Bidder Guidance	By conflict of interest, we mean, anything which could be reasonably perceived to affect the impartiality of this project, or to indicate a professional or personal interest in the outcomes from this project. If your situation changes during the procurement process you must promptly notify the Contracting Authority via Jaggaer eSourcing Portal if any conflicts of interest arise or any additional information arise in relation to the conflict of interest you have declared. Where there is an actual or potential conflict of interest, it is suggested the organisation (or consortia where applicable) design a working arrangement such that the deliverables cannot be influenced (or perceived to be influenced) by the organisation which is the owner of an actual or potential conflict of interest. For example, consideration should be given to maintain an impartial approach to the project. Bidders are required to give a full account of the actions or processes that it will use to ensure that a conflict of interest is avoided. In any statement of mitigating actions, bidders are to outline how they propose to achieve a robust, impartial and credible approach to the project. Where the Bidder has answered question AW4.1 as "no with justification", the Bidder shall provide a Contract mark-up utilising track changes detailing the relevant clause, the proposed changes to the clause and the justification for the changes. In this case, the Bidder shall score a pass if (but only if) the Contracting Authority considers both the following requirements are satisfied: - the reasons stated as justifying the Bidder's statement that it cannot accept the Contract Terms due to legal requirements or statutory regulations are valid; and - the changes submitted do not create significant risk for the Contracting Authority and are reasonably necessary and proportionate to ensure the Bidder complies with the legal requirements and statutory regulations.
