Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities.

Our Contracting Authorities who have access to our services and Contracts are detailed [here](#).

Section 2 – About the Contracting Authority

UK Research and Innovation

Operating across the whole of the UK and with a combined budget of more than £6 billion, UK Research and Innovation represents the largest reform of the research and innovation funding landscape in the last 50 years.

As an independent non-departmental public body UK Research and Innovation brings together the seven Research Councils (AHRC, BBSRC, EPSRC, ESRC, MRC, NERC, STFC) plus Innovate UK and a new organisation, Research England.

UK Research and Innovation ensures the UK maintains its world-leading position in research and innovation. This is done by creating the best environment for research and innovation to flourish.

For more information, please visit: www.ukri.org

Section 3 - Working with the Contracting Authority.

In this section you will find details of your Procurement contact point and the timescales relating to this opportunity.

| Section 3 – Contact details | | |
|-----------------------------|---|---|
| 3.1 | Contracting Authority Name and address | UK Research & Innovation - Engineering and Physical Sciences Research Council Polaris House North Star Avenue Swindon SN2 1FL |
| 3.2 | Buyer name | Karl Oakley |
| 3.3 | Buyer contact details | Research@uksbs.co.uk |
| 3.4 | Maximum value of the Opportunity | £25,000.00 excluding VAT |
| 3.5 | Process for the submission of clarifications and Bids | All correspondence shall be submitted within the Emptoris e-sourcing tool. Guidance Notes to support the use of Emptoris is available here. Please note submission of a Bid to any email address including the Buyer <u>will</u> result in the Bid not being considered. |

| Section 3 - Timescales | | |
|------------------------|--|--|
| 3.6 | Date of Issue of Contract Advert and location of original Advert | Monday 15 th October 2018 Contracts Finder |
| 3.7 | Latest date/time ITQ clarification questions shall be received through Emptoris messaging system | Thursday 25 th October 2018 11:00 (BST) |
| 3.8 | Latest date/time ITQ clarification answers should be sent to all Bidders by the Buyer through Emptoris | Friday 26 th October 2018 |
| 3.9 | Latest date/time ITQ Bid shall be submitted through Emptoris | Monday 5 th November 2018 14:00 (GMT) |
| 3.10 | Date/time Bidders should be available to answer clarifications if required | Wednesday 7 th November 2018 |
| 3.11 | Anticipated notification date of successful and unsuccessful Bids | Tuesday 13 th November 2018 |
| 3.12 | Anticipated Award date | Wednesday 14 th November 2018 |
| 3.13 | Anticipated Contract Start date | Monday 19 th November 2018 |
| 3.14 | Anticipated Contract End date | March 2019 |
| 3.15 | Bid Validity Period | 60 Days |

Section 4 – Specification

Background

EPSRC uses regular monitoring and evaluation to gather crucial evidence regarding performance of its investments and to demonstrate the value of the outputs and outcomes from the various investments it makes. The evidence and impact examples gathered through evaluation helps it to make a case for sustained funding for research and helps it engage with users of research and the public in order to keep the UK at the forefront of discovery, skills development and innovation in engineering and physical sciences (EPS). There are different indicators and metrics used to demonstrate the impact of research and other related investments, the choice of these are dependent on, for example, the scale and nature of the investment, type of outputs/outcomes, time frame, purpose for which evidence is required and others.

Through its investments in research, training and research-infrastructure EPSRC strives to support and enhance the excellent research base in EPS disciplines. As part of this commitment and to provide the cutting edge research infrastructure that the researchers need, EPSRC has made investments in national HPC (Tier1: ARCHER) and regional HPC (Tier 2 computing centres¹). To demonstrate the excellent research supported by these HPC, there is a need to gather robust data which will help to build the evidence base for continued investment in the facility. An evaluation study to look into the research, economic, wider social and environmental impact of the investment in Tier 1 and Tier 2 HPC is currently underway. The study being proposed, is intended to complement the above mentioned study with an insight from analysis of publications resulting from the use of EPSRC funded HPC.

Publications data metrics capture a wide range of activities from research and have been used to demonstrate influence of the published work, collaboration, benchmarking and performance. A previous bibliometric assessment of the EPSRC funded Tier 1 HPC HECTOR (HECTOR operated from 2007-2014 and was superseded by ARCHER in November 2013) demonstrated the strength and quality of research publications arising from use of the HPC².

This study is expected to include in the analysis, publication data from the HECTOR, ARCHER and the five regional Tier 2 HPC funded in 2012 and any publications from the six recently funded Tier 2 HPCs.

¹ 2012 and 2016 high performance computing centres
<https://epsrc.ukri.org/research/facilities/hpc/computingcentres/>
<https://epsrc.ukri.org/research/facilities/hpc/tier2/>

² http://www.storyofhector.org/wp-content/uploads/2015/02/HECToR-final-report_2015.pdf

Aims and Objectives of the Project

The key aim of the project is to get a detailed understanding from the publications arising from the use of Tier 1 (HECTOR 2007-2014 and ARCHER 2013-on) and Tier 2 HPC (5 regional centres funded in 2012 and 6 centres funded in 2016) about the nature of the research, in terms of subject areas, quality and collaboration. ,

The key questions for this study are:

- Which areas of research have benefitted from the use of HPC (for example through an analysis of the range of disciplines/fields represented in the HPC publication set)
- What is the quality of research enabled by the HPC (for example through and analysis of citation impact, and occurrence in top citation percentiles benchmarked against appropriate comparators)
- To what extent is collaborative research being fostered through the use of the HPC facilities (including collaborations across academia-business, between disciplines, and with international partners)?

