- 16.6 Upon termination or expiry of the Agreement, the Supplier shall:
- 16.6.1 give all reasonable assistance to the Customer and any incoming supplier of the Services; and

16.6.2 return all requested documents, information and data to the Customer as soon as reasonably practicable.

17 Compliance

17.1 The Supplier shall promptly notify the Customer of any health and safety hazards which may arise in connection with the performance of its obligations under the Agreement. The Customer shall promptly notify the Supplier of any health and safety hazards which may exist or arise at the Customer's premises and which may affect the Supplier in the performance of its obligations under the Agreement.

17.2 The Supplier shall:

17.2.1 comply with all the Customer's health and safety measures while on the Customer's premises; and

17.2.2 notify the Customer immediately in the event of any incident occurring in the performance of its obligations under the Agreement on the Customer's premises where that incident causes any personal injury or damage to property which could give rise to personal injury.

17.3 The Supplier shall:

17.3.1 perform its obligations under the Agreement in accordance with all applicable equality Law and the Customer's equality and diversity policy as provided to the Supplier from time to time; and

17.3.2 take all reasonable steps to secure the observance of clause 17.3.1 by all Staff.

17.4 The Supplier shall supply the Services in accordance with the Customer's environmental policy as provided to the Supplier from time to time.

17.5 The Supplier shall comply with, and shall ensure that its Staff shall comply with, the provisions of:

17.5.2 section 182 of the Finance Act 1989.

18 Prevention of Fraud and Corruption

18.1 The Supplier shall not offer, give, or agree to give anything, to any person an inducement or reward for doing, refraining from doing, or for having done or refrained from doing, any act in relation to the obtaining or execution of the Agreement or for showing or refraining from showing favour or disfavour to any person in relation to the Agreement.

18.2 The Supplier shall take all reasonable steps, in accordance with good industry practice, to prevent fraud by the Staff and the Supplier (including its shareholders, members and directors) in connection with the Agreement and shall notify the Customer immediately if it has reason to suspect that any fraud has occurred or is occurring or is likely to occur.

18.3 If the Supplier or the Staff engages in conduct prohibited by clause 18.1 or commits fraud in relation to the Agreement or any other contract with the Crown (including the Customer) the Customer may:

18.3.1 terminate the Agreement and recover from the Supplier the amount of any loss suffered by the Customer resulting from the termination, including the cost reasonably incurred by the Customer of making other arrangements for

the supply of the Services and any additional expenditure incurred by the Customer throughout the remainder of the Agreement; or

18.3.2 recover in full from the Supplier any other loss sustained by the Customer in consequence of any breach of this clause.

19 Dispute Resolution

19.1 The Parties shall attempt in good faith to negotiate a settlement to any dispute between them arising out of or in connection with the Agreement and such efforts shall involve the escalation of the dispute to an appropriately senior representative of each Party.

19.2 If the dispute cannot be resolved by the Parties within one month of being escalated as referred to in clause 19.1, the dispute may by agreement between the Parties be referred to a neutral adviser or mediator (the “**Mediator**”) chosen by agreement between the Parties. All negotiations connected with the dispute shall be conducted in confidence and without prejudice to the rights of the Parties in any further proceedings.

19.3 If the Parties fail to appoint a Mediator within one month, or fail to enter into a written agreement resolving the dispute within one month of the Mediator being appointed, either Party may exercise any remedy it has under applicable law.

20 General

20.1 Each of the Parties represents and warrants to the other that it has full capacity and authority, and all necessary consents, licences and permissions to enter into and perform its obligations under the Agreement, and that the Agreement is executed by its duly authorised representative.

20.2 A person who is not a party to the Agreement shall have no right to enforce any of its provisions which, expressly or by implication, confer a benefit on him, without the prior written agreement of the Parties.

20.3 The Agreement cannot be varied except in writing signed by a duly authorised representative of both the Parties.

20.4 The Agreement contains the whole agreement between the Parties and supersedes and replaces any prior written or oral agreements, representations or understandings between them. The Parties confirm that they have not entered into the Agreement on the basis of any representation that is not expressly incorporated into the Agreement. Nothing in this clause shall exclude liability for fraud or fraudulent misrepresentation.

