- 13.5 The liability of the Supplier and any Participating Authorities under any Contracts entered into pursuant to this Framework Agreement shall be as set out in the Call-off Terms and Conditions for the Provision of Services forming part of such Contracts.

14 Insurance

- 14.1 Subject to Clauses 14.2 and 14.3 of this Schedule 2 and unless otherwise confirmed in writing by the Authority, as a minimum level of protection, the Supplier shall put in place and/or maintain in force at its own cost with a reputable commercial insurer, insurance arrangements in respect of employer's liability, public liability and professional indemnity in accordance with Good Industry Practice with the minimum cover per claim of the greater of five million pounds (£5,000,000) or any sum as required by Law unless otherwise agreed with the Authority in writing. These requirements shall not apply to the extent that the Supplier is a member and maintains membership of each of the indemnity schemes run by the NHS Litigation Authority.
- 14.2 Without limitation to any insurance arrangements as required by Law, the Supplier shall put in place and/or maintain the different types and/or levels of indemnity arrangements explicitly required by the Authority, if specified in the Key Provisions.
- 14.3 Provided that the Supplier maintains all indemnity arrangements required by Law, the Supplier may self insure in order to meet other relevant requirements referred to at Clauses 14.1 and 14.2 of this Schedule 2 on condition that such self insurance arrangements offer the appropriate levels of protection and are approved by the Authority in writing prior to the Commencement Date.
- 14.4 The amount of any indemnity cover and/or self insurance arrangements shall not relieve the Supplier of any liabilities under this Framework Agreement. It shall be the responsibility of the Supplier to determine the amount of indemnity and/or self insurance cover that will be adequate to enable it to satisfy its potential liabilities under this Framework Agreement. Accordingly, the Supplier shall be liable to make good any deficiency if the proceeds of any indemnity cover and/or self insurance arrangement is insufficient to cover the settlement of any claim.
- 14.5 The Supplier warrants that it shall not take any action or fail to take any reasonable action or (in so far as it is reasonable and within its power) permit or allow others to take or fail to take any action, as a result of which its insurance cover may be rendered void, voidable, unenforceable, or be suspended or impaired in whole or in part, or which may otherwise render any sum paid out under such insurances repayable in whole or in part.
- 14.6 The Supplier shall from time to time and in any event within five (5) Business Days of written demand provide documentary evidence to the Authority that insurance arrangements taken out by the Supplier pursuant to Clause 14 of this Schedule 2 and the Key Provisions are fully maintained and that any premiums on them and/or contributions in respect of them (if any) are fully paid.
- 14.7 Upon the expiry or earlier termination of this Framework Agreement, the Supplier shall ensure that any ongoing liability it has or may have arising out of this Framework Agreement shall continue to be the subject of appropriate indemnity arrangements for the period of twenty one (21) years from termination or expiry of this Framework Agreement or until such earlier date as that liability may reasonably be considered to have ceased to exist.

15 Term and termination

- 15.1 This Framework Agreement shall commence on the Commencement Date and, unless terminated earlier in accordance with the terms of this Framework Agreement or the general law, shall continue until the end of the Term.

- 15.2 The Authority shall be entitled to extend the Term on one or more occasions by giving the Supplier written notice no less than three (3) months prior to the date on which this Framework Agreement would otherwise have expired, provided that the duration of this Framework Agreement shall be no longer than the total term specified in the Key Provisions.
- 15.3 In the case of a breach of any of the terms of this Framework Agreement by either Party that is capable of remedy (including any failure to pay sums due under this Framework Agreement), the non-breaching Party may, without prejudice to its other rights and remedies under this Framework Agreement, issue a Breach Notice and shall allow the Party in breach the opportunity to remedy such breach in the first instance via a remedial proposal put forward by the Party in breach ("**Remedial Proposal**") before exercising any right to terminate this Framework Agreement in accordance with Clause 15.4.2 of this Schedule 2. Such Remedial Proposal must be agreed with the non-breaching Party (such agreement not to be unreasonably withheld or delayed) and must be implemented by the Party in breach in accordance with the timescales referred to in the agreed Remedial Proposal. Once agreed, any changes to a Remedial Proposal must be approved by the Parties in writing. Any failure by the Party in breach to:
- 15.3.1 put forward and agree a Remedial Proposal with the non-breaching Party in relation to the relevant default or breach within a period of ten (10) Business Days (or such other period as the non-breaching Party may agree in writing) from written notification of the relevant default or breach from the non-breaching Party;
 - 15.3.2 comply with such Remedial Proposal (including, without limitation, as to its timescales for implementation, which shall be thirty (30) days unless otherwise agreed between the Parties); and/or
 - 15.3.3 remedy the default or breach notwithstanding the implementation of such Remedial Proposal in accordance with the agreed timescales for implementation,
- shall be deemed, for the purposes of Clause 15.4.2 of this Schedule 2, a material breach of this Framework Agreement by the Party in breach not remedied in accordance with an agreed Remedial Proposal.
- 15.4 Either Party may terminate this Framework Agreement by issuing a Termination Notice to the other Party if such other Party commits a material breach of any of the terms of this Framework Agreement which is:
- 15.4.1 not capable of remedy; or
 - 15.4.2 in the case of a breach capable of remedy, which is not remedied in accordance with a Remedial Proposal.
- 15.5 The Authority may terminate this Framework Agreement by issuing a Termination Notice to the Supplier:
- 15.5.1 if the Supplier, or any third party guaranteeing the obligations of the Supplier under this Framework Agreement, ceases or threatens to cease carrying on its business; suspends making payments on any of its debts or announces an intention to do so; is, or is deemed for the purposes of any Law to be, unable to pay its debts as they fall due or insolvent; enters into or proposes any composition, assignment or arrangement with its creditors generally; takes any step or suffers any step to be taken in relation to its winding-up, dissolution, administration (whether out of court or otherwise) or reorganisation (by way of voluntary arrangement,

- scheme of arrangement or otherwise) otherwise than as part of, and exclusively for the purpose of, a bona fide reconstruction or amalgamation; has a liquidator, trustee in bankruptcy, judicial custodian, compulsory manager, receiver, administrative receiver, administrator or similar officer appointed (in each case, whether out of court or otherwise) in respect of it or any of its assets; has any security over any of its assets enforced; or any analogous procedure or step is taken in any jurisdiction;
- 15.5.2 if the Supplier undergoes a change of control within the meaning of sections 450 and 451 of the Corporation Tax Act 2010 (other than for an intra-group change of control) without the prior written consent of the Authority and the Authority shall be entitled to withhold such consent if, in the reasonable opinion of the Authority, the proposed change of control will have a material impact on the performance of this Framework Agreement or the reputation of the Authority;
 - 15.5.3 if the Supplier purports to assign, Sub-contract, novate, create a trust in or otherwise transfer or dispose of this Framework Agreement in breach of Clause 28.1 of this Schedule 2;
 - 15.5.4 pursuant to and in accordance with the Key Provisions and Clauses 15.6, 19.7.2, 23.8, 25.2, 25.4 and 29.2 of this Schedule 2;
 - 15.5.5 if the warranty given by the Supplier pursuant to Clause 10.4 of this Schedule 2 is materially untrue, the Supplier commits a material breach of its obligation to notify the Authority of any Occasion of Tax Non-Compliance as required by Clause 10.4 of this Schedule 2, or the Supplier fails to provide details of proposed mitigating factors as required by Clause 10.4 of this Schedule 2 that in the reasonable opinion of the Authority are acceptable; or
 - 15.5.6 pursuant to and in accordance with any termination rights set out in the Data Protection Protocol, as applicable to this Framework Agreement.
- 15.6 If the Authority, acting reasonably, has good cause to believe that there has been a material deterioration in the financial circumstances of the Supplier and/or any third party guaranteeing the obligations of the Supplier under this Framework Agreement and/or any material Sub-contractor of the Supplier when compared to any information provided to and/or assessed by the Authority as part of any procurement process or other due diligence leading to the award of this Framework Agreement to the Supplier or the entering into a Sub-contract by the Supplier, the following process shall apply:
- 15.6.1 the Authority may (but shall not be obliged to) give notice to the Supplier requesting adequate financial or other security and/or assurances for due performance of its material obligations under this Framework Agreement on such reasonable and proportionate terms as the Authority may require within a reasonable time period as specified in such notice;
 - 15.6.2 a failure or refusal by the Supplier to provide the financial or other security and/or assurances requested in accordance with Clause 15.6 of this Schedule 2 in accordance with any reasonable timescales specified in any such notice issued by the Authority shall be deemed a breach of this Framework Agreement by the Supplier and shall be referred to and resolved in accordance with the Dispute Resolution Procedure; and
 - 15.6.3 a failure to resolve such breach in accordance with such Dispute Resolution Procedure by the end of the escalation stage of such process (as set out in Clause 22.3 of this Schedule 2) shall entitle, but shall not

compel, the Authority to terminate this Framework Agreement in accordance with Clause 15.4.1 of this Schedule 2.

In order that the Authority may act reasonably in exercising its discretion in accordance with this Clause 15.6 of this Schedule 2, the Supplier shall provide the Authority with such reasonable and proportionate up-to-date financial or other information relating to the Supplier or any relevant third party entity upon request.

