1 SITE INFORMATION

1.1 Site boundary, extents and access arrangements

This site is located on the A30 Woodleigh Onslip Eastbound from MP178.9-179.3.

All survey work is within Highways England's boundary.

Access to the site will be via the traffic management.

The location of the site is as shown on Figure 01 below:

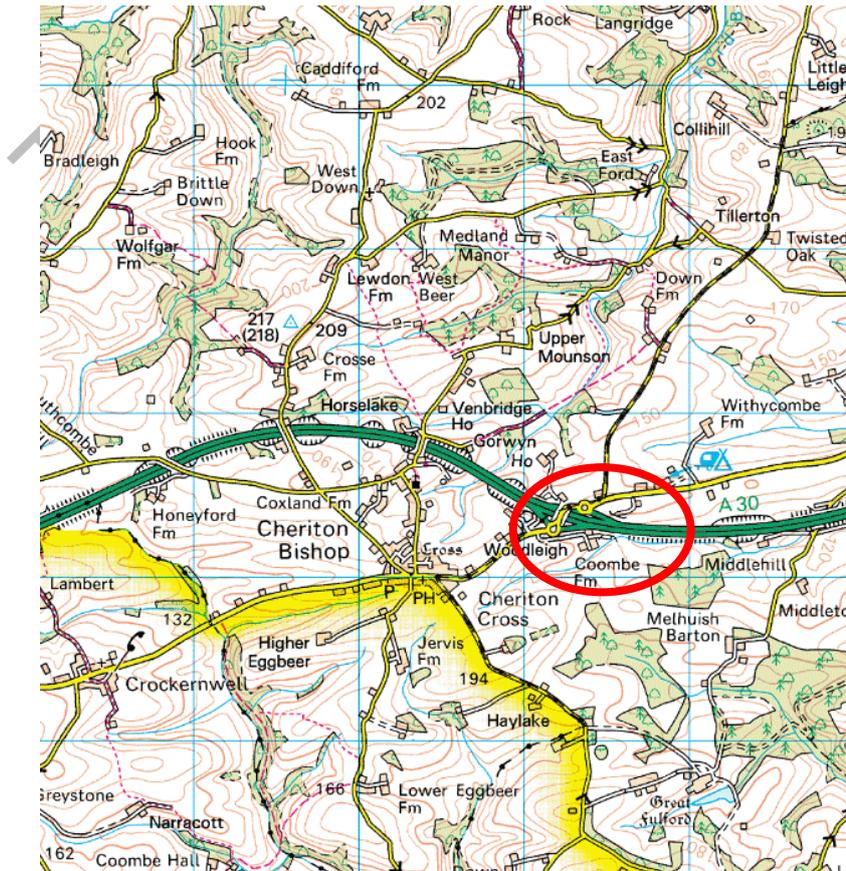

Figure 01: Location Plan

Scheme OSGR Ref:

From E 278382 N 93402 to E 278625 N 93319

1.2 Pavement

Made up carriageway construction on the A30 Eastbound Onslip, including Thin Surface Course and Asphalt Concrete Surfacing.

1.3 Drainage

There are highways drainage systems within the site. For details please refer to the STATs drawings attached with PCI.

Pre-survey stats check shall be undertaken prior to coring, it is anticipated however that the survey work will not interfere with any drainage apparatus.

1.4 Geotechnical

Not applicable.

1.5 Soft Estate and Environment

Not applicable.

1.6 Traffic Signs, Road Markings

Road markings are present but works should be undertaken so as not to require reinstatement of these.

1.7 Lighting

Street lighting present within the extents of the scheme. However, no lighting is present within the vicinity of the coring operations.

1.8 Structures and Buildings

Culvert present at Section Ch. 1100A30/25 +170m, Coring operations will not affect the structure and located outside of the works area.

1.9 Tunnels

Not applicable

1.10 Technology

Not applicable.

1.11 Statutory Undertakers

Utility apparatus are contained within the site, refer to STATs drawings and Pre-Construction Information.

1.12 Traffic

This section of the carriageway has the following traffic data:

A30 Eastbound AADT: 16,036