20.5 Any waiver or relaxation either partly, or wholly of any of the terms and conditions of the Agreement shall be valid only if it is communicated to the other Party in writing and expressly stated to be a waiver. A waiver of any right or remedy arising from a breach of contract shall not constitute a waiver of any right or remedy arising from any other breach of the Agreement.

20.6 The Agreement shall not constitute or imply any partnership, joint venture, agency, fiduciary relationship or other relationship between the Parties other than the contractual relationship expressly provided for in the Agreement. Neither Party shall have, nor represent that it has, any authority to make any commitments on the other Party's behalf.

20.7 Except as otherwise expressly provided by the Agreement, all remedies available to either Party for breach of the Agreement (whether under the Agreement, statute or common law) are cumulative and may be exercised concurrently or separately, and

the exercise of one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.

20.8 If any provision of the Agreement is prohibited by law or judged by a court to be unlawful, void or unenforceable, the provision shall, to the extent required, be severed from the Agreement and rendered ineffective as far as possible without modifying the remaining provisions of the Agreement, and shall not in any way affect any other circumstances of or the validity or enforcement of the Agreement.

21 Notices

21.1 Any notice to be given under the Agreement shall be in writing and may be served by personal delivery, first class recorded or, subject to clause 21.3, e-mail to the address of the relevant Party set out in the Award Letter, or such other address as that Party may from time to time notify to the other Party in accordance with this clause:

21.2 Notices served as above shall be deemed served on the Working Day of delivery provided delivery is before 5.00pm on a Working Day. Otherwise delivery shall be deemed to occur on the next Working Day. An email shall be deemed delivered when sent unless an error message is received.

21.3 Notices under clauses 15 (Force Majeure) and 16 (Termination) may be served by email only if the original notice is then sent to the recipient by personal delivery or recorded delivery in the manner set out in clause 21.1.

22 Governing Law and Jurisdiction

The validity, construction and performance of the Agreement, and all contractual and non-contractual matters arising out of it, shall be governed by English law and shall be subject to the exclusive jurisdiction of the English courts to which the Parties submit.

Annex 2 - Charges

The total firm contract price shall be £13,240.00 excluding VAT as detailed in the Supplier's cost breakdown below and Bravo messages dated 9th and 16th December 2019. A payment of 60% of the total will be made after submission of phase 1 of the project and 40% on receipt of the second phase.

Annex 3 – Specification

1. Aim

To inform government's emerging policy on spatial planning for nature and its recent announcement to create 'Local Nature Recovery Strategies', Defra is commissioning a stocktake and review of existing relevant practice at the local level.

2. Background

Government is gathering information to help develop policy that provides spatial planning for nature.

3. Objectives

3.1

- To document current spatial planning for nature activities (and those that have occurred over the last 5-10 years) across the country that are 'landscape' in scale.
- Assess how developed and effective these initiatives are in terms of their ability to produce useable, and robust spatial plans for nature in order to understand best practice and lessons learned that may be transferable to other areas.
- To understand how current approaches have delivered - or could be improved to deliver - benefits not only for biodiversity, but also wider environmental, social and economic benefits (e.g. carbon capture, pollination, flood attenuation, recreation).

3.2

Within scope are any projects/initiatives which have produced a plan which identifies desirable locations for specific habitat creation or improvement. Projects/initiatives can be for conservation of particular habitats and/or species. DEFRA recognises that there are likely to be many spatial planning for nature initiatives at a local level, some of which might operate on very small scales. Its primary interest is in what might be called landscape-scale activities, operating at roughly local authority scales. This might, for instance, include green Infrastructure plans for cities and biodiversity opportunity maps used by planning authorities.

3.3

Examples may include, but are not limited to, the following:

- Warwickshire Country Council's Habitat Audit; <https://www.warwickshire.gov.uk/habitatbiodiversityaudit>;
- Lichfield District Council's biodiversity and development, supplementary planning document. <https://www.lichfielddc.gov.uk/downloads/file/1112/supplementary-planning-document-biodiversity-and-development>;
- West of England Combined Authority – biodiversity mapping;
- Manchester Net Gain and Natural Capital Planning;
- The Marine conservation zones (MCZs) regional projects;
- The recent OxCam Growth Arc projects;
- River Basin Management Plans/catchment partnerships;
- Biodiversity opportunity mapping;
- Green Infrastructure Plans (where they have a spatial mapping component);

- Cornwall Environmental Growth Plan.