- 15.7 The Authority may terminate this Framework Agreement by issuing a Termination Notice to the Supplier where:
- 15.7.1 the Framework Agreement has been substantially amended to the extent that the Public Contracts Regulations 2015 require a new procurement procedure;
 - 15.7.2 the Authority has become aware that the Supplier should have been excluded under Regulation 57(1) or (2) of the Public Contracts Regulations 2015 from the procurement procedure leading to the award of this Framework Agreement; or
 - 15.7.3 there has been a failure by the Supplier and/or one of its Sub-contractors to comply with legal obligations in the fields of environmental, social or labour Law. Where the failure to comply with legal obligations in the fields of environmental, social or labour Law is a failure by one of the Supplier's Sub-contractors, the Authority may request the replacement of such Sub-contractor and the Supplier shall comply with such request as an alternative to the Authority terminating this Framework Agreement under this Clause 15.7.3
- 15.8 If the Authority novates this Framework Agreement to any body that is not a Contracting Authority, from the effective date of such novation, the rights of the Authority to terminate this Framework Agreement in accordance with Clause 15.5.1 to Clause 15.5.3 of this Schedule 2 shall be deemed mutual termination rights and the Supplier may terminate this Framework Agreement by issuing a Termination Notice to the entity assuming the position of the Authority if any of the circumstances referred to in such Clauses apply to the entity assuming the position of the Authority.
- 16 **Consequences of expiry or early termination of this Framework Agreement**
- 16.1 Upon expiry or earlier termination of this Framework Agreement, the Authority and the Supplier agree that all Contracts entered into under this Framework Agreement will continue in full force and effect unless otherwise terminated under the terms and conditions of such Contracts.
- 16.2 The Supplier shall cooperate fully with the Authority or, as the case may be, any replacement supplier during any re-procurement and handover period prior to and following the expiry or earlier termination of this Framework Agreement. This cooperation shall extend to providing access to all information relevant to the operation of this Framework Agreement, as reasonably required by the Authority to achieve a fair and transparent re-procurement and/or an effective transition without disruption to routine operational requirements. Any Personal Data Processed by the Supplier on behalf of the Authority shall be returned to the Authority or destroyed in accordance with the relevant provisions of the Data Protection Protocol.
- 16.3 The expiry or earlier termination of this Framework Agreement for whatever reason shall not affect any rights or obligations of either Party which accrued prior to such expiry or earlier termination.

- 16.4 The expiry or earlier termination of this Framework Agreement shall not affect any obligations which expressly or by implication are intended to come into or continue in force on or after such expiry or earlier termination.

17 Suspension of Supplier's appointment

- 17.1 Without prejudice to the Authority's rights to terminate this Framework Agreement, if a right for the Authority to terminate this Framework Agreement arises (irrespective of whether the circumstances leading to such right are capable of remedy) in accordance with Clause 15 of this Schedule 2, the Authority may suspend the Supplier's appointment to receive new Orders under this Framework Agreement by giving notice in writing to the Supplier and all Participating Authorities.
- 17.2 If the Authority provides notice to the Supplier in accordance with Clause 17.1 of this Schedule 2, the Supplier's appointment shall be suspended for the period set out in the notice or such other period notified to the Supplier by the Authority in writing from time to time provided that such suspension shall be lifted where:
- 17.2.1 the circumstances leading to the Authority's right to terminate this Framework Agreement have been remedied;
 - 17.2.2 the Authority has satisfied itself that the risk and/or impact of the circumstances giving rise to the Authority's right to terminate this Framework Agreement no longer requires such suspension; or
 - 17.2.3 the Authority exercises its rights to terminate this Framework Agreement in accordance with Clause 15 of this Schedule 2.

18 Complaints

- 18.1 The Supplier shall notify the Authority of any formal written complaints made by other Participating Authorities relating to the Supplier's noncompliance with any of its obligations under any Contract within two (2) Business Days of the Supplier becoming aware of such complaints.
- 18.2 Without prejudice to any rights and remedies that the Participating Authority may have under the relevant Contract and/or the Authority may have under this Framework Agreement, the Supplier shall use its reasonable endeavours to resolve such complaint within ten (10) Business Days and in so doing, shall deal with the complaint fully, expeditiously and fairly.
- 18.3 Within two (2) Business Days of a written request by the Authority, the Supplier shall provide further reasonable details of the complaint to the Authority, including details of the steps being taken to progress its resolution and, following its resolution, details of how and when the complaint was resolved.

20.2 The Supplier warrants that the Services Information is complete and accurate as at the date upon which it is delivered to the Authority and that the Services Information shall not contain any data or statement which gives rise to any liability on the part of the Authority following publication of the same in accordance with Clause 20 of this Schedule 2.

20.3 If the Services Information ceases to be complete and accurate, the Supplier shall promptly notify the Authority in writing of any modification or addition to or any inaccuracy or omission in the Services Information.

- 20.4 The Supplier grants the Authority a perpetual, non-exclusive, royalty free licence to use and exploit the Services Information and any Intellectual Property Rights in the Services Information for the purpose of illustrating the range of goods and services (including, without limitation, the Services) available pursuant to the Authority's contracts from time to time. - 21.4 The Supplier shall neither be relieved of its obligations to provide the Services in accordance with the terms and conditions of this Framework Agreement nor be entitled to an increase in the Contract Price as the result of:
- 21.4.1 a General Change in Law; or
 - 21.4.2 a Specific Change in Law where the effect of that Specific Change in Law on the Services is reasonably foreseeable at the Commencement Date.

22 Dispute resolution

- 22.1 During any Dispute, including a Dispute as to the validity of this Framework Agreement, it is agreed that the Supplier shall continue its performance of the provisions of the Framework Agreement (unless the Authority requests in writing that the Supplier does not do so).

The Parties shall first seek to resolve the Dispute by escalation in accordance with the management levels as set out in Clause 0 of the Key Provisions. Respective representatives at each level, as set out in Clause 0 of the Key Provisions, shall have five (5) Business Days at each level during which they will use their reasonable endeavours to resolve the Dispute before escalating the matter to the next level until all levels have been exhausted. Level 1 will commence on the date of service of the Dispute Notice. The final level of the escalation process shall be deemed exhausted on the expiry of five (5) Business Days following escalation to that level unless otherwise agreed by the Parties in writing.
- 22.4 If the procedure set out in Clause 22.3 of this Schedule 2 of these Call-off Terms and Conditions above has been exhausted and fails to resolve such Dispute, as part of the Dispute Resolution Procedure, the Parties will attempt to settle it by mediation. The Parties shall, acting reasonably, attempt to agree upon a mediator. In the event that the Parties fail to agree a mediator within five (5) Business Days following the exhaustion of all levels of the escalation procedure at Clause 22.3 of this Schedule 2, the mediator shall be nominated and confirmed by the Centre for Effective Dispute Resolution, London.
- 22.5 The mediation shall commence within twenty eight (28) days of the confirmation of the mediator in accordance with Clause 22.4 of this Schedule 2 or at such other time as may be agreed by the Parties in writing. Neither Party will terminate such mediation process until each Party has made its opening presentation and the mediator has met each Party separately for at least one hour or one Party has failed to participate in the mediation process. After this time, either Party may terminate the mediation process by notification to the other party (such notification may be verbal provided that it is followed up by written confirmation). The Authority and the Supplier will cooperate with any person appointed as mediator providing them with such information and other assistance as they shall require and will pay their costs, as they shall determine, or in the absence of such determination such costs will be shared equally.
- 22.6 Nothing in this Framework Agreement shall prevent:

 - 22.6.2 either Party seeking from any court any interim or provisional relief that may be necessary to protect the rights or property of that Party or that relates to the safety of patients or the security of Confidential Information, pending resolution of the relevant Dispute in accordance with the Dispute Resolution Procedure.

- 23 **Force majeure**
- 23.1 Subject to Clause 23.2 of this Schedule 2 neither Party shall be liable to the other for any failure to perform all or any of its obligations under this Framework Agreement nor liable to the other Party for any loss or damage arising out of the failure to perform its

obligations to the extent only that such performance is rendered impossible by a Force Majeure Event.

- 23.2 The Supplier shall only be entitled to rely on a Force Majeure Event and the relief set out in Clause 23 of this Schedule 2 and will not be considered to be in default or liable for breach of any obligations under this Framework Agreement if:
- 23.2.1 the Supplier has fulfilled its obligations pursuant to Clause 6 of this Schedule 2;
 - 23.2.2 the Force Majeure Event does not arise directly or indirectly as a result of any wilful or negligent act or default of the Supplier; and

- 23.3 Where a Party is (or claims to be) affected by a Force Majeure Event it shall use reasonable endeavours to mitigate the consequences of such a Force Majeure Event upon the performance of its obligations under this Framework Agreement and to resume the performance of its obligations affected by the Force Majeure Event as soon as practicable.
- 23.4 Where the Force Majeure Event affects the Supplier's ability to perform part of its obligations under the Framework Agreement the Supplier shall fulfil all such contractual obligations that are not so affected and shall not be relieved from its liability to do so.
- 23.5 If either Party is prevented or delayed in the performance of its obligations under this Framework Agreement by a Force Majeure Event, that Party shall as soon as reasonably practicable serve notice in writing on the other Party specifying the nature and extent of the circumstances giving rise to its failure to perform or any anticipated delay in performance of its obligations.
- 23.6 Subject to service of such notice, the Party affected by such circumstances shall have no liability for its failure to perform or for any delay in performance of its obligations affected by the Force Majeure Event only for so long as such circumstances continue and for such time after they cease as is necessary for that Party, using its best endeavours, to recommence its affected operations in order for it to perform its obligations.
- 23.7 The Party claiming relief shall notify the other in writing as soon as the consequences of the Force Majeure Event have ceased and of when performance of its affected obligations can be resumed.
- 23.8 If the Supplier is prevented from performance of its obligations as a result of a Force Majeure Event, the Authority may at any time, if the Force Majeure Event subsists for thirty (30) days or more, terminate this Framework Agreement by issuing a Termination Notice to the Supplier.
- 23.9 Following such termination in accordance with Clause 23.8 of this Schedule 2 and subject to Clause 23.10 of this Schedule 2, neither Party shall have any liability to the other.
- 23.10 Any rights and liabilities of either Party which have accrued prior to such termination in accordance with Clause 23.8 of this Schedule 2 shall continue in full force and effect unless otherwise specified in this Framework Agreement.
- 24 **Records retention and right of audit**
- 24.1 Subject to any statutory requirement and Clause 24.2 of this Schedule 2, the Supplier shall keep secure and maintain for the Term and six (6) years afterwards, or such

longer period as may be agreed between the Parties, full and accurate records of all matters relating to this Framework Agreement.