Suggested Methodology

EPSRC funded researchers provide information on the outputs and outcomes of their work through an online system called researchfish®. The data from researchfish is supplemented with information from other sources to build a rich picture of the impacts arising from EPSRC funding.

We have a list of publications from researchfish where researchers have indicated use of the facility. We expect the study to identify further publications through other approaches (for example, use of publication acknowledgements) and to put together a verified list. There might also be a need to engage with the HPC centres/Principal investigators to determine the best approach to identify and compile publications arising from use of the HPC).

EPSRC will also provide the list of publications that we hold for the previous national HPC HECTOR.

EPSRC will provide the names and grant reference numbers for the HPC and the recommended text for use in acknowledgement of the HPC which can help in searching for publications from HPC use.

Interaction with the study provider:

It is expected that the winning bidder will work closely with EPSRC to develop approaches and methods and maintain close working relations as the study progresses. The study will have an internal EPSRC steering board.

Progress will be monitored through fortnightly phone/email updates and monthly highlight reports with face to face meetings as appropriate.

Deliverables

- List of publications compiled and used for the study
- Report summarizing the key findings and highlighting the results from the analysis
- Detailed methodology outlining how the analysis was done

Terms and Conditions

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation model

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required. After evaluation the scores will be finalised by performing a calculation to identify (at question level) the mean average of all evaluators (Example – a question is scored by three evaluators and judged as scoring 5, 5 and 6. These scores will be added together and divided by the number of evaluators to produce the final score of 5.33 ($5+5+6=16 \div 3 = 5.33$))

| Pass / fail criteria | | |
|----------------------|---------|---|
| Questionnaire | Q No. | Question subject |
| Commercial | SEL1.2 | Employment breaches/ Equality |
| Commercial | FOI1.1 | Freedom of Information Exemptions |
| Commercial | AW1.1 | Form of Bid |
| Commercial | AW1.3 | Certificate of Bona Fide Bid |
| Commercial | AW3.1 | Validation check |
| Commercial | SEL3.11 | Compliance to Section 54 of the Modern Slavery Act |
| Commercial | SEL3.12 | Cyber Essentials |
| Commercial | SEL3.13 | General Data Protection Regulations (GDPR) |
| Commercial | AW4.1 | Contract Terms Part 1 |
| Commercial | AW4.2 | Contract Terms Part 2 |
| Quality | AW5.1 | Maximum Budget |
| Price | AW5.5 | E Invoicing |
| Price | AW5.6 | Implementation of E-Invoicing |
| Quality | AW6.1 | Compliance to the Specification |
| - | - | Invitation to Quote – received on time within e-sourcing tool |

| Scoring criteria | | | |
|--|---------|------------------|---------------|
| Evaluation Justification Statement In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type. | | | |
| Questionnaire | Q No. | Question subject | Maximum Marks |
| Price | AW5.2 | Price | 20% |
| Quality | PROJ1.1 | Approach | 40% |

| | | | |
|---------|---------|-------------------------------|----------------------|
| Quality | PROJ1.2 | Staff to Deliver | 10% |
| Quality | PROJ1.3 | Understanding the Environment | 20% |
| Quality | PROJ1.4 | Project Plan | For information only |
| Quality | PROJ1.5 | Risk Management | 10% |

Evaluation of criteria

Non-Price elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

| | |
|-----|--|
| 0 | The Question is not answered or the response is completely unacceptable. |
| 10 | Extremely poor response – they have completely missed the point of the question. |
| 20 | Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed. |
| 40 | Poor response only partially satisfying the selection question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier. |
| 60 | Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire. |
| 80 | Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed. |
| 100 | Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider. |

Example

Evaluator 1 scored your bid as 60

Evaluator 2 scored your bid as 60

Evaluator 3 scored your bid as 40

Evaluator 4 scored your bid as 40

Your final score will $(60+60+40+40) \div 4 = 50$

All the above questions will be marked based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be reviewed in an evaluator meeting, once the individual evaluations are complete and a consensus score will be agreed to determine your final score.

Minimum Score

If after evaluating your written submission to the quality questions you have scored 40 or less in the quality section you will not be awarded this Contract.

Price elements will be judged on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100.
All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 or 20% remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.

Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.

Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.

Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.

Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 ($80/100 \times 50 = 40$)

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

Section 6 – Evaluation questionnaire

Bidders should note that the evaluation questionnaire is located within the **e-sourcing questionnaire**.

Guidance on completion of the questionnaire is available at
<http://www.ukpbs.co.uk/services/procure/Pages/supplier.aspx>

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

Section 7 – General Information

What makes a good bid – some simple do's 😊

DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date/time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay, is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise e-sourcing tool prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission we may reject your Bid.
- 7.5 Do ensure you utilise the Emptoris messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want – a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, e-mails and fax details.
- 7.10 Do complete all questions in the questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

What makes a good bid – some simple do not's ☹

DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via e-sourcing tool. Responses received by any other method than requested will not be considered for the opportunity.

Some additional guidance notes

- 7.25 All enquiries with respect to access to the e-sourcing tool and problems with functionality within the tool must be submitted to Crown Commercial Service (previously Government Procurement Service), Telephone 0345 010 3503.
- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the e-sourcing tool. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority./ UKSBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through Emptoris.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000 or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 60 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.
- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Emptoris e-sourcing tool.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of any Contract. In the event of a Bidder failing to meet one of the compliancy checks

the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.

- 7.41 All timescales are set using a 24 hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through Emptoris.
- 7.42 All Central Government Departments and their Executive Agencies and Non Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

- 7.43 The Government introduced its new Government Security Classifications (GSC) classification scheme on the 2nd April 2014 to replace the current Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.
