16.2 In spite of clause 16.1, a Party may disclose Confidential Information which it receives from the disclosing Party in any of the following instances:

- (a) where disclosure is required by applicable Law or by a court within the relevant jurisdiction provided that, where legally permitted, the recipient Party notifies the disclosing Party of the full circumstances, the affected Confidential Information and extent of the disclosure required;

The Buyer agrees to give at least thirty (30) days’ notice in writing of any such variation and shall specify the date from which it must be provided.

27. CHANGING THE CONTRACT

27.1 Either Party can request a variation to the Contract which they shall initiate by issuing a Change Control Notice set out in Schedule 3 of the Contract. The Buyer is not required to accept a variation requested by the Supplier and no changes will be effective until a Change Control Notice has been signed by both Parties.

32. ENVIRONMENT

32.1 When working on site, the Supplier must perform its obligations under the Buyer's current Environmental Policy specified in the Order Form.

33.1 The Supplier must not breach any tax or social security obligations and must enter into a binding agreement with HMRC to pay any late contributions due including, where applicable, any interest or fines. The Buyer cannot terminate the Contract where the Supplier has not paid a minor tax or social security contribution.

33.2 Where the Supplier or any Supplier Staff are liable to be taxed or to pay national insurance contributions in the UK relating to payment received under the Contract, the Supplier must both:

- (a) comply with the Income Tax (Earnings and Pensions) Act 2003 and all other statutes and regulations relating to income tax, the Social Security Contributions and Benefits Act 1992 (including IR35) and National Insurance contributions; and
- (b) indemnify the Buyer against any income tax, national insurance and social security contributions and any other liability, deduction, contribution, assessment or claim arising from or made during or after the Term in connection with the provision of the Deliverables by the Supplier or any of the Supplier Staff.

- (a) the Buyer may, at any time during the term of the Contract, request that the Worker provides information which demonstrates they comply with clause 33.2, or why those requirements do not apply. The Buyer can specify the information the Worker must provide and the deadline for responding;

- (b) the Worker's contract may be terminated at the Buyer's request if the Worker fails to provide the information requested by the Buyer within the time specified by the Buyer;
- (c) the Worker's contract may be terminated at the Buyer's request if the Worker provides information which the Buyer considers insufficient to demonstrate how it complies with clause 33.2 or confirms that the Worker is not complying with those requirements; and
- (d) the Buyer may supply any information they receive from the Worker to HMRC for revenue collection and management purposes.

34. CONFLICT OF INTEREST

34.1 The Supplier must take action to ensure that neither the Supplier nor the Supplier Staff are placed in the position of an actual or potential conflict between the financial or personal duties of the Supplier or the Supplier Staff and the duties owed to the Buyer under the Contract, in the reasonable opinion of the Buyer.

34.2 The Supplier must promptly notify and provide details to the Buyer if a conflict of interest happens or is expected to happen.

34.3 The Buyer can terminate the Contract immediately by giving notice in writing to the Supplier or take any steps it thinks necessary where there is or may be an actual or potential conflict of interest. If the Contract is terminated under this clause 34.3 clause 11.5 shall apply.

35. REPORTING A BREACH OF THE CONTRACT

35.1 As soon as it is aware of it, the Supplier and Supplier Staff must report to the Buyer any actual or suspected breach of Law, clause 13.1, or clauses 29 to 34.

35.2 The Supplier must not retaliate against any of the Supplier Staff who in good faith reports a breach listed in clause 35.1.

36. RESOLVING DISPUTES

36.1 If there is a dispute between the Parties, their senior representatives who have authority to settle the dispute will, within 28 days of a written request from the other Party, meet in good faith to resolve the dispute.

36.2 If the dispute is not resolved at that meeting, the Parties can attempt to settle it by mediation using the Centre for Effective Dispute Resolution (CEDR) Model Mediation Procedure current at the time of the dispute. If the Parties cannot agree on a mediator, the mediator will be nominated by CEDR. If either Party does not wish to use, or continue to use mediation, or mediation does not resolve the dispute, the dispute must be resolved using clauses 36.3 to 36.5.

36.3 Unless the Buyer refers the dispute to arbitration using clause 36.4, the Parties irrevocably agree that the courts of England and Wales have the exclusive jurisdiction to:

- (a) determine the dispute;
- (b) grant interim remedies; and
- (c) grant any other provisional or protective relief.