- 24.2 Where any records could be relevant to a claim for personal injury such records shall be kept secure and maintained for a period of twenty one (21) years from the date of expiry or earlier termination of this Framework Agreement.
- 24.3 The Authority shall have the right to audit the Supplier's compliance with this Framework Agreement. The Supplier shall permit or procure permission for the Authority or its authorised representative during normal business hours having given advance written notice of no less than five (5) Business Days, access to any premises and facilities, books and records reasonably required to audit the Supplier's compliance with its obligations under this Framework Agreement.
- 24.4 Should the Supplier Sub-contract any of its obligations under this Framework Agreement, the Authority shall have the right to audit and inspect such third party. The Supplier shall procure permission for the Authority or its authorised representative during normal business hours no more than once in any twelve (12) months, having given advance written notice of no less than five (5) Business Days, access to any premises and facilities, books and records used in the performance of the Supplier's obligations under this Framework Agreement that are Sub-contracted to such third party. The Supplier shall cooperate with such audit and inspection and accompany the Authority or its authorised representative if requested.
- 24.5 The Supplier shall grant to the Authority or its authorised representative, such access to those records as they may reasonably require in order to check the Supplier's compliance with this Framework Agreement for the purposes of:
- 24.5.1 the examination and certification of the Authority's accounts; or
 - 24.5.2 any examination pursuant to section 6(1) of the National Audit Act 1983 of the economic efficiency and effectiveness with which the Authority has used its resources.
- 24.6 The Comptroller and Auditor General may examine such documents as they may reasonably require which are owned, held or otherwise within the control of the Supplier and may require the Supplier to provide such oral and/or written explanations as they consider necessary. Clause 24 of this Schedule 2 does not constitute a requirement or agreement for the examination, certification or inspection of the accounts of the Supplier under sections 6(3)(d) and 6(5) of the National Audit Act 1983.
- 24.7 The Supplier shall provide reasonable cooperation to the Authority, its representatives and any regulatory body in relation to any audit, review, investigation or enquiry carried out in relation to the subject matter of this Framework Agreement.
- 24.8 The Supplier shall provide all reasonable information as may be reasonably requested by the Authority to evidence the Supplier's compliance with the requirements of this Framework Agreement.

25 Conflicts of interest and the prevention of fraud

- 25.1 The Supplier shall take appropriate steps to ensure that neither the Supplier nor any Staff are placed in a position where, in the reasonable opinion of the Authority, there is or may be an actual conflict, or a potential conflict, between the pecuniary or personal interests of the Supplier and the duties owed to the Authority under the provisions of this Framework Agreement. The Supplier will disclose to the Authority full particulars of any such conflict of interest which may arise.
- 25.2 The Authority reserves the right to terminate this Framework Agreement immediately by notice in writing and/or to take such other steps it deems necessary where, in the

reasonable opinion of the Authority, there is or may be an actual conflict, or a potential conflict, between the pecuniary or personal interests of the Supplier and the duties owed to the Authority under the provisions of this Framework Agreement. The actions of the Authority pursuant to this Clause 25.2 of this Schedule 2 shall not prejudice or affect any right of action or remedy which shall have accrued or shall subsequently accrue to the Authority.

- 25.3 The Supplier shall take all reasonable steps to prevent Fraud by Staff and the Supplier (including its owners, members and directors). The Supplier shall notify the Authority immediately if it has reason to suspect that any Fraud has occurred or is occurring or is likely to occur.
- 25.4 If the Supplier or its Staff commits Fraud the Authority may terminate this Framework Agreement and recover from the Supplier the amount of any direct loss suffered by the Authority resulting from the termination.

Delivery Partners (DPs)	means the Suppliers
General Practice	means the service provided by General Practitioners
NHS England	means the Authority
Support Package	Means Practice Level Support Package

1 Background to the Requirement

1.1 Overview

- 1.1.1 Delivery Partners (DPs) are sought to deliver the Practice Level Support Package. This is an on-site, hands-on, support package for General Practice in England. It forms part of the General Practice Improvement Programme (GPIP) part of the Delivery Plan for Recovering Access to Primary Care (DPRAPC).
- 1.1.2 The support consists of the Access Model Diagnostic (AMD), other Standardised Improvement Modules (SIM) including Productive General Practice Quick Starts (PGPQS). These elements will be referred to as 'the support package'.
- 1.1.3 We refer to those experienced quality improvement practitioners who actually work with specific practices as 'facilitators'.
- 1.1.4 Through hands-on support, the support package aims to engage multi-disciplinary practice teams to undertake patient-focused improvement. This starts with profiling patient demand across contact modes, improving patient experience of access across telephony and online journeys, embedding clinical triage and care navigation to the right clinical professional or service, plus addressing wider practice workload including high-volume clinical processes.
- 1.1.5 Support is usually given over a 13- or 26-week period and includes group sessions with other practice teams to share improvements, plans and ideas. These group sessions are currently delivered virtually but delivery could be changed to face to face.
- 1.1.6 The overall aim is to help move the practice towards a more effective model of 'Modern General Practice Access'. This requires a focus on each of the following five areas.

1.2 What is the Modern General Practice Model?

The [Delivery Plan for Recovering Access to Primary Care](https://www.england.nhs.uk/gp/national-general-practice-improvement-programme/modern-general-practice-model/) references Modern General Practice as “a modern approach to general practice that makes it easier for patients to contact their practices by phone or online and supports practices to rapidly assess the nature and urgency of requests by involving the whole practice team”. <https://www.england.nhs.uk/gp/national-general-practice-improvement-programme/modern-general-practice-model/>

This model is a way of organising work in general practice to help enable practices to provide fair and safe care, while also supporting the sustainability of services and an improved experience for both patients and staff.

The model involves practices:

- having a full understanding of demand and available capacity.
- providing easy to use access routes to patients.
- collecting consistent information from the patient at the point of contact.
- using this information to give the most appropriate help to patients based on need and
- improving management of non-patient facing workload to help release capacity.

The support package should help the practice make progress towards a model that results in the following:

1. **Seeing all expressed demand**; *by providing high quality access journeys for patients by phone, online and in person.*
2. **Understanding the nature of that expressed need**; *by consistently collecting structured information from the patient at the point of contact.*
3. **Navigation of patients to the right healthcare professional (including continuity of care), within an appropriate time and using an appropriate consultation format**; *by implementing and continually improving a care navigation model.*
4. **Better alignment of capacity to demand**; *by making full use of a multi-professional general practice team and wider primary and community care teams.*
5. **Improved efficiency of practice workload processes**; *by utilising technology, process change and improvement methods.*
6. **Increased ability for data led problem solving and effective change**; *by developing capabilities and shared learning.*

Understanding demand and capacity

To establish a Modern General Practice model, it is essential for practices to have as complete a view as possible of all demand coming into the practice by all routes and to understand the nature and pattern of this demand, e.g. across different days of the week and at different times of year. It is also important for practices to understand the capacity available in terms of staff time and skills. It is then possible to design and implement processes to match capacity to demand more effectively.

Improving the experience of telephoning the practice and using online access routes

The Modern General Practice model involves providing a smooth experience of access to patients across phone, online and walk-in routes. Supporting practices to move to cloud-based telephony is essential to help provide a better experience for patients (e.g. so patients can be provided with queue lengths and call back options) and to enable practices to understand demand.

Practice websites are also critical and need to give clear information on how to request help and what steps patients can take for themselves. Online forms (provided via 'online consultation tools') should be available via the practice website and via tools like the NHS App to provide an easy route for patients to explain what they need and to request support. Improvements to other tools and integration of digital services are also important to the model to allow increased self-service and more streamlined flows between different services.

Enhancing navigation and triage processes

The Modern General Practice model moves away from 8am phone call queue and 'first come first served' process for allocating appointments. Instead, the model requires consistent structured information to be collected at the point of contact – with patients either providing information via an online form or to reception staff about their needs. Patient needs can then be consistently assessed and prioritised (triaged), allowing practices to provide patients with the most appropriate care or other response, from the right member of staff, including signposting or referring patients to other appropriate services (navigation).

The ability to better allocate patients to the right health professional or service supports effective use of all staff time and skills, including staff employed through the Additional Roles Reimbursement Scheme (ARRS). The use of different consultation modalities, including SMS or online messages, is also important to facilitate flexible working for staff (which supports retention) and provides a variety of options for patients to receive care and advice in the most effective way depending on their needs.

Management of non-patient-facing practice workload

The Modern General Practice model gives practice staff better control over their work with demand more consistently understood and managed, and the consistency of processes and workflows improved. Alongside these changes, other improvements can also be made to streamline processes in the practice, increase efficiency and reduce burden on staff.

The general practice improvement programme helps practices and PCNs to implement the modern general practice model by supporting practice teams to make changes and by providing tools, guidance and resources to make the change easier – building on what other practices have learnt and developed.

