

ECITB Introduction to Engineering Construction Programme - Contract 2016

Descriptive Summary:

These contracts relate to the delivery of the ECITB Introduction to Engineering Construction Programme for September 2016. The services required will result in the successful completion of the Programme and ideally progression onto the ECITB Advanced/Modern Apprenticeship in Engineering Construction. This will be achieved through a combination of knowledge and practical skills delivery. These contracts are reliant on the successful organisation accessing funding through the relevant Government Funding Body to fund the delivery of the relevant Knowledge Qualification.

Estimated Contract Values:

The value of each contract will vary dependant on the number of Learners being recruited in each region. The contract values could range from between £18,000 to £72,000 dependant on demand and requirements within each region.

Estimated Length of Contracts:

It is estimated that the duration of the Contract will be for 1 year.

Location:

The required services will be delivered within the identified ECITB Regions of Cumbria and Humberside.

Type of Work:

CPV Code – 80000000-4 Educational and Training Services