36.4 The Supplier agrees that the Buyer has the exclusive right to refer any dispute to be finally resolved by arbitration under the London Court of International Arbitration Rules current at the time of the dispute. There will be only one arbitrator. The seat or legal place of the arbitration will be London and the proceedings will be in English.

36.5 The Buyer has the right to refer a dispute to arbitration even if the Supplier has started or has attempted to start court proceedings under clause 36.3, unless the Buyer has agreed to the court proceedings or participated in them. Even if court proceedings have started, the Parties must do everything necessary to ensure that the court proceedings are stayed in favour of any arbitration proceedings if they are started under clause 36.4.

36.6 The Supplier cannot suspend the performance of the Contract during any dispute.

37. WHICH LAW APPLIES

37.1 This Contract and any issues arising out of, or connected to it, are governed by English Law and the English courts have exclusive jurisdiction.

Project Title: Identifying Growth Potential in the Professional and Business Services sector in the UK's Cities and Regions.

Project Overview

The focus of the project is to evaluate the scale-up and growth potential of SMEs within the Professional and Business Services (PBS) sector at detailed city and regional levels. This analysis aims to provide data-driven insights to aid in delivering targeted support to these businesses, thereby addressing current gaps in the Department's current understanding and resources.

This research project will leverage publicly available firm-level data and employ econometric methods to identify scalability markers for evaluating the growth potential of PBS companies at city and regional levels. The analysis will support the development of the PBS sector plan within the Industrial Strategy and inform future local growth plans, aligning with the government's goal of fostering economic growth across the UK. Additionally, this work will assist the sector

policy team in future discussions with regional authorities and devolved administrations.

Objectives:

The project aims to establish evidence on the growth potential of SMEs in the PBS sector within cities and regions.

The key objectives are:

38. to identify growth potential and scalability of SMES within the PBS sector
39. to identify growth SMEs' potential at subsector level
40. to identify the cities and regions where this growth potential is located

Enhancing PBS Sector Insights

Current datasets from the ONS provide information on the economic contribution of PBS sectors at ITL 3 and City Region levels, but they do not include data by firm size with the same level of granularity. While NOMIS data from the ONS offers counts of businesses and employment levels at more detailed sector and region levels, it does not specify firm locations or sector affiliations. This project aims to utilize firm-level data to pinpoint where businesses are located and which sectors they belong to.

By applying our Growth Potential Algorithm (GPA) and Business Lifecycle Segmentation (BLS) methodology, this project will identify firms with latent growth potential, bridging gaps present in traditional datasets like ONS and NOMIS, which do not provide firm-level insights or predictive analytics.

Deliverables

The following project deliverables aim to provide a comprehensive analysis of growth potential within the Professional and Business Services (PBS) sector, focusing on firm scalability, subsector performance, and regional dynamics across various cities and regions.

Growth Potential of PBS Firms by City and Region

Objective: To analyse the growth potential and scalability of SMEs within the PBS sector across various cities and regions.

Deliverable: A comprehensive report that identifies high-growth potential PBS firms within each city and region. The report will include metrics such as firm size, workforce expansion, revenue potential, and scalability indicators.

Comparison of PBS Subsectors

Objective: To identify growth potential at the subsector level within the PBS sector.

Deliverable: A comparative analysis of various PBS subsectors, highlighting those with the strongest growth potential, scalability, and market demand across different regions.

Regional and City Comparisons

Objective: To compare growth potential across different cities and regions, identifying geographic hotspots for PBS sector growth.

Deliverable: A report providing a regional and city-level **comparison, ranking** cities and regions by the concentration of high-growth potential firms in the PBS sector. The report will include insights into factors driving regional disparities.

These deliverables will provide evidence on the growth potential of SMEs within the PBS sector, facilitating more targeted interventions and support strategies.

SCHEDULE 4 - TRAVEL AND SUBSISTENCE

NOT IN USE

DEPARTMENT FOR BUSINESS AND TRADE – TRAVEL AND EXPENSES POLICY

1. Purpose

a) The nature of the Department for Business and Trade (DBT's) business means that Suppliers may have to travel both in the UK (United Kingdom) and overseas and this manual provides details of the principles, rules and procedures relating to travel and expenses.

2. Suppliers can only claim for official travel. Official travel includes official visits, training, events, and meetings away from the Supplier's permanent work location within the scope of the contract. It does not include travel between a Supplier's home and normal place

of work; return journeys home at weekends during a continuous business location; or a journey to a business location where the journey broadly follows the same route as the journey to their normal place of work.

