Schedule 1 - Services

ServiceNow® Software as a Service Renewal – 2 Year Commitment

1. Buyer acknowledges that it previously procured subscriptions and access to the instance of its Subscription Service (the “Original Instance”) through a reseller (“Original Reseller”) other than the Reseller listed above in this Use Authorization (“New Reseller”). By engaging the New Reseller to purchase additional subscriptions and/or products for the Original Instance, Buyer acknowledges that Buyer may need to file warranty or service credit claims with both the Original Reseller and New Reseller (together, the “Resellers”). ServiceNow will use commercially reasonable efforts to assist Buyer in allocating the claims among the Resellers, but Buyer ultimately will be required to resolve all such claims directly with Resellers.

2. The ServiceNow Products are assigned to the specific production environments. A switch of ServiceNow products from one production environment to another is not permitted. For the avoidance of doubt, Fulfiller Users are counted at the individual instance level, if a Fulfiller User with the same User ID is identified as active on two Production Instances, the count of Fulfiller Users will amount to two for this user. For clarification, the below Subscription Products are assigned to Customer's Production environment "mojprod":

123456

"User" means any employee or contractor of Customer or Customer Affiliate that is assigned a unique username and password and has a user profile in the Subscription Service designated as "active". Only Users may be given access to the subscription service by Customer. A use right may not be shared or transferred. Customer shall not use the subscription service in a manner that circumvents usage restrictions.

"Approver User" is any User performing any of the functions set forth in the table below for an Approver User. An Approver User may only perform the functions set forth in the table below for an Approver User.

"Requester User" is any User that performs only the functions set forth in the table below for a Requester User.

"End User" has the same use rights as **"Requester User."**

"Fulfiller User" is any User other than an Approver User or Requester User. Without limitation, a Fulfiller User is any User that performs any function other than an Approver User function or Requester User function, including those set forth in the table below for a Fulfiller User.

"Process User" has the same use rights as **"Fulfiller User."**

Buyer Table Creation and Installation

Buyer may create or install Custom Tables in a non-production instance. The creation or installation of Custom Tables in a production instance requires either the purchase of the Now Platform App Engine product or an express Custom Table entitlement that is granted with the purchase of another product. A "Custom Table" is any non-ServiceNow provided table created or installed by or on behalf of Buyer on the ServiceNow Platform unless such table is specifically exempt. A list of exempt ServiceNow provided tables and Custom Table use rights are as set forth in the Custom Table Guide on <https://www.servicenow.com/upgrade-schedules.html> and ARE EXPRESSLY DEEMED INCORPORATED HEREIN BY THIS REFERENCE. Buyer may request printed copies of the documents incorporated herein by reference by emailing us at legal.request@servicenow.com.