1.3 Under the predecessor scheme Practices have reported:

- 1.3.1 Significant time savings for clinical and administrative staff;
- 1.3.2 Improved skills in managing change and quality improvement meaning change can happen at a greater pace;
- 1.3.3 Positive changes in team dynamics, how teams see their problem areas and how they work together to overcome them; and
- 1.3.4 The General Practice Improvement Programme [NHS England » National General Practice Improvement Programme](#). provides three tiers of support. The **Universal** offer is available to all practices. The **Intermediate** and **Intensive** offers are only available to selected practices.
- 1.3.5 This hands-on support package forms part of the Intermediate and Intensive offers. Although many different types of practices will be supported, this support package is likely to be focused on practices delivering care and treatment in areas of higher deprivation with greatest health needs locally, or practices with little bandwidth to transition to a 'modern general practice access model'.
- 1.3.6 The support package has been available since May 2023. The expectation is that around 1000 - 1150 practices will have received the support package from May 2023 to March 2024.
- 1.3.7 From service commencement in July 2024 and up to March 2025 the current aim is to provide the support package to 1250 more English practices (out of a total of circa 6,500). This target is subject to review in early 2024 based on demand to date. (As of August 2023, over 600 practices have signed up for support to be delivered in the 23/24 financial year).

1.2 Current Arrangements / Context

- 1.2.1 The Primary and Community Transformation and Improvement team (PCTI team) part of Primary Care and Community Services, NHS England, has been commissioned to deliver GPIP over a two-year period (23/24 to 24/25) as part of the Delivery Plan for Recovering Access to Primary Care (DPRAPC).
- 1.2.2 The PCTI team has been delivering the General Practice Improvement Programme since May 2023.
- 1.2.3 All elements of GPIP are focused on supporting practices in moving to a 'modern general practice access model'.
- 1.2.4 GPIP also includes the following elements (These are not part of the

specification)

- an improvement capability building offer to general practice including the 'General Practice Improvement Leads programme' 'Digital and Transformation Leads Development programme' and 'Fundamentals of changes and improvement'. [NHS England » Universal general practice improvement support](#)
- an Intermediate support offer to PCNs <https://www.england.nhs.uk/gp/national-general-practice-improvement-programme/intermediate-and-intensive-general-practice-improvement-support/>
- collation of best practice guidance and resources
- a range of webinars in key areas

- 1.2.5 The elements of GPIP listed above are delivered by a 'Faculty' made up of people with a combination of Primary Care and improvement experience, including working GPs, Practice Managers, and Improvement Facilitators. This 'Faculty' is managed by the PCTI Team. DPs could be asked to contribute to delivery in these areas, by agreement.
- 1.2.6 Specific information about the GPIP can be accessed at [NHS England » National General Practice Improvement Programme](#):
- 1.2.7 Support for practices is usually delivered in several phases across the course of the year. The number of practices to be supported during each phase and each year is dictated by the funding made available from our sponsors in NHS England. It is also affected by demand from Primary Care Organisations (PCO) and their Practices. In 2023/24 there were 4 phases of 'Intermediate support' (lasting 13 weeks) starting in May, July, September and December 2023, and 3 phases of Intensive support (over 26 weeks) starting in June, July and October 2023. These dates ensured delivered was completed by March 2024. Several phases of activity overlap creating peaks in activity.
- 1.2.8 Although no guarantees can be made, we estimate around 1250 practices would receive the Support Package in 24/25 (provisionally 750 'Intensive' and 500 'Intermediate' support'). Activity is not equally distributed across each phase as work is demand led.
- 1.2.9 During peak delivery times the DPs collectively may require over 150 whole time equivalent facilitators actively providing hands on support to practices. (The exact number will depend on how much activity is allocated to a specific DP and their own approach to allocation of work to facilitators).
- 1.2.10 The GPIP is planned to run for two years from April 2023 to March 2025. It includes planned funding and activity levels. The Supplier should however be aware that NHS England business planning and budget allocation processes must be confirmed annually in order for actual delivery plans to be finalised and expenditure take place. For any potential service provider this may see a delay to confirmation of expected delivery and resource requirements until close to or even beyond the start of a financial year.

2 Scope of the procurement

2.1 Aims & Objectives

- 2.1.1 In order to service the new requirement for GPIIP, NHS England is looking to appoint up to 5 DPs to deliver the 'support package' (initially 1st April 2024 to 31st March 2025).
- 2.1.2 A key driver of this programme is for NHS England to ensure that all practices receive a similar quality of support from their DPs.
- 2.1.3 The Practice level support package (AMD, SIMs and PGPQS) is focused on delivering practical, hands-on support to enable practice teams to make changes during the delivery period that helps them progress towards their 'modern general practice access model'.
- 2.1.4 The appointed DPs will:
 - 2.1.4.1 Engage with the core NHSE team to promote the support offer. This is usually done through a series of webinar, or similar events to a group of interested practices.
 - 2.1.4.2 Engage with the NHSE core team as part of the allocation of practices process. The DP receives an allocation of identified practices for a phase and then organises these practices into cohorts of between 4 – 10 practices, usually based on locality).
 - 2.1.4.3 Manage the logistics of engagement and delivery (Agreeing the delivery dates with practices and confirming venues, if required, managing cancellations and rearranging sessions etc.);
 - 2.1.4.4 Organise and deliver hands-on improvement facilitation in practices.
 - 2.1.4.5 Facilitate multi-practice, group-based learning sessions.
 - 2.1.4.6 Run update sessions with ICB / PCN representatives to explain progress and challenges and to hand over responsibility for ongoing improvement.
 - 2.1.4.7 Liaise with other Primary Care Organisations as required;
 - 2.1.4.8 Liaise with other members of the GPIIP team as required including the GPIIP Regional links.
 - 2.1.4.9 Manage delivery logistics.
 - 2.1.4.10 Provide the required reporting and monitoring information to the NHSE team on delivery, progress and impact using a range of methods identified by the NHSE Team.
 - 2.1.4.11 Attend regular contract management meetings.
 - 2.1.4.12 Attend experience sharing sessions with other DPs and members of the wider GPIIP team;
 - 2.1.4.13 Keep abreast of the whole GPIIP support programme and associated national resources. We want the Practice Level Support to be experienced as part of the whole GPIIP support offer and as part of the DPRAPC. Intelligence sharing between DP and the NHSE Core team is mutually beneficial and can help ensure

that the different elements of GPIPSupport are helpfully aligned for the ICBs and local Practices;

- 2.1.5 Our aim is to see a combination of improvements in the following areas
 - 2.1.5.1 Understanding of demand and capacity
 - 2.1.5.2 Car navigation and triage
 - 2.1.5.3 Telephony experience for patients
 - 2.1.5.4 Online experience for patients
 - 2.1.5.5 Internal workload and processes
- 2.1.6 By working on these areas, we expect to see the practice team make progress towards a modern general practice access model. In addition, we would hope to see improved staff and patient satisfaction, development of Quality Improvement (QI) skills and confidence, a better appreciation of measurement for improvement and improved practice dynamics.

2.2 Term

- 2.2.1 The fixed term of the framework agreement will run from 1st April 2024 to 31st March 2025 with NHS England reserving the right to extend the framework agreement, in multiple periods, for up to 12 additional months, subject to appropriate NHS England budget approvals being in place. The service commencement date will be 1 July 2024.
- 2.2.2 Training of DPs will be undertaken from between 1 April to 30 June 2024. This is a mandatory requirement that will be at the DPs cost. Further information regarding the same can be found in section 9 (Mobilisation).
- 2.2.3 Due notice of any extension will be given, dependent upon confirmation of NHS England's business plan.
- 2.2.4 NHS England may elect to extend or request additional deliverables beyond those captured within the original call-off contract, provided that:
 - 2.2.4.1 The extended and/or additional deliverables are within the statement of requirements scope outlined in section 4 of this document;
 - 2.2.4.2 The extended and/or additional deliverables are delivered by the DP in accordance with the agreed framework agreement pricing.

3 Constraints and Dependencies

- 3.1 One element of the success of the support package is that it has a strict delivery timetable, a clear focus on the 'general practice access model', a set of standardised improvement modules and a specific approach that must be adhered to. This frame provides clarity for Practices and enables many to sign up for this time limited intervention.
- 3.2 The specific service requirement does not include making any changes to the delivery model without the express permission of the NHSE Team.
- 3.3 It should be noted that the DP will need to use its own IT systems and software to manage the service specified, unless mandated by the NHSE team. The NHSE Team will identify the range of information required and

specify the reporting methods on delivery, impact and quality assurance.

- 3.4 The DP must use the presentational formats as supplied and directed by the NHSE Team (e.g. power point slide templates and use of NHS logos).

4 Requirements

4.1 General Requirements

- 4.1.1 The DPs must be conscious of delivering the support package within the wider context of the GPIIP. This will require an understanding of the other elements of GPIIP in order to maximise uptake in all elements of the programme. The DP will provide insights to the NHSE team relating to the needs of practices and their networks and which parts of the GPIIP will best meet those needs next. The DP is expected to pro-actively liaise with the local PCOs (ICB/PCN/Federation) at the beginning, during and at the end of the support package delivery period. The DP should raise the profile of other elements of GPIIP when opportunities arise in discussion with the PCO, at group-based learning sessions or when visiting individual practices.
- 4.1.2 The DP must be available Monday to Friday between 9am and 5pm and keep in regular contact with the NHSE Team.
- 4.1.3 The DP must be proficient in project management tools and techniques and have the ability to use these techniques to report data in a timely and efficient manner on all aspects of the support package delivery when required by the NHSE Team.
- 4.1.4 The appointed DP will not provide any competing service or undermine the integrity of the GPIIP offer as a whole to primary care in England.
- 4.1.5 Where delivery of the support package leads to discussion of related wider opportunities for the DP with local PCO (ICB, PCN, Federation, Practice etc.), then DPs will notify NHS England of this emerging interest in writing within 3 working days, including an outline scope of work prior to the commencement of this support. NHSE will check and want to ensure the support does not undermine any elements offered as part of GPIIP. This will help NHS England ensure appropriate utilisation of NHS funded support and maintain national, regional and local oversight and co-ordination of support offers.
- 4.1.6 The DP must present themselves as part of NHS England's GPIIP, delivering the Practice Level Support element. They should not promote themselves to the extent that this support is experienced by either practices or PCOs as being delivered by the DP, rather than as part of the national NHSE GPIIP.