Supporting Evidence

3. All expenses must be supported by receipts/proof of purchase. Scanned or electronic receipts/proof of payment should accompany all claims. Hard copies should be retained and may need to be produced at DBT's request.

Expense Limits

4. Claims should be made on the basis of actual receipted costs, subject to the limits set for certain categories of expense. The expense limits outlined in this expenses policy are established to help maintain efficient cost controls. It is crucial that Suppliers adhere to the limits specified.

5. Expenses should be in addition to those that would have been incurred at the Supplier's trading address or through the ordinary operation of their business.

Foreign Currency

6. The exchange rate for translating foreign currency transactions should be at the prevailing rate shown on the currency exchange receipt or the bank/credit card rate of exchange shown in statements.

VAT

7. All expenses should be charged to the Department at the cost to the Supplier, after any recovery of VAT, and VAT may only be charged by VAT registered Suppliers.

Expense Pre-Approval

8. All claims require prior written pre-approval from the DBT Contract Manager using the Pre-Expense Authorisation Form at Annex A.

9. Where specific costs cannot be provided, estimates are acceptable (where actual receipted costs exceed estimated costs retrospective approval must be sought from the DBT Contract Manager prior to submitting a claim).

10. Travel must not be reserved or purchased without the DBT Contract Manager's pre-approval in writing as this will be required for all reimbursements.

11. Where there is routine, regular travel the DBT Contract Manager and the Supplier can agree an annual Travel & Subsistence budget at the start of each contract year. This must be agreed in writing and a record kept on the contract file.

12. If for any reason travel bookings must be cancelled or amended, approval should be sought from the relevant DBT Contract Manager before doing so. DBT is not liable for costs incurred for any non-approved travel or cancellations/amended travel booked in error.

13. If a Supplier plans to spend personal time at the beginning or end of a business trip, the DBT Contract Manager must be informed. All additional costs (travel, accommodation, subsistence) must be covered by the Supplier. The DBT Contract Manager will provide specific details on how to claim incurred expenses.

Does this change contractual entitlements?

14. Nothing in this guidance removes or replaces the terms & conditions of the contract.

2. Scope

1. This applies to all DBT Suppliers, to help inform acceptable reimbursement for UK and overseas expenses incurred in delivering DBT contracts.

DBT Contract Manager	A DBT representative that has been appointed as the Contract Manager for the contract in place with the Supplier.
DBT Supplier/Supplier	The organisation that is contracted with DBT.

4. Policy Statement

1. Ensure that you have read the roles and responsibilities for this policy as set out in section 5.

Claiming Reimbursement

2. Expenses will only be reimbursed if they:
 - Are supported by original receipts/proof of purchase. Scanned or electronic receipts should accompany all claims. Proof of purchase must be retained for three (3) years following contract expiry. DBT may reimburse claims without proof of purchase in exceptional circumstances. In such circumstances the Supplier must justify, to the satisfaction of the DBT Contract Manager, why proof of purchase is unavailable.
 - Are submitted on a fully completed expense claim form.
 - Are pre-authorised by the DBT Contract Manager.
 - Provide full details supporting the expense claim; and
 - Are claimed in line with this policy.
3. In exceptional circumstances, DIB may consider reimbursing minor claims for travel without a receipt, for example where a pre-paid Oyster card is used or where tickets are retained as you pass through a ticket barrier. In such circumstances the Supplier will need to detail on the expenses claim form the reason why a receipt is not available.
4. It is DBT's preference that public transport is utilised where possible in the first instance. If public transport is unavailable or its use is not practicable (such as needing to carry bulky documents or as a result of a disability or medical grounds) then Suppliers may travel by alternative means. The Supplier must have DBT Contract Manager approval for use of non-public transport. Suppliers must not derive a benefit by transacting the points or other rewards from loyalty schemes (e.g., air miles) during contract delivery activities paid for by the UK taxpayer.
5. It is expected that Suppliers make early bookings, where possible, booking well in advance to minimise costs, take advantage of discounts where they are available, and reserve fixed prices, unless there is a high probability that the schedule will change - as they are more likely to provide a better deal.

