Schedule 4

Additional Special Conditions

1. Specific approval processes for medical devices that are not CE marked
- 1.1 The provisions of this Clause 1 of Schedule 4 applies where Goods are in-vitro diagnostic medical devices or general medical devices to which CE marking is not currently applied pursuant to Regulations 36 (CE marking of in vitro diagnostic medical devices) and Regulation 10 (CE marking of general medical devices) of the Medical Device Regulations 2002 (the "MDR"). It is recognised by the Parties that such Goods, having only recently been developed, may not necessarily meet the requirements that an in-vitro diagnostic medical device that bears CE marking in accordance with Regulation 36 and a general medical device that bears CE marking in accordance with Regulation 10 MDR would meet (and shall not in any event be labelled with Conformity Marking) and instead must receive an authorisation from the Secretary of State for Health and Social Care pursuant to Regulation 39(2) and/or 12(5) MDR to be placed on the market in the United Kingdom and supplied to the Authority for use in a healthcare environment ("Product Authorisation").
- 1.2 In relation to such Goods, the Supplier shall by dates agreed in writing with the Authority submit to the Authority:
- 1.2.1 such facilities that it will use for the manufacture and storage of the Goods in question for inspection by the Authority and any regulatory authority;
- 1.2.2 details of any manufacturing processes and controls that it will use in connection with the manufacture and supply of any such Goods in such detail that the Authority shall reasonably require;
- 1.2.3 for approval agreed quantities of pre-production samples of the Goods in question ("Pre-Production Samples"), such samples to be manufactured in conformance with the Specification; and
- 1.2.4 such quantities of the Goods for testing in a healthcare environment that the Authority may reasonably require ("Testing Samples").
- 1.3 Furthermore, the Supplier shall:
- 1.3.1 at the Authority's request, provide reasonable support, cooperation and information to the Authority to assist the Authority in obtaining and maintaining a Product Authorisation for the Goods in question; and
- 1.3.2 promptly notify the Authority if it experiences or anticipates that it may experience any difficulties or challenges with respect to manufacturing Pre-Production Samples or Testing Samples and the Authority shall provide such reasonable assistance to the Supplier as it is able (taking into account the exceptional circumstances described in Clause 2 of this Schedule 4).
- 1.4 It is a condition of this Contract that the Supplier shall not commence the manufacture and/or the supply of Goods for use generally by patients until the Supplier has:
- 1.4.1 obtained a relevant Product Authorisation and notified the Authority of the same; and
- 1.4.2 communicated its approval of the Pre-Production Samples to the Authority in writing (such approval not to be unreasonably withheld or delayed).
- The Authority shall be entitled to waive the condition referred to in the preceding sentence by notice in writing to the Supplier subject to any requirements notified to the Supplier in writing by the Authority.
- 1.5 The Authority's approval of the Pre Production Samples constitutes confirmation by the Supplier that the Goods shall be manufactured in conformity with those samples. The Supplier shall ensure that all such Goods manufactured include a type and serial number or batch number or other element allowing identification.
- 1.6 If the Supplier considers or has reason to believe at any stage that the Goods are no longer in conformity with the Product Authorisation it must immediately notify the Authority and take the corrective measures necessary to bring the Goods into conformity, to withdraw them or to recall them, as appropriate. Furthermore, where the Goods presents a risk, the Supplier shall immediately inform the enforcement authority in the UK to that effect, giving details, in particular, of the non-conformity and of any corrective measures taken.
- 1.7 The Supplier shall following the grant of a Product Authorisation for Goods strictly adhere to any conditions applying to such Product Authorisation in manufacturing and supplying those Goods and otherwise complying with this Contract, and shall cease manufacture and supply if or once the Product Authorisation in question is withdrawn or expires unless the Authority otherwise requires in writing. Following the withdrawal or expiration of the Product Authorisation for the Goods, the Supplier shall provide reasonable assistance and cooperation to the Authority in recalling the Goods and the Authority shall meet the Supplier's reasonable costs of such assistance and cooperation save where the withdrawal of the Product Authorisation in question results from any breach by the Supplier of this Contract.
- 2 Exceptional circumstances as a result of the Covid-19 pandemic.
- 2.1 The Parties recognise that the circumstances created as a result of the Covid-19 pandemic are exceptional and fast-moving. As a consequence, the Parties agree

