licence (or even the existence of them) to the extent that they do not relate to an obligation or constraint with which the First Party or the Authority must comply.

5. When an export licence is required from a foreign government for the performance of the Agreement, the Second Party shall promptly consult with the First Party on the licence requirements and, where the Second Party is the applicant for the licence:

c. include in the submission the information that the First Party (and any intermediary parties in the supply chain, as applicable) and the Contractor will be recipients and users of the items, including information, for the performance of the Contract;

6. If the information required under clauses 3 and 4 has been provided previously to the First Party by the Second Party, the Second Party may satisfy these requirements by giving details of the previous notification and confirming they remain valid and satisfy the provisions of Clauses 3 and 4.

7. If the Second Party becomes aware of any changes in the information notified previously under clause 3, 4 or 6 that would affect the Contractor's or the Authority's ability to use, disclose, re-transfer or re-export an item or part of it as is referred to in those clauses, the Second Party shall notify the First Party promptly of the change.

8. If the Second Party or any subcontractor in the performance of the Agreement needs to export materiel for which an export licence from a foreign government is required, the responsibility for instituting expeditious action to apply for and obtain the licence shall rest with the Second Party or that subcontractor. The First Party will liaise with its purchaser to enable the Authority to provide all reasonable assistance in obtaining and maintaining any export licence from the foreign government with regards to any defence or security issue that may arise.

9. Where the Agreement performance requires the export of items for which a foreign export licence is required, the Second Party shall include the dependencies for the export licence application, grant and maintenance in the Agreement risk register and in the risk management plan for the Agreement, with appropriate review points. Where there is no requirement under the Agreement for a risk management plan the Second Party shall submit an Export Licence Plan for agreement with the First Party.

10. The Authority may make a written request to the Contractor to seek a variation to the licence conditions to a foreign export licence to enable the Authority to re-export or re-transfer a licensed item or licensed information from the UK to a non-licensed third party. If the Authority makes such a request that is transmitted to the Second Party by the First Party, the Second Party shall, or procure that the Second Party's Subcontractor will, expeditiously consider whether or not there is a reason why it should object to making the request and, where it has no such objection, file an application to seek a variation of the applicable export licence in accordance with the procedures of the licensing authority. The First Party shall provide information, certification and other documentation necessary to support the application for the requested variation that it has received. A fair and reasonable charge for this service based on the cost of providing it will be borne by the Authority.

- (5) any specific restrictions on access or use by third parties, or by individuals based upon their nationality, to the items or information affected; and

b. This will not include Intellectual Property-specific restrictions of the type mentioned in clause D1 (Infringement or Alleged Infringement) in relation to the First Party's Conditions of Contract instead of the Contractor.

c. The Second Party and its Subcontractors, where access by these restrictions is also authorised, shall abide by the lawful restrictions so notified by the First Party.

d. The Second Party shall notify the First Party immediately if it is unable for whatever reason to abide by any restriction advised by the First Party to the Second Party under clause 12.

13. Where restrictions are advised by the First Party to the Second Party under clause 12, the First Party and the Second Party shall act promptly to mitigate their impact. If these restrictions adversely affect performance of the Agreement by the Second Party, then the First Party shall consult with the Second Party on alternative solutions and the terms of the Agreement shall be amended to give effect to the agreed solution. If no alternative solution satisfying the essential terms of the Agreement is agreed by the Parties then the First Party shall have the right to terminate the Agreement. Termination under these circumstances will be in accordance with the principles of clause A22 (Termination for Convenience) of the First Party's Conditions of Contract.

14. Without prejudice to United Kingdom Government's position on the validity of any claim by a foreign government to extra-territoriality, the Authority has undertaken to provide the Second Party with all reasonable assistance to facilitate the granting of an export licence by a foreign Government in respect of performance of the Agreement.
