- 4.1 Immediately upon notification by the Supplier of a Financial Distress Event (or if the Relevant Authority becomes aware of a Financial Distress Event without notification and brings the event to the attention of the Supplier), the Supplier shall have the obligations and the Relevant Authority shall have the rights and remedies as set out in Paragraphs 4.3 to 4.6.
- 4.2 In the event of a late or non-payment of a Key Sub-contractor pursuant to Paragraph 3.1.5, the Relevant Authority shall not exercise any of its rights or remedies under Paragraph 4.3 without first giving the Supplier ten (10) Working Days to:
 - 4.2.1 rectify such late or non-payment; or

- 4.2.2 demonstrate to the Relevant Authority's reasonable satisfaction that there is a valid reason for late or non-payment.
- 4.3 The Supplier shall (and shall procure that any Monitored Supplier, the Guarantor and/or any relevant Key Sub-contractor shall):
 - 4.3.1 at the request of the Relevant Authority, meet the Relevant Authority as soon as reasonably practicable (and in any event within three (3) Working Days of the initial notification (or awareness) of the Financial Distress Event or such other period as the Relevant Authority may permit and notify to the Supplier in writing) to review the effect of the Financial Distress Event on the continued performance and delivery of the Services in accordance with the Contract; and

This process shall be repeated until the Financial Distress Remediation Plan is approved by the Relevant Authority or referred to the Dispute Resolution Procedure set out in Clause 34 of the Core Terms under Paragraph 4.5.
- 4.5 If the Relevant Authority considers that the draft Financial Distress Remediation Plan is insufficiently detailed to be properly evaluated, will take too long to complete or will not ensure the continued performance of the

Supplier's obligations in accordance with the Contract, then it may either agree a further time period for the development and agreement of the Financial Distress Remediation Plan or escalate any issues with the draft Financial Distress Remediation Plan using the Dispute Resolution Procedure in Clause 34 of the Core Terms.

4.6.1 on a regular basis (which shall not be less than fortnightly):

- (a) review and make any updates to the Financial Distress Remediation Plan as the Supplier may deem reasonably necessary and/or as may be reasonably requested by the Relevant Authority, so that the plan remains adequate, up to date and ensures the continued performance and delivery of the Deliverables in accordance with this Contract; and
- (b) provide a written report to the Relevant Authority setting out its progress against the Financial Distress Remediation Plan, the reasons for any changes made to the Financial Distress Remediation Plan by the Supplier and/or the reasons why the Supplier may have decided not to make any changes;

4.6.2 where updates are made to the Financial Distress Remediation Plan in accordance with Paragraph 4.6.1, submit an updated Financial Distress Remediation Plan to the Relevant Authority for its approval, and the provisions of Paragraphs 4.4 and 4.5 shall apply to the review and approval process for the updated Financial Distress Remediation Plan; and

4.6.3 comply with the Financial Distress Remediation Plan (including any updated Financial Distress Remediation Plan) and ensure that it achieves the financial and performance requirements set out in the Financial Distress Remediation Plan.

4.7 Where the Supplier reasonably believes that the relevant Financial Distress Event under Paragraph 4.1 (or the circumstance or matter which has caused or otherwise led to it) no longer exists, it shall notify the Relevant Authority and the Parties may agree that the Supplier shall be relieved of its obligations under Paragraph 4.6.

4.8 The Supplier shall use reasonable endeavours to put in place the necessary measures to ensure that the information specified at paragraph 4.3.2(b) is available when required and on request from the Relevant Authority and within reasonable timescales. Such measures may include:

- 4.8.1 obtaining in advance written authority from Key Sub-contractors, the Guarantor and/or Monitored Suppliers authorising the disclosure of the information to the Buyer and/or entering into confidentiality agreements which permit disclosure;

- 4.8.2 agreeing in advance with the Relevant Authority, Key Sub-contractors, the Guarantor and/or Monitored Suppliers a form of confidentiality agreement to be entered by the relevant parties to enable the disclosure of the information to the Relevant Authority;
- 4.8.3 putting in place any other reasonable arrangements to enable the information to be lawfully disclosed to the Relevant Authority (which may include making price sensitive information available to the Relevant Authority's nominated personnel through confidential arrangements, subject to their consent); and
- 4.8.4 disclosing the information to the fullest extent that it is lawfully entitled to do so, including through the use of redaction, anonymisation and any other techniques to permit disclosure of the information without breaching a duty of confidentiality.

5. Financial Indicators

[Buyer Guidance: The Financial Indicators set out in the table at paragraph 5.1 are established at Framework level to satisfy Cabinet Office Contract Tiering Tool requirements. For the purposes of your call off activity you may check that the original assessment of the indicators remains valid, but you may not re-run those assessments. You may also opt to ask the Supplier to monitor themselves according to some, rather than all, of the indicators in accordance with your internal procedures but you should not introduce new indicators or amend those set out below. Please take your own legal advice if you are uncertain how to proceed.]

- 7.1 Without prejudice to the Supplier's obligations and the Relevant Authority's rights and remedies under Paragraph 2, if, following the occurrence of a Financial Distress Event pursuant to any of Paragraphs 3.1.2 to 3.1.7, the Rating Agencies review and report subsequently that the credit ratings for the FDE Group entities do not drop below the relevant Credit Rating Thresholds specified for those entities in Annex 2 to this Joint Schedule 7, then:

- 8.3 In respect of the first Board Confirmation to be provided under this Contract, the Supplier shall provide the Board Confirmation within fifteen (15) Months of the Effective Date if earlier than the timescale for submission set out in Paragraph 8.1 of this Joint Schedule 7.
- 8.4 Where the Supplier is unable to provide a Board Confirmation in accordance with Paragraphs 8.1 to 8.3 of this Joint Schedule 7 due to the occurrence of a Financial Distress Event or knowledge of subsisting matters which could reasonably be expected to cause a Financial Distress Event, it will be sufficient for the Supplier to submit in place of the Board Confirmation, a statement from the Board of Directors to the Buyer (and where the Supplier is a Strategic Supplier, the Supplier shall send a copy of the statement to the Cabinet Office Markets and Suppliers Team) setting out full details of any Financial Distress Events that have occurred and/or the matters which could reasonably be expected to cause a Financial Distress Event.

