#### Clarifications – Business Konnector Project

- (1) Could you please email all relevant information in order to prepare the proposal?  
*All relevant information is available in the documents uploaded to Contract Finder. This includes the Invitation to Tender document (version 5) and a map of the Local Super Output Areas (LSOAs) in Cornwall that are covered by the project.*
- (2) I just wanted to clarify something about the duration of the contract. My understanding is that there will be concentrated periods of time when the chosen consultant will be working on the objectives outlined in the brief but that he or she should be available to support the senior leaders of the business in an ad hoc manner until the end of the contract period. Is that correct?  
*That is correct.*