14

Attachment 4 – Order Form and General Terms and Conditions

that they will act reasonably and in good faith together to seek to resolve any difficulties or challenges which may impact upon the manufacture and supply of Goods and in relation to the wider Covid-19 issues so as to ensure that public health is protected and preserved.

2.2 In this context:

2.2.1 the Supplier recognises that there may be a shortage of supply of Component Parts and accordingly, the Suppliers shall take all reasonable steps to safeguard and protect all stocks of Component Parts held by it and its Group from time to time which may be required to manufacture the Goods;

2.2.2 the Supplier recognises and agrees that the exceptional circumstances referred to above may mean that it is necessary for the Authority to involve itself in the Supplier's inbound supply chain for Component Parts. The Authority shall notify the Supplier in advance if it considers that this step is reasonably necessary and the Supplier shall provide all information and assistance as the Authority may require in order for it to take this step;

2.2.3 the Supplier agrees to provide transparency to the Authority to ensure that the Authority has sufficient visibility of the Supplier's manufacturing processes and timelines for the manufacture and supply of Goods to allow it to plan and adjust order scheduling across the Authority's supply chain for products equivalent to or similar to the Goods;

2.2.4 the Supplier shall notify the Authority promptly of any exceptional events or circumstances which may impact upon the Supplier's ability to manufacture and supply Goods in accordance with this Contract and the Authority's requirements ("Relevant Circumstances"). If the Supplier is or is likely to be subject to delays in manufacturing and supplying any of the Goods to the Authority, the Authority shall be entitled by notice in writing to cancel all or part of an Order;

2.2.5 if the Relevant Circumstances apply or if any Pre-Production Samples of the Goods fail to gain approval in accordance with Clause 1.4.2 then the Authority shall be entitled: (a) to have the Goods manufactured by an alternative manufacturer (and shall upon reasonable commercial terms be granted a licence of any relevant Intellectual Property Rights owned or licensed to the Supplier which are necessary for the manufacture of the Goods and the Supplier shall provide the Authority, upon request, with all relevant information necessary for such manufacture) and; (b) to purchase from the Supplier the Supplier's stocks of Component Parts to the extent that such quantities of Component Parts are held in line with the quantities required to fulfil an Order. The purchase price of such Component Parts shall be an amount equal to the price

paid by the Supplier for such Component Parts. In addition, the Authority shall be entitled to purchase from the Supplier any tooling used or to be used exclusively for the manufacture of the Goods at the price paid by the Supplier, subject to any depreciation which would ordinarily be applied to such tooling in line with usual accounting practice; and

2.2.6 if the Authority exercises its rights under Clause 2.2.5 of this Schedule, the Supplier will deliver up to the Authority the Component Parts and relevant tooling and title in such Component Parts and tooling shall immediately transfer to the Authority. The Supplier shall take all such steps and complete all such additional documentation as is necessary to transfer title in the Component Parts and tooling to the Authority.

3 Forecast Process/Mechanism

3.1 The Authority will provide the Supplier a forecast detailing the Authority's best estimate of the minimum and maximum number of rapid tests to be performed utilising the Goods at the Testing Sites for the forthcoming three-month period (the "Rolling Forecast"). The Rolling Forecast will include a Lower Limit and an Upper Limit of the Goods required for the applicable three-month period. The Rolling Forecast will be binding on both Parties and the Authority must place orders and the Supplier must deliver for the relevant number of Goods within the Lower Limit and Upper Limit. For the purposes of this Schedule 4:

3.1.1 the "Upper Limit" is 12 tests per day per unit to be performed utilising the Goods aggregated across the Rolling Forecast period, which the Authority can (but is not obliged to) order as set out in the Rolling Forecast;

3.1.2 the "Lower Limit" is 7 tests per day per unit to be performed utilising the Goods aggregated across the Rolling Forecast period, which the Authority is obliged to order during the relevant Rolling Forecast period.

