## **SCHEDULE 1 – STATEMENT OF REQUIREMENT**

### **1 Background**

- 1.1 Schools have responded to Covid-19 by significantly changing the way they deploy staff in a very short space of time. Where previously most teachers were expected to do most of their work in school and opportunities for working flexibly were relatively limited, teachers and leaders are now splitting their time between school and home (teaching remotely or curriculum planning) and working in rota arrangements which may be similar to job-sharing or job-splitting practices. Many are also balancing this with their own caring responsibilities, which means the hours they work are affected.
- 1.2 Our information suggests that whilst schools have been adopting flexibility the best they can, guidance and expertise on the most effective arrangements (i.e. flexible job design and HR practice) and on supporting the workforce while they work flexibly may be welcome. Phased re-opening and potential continued impacts of Covid-19 means that schools will need to maintain flexibility for some time and support to put arrangements that were implemented at speed on a more sustainable footing would be helpful. Supporting schools to implement effective working arrangements will support our efforts to alleviate pressures on teacher wellbeing.
- 1.3 Promoting greater flexibility is a key part of the Department's Recruitment and Retention strategy, as a lack of flexible working can be an important factor contributing to some teachers leaving the profession (Worth et al., 2018)<sup>1</sup>. Supporting schools to establish well-designed flexible working practices during the Covid-19 period could result in more schools maintaining or increasing flexibility beyond the current situation, therefore increasing teacher retention.

### **2 Aim**

- 2.1 The Contractor shall use all reasonable endeavours to achieve the following aims:  
  
To deploy HR contractors to provide practical support to the HR directors of participating MATs, to enable them to adopt effective flexible working practices in direct response to Covid-19. To use the evidence of good practice gathered by the HR contractors to create resources (including guidance documents, articles, blog posts or podcasts) in order to communicate this good practice. To work with the Department to facilitate the dissemination of these resources.

### **3 Objectives**

- 3.1 The Contractor shall use all reasonable endeavours to achieve the following objectives:
  - The contractor shall deliver a programme of practical support for 3-4 HR leads (to reach a total of at least 50 schools) within the Timewise MAT network group over the summer term (2020), which would include webinars and coaching, regular clinics and guidance to convene and share emerging practice.

- The contractor shall create resources in three flexible working areas: leadership (changing mindsets and creating cultures conducive to flexible working), job design (structures) and adapting existing good practice to the current situation. The contractor shall design resources which can be used in all schools (including LA maintained) which can be shared nationally.
- The contractor shall submit the aforementioned resources to the DfE before the end of the Summer term, and further resources prior to the start of the Autumn term to support schools reopening to more pupils. This would include blogs/podcasts, as well as more in-depth guidance.
- The contractor shall work to meet the key performance indicators which are outlined below in section 4, methodology.