4.2 Facilitators

- 4.2.1 DPs must host, manage and maintain a sufficient number of suitably experienced improvement experts ('Facilitators') to deliver the hands-on support and up-front engagement activity with the local scheme (PCO) and practices. This includes:

- 4.2.1.1 Providing both contractual and infrastructure support required to schedule, deploy and manage this delivery capacity;
 - 4.2.1.2 Scheduling the Facilitators in order to deliver the schedule. The exact schedule is agreed with the practices at the beginning of each phase of delivery;
 - 4.2.1.3 Management of all aspects of employment of the Facilitators. This includes recruitment, retention and management, taking into account the phased and cyclical nature of the activity. This also includes responsibility for providing short term cover for absence or illness.
 - 4.2.1.4 Responsibility for the facilitator Skills Assessment, which captures knowledge and experience of the delivery model, content and context, of every Facilitator as part of Quality Assurance on an on-going basis. It includes a development plan section that highlights how any gaps will be filled. Details of the Skills Assessment is provided in Appendix7.
- 4.2.2 Working within General Practice will require flexibility and sensitivity from the DP and facilitators to manage issues and situations when they arise. There is significant variation in practice dynamics, culture and set up.
 - 4.2.3 Facilitators should have demonstrable skills in service improvement facilitation in primary care as well as management of group-based learning and sharing sessions.
 - 4.2.4 Facilitators must be competent at delivering sessions virtually when required.
 - 4.2.5 All new Facilitators must go through a rigorous process of development and quality assurance, led by the DPs Master Trainer. Quality assurance of new and existing Facilitators will continue throughout the programme.
 - 4.2.6 The DP must appoint an experienced Facilitator to be their Master Trainer, able to deliver the necessary training and support in house. A Quality Assurance process must be established in house by the DP to assure the continuation of high-quality delivery.
 - 4.2.7 The DP QA approach should include weekly checks of the practice on-site session ratings, completed by the Practice Lead and also by the Facilitator to provide an early warning system.
 - 4.2.8 The Facilitator must use their experience and judgement to adapt their approach with each team in each Practice depending upon the local dynamics and the specific modules being delivered. Similarly, engagement activity (to engage, inform and sign-up practices) and approach may differ with each PCO. Any adaptation should always be within the overall GPIP / Practice Level Support approach outlined by the NHSE team.

4.3 Resource Management

- 4.3.1 The DP will need to have the capacity and capability to plan and organise from commencement of the framework agreement.

(See 'Mobilisation' Section 9).

- 4.3.2 The demand for Facilitators will fluctuate over the course of each year of the commission. The appointed DP will need to have the infrastructure in place to manage this fluctuation.
- 4.3.3 The DP will deploy and manage their Facilitators to deliver in-practice, hands-on sessions to individual practice teams and to support local cohorts (groups of between 4 to 10 practices usually) at engagement and group learning sessions around England. Therefore, the ability to plan resource responsively and capacity utilisation is imperative.
- 4.3.4 The DP should be able to deliver support to any part of England.

4.4 Delivery Formats

- 4.4.1 The support package will be delivered in a variety of formats (see Appendix 1 for the full details):
 - 4.4.1.1 Intensive;
 - 4.4.1.2 Intermediate;
 - 4.4.1.3 Intermediate plus
 - 4.4.1.4 Other
- 4.4.2 The appropriate format(s) to be offered in each phase will be decided upon by the NHSE Central Team.
- 4.4.3 Which type of format should be dictated by the practice assessment informed by the 'Support Level Framework' and by guidance or sign off by the relevant ICB.
- 4.4.4 Each cohort (group of practices) is usually between 4 and 10 Practices at the outset, unless authorised by the NHSE Team.

4.5 Delivery Steps

- 4.5.1 The DP is responsible for total management of delivery of the support to Practices, (engagement, logistics, delivery, trouble shooting, monitoring and reporting) plus liaison with the local PCO (ICB/PCN/Federation etc.) and NHSE team and is required to comply with the delivery process detailed in this section. DPs must also comply with the phase delivery timetable which will be shared in advance of each phase. This approach may be changed based on feedback from practices and ICBs.
 - 4.5.1.1 A series of engagement sessions are advertised by NHSE. Practices register interest. The DP will set up sessions (usually called 'Introductory Webinars') in line with the phase timetable. These could be virtual or face to face and could be for a national audience or focus on a smaller geographical area. The DP will lead these sessions, using standardised materials and messages to encourage practices to sign up for the support offer.
 - 4.5.1.2 DPs are then allocated a share of the practices by the NHSE

team as per the award criteria detailed in Document 1 – Invitation to Tender. The NHSE team attempt to allocate the workload equally across the DPs, however this cannot be guaranteed. Although pragmatic consideration is taken by the NHSE team to consider specific DP circumstances (e.g. the distribution of facilitators across the country) DPs are expected to take all practices allocated. Where a DP has recently worked with a practice, an attempt will be made to support continuity with that DP.

- 4.5.1.3 The DP then organises the practices into proposed cohorts and seeks approval from the NHSE core team. The DP includes additional information about multi-site practices to outline the number and justification for multiple support packages.
- 4.5.1.4 Once the cohorts have been confirmed by the NHSE team, the DP confirms the delivery schedule with each practice.
- 4.5.1.5 The DP will be required to set up and lead an agreed number of 'Progress Calls' with the PCO. The NHSE Team and GPIIP regional link should be invited to the sessions. These calls should take place broadly near the beginning, middle and end of the delivery period. They are an opportunity for DPs to give a high-level overview of progress to date, next steps, emerging issues, and to encourage the PCO to consider wider changes and sustainability once the DP support has ceased.

4.5.2 The DP will then organise and deliver the support package, which includes;

- 4.5.2.1 Facilitation of GBL sessions. These are usually delivered virtually. If delivered face to face the venues are provided by the local PCO, but the DP must ensure that the venue is fit for purpose. Sessions should be 3 hours in duration.
- 4.5.2.2 Delivery of the required number of on-site visits in line with the Delivery Schedule (see outline of the Practice Level Support Delivery Model in the Appendix 1). These visits should be for a minimum of 3 hours per visit on site.
- 4.5.2.3 Each set of on-site visits for the Practices in a cohort should be planned to be delivered in the same week (e.g. all Practices in a cohort receive their first on-site visit in the week commencing 1st September, then all practices receive their second on-site visit in the week commencing 8th September) DPs must also adhere to our 'Practice cancellations' policy. This clarifies expectations on the DP to re-arrange visits cancelled by the Practice. (See Appendix 3)
- 4.5.2.4 Completion of the following:
 - Session rating by Facilitator and practice representative – required after each on-site visit. The Facilitator must complete the experience rating. The Facilitator must also request that the Practice evaluate the session. The following rating should be used:
 - Did the session go Very Well, Well, Okay or Poor

- Practice GPIIP report - to be completed by the Facilitator to demonstrate progress on a weekly basis. A measures schedule will be shared with the DP outlining the specific information that must be available for each practice at set points in the delivery period. The DP will be expected to:
 - Ensure weekly completion of the GPIIP practice report by the facilitator.
 - Ensure 'Core metrics' are updated by the specified deadline.
 - Internally check reports for completeness and accuracy before the specified deadlines. Reporting completeness and accuracy will form part of the KPIs. This information is available to the DP management team and NHSE Team. It acts as an early warning system on practice experience and progress. The DP is expected to follow up any low ratings, take mitigating action and inform the NHSE team where action is required.
- 4.5.3 DPs tend to organise cohorts of practices in a coterminous geographical area. DPs can usually organise delivery of hands-on sessions so that one practice can be supported in the morning and another in the afternoon.
- 4.5.4 The DP should promote sustainability planning for Practices. This will include asking practices to complete an action and audit plan at the end of the hands-on delivery period. The DP should encourage the PCO to consider how to support practices during progress and hand over calls.
- 4.5.5 The DP is to identify one potential case study per cohort and submit the current version of the case study template (further detail of the case study can be found in the Marketing and Communication Section 10). These should be submitted to the NHSE Team in line with the current delivery and reporting schedule.
- 4.5.6 At the end of the delivery period the DP will submit a verified GPIIP Practice report. This report is required for each Practice. The report should be updated on a weekly basis by the facilitator. Reports should be up to date and internally verified by the DP in line with the 'Reporting and Delivery Schedule', in time for the key milestones when the reports will be periodically uploaded by the NHSE team. It includes a standard report (See appx 6) It is completed by the Facilitator in line with set timescales.

4.6 Training and Development

- 4.6.1 It is expected that DPs comply with the training and development requirements outlined below;
 - 4.6.1.1 Attendance of all relevant Facilitators, management team and back-office staff at mandatory training sessions as identified by the NHSE Team, at the cost of the DP. (The venue cost will be covered

by the NHSE Team). Some training may be directed at a small number of representative facilitators with the expectation that the DP cascades the training to its own facilitators at its own cost.

