

I am enquiring regarding the hire of a telehandler; would you please be able to provide a quote for short, medium and long term hire with the following specification:

- Under 3 years old & high quality.
- Lift capacity 12-13 tonne
- Reach 10 metres
- Standard fork carriage
- Lifting boom attachment
- Hydraulic Fork positioner (to lift ISO containers), with 2.4m long forks

We would also prefer the following:

- High levels of responsive support, should breakdowns occur or through life servicing/maintenance be required
- If the machine breaks down and cannot be fixed quickly then a like for like replacement (capability, age and condition)