3.2 Each month, the Authority shall order, and the Supplier shall deliver volumes of the Goods in accordance with the Rolling Forecast. The volume of Goods ordered by the Authority shall not exceed 12 tests per day per Samba II instrument for the relevant Rolling Forecast period;

3.3 The Authority will submit an updated Rolling Forecast on a four (4) week basis for the immediately succeeding three-month period, which shall be accepted by the Supplier and constitute the Rolling Forecast commitment. If the Authority fails to submit an updated Rolling Forecast, the immediately preceding Rolling Forecast shall apply;

3.4 Where there is additional Samba equipment or redundant Samba equipment during the Term, the parties shall agree additional or reduced volumes in accordance with the following notice periods as required for the relevant percentage change stated below:

Attachment 4 – Order Form and General Terms and Conditions

- 3.4.1 [REDACTED] - a month notice period
[REDACTED] by three (3) month period);
- 3.4.2 [REDACTED] - three months' notice
period, and
- 3.4.3 [REDACTED] on a mutual agreement
between both parties.
4. Purchase Requirements
- 4.1 In the event of the Contract's expiry or earlier termination other than due to Supplier default or breach, the Supplier shall be entitled to ship to and invoice the Authority for the greater of (i) sufficient quantities of Goods to conduct the volume of rapid tests up to the Minimum Total Test amount (as set out in Attachment 7 Pricing Schedule of the ITT) to the extent not yet ordered by the Authority, and (ii) all Goods manufactured by the Supplier and held in stock for the Authority in the quantities agreed in writing with the Authority.
- 4.2 Whilst the Supplier shall use commercially reasonable endeavours to manufacture and supply goods in accordance with the Authority's forecast as provided in accordance with Clause 3 of Schedule 4, should the Authority require to order such quantities of Goods in excess of the Upper Limit, the Parties shall negotiate in good faith a suitable amendment to this Contract.
5. Ordering Process
- 5.1 On execution of the Contract, the Authority shall submit to the Supplier a purchase order, the amount of which shall be the maximum value of Goods which can be ordered across the duration of the Contract (the "Purchase Order"). Thereafter, the Goods shall be called off against the Purchase Order as they are delivered with all orders being placed in accordance with this Clause 5 of Schedule 4. The parties agree that (i) notwithstanding submission of the Purchase Order to the Supplier but subject to Clause 4.1(ii) of Schedule 4, the Authority is only committed to purchasing such quantities of the Goods equivalent to the Lower Limit but that (ii) (if required by the Authority) the Supplier will use commercially reasonable endeavours (taking into the Supplier's manufacturing capacity and resources at the relevant time) to deliver such quantities of the Goods as are required up to the Upper Limit.
- 5.2 At least once per four (4) week, the Parties will hold a call or exchange email communications to determine the Authority's then current demand for the Goods. At such meetings or email communication, the Parties will:
- 5.2.1 agree the volume of Goods to be delivered for the following four (4) week period (at all times in accordance with the forecasting mechanism provided for in Clause 3 of Schedule 4);
- 5.2.2 review forecast for the remainder of the Contract term (which the Authority shall ensure it updates on a four (4) weekly basis in accordance with Clause 3 of Schedule 4);
- 5.2.3 review current inventory levels; and
- 5.2.4 discuss such other matters as the parties may consider appropriate.
- 5.3 At the start of each four (4) week period, the Parties shall have a further call to review and finalise the delivery schedule for each Testing Site for that month. The Supplier shall only be liable for delays/ failure to deliver Goods once it has agreed to deliver such Goods in accordance with this paragraph Clause 5 of Schedule 4.