Annex 1: Rating Agencies and their standard Rating System

Dun & Bradstreet

D&B provides Scores and Ratings to help clients identify organisations that are likely to fail or pay late.

This helps clients to drive growth and decision making by:

- Allowing automated decisions for increased efficiency, which will free up valuable resources to focus on more important decisions
- Enabling more consistent decisions across organisations
- Applying scores across an entire portfolio to quickly identify risk and opportunity
- Allowing faster processing of large volumes of transactions

The D&B Rating is made up of two parts and presented in the following format:

- Financial strength - Based on Tangible Net Worth from the latest financial accounts
- Risk Indicator - Derived from the D&B Failure Score but also takes into account expert rules and overrides

More information on the Financial Strength and Risk Indicator can be found here:

Annex 3: Calculation methodology for Financial Indicators

[Guidance: Amend this section as appropriate to reflect the calculation methodology for those Financial Indicators that are selected for inclusion in Paragraph 5.1 of this Schedule]

The Supplier shall ensure that it uses the following general and specific methodologies for calculating the Financial Indicators against the Financial Target Thresholds:

General methodology

- 1 **Terminology:** The terms referred to in this Annex are those used by UK companies in their financial statements. Where the entity is not a UK company, the corresponding items should be used even if the terminology is slightly different (for example a charity would refer to a surplus or deficit rather than a profit or loss).
- 2 **Groups:** Where the entity is the holding company of a group and prepares consolidated financial statements, the consolidated figures should be used.
- 3 **Foreign currency conversion:** Figures denominated in foreign currencies should be converted at the exchange rate in force at the relevant date for which the Financial Indicator is being calculated.
- 4 **Treatment of non-underlying items:** Financial Indicators should be based on the figures in the financial statements before adjusting for non-underlying items.

Specific Methodology

Financial Indicator	Specific Methodology
1 Operating Margin	<p>The elements used to calculate the Operating Margin should be shown on the face of the Income Statement in a standard set of financial statements.</p> <p>Figures for Operating Profit and Revenue should exclude the entity's share of the results of any joint ventures or Associates.</p> <p>Where an entity has an operating loss (i.e. where the operating profit is negative), Operating Profit should be taken to be zero.</p>
2 Free Cash Flow to Net Debt Ratio	<p>"Free Cash Flow" = Net Cash Flow from Operating Activities – Capital Expenditure</p> <p>"Capital Expenditure" = Purchase of property, plant & equipment + purchase of intangible assets</p>

The figure should be shown gross without any deduction for any proceeds of sale of fixed assets.</p> <p><u><i>Net Debt</i></u>: The elements of Net Debt may also be described slightly differently and should be found either on the face of the Balance Sheet or in the relevant note to the financial statements. All interest bearing liabilities (other than retirement benefit obligations) should be treated as borrowings as should, where disclosed, any liabilities (less any assets) in respect of any hedges designated as linked to borrowings (but not non-designated hedges). Borrowings should also include balances owed to other group members.</p> <p>Deferred consideration payable should be included in Net Debt despite typically being non-interest bearing.</p> <p>Cash and cash equivalents should include short-term financial investments shown in current assets.</p> <p>Where Net debt is negative (i.e. an entity has net cash), the relevant Financial Target Threshold should be treated as having been met.</p> <p>OR</p> <p><i>“Net Debt” = Bank overdrafts + Loans and borrowings + Finance leases + Deferred consideration payable – Cash and cash equivalents</i></p> <p><i>“EBITDA” = Operating profit + Depreciation charge + Amortisation charge</i></p>

Where EBITDA is negative, the relevant Financial Target Threshold should be treated as not having been met (unless Net Debt is also negative, in which case the relevant Financial Target Threshold should be treated as having been met).</i></p>

<p>6</p> <p>Net Asset value</p>	<p>Net Assets are shown (but sometimes not labelled) on the face of the Balance Sheet of a standard set of financial statements. Net Assets are sometimes called net worth or ‘Shareholders’ Funds’. They represent the net assets available to the shareholders. Where an entity has a majority interest in another entity in which there are also minority or non-controlling interests (i.e. where it has a subsidiary partially owned by outside investors), Net Assets should be taken inclusive of minority or non-controlling interests (as if the entity owned 100% of such entity).</p>
<p>7</p> <p>Group Exposure Ratio</p>	<p><i>“Group Exposure” = Balances owed by Group Undertakings + Contingent liabilities assumed in support of Group Undertakings</i></p> <p><i>“Gross Assets” = Fixed Assets + Current Assets</i></p> <p><u>Group Exposure</u>: Balances owed by (ie receivable from) Group Undertakings are shown within Fixed assets or Current assets either on the face of the Balance Sheet or in the relevant notes to the financial statements. In many cases there may be no such balances, in particular where an entity is not a member of a group or is itself the ultimate holding company of the group.</p> <p>Contingent liabilities assumed in support of Group Undertakings are shown in the Contingent Liabilities note in a standard set of financial statements.