4. Deliverables

4.1 Phase 1. Stocktake of existing practice

Main output #1: Systematic stocktake of current spatial planning for nature initiatives in England to generate a list of all identified plans. For each identified plan the questions below will be answered with the final product presented in a structured, tabular format.

The unit of analysis should be **county/unitary authority/combined authority** with the whole of England covered.

Initiatives developed in the last 5-10 years are within scope.

Plans developed by partnerships and those led and/or funded by a single organisation are in scope.

4.2 For each of these initiatives the following questions should be assessed where possible:

- What are the main spatial planning for nature activities in the area?
- Are plans currently in place or being developed?
- What areas do they cover?
- What do they contain (i.e. basic maps of what is there or something more future orientated, like opportunities for restoration)? If so how were these identified and what approaches were used, e.g. Ecosystem services / natural capital analysis?)
- Who leads / led them?
- Who was / is involved in their development?
- What are the main data sources used (what were the main challenges in sourcing / using data. How reliable? How up to date)?
- What status / legitimacy do the 'spatial plans' have?
- How were conflicts managed and disputes resolved in developing the plans?
- What decisions are the plans informing – i.e. who is actually using them and for what?
- What time period do they cover (i.e. 5 years, 10 years, do they get refreshed)?
- How 'successful' are current spatial planning activities / what impact are they having? Is there monitoring and evaluation in place?
- How do they interface with other activities, particularly national level programmes?

4.3 During the time period of the first phase the steering group will be seeking views from the contractor on which examples might be best suited to the deep dive below.

4.4 This project will be subject to review upon receipt of the first phase and DEFRA may decide to continue, reduce the scope or terminate.

4.5 Phase 2: Deep dive case studies

Main output#2: 3-5 deep dive case studies

Following completion of the stock take, DEFRA proposes that five case studies are developed to go deeper into some of the detail. The DEFRA team will work with the contractor to identify a more refined set of questions to be explored in the case studies.

- 4.6 The contractor is also required to provide a set of recommendations based on the case studies and the audit. DEFRA will be looking to draw out best practice and insights into the level of resources and expertise required to support strong local level spatial planning for nature initiatives.
- 4.7 All reports should be provided in word. Please note, the Supplier will be required to seek approval in advance from the DEFRA Project Officer of any press release, presentation or publication related to this project until the final report is published; sufficient time should be allowed for this.

5. Method

- 5.1 DEFRA expects that a mix of primary and secondary sources of information will be needed. It envisages most of the information will be accessible via desk-based reviews and examining the existing literature. In addition, it may be necessary to undertake semi-structured interviews, where appropriate, along with workshops where necessary. If the Supplier considers that a survey is necessary, it needs to be aware that it will need to allow time for full approval of the survey from the Survey Control Unit.
- 5.2 The work will also need to be mindful of and build on, where appropriate, a number of relevant projects and reports that have been produced by DEFRA, including:
 - *25 Year Environment Plan Local Delivery: Enhancing Local Delivery and Implementation Through Strengthening Stakeholder Relationships, Integration, and Leadership*
 - *Data Requirements and availability for supporting ecological network planning by Dr Hannah Mossman British Ecological Society Policy Fellow*

6. Timing

- 6.1 The work needs to be finished this financial year (before end March 2020)
- 6.2 An initial report should be sent to DEFRA by 31st January 2020 covering phase 1 activities. Phase 2 should be completed in by 31st March 2020.

7. Management

- 7.1 The work will be overseen by a Steering group comprising DEFRA, Natural England and possibly Local Government Association officials. The steering group will seek short updates and the raising of any issues every 3 weeks. There will be a review on the submission of the first phase of work or 31st January 2020, whichever is sooner.

Annex 4 – Processing, Personal Data and Data Subjects
