

RCM Masterplan Drawings

MASTERPLAN INTRODUCTION

- The Design Plan needs to address our ambition to be a leading visitor attraction in Cornwall. It needs to create a vibrant and well used community museum and arts centre that provides high quality cultural experiences for all. This will include enhancing the existing galleries and the development of new spaces to support learning, performance and the study of creative arts. A key driver for the transformation is to ensure financial sustainability for the museum. The Design Plan must be cognisant of opportunities for income generation, for example creating facilities suitable for commercial hire, retail and catering.

This Design Plan will include consideration of the following key areas:

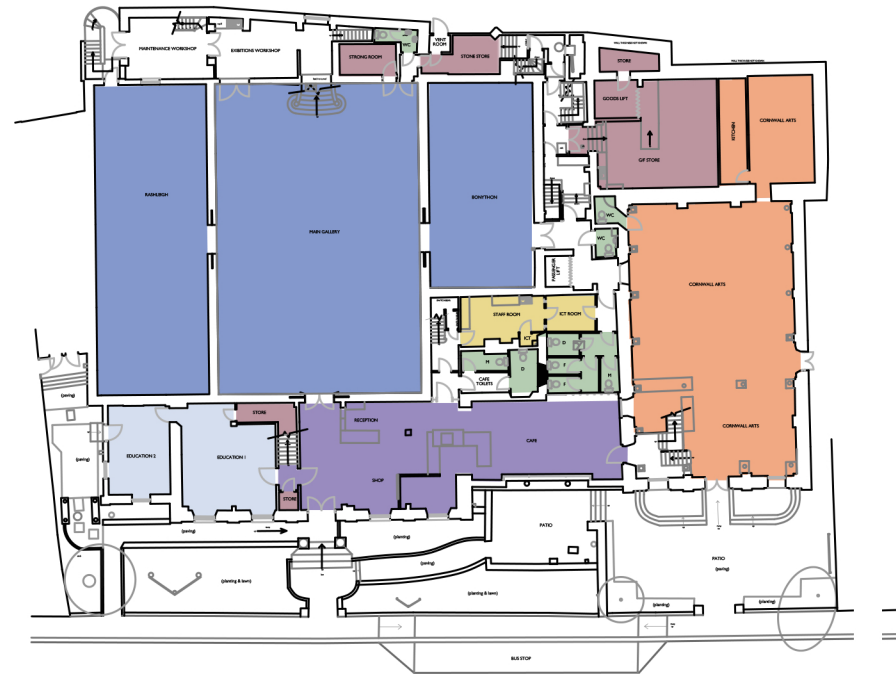

- Visitor entrance and welcome space
- Retail and café / café bar
- Flexible gallery space for temporary exhibitions and digital presentations
- Inclusion of space for ‘Museum of the Museum’ – a new permanent exhibition
- Library and archive, including study area
- Learning, events and activity spaces
- Improved stores with an element of open access
- Back of house provision for offices
- Lift and stair access
- Realignment of cloakroom and WCs

AREAS

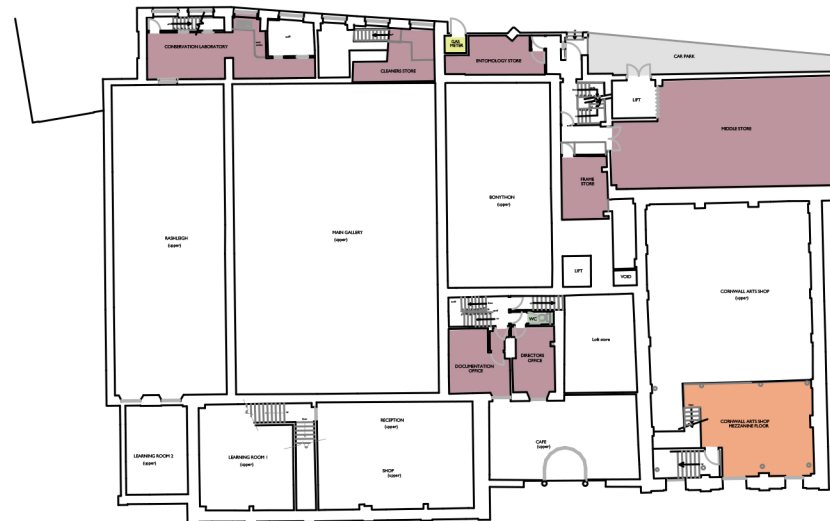

Item	Room Name	Area (sqm)		Occupancy	Comments
		Existing	Proposed		
0.01	Basement Control Room	8.7	8.7		Unchanged
0.02	Basement Plant Room	11	11		Unchanged