- 4.6.1.2 Appointment of a DP Master Trainer and deputy within the first 3 months of the framework agreement start date. The specific person must be accredited by the NHSE Team. They will be expected to demonstrate the required knowledge and skills relating to:
- delivery of the support package
 - knowledge of the primary care environment
 - quality improvement
 - the GPIIP
- 4.6.1.3 This person can then become the DPs in-house master trainer of new starters and responsible for cascading developments to content and approach to delivering the support package.
- 4.6.1.4 Running an internal Quality Assurance process including elements identified by the NHSE Team (including the Skills Assessment Framework and Practice Manager session ratings)
- 4.6.1.5 Sharing of experience with the NHSE Team, local PCO and other DPs. The DP must be prepared to share with and learn from other DPs to ensure the support package is continuously improved and all Practices around the country receive a consistent and high standard of support.
- 4.6.1.6 Periodic face to face sessions between the NHSE Team and all DPs, and occasionally with the wider members of the PCTI Team.
- 4.6.2 NHS England will call up to a maximum of 4 full day, face to face developmental / training sessions, with a maximum of 4 representatives from each DP in any 12 months.
- 4.6.3 Plus, NHS England will call up to a maximum of 2 full day developmental / training sessions where all active Facilitators are expected to attend. We will work with the DP to find a time and location that is suitable for both parties. NHS England will fund the cost of the venue only. (These sessions could be set up more flexibly, based on emerging need, such as one full day face to face, and two half day sessions delivered virtually).

4.7 Continuous Improvement

- 4.7.1 NHS England will seek to learn from feedback from DPs, Practices, PCOs and others. We will need to respond to the changing needs of practices and our NHSE commissioner. DPs will be expected to share their insights and experiences and adapt to any required changes to the development, design and delivery of the support offer.
- 4.7.2 DPs and their facilitators are required to have an ongoing working knowledge of the GPIIP programme and the wider primary Care context and should take appropriate steps to ensure that continuous learning is adopted throughout the delivery period of this Agreement.

4.7.3 DPs will be expected to contribute to learning to improve the design and delivery of the support package to practices and the wider GPIIP, through a variety of forms such as:

- Weekly master trainer feedback sessions on week-to-week delivery challenges and opportunities (including updating the insights capture sheet)
- Insights and comments from facilitators in the GPIIP Practice reports
- End of phase GPIIP learning sessions
- Engagement with independent evaluation of the GPIIP
- DPs may be asked to contribute to the development of materials and resources to supplement delivery, using their front-line experience and knowledge. This could range from a simple tool or guide aimed at supporting facilitators undertake a specific activity, up to a new Standardised Improvement Module in order to adapt to changing practice circumstances. This 'Development of Materials' activity would be agreed between the relevant DP and NHSE and reimbursed at the standard daily rate (£840).

4.7.4 DPs will allow members of the NHSE Team to periodically observe delivery. This will be arranged in advance with the DP to ensure support to practices is not adversely affected.

4.8 Location

4.8.1 The DPs will be expected to deploy people and schedule practice level support across the whole of England.

4.8.2 The NHSE Team will advertise the GPIIP and encourage practices to join engagement sessions. The DP will ensure improvement facilitators and members of the management and administrative team with appropriate capacity, skills and expertise are deployed to support the range of engagement, delivery and reporting activities. Many engagement sessions are delivered virtually but some may be face to face and could be required in any part of England.

4.9 Allocation of Workload

4.9.1 The framework call-off award criteria is detailed in section 4.4.5 of Document 1` - Invitation to Tender. Offers of call-off contracts will be made on the basis of a "Taxi Rank" mechanism as more fully described in Schedule 7 of the Framework Agreement.

4.9.2 There is an expectation on all DPs that they will use all reasonable endeavours to accept each call-off contract offered to them and that each DP will use all reasonable endeavours to maintain the capacity and capability to perform at least one fifth of the total potential volume of call-off contracts that could be awarded under all the framework agreements entered into by the Authority with suppliers for this requirement.

4.9.3 No DP is guaranteed to be awarded any or any number of call-off contracts.

4.10 Delivery Timetable

Phase deadlines are set at regular intervals throughout the year and are communicated to DPs in advance. In 2023/24 there were seven phases. There could be more or fewer phases in a year.

- 4.10.1 The timetable can be affected by several factors. These include which delivery models are being offered, delivery deadlines relating to end of year, the impact of holiday periods when practices often struggle to engage, and speed of practice sign up to the different delivery models. The 24/25 timeline has not yet been confirmed but might be as follows.

Phase	In practice support starts	Finish
E Intermediate	April 24	July 24
E Intensive	April 24	September 24
F Intermediate	May 24	September 24
F Intensive	May 24	October 24
G Intermediate	July 24	October 24
G Intensive	July 24	December 24
H Intermediate	October 24	January 25
H Intensive	October 24	March 25
I Intermediate	December 24	March 25

5 Partnership Working

- 5.1 The DP will need to collaborate and work closely with key members of the NHSE Team and the wider GPIIP team to ensure the contract runs successfully.
- 5.2 We intend to develop true partnership working, focused on delivering the outcomes identified by our commissioners by providing effective support to local Practices.
- 5.3 DPs are expected to work with other DPs that are appointed under the framework agreement by sharing insights, experiences, challenges, ideas and approaches to ensure that all Practices receive a consistently high-quality level of support.
- 5.4 The NHSE Team administration is currently based in Coventry, but the DP could be hosted from any location within England.

6.5 Reporting

- 6.5.1 NHS England's PCTI Team will be responsible for the contract management of this framework agreement and will require regular assurance updates

from the DP about progress.

- 6.5.2 This section identifies the regular reports required to be produced by the DP to drive the governance meetings and processes.

Report	Content	Frequency
Quarterly contract update	<p>Power point update covering:</p> <p>Review of delivery experience over the past 3 months (or since last report period).</p> <p>Next 3 months delivery - plans issues and challenges.</p> <p>Key issues and risks.</p> <p>KPIs</p> <p>Formal contract submissions (e.g. policy documents)</p>	Quarterly
Weekly Monitoring	<p>Weekly monitoring is to be submitted to the NHSE team on a provided template to demonstrate delivery of practice support. The monitoring is to be submitted by close of play on Tuesday each week and needs to include all delivery from the previous week. DPs may add additional text to supplement the monitoring. The NHSE team will review the weekly monitoring and may ask for clarification. See Appendix 9 for Template.</p>	Weekly
Monthly Invoicing	<p>All invoices are to be uploaded to the NHS England system Tradeshift. Tradeshift is an invoicing tool which allows invoices to be submitted electronically. Invoices are to be submitted monthly to the NHSE team for pre- approval prior to them being uploaded to Tradeshift. Invoices are to be submitted in line with the invoicing template by COP on the 4th of each month and must include all delivery for the previous month. Once the NHSE team have approved the invoices then they are to be uploaded to Tradeshift. DPs will be provided with a purchase order number for each funded cohort prior to delivery starting. DPs must submit a separate invoice for each funded cohort containing the relevant purchase order number.</p>	Monthly
GPIP Practice reports	<p>This includes regular submission of a set of 'Core Metrics' plus an account of the improvements made during the time delivering the Practice Level Support. 6.6 Escalation Procedure

- 6.6.1 DPs will contact the NHSE Team if there are emerging issues that cannot wait until the next regular review meeting. (Operational issues should be raised with the NHSE Team on a daily basis to seek a speedy resolution).
- 6.6.2 There is an expectation that DPs manage their workforce and delivery. They are also expected to manage the local relationship with practices and where required PCOs, ICBs and other members of the PCTI team. However, if there is a significant concern about resource allocation, progress, impact or reputational effect on the GPIP programme, these should be escalated in writing (e-mail) to the NHSE GPIP PLS Workstream Lead and NHSE PLS Co-ordinator within 24 hours.

7 Service Levels

- 7.1 The DP will be responsible for:
 - 7.1.2 complying with all performance management requests from NHS England.
 - 7.1.3 monitoring of delivery and impact in line with the systems, processes and tools identified by the NHSE Team. The DP may be mandated to use a specific monitoring system or may be asked to provide a data set to specific deadlines but be allowed to use its own system.
 - 7.1.4 adherence to the financial monitoring requirements outlined by the NHSE Team.
- 7.2 Although there is variation in practice conditions and special circumstances can sometimes affect a facilitator's ability to work with a practice team, there is an expectation that changes are implemented by a practice, core metrics are reported, and progress is made in line with the aims and objectives of the GPIIP. A GPIIP practice report should be completed for all practices that progress beyond the first set of 'diagnostic' on site sessions.
- 7.3 KPIs are defined against set Tiers:
 - 7.3.1. Tier 1 – Failure of Material KPI for consecutive phases and resulting in a Breach Notice being issued by the Authority.
 - 7.3.2. Tier 2 – Failure to remedy, or to have a suitable plan to remedy, any Tier 3 failure.
 - 7.3.3. Tier 3 – A Material KPI set out within the table below. In the event of a failure of any Material KPI, the KPI becomes a Tier 3 KPI upon which the Authority and the Supplier shall work together to understand the reasons for failure and the intended remedy.

8 Key Performance Indicators

These may be periodically reviewed and applied to the next delivery phase.

