

WP2133 DESIGN AGENCY

CLARIFICATION RESPONSES

CONTRACTING AUTHORITY: Government Digital Service (GDS) on behalf of CABINET OFFICE (CO)

Anonymised Clarification Question	Clarification Response
I have come across this RFI for one of your upcoming projects. Quick question, where is the location of the project if it needs to be carried out onsite?	London
I am interested in responding to your RFI with the Reference number above, particularly Lot 2 as my experience more closely aligns. However, I am a sole trader and though I have very relevant experience, I would like to check whether you would consider a response from an individual rather than an agency.	My initial thought would be that this opportunity will most probably require a team to deliver, however, please feel free to complete the questionnaire to register your interest and we will send procurement documentation accordingly. Consortium Bids are welcomed.
