SCHEDULE 1 - SPECIFICATION OF SERVICES

1. Background to the task

We want to ensure that everybody has the opportunity to use, understand, engage with and be inspired by the natural environment. Walking with dogs, is the most popular means of gaining experience of the outdoor natural environment enjoyed by millions of people on a daily basis. We seek to integrate this mechanism for increasing active engagement with the outdoors with:

1. Nature conservation (Best of Both Worlds approach) <http://www.bobw.co.uk/>
2. Responsible pet ownership (with local dog walking groups and Kennel Club)
3. Best practice in visitor management (such as Hampshire County Council and the Forestry Commission). Experience shows that in most cases the needs of access and nature conservation can be reconciled. It also shows us that in sensitive wildlife locations especially, changes to access arrangements are likely to raise strong views and need to be handled carefully.

The England Coast Path currently being delivered by Natural England needs to balance the desires of walkers with dogs and nature conservation and land management:

The Contractor will provide written comments when reviewing Natural England guidance documents.