4.10 Delivery Timetable)

9.1.2 The timetable for mobilisation of this framework agreement is set out below:

Ref	Milestone/Task	Date
1.	DPs are required to have sufficient number of back-office staff with an ability to manage the DP elements of the first phase of delivery in April 2024 interest and allocation phases. This will include staff with ability and experience to present overview of support at the 'Introductory webinars'. NHSE will provide training.	First week in January 2024
2.	DPs must ensure that a minimum of 15 suitably experienced individuals attend the Facilitator Delivery Training in January 2024. (Failure to attend links to the Long Stop Date.) Provide details and biographies/CV of each individual potential facilitator along with the 'Skills Assessment'	January 2024
3.	Back-office staff and management representatives would need to attend the Support and Management training delivered by the NHSE Team in January. This would cover: <ul style="list-style-type: none"> • A brief overview of the programme and context. • Engagement activity and delivery schedule. • Back-office requirements – engagement activity, cohort confirmation process, scheduling of facilitators, regular monitoring, financial models and monitoring, case studies, GPIIP Practice reporting, Skills assessment, contribution to learning and programme escalation, contract management, quality assurance etc. • (Focused on the management and administration team, those involved in engagement activity, scheduling activity, management, contract monitoring, and back office functions) Up to 2 days in total. (One day face to face and one day virtual delivery). Only venue costs to be covered by NHS.	January 2024
4.	Complete and submit the PGPQS Skills Assessment Checklist for each potential facilitator. (See appx 7) This shows the current level of knowledge, skills and experience of each of the facilitators and a development plan, where required. The skills assessment of their facilitator workforce and associated development plan must be signed off by the NHSE Team before a facilitator can deliver Practice Level Support. Allowance will be made in the early months for Delivery Partners where the facilitators have no practical experience of delivering elements of the PLS (Access Model Diagnostic, PGPQS modules and other Standardised Improvement Modules). If the collective facilitator skill set is not suitably developed, the DP may not	February 2024

	be awarded engagement and delivery activity in April 2024, but be allocated activity in the next phase, subject to demonstrating readiness.	
5.	<p>Become fully operational in terms of internal systems and processes, back-office functions and ability to deploy a sufficient number of suitably experienced client managers to undertake engagement phase activities.</p> <p>Provide a plan to demonstrate what is in place within two weeks of the Support and Management Team training.</p>	February 2024

9.	<p>Facilitators available to start delivering hands on support. Initial group-based learning sessions may be scheduled to start in the first week of April 2024. On site visits would also commence in April 2024.</p>	April 2024

9.1.3 The provider will provide a detailed mobilisation and implementation plan as part of the tender exercise and will be expected to adhere to the submitted plan.

10. Marketing and Communications

10.1 Case Studies

- 10.1.1 NHSE MarComms team will work with DPs and a small number of Practices to develop case studies (in different media formats) to promote the benefits of the Practice Level Support as part of the General Practice Improvement Programme.
- 10.1.2 DPs are expected to identify at least five Practices per phase as a potential case study. They are expected to complete a case study template (see appx 4 Case Study Template) and return it to the NHSE after the AMD period. This allows time for the NHSE MarComms lead to contact the Practice while they are still engaged in the Practice Level Support and capture real time insights.
- 10.1.3 DPs may also be asked to introduce the NHSE MarComms lead (by phone or e mail) to a Practice or PCO. Where appropriate we may wish to attend a GBL session in order to take notes, photos or videos, or to interview some of the participants and DP Facilitators. The DP is expected to help ensure the MarComms team can create an effective case study.

10.2 Branding

- 10.2.1 Materials should be branded as directed by the NHSE Team using authorised NHSE templates. The support package should not be promoted or seen as being delivered by the DP organisation, but as part of GPIIP and part of the national NHS support package for primary care.
- 10.2.2 If there is a change of branding, programme name etc. NHS England will provide the appropriate materials (such as slide templates).

11. Invoicing

11.1 Invoicing

- 11.1.1 All invoices must be uploaded to the NHS England invoicing system Tradeshift.
- 11.1.2 Tradeshift is an invoicing tool which allows invoices to be submitted electronically. Invoices are to be submitted monthly to the Central NHSE team for pre-approval prior to them being uploaded to Tradeshift.
- 11.1.3 Invoices are to be submitted in line with the invoicing template by close play on the 4th of each month and must include all delivery for the previous month.
- 11.1.4 Once the Central NHSE team have approved the invoices then they are to be uploaded to Tradeshift. DPs will be provided with a purchase order number for each funded cohort prior to delivery starting. DPs must submit a separate invoice for each funded cohort containing the relevant purchase order number.

12. Charges/Pricing

12.1 Maximum Available Budget for PLS Pricing

- 12.1.1 The maximum available total budget for the PLS Services shall be on a cohort basis detailed in the Tables below. This represents an all-inclusive price for the Services that are specified in this framework agreement.
- 12.1.2 The Charges for the Services will be dependent on the number of Practices per cohort, the level of support delivered and the number of cohorts delivered. (A larger cohort requires more on-site visits and therefore attracts more payment).
- 12.1.3 The Tenderers' Charges/Pricing must be below the maximum available total budget shown below, and shall apply to both the initial Term and any extensions of the framework agreement, subject to amendment from time to time in accordance with the Charges Variation Procedure below.

Intensive – 16 OSV and 5 GBL

- 12.1.4 If there are more than 8 Practices then there is a payment to reflect the additional hands on visits for each Practice. Payment of £840 plus expenses and vat per on-site visit, as reflected in the table above. (GBL sessions delivered virtually do not attract expenses)
- 12.1.5 If an on-site session does not take place (in line with the cancellation policy) then £840 (plus expenses and VAT) will be deducted from the amount DPs will receive.
- 12.1.6 If only one Facilitator delivers a group-based learning session, then £840 (plus expenses and VAT) will be deducted from the amount DPs will receive.
- 12.1.7 If the delivery model changes then the amount paid will be adjusted according to how many GBL sessions or on-site visits are being delivered.
- 12.1.8 If a practice withdraws from the support package, the payment to the DP is reduced by the number of non-delivered on-site sessions. GBL session payments are not affected as long as these continue to be delivered to the remaining practices in the cohort.

12.2 Charges Variation Procedure

- 12.2.1 NHS England shall have the right from time to time during the Term to give notice to the DP to request a review of the Charges.
- 12.2.2 As soon as reasonably practicable after the date of the notice, the DP shall meet with NHS England to discuss in good faith the variation of the Charges. Any variation in the Charges agreed shall be recorded in writing and shall take effect on the date agreed between the parties.
- 12.2.3 Where it is agreed that the DP is to provide new or additional services the parties shall agree the Charges payable.

13. Appendix 1: GPIP Practice Level Support Delivery Model

PLS can be delivered in a variety of formats.:

- Intensive (26 weeks)
- Intermediate (13 weeks)
- Intermediate plus (6 OSVs and 1 GBL as a build on the Intermediate package)

These formats may change based on evidence of impact and demand.

Units of delivery are On-site visits (OSV) and Group Based Learning (GBL) sessions. Each session should be for a minimum of 3 hours.

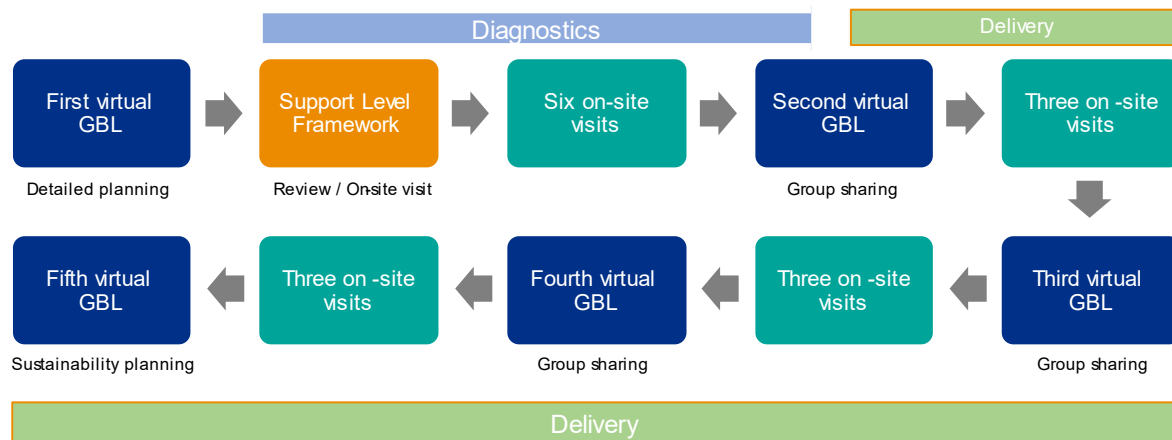

OSV. These are hands-on sessions delivered by a single Facilitator in a practice with the relevant practice team. The number of OSVs depends upon the delivery format. The focus is on helping the practice team make progress towards a 'modern general practice access' model. Practices are supported in diagnosing issues, prioritising and planning action, implementing changes in the 5 key areas, demonstrating impact and planning for sustainability. A practice usually works on diagnosis and quick wins during the first 6 OSVs and implementing changes in the remaining OSVs.

GBLs. Group Based Learning sessions are usually virtual sessions held with representatives from all the practices in a cohort. The aim is to provide an opportunity for practices to share experiences and learn from other practices. The GBL sessions should be for a minimum of 3 hours. These sessions are expected to be delivered by two Facilitators. The sessions have a different focus as practices progress through the programme, from preparation, to progress to celebration and next steps.

Delivery model – INTENSIVE

The intensive offer for in -practice support takes place over 26 weeks.
It comprises of 16 on -site visits and five virtual ' group based learning' (GBL) sessions.