Air Travel

6. Suppliers are expected to book the lowest logical fare available.
7. Suppliers must obtain three quotes for all air travel to show bookings are made using the most economical option. Quotes should be submitted by screenshot included in the email seeking pre-authorisation (hyperlinks should not be provided because costs can change as the webpage they link to is refreshed).
8. If a Supplier plans to spend personal time at the beginning or end of a business trip, they must inform the DBT Contract Manager. Additional costs must be covered if earlier or later return flights are more expensive than flights that would have been taken purely for the purposes of the business trip. Screenshots of the flights should be provided to evidence that the alternative flights/transport are not more expensive.
9. The following limits on the class of travel permitted are as follows

Flying Time (per flight)	Class of Travel
Up to 5 hours	All journeys at public expense: Economy
Over 5 hours	All journeys at public expense: Economy (but see below*)
Over 10 hours	All journeys at public expense: Business (subject to prior agreement with DBT Contract Manager)

* Subject to the authority of the DBT Director for the relevant business area, the next higher class (but not first class) may be used:

- where strict application of the class-of-travel rules would not be cost effective.
 - for short duty visits out and back in a working day – not applicable where there has been an overnight stay.
 - when bookings are not available in the lower class and the timing or date of the journey cannot be changed.
 - if the interim contractor will be required to work immediately on arrival.
 - on disability/medical grounds recognised by DBT HR (Human Resources).
10. All flights must be booked at set dates, no open return tickets may be booked.
11. Air travel should not normally be used within the UK, although there is an exception for travel to/from Scotland and Northern Ireland. Air travel in the UK must be by economy class.
12. Please have consideration to the carbon footprint of flights and the Department's requirements to meet [Greening Government Commitments](#). Domestic flights should only be taken when they are more economical than rail.

Rail Travel

13. For rail travel (including Eurostar) the Supplier should travel standard class unless for example they have a disability or health condition that would make this unreasonable.

Sea Travel

14. If booking ferry tickets, the Supplier must book directly with the ferry company. The Supplier is entitled to occupy a standard single-berth cabin when it is necessary to travel overnight.

Hotel Booking

15. Whenever it is necessary to stay away overnight on business, reasonable hotel accommodation costs can be claimed with a valid receipt up to £85 (including VAT) in the UK and £135 (including VAT) in London.

16. In room movies, mini-bars or gym fees may not be claimed. The use of expensive hotel room telephones should be avoided.

17. If staying at a conference venue, a hotel recommended by the conference organisers or for convenience, it is the Supplier's responsibility to ensure that there is pre-approval for any excess over the threshold costs. This must be approved in advance of booking and pre-authorisation received from the DBT Contract Manager.

18. All travel and hotel bookings must be signed off by the DBT Contract Manager prior to booking any travel abroad or within the UK. Email approval is sufficient.

19. A link to the overseas rates for hotels (which must not be exceeded) is below:
<https://www.gov.uk/guidance/expenses-rates-for-employees-travelling-outside-the-uk>

Taxis

20. Use of taxis is expected only where there is a clear value for money or business justification, agreed in advance with the DBT Contract Manager wherever possible; unless a Supplier has a temporary or permanent disability and has been advised that taking a taxi is a 'reasonable adjustment' or for safety and security reasons.

21. Some examples where taxi travel might be considered **appropriate** include:

- there were no other reasonable public transport options (for example: travel to a location not served by a bus or train route)
- it was the most cost-effective way of undertaking the journey – for instance you shared the taxi with colleagues, and this made it cheaper than other public transport options
- for personal safety reasons

22. Examples of scenarios where it might be considered **inappropriate** to take a taxi include:

- There were cheaper public transport options which incurred only a modest additional travel time
- Public transport involved changing mode of transport (for example, a train and a bus)
- Failure to leave sufficient time to make the journey by foot or public transport

23. It is expected that public transport will be used for travel within London and the use of taxis should only be undertaken by exception

24. The principles set out for UK travel equally apply for taxi travel overseas.

Private & Hire Vehicles

25. Suppliers are expected to use public transport where this is reasonable and should only use a car where a business need has been agreed in advance by the appropriate DBT manager or where a member of staff has a temporary or permanent disability.

26. When using a self-drive vehicle on duty travel Suppliers should aim to take the shortest and most direct route.

27. Hire vehicles can be claimed on actual costs.

28. Suppliers may claim a mileage allowance for their privately owned car. This allowance is designed to cover the costs of fuel, maintenance, insurance for business use, and wear and tear. In some locations mileage rates are limited by the tax authorities. Motor insurance must cover business use.

29. Current mileage allowance by private car is 45p for 1st 10,000 miles and 25p for any further mileage in tax year. VAT petrol receipts must be provided.

Meal Allowances

30. There is no daily allowance for meals or subsistence.

31. For UK travel meal expenses will be reimbursed on an actual receipted basis, not to exceed £35 per day (24hr period).

32. As a general rule the following limits against receipts should be applied:

- **£7 for breakfast** (if not included in the room rate). There is no limit for breakfast if included in room rate provided it does not exceed the hotel rate.

- **£8 for a lunch** if traveling on business away from a permanent workplace for more than 8 hours during normal working hours and it is in addition to usual spend*.

*For example, unless costs exceed usual lunch spend, these must not be claimed.

- **£20 for an evening meal**

33. For international travel meal expenses will be reimbursed on an actual basis, not exceeding the limits set out at the following link:

<https://www.gov.uk/guidance/expenses-rates-for-employees-travelling-outside-the-uk>

34. Receipts/proof of purchase to support claims must be provided.

35. Alcohol cannot be claimed as part of personal expenses.

Insurance

36. Suppliers must arrange and pay for their own travel insurance. If travelling to a high-risk country or region, Suppliers should notify the relevant DBT manager. Travel insurance cannot be reclaimed as an expense item.

Passports

37. It is the Supplier's responsibility to ensure that they have an up-to-date passport with a minimum of six months left until the expiry date for any overseas travel. New or replacement passports cannot be claimed at DBT expense.

Visas

38. It is the Supplier's responsibility to check whether the country to be visited requires a visa and obtain one if necessary. Visas can be claimed at DBT's expense, except for additional costs which are a result of the Supplier's failure, for example, where the Supplier fails to apply for a visa following routine processing times (i.e., requesting a visa at short notice). It is the responsibility of the Supplier to ensure they have sufficient pages in their passport to ensure the entry and exit stamp may be placed in their passport. DBT are not liable for costs incurred in the event the Supplier is not allowed entry. The Supplier will be responsible for all expenses attributed to short notice/urgent applications that could have reasonably been avoided.

Vaccinations

39. It is the Supplier's responsibility to check whether specific health precautions must be taken for overseas travel. Suppliers may claim for any vaccinations required as a result of overseas travel in accordance with the [NHS Fit for Travel Guidance](#).

Non-Reimbursable Expenses

40. Expenses may not be reimbursed unless they are specified in this document. Expenses which fall outside the areas above will not be reimbursed.

41. Non-reimbursable expenses include but are not limited to any claim for:

- A daily allowance – please claim for meals on a receipt basis (capped at £35 in the UK and as per the [Worldwide Subsistence Rate Guide](#))
- Business expenses that relate to fees, taxes, insurances etc. incurred as part of the contractor's own operating costs of being a limited company
- Office supplies, e.g., stationery or postage.
- Office hardware, e.g., chair or printer.

(If a journey is in whole or in part substantially the same as the commute to the DPOW; expenses may only be claimed for costs over and above the normal commuting cost).

Covid-19

42. Supplier staff required to travel internationally as part of the direct performance of a DBT contract may claim COVID-19 expenses directly attributable to that travel. Claimable costs must align to the COVID-19 related laws and guidance in the country or countries that the Supplier is travelling to and from at the time of travel

- Claimable personnel costs will be limited to normal work hours per day (including any overtime) and will not include non-working days such as weekends and public holidays.
- Costs cannot be claimed where Supplier staff can be functional for their business whilst in quarantine, i.e., where they can 'work from home' in quarantine, for that Supplier or for the DBT service contract.
- Costs may be claimed where the Supplier staff travelling across international borders have incurred costs for COVID-19 tests. This is only payable where an NHS Test is not available, and up to a maximum of £250 per individual.
- Costs can be claimed where Supplier staff travelling across international borders to the UK have been required to enter 'hotel quarantine'. This is only payable where the additional points outlined in this policy are met, and up to a maximum total cost of £1750 per adult per room. Testing costs are included in this expense, and so costs cannot be claimed for both point c. and point d. separately. (These costs also vary where adults share the same room - see Hotel quarantine government guidance for further details).
- Any payments made are not considered relief and are applied through the contract using agreed or available rates and must be agreed in advance in writing by the DBT Contract Manager.