2 |

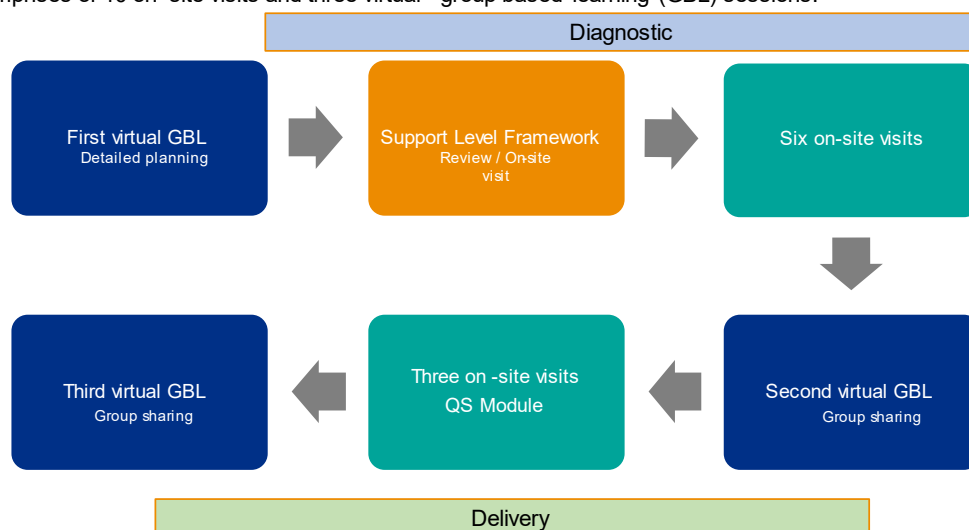

The **Support Level Framework** is a self-assessment of practice maturity and identification of areas where they require support. In 2024 these should be undertaken by an ICB. The SLF gives an indication to an ICB of which practices would benefit from PLS. (See appx 5)

A session is built into the delivery schedule so that the DP can either:

- 13.1.1 Review the completed SLF and discuss implications with the practice in advance of the OSVs, or
- 13.1.2 Facilitate the SLF through an onsite visit if this has not already been undertaken by the ICB

Delivery model – Intermediate

The Intermediate offer for in -practice support takes place over 13 weeks.
It comprises of 10 on -site visits and three virtual ' group based learning' (GBL) sessions.

3 |

Delivery Model - Intermediate plus

As above plus an additional 6 OSVs per practice and a final GBL.

This option may be offered to Intermediate practices who have the will and capacity to make further progress. The additional 6 OSVs are usually offered around the period of GBL2. This offer is not automatically available to practices. The NHSE Team will decide whether to make this offer available at the start of each phase.

These OSVs are delivered soon after GBL3, to be experienced as a continuation of support. Exact delivery schedule is decided by the NHSE Team for each phase.

See the Commercial Schedule for Intermediate plus costings.

14. Appendix 2: Module Overview

Practices currently progress through the following standardised modules. (By module we refer to a collection of OSVs focused on a specific area).

Access Model Diagnostic

The aim is to engage practices in moving towards an improved general practice access model that is safer, more efficient and more inclusive.

There is a lot of variation in practices. This can relate to skills, experience, capacity, previous QI projects, in practice systems, use of technology, culture, dynamics etc. Part of the success of the Support Package will be the facilitator's skill and experience in adapting delivery to match practice conditions.

This 'module' relates to the first 6 OSVs following the SLF. It focuses on gathering data and gaining insights into the following five priority areas:

- Understanding and managing demand and capacity
- Enhancing care navigation and triage processes
- Improving the experience for patients of telephoning their practice ('the telephony journey')
- Improving the experience for patients of contacting their practice and managing their care online (focusing on practice websites, online consultation tools, messaging systems and appointment booking tools)
- Management of non-patient-facing practice workload.

The AMD helps practices to be motivated to explore these areas and to begin to capture relevant data. This PLS emphasises the importance of a data driven approach, either through extraction from in house systems (e.g. telephone data) or by collecting data and analysis it for insights (e.g. avoidable appointments).

Alongside the diagnostic activity, the Facilitator will also support the practice in implementing quick wins. This will help keep energy and engagement in the early stages of support.

By OSV 6 all the data and insights gathered can be used to create a short, medium and long term action plan. The DP facilitator will be able to support prioritised short and medium term actions where maximum benefit can be achieved as the practice moves towards a modern general practice access model. The practice will need to seek additional support, perhaps through the PCN, ICB or other providers for elements not covered by the PLS.

A DP Facilitator Guide to delivery will be available to guide hands-on support and enable sign posting to other helpful resources (e.g. national NHS care navigation training, development opportunities or website guidance).

Productive General Practice Quick Start Modules

Once priorities have been established the practice will implement improvements using modules from the PGPQS suite. The focus will be on making improvements that help a practice progress towards a modern general practice access model based on the prioritisation exercise at the end of the Access Model Diagnostic phase.

- **Efficient Processes** - redesign everyday high-volume processes that underpin an effective access model.
- **Common Approach** – expose unhelpful variation in approach that causes extra effort. Helps develop a common approach to service delivery.
- **Frequent Attenders** - set up a focused, speedy, regular review of high attenders. Leads to different approaches for the individual patient and also for the practice in general.
- **Clear Job Standards** - use visual management techniques to ensure regular activities are completed on time, every time. Identify team training needs.

Less likely to be used but also available:

- **Team Planning** - high level assessment of peaks and troughs in practice capacity and in activity. The practice looks at the profile of holidays, training and external meetings to reduce stress on the practice at peak times.
- **Appropriate Appointments** - explores what opportunities there are to ensure the patient sees the right person, first time. Links to the 'Appropriate Appointments Online audit tool'.
- **Well Organised Practice** - save time by creating a more efficient working environment. A place for everything and everything in its place.
- **Effective Communication** - save time by reviewing how effectively you communicate in the practice. How effective are those meetings? Do we all need to see those messages and emails? Why am I interrupted so often by people and tasks?

Other Standardised Improvement Modules (SIMs)

In line with practice needs and delivery experience we may design additional SIMs to aid either the diagnostic or delivery elements of the PLS.

Such SIMs are likely to be based on a 3 OSV delivery model and could include subject areas such as:

- Enhancing care navigation – a systematic approach to effective navigation, sign posting and triage.
- Knowing How We Are Doing – capture, display and use of key data on a regular basis.
- Working with partners – making best use of community assets and service providers.
- Effective websites – making effective use of your website.
- LTC management – a proactive approach.

If additional SIMs are developed, DPs will have the opportunity to contribute to the development of these modules. DPs would be expected to make facilitators available for training. (See section 6.4 regarding total time availability). If additional time is required, facilitator attendance will be paid for at the daily rate of £840 (plus 5% expenses if face to face delivery).

15. Appendix 3: Practice Cancellation and Withdrawal Policy

This document explains the approach to dealing with cancellations and practice withdrawals.

15.1 Context

The Intensive/Intermediate Support Packager relies on a pre-planned delivery schedule. In the majority of cases a facilitator provides support to two practices on the same day, one practice in the morning session and one practice in the afternoon session.

Support is delivered over a period of 26 or 13 weeks; some flexibility is built into the delivery schedule to help with delivery partner allocation of facilitators and also instances where Practices need to cancel or alter on-site visits.

Practices will be asked to sign up to specific dates in advance. The expectation is that the practices will maintain the agreed schedule of visits.

Over this period of time, it is understandable that a practice may want to reschedule some of the visits due to unforeseen operational pressures.

Delivery Partners will be scheduling their facilitators in advance. We understand that short notice cancellations might mean that the facilitator cannot be reallocated, and costs incurred by the DP.

15.2 Cancellations

Cancellations – less than one week's notice

- Practice cancellations within a week of delivery can result in the forfeit of the session.
 - The DP will still be paid unless the session can be re-allocated or re-arranged without additional cost to the DP.
 - NHS England will not pay for a short notice cancelled session when the facilitator is re-allocated to a paid for session on the same day.
- For 'Intensive', only 3 cancelled sessions in total will be paid for. If a practice cancels a third session with less than a week's notice, the Delivery Partner will check practice commitment. NHS England will not pay for any further cancelled sessions from that practice, irrespective of the period of notice.
 - The Deliver Partner therefore proceeds at risk if it agrees to provide additional sessions to that practice. (Sessions will only be paid for if they go ahead).
 - Alternatively, the Delivery Partner will be supported in pausing or stopping support to the practice and all future on site sessions will be cancelled and the relevant ICB informed. The appropriate adjustment will be made to the funding schedule.
- For 'Intermediate', only 2 cancelled sessions in total will be paid for. If a practice cancels a second session with less than a week's notice, the Delivery Partner will check practice commitment. NHS England will not pay for any further cancelled sessions from that practice, irrespective of the period of notice.
 - The Deliver Partner therefore proceeds at risk if it agrees to provide additional sessions to that practice. (Sessions will only be paid for if they go ahead).
 - Alternatively, the Delivery Partner will be supported in pausing or stopping support to the practice and all future on site sessions will be cancelled and the relevant ICB informed. The appropriate adjustment will be made to the funding schedule.

- Any additional practice cancellations will result in the loss of the delivery session.
 - The delivery partner has discretion to reschedule a session in exceptional circumstances.
 - The session must be delivered before the end of the original final GBL week.

Cancellations – more than one week’s notice

- The Delivery Partner will re-book up to two of the on-site delivery sessions as long as at least one week’s notice is given.
- A practice will only be able to cancel two sessions, with a week’s notice and expect to be able to re-book the session.
- If a practice cancels a third session, more than a week in advance, the DP can decide whether to reschedule. If the DP decides not to reschedule it, the practice will receive one less session. The payment schedule will be reduced by the agreed amount for that session. (E.g. the DP will get paid for 9 on-site sessions rather than the originally planned 10)

Cancellations - General

- The Delivery Partner must advise the NHSE team on the weekly monitoring sheet of any cancellation or withdrawal.
- The re-booked sessions must be delivered before the end of the final GBL week.
- Any Delivery Partner cancellations must be re-delivered before the end of the final GBL week.

15.3 Practice withdrawal or termination

If a practice decides not to proceed with the programme or the agreement is cancelled, the following applies:

- the GBL sessions will continue to be funded in full as long as they are delivered. (The same costs are incurred by the DP).
- there will be no payment for future planned on-site sessions for that practice. The day rate for subsequent on-site visits to that practice will be deducted from the cohort payment schedule by the OSV rate.
 - if withdrawal occurs within a week of the delivery of an on-site visit, that visit can still be charged in full, as long as it is the first, second or (in the case of Intensive practices) third cancellation for that practice, and the facilitator is not re-allocated to a paid for session.

15.4 Re-allocated sessions.

15.4.1 Following a practice cancellation (or withdrawal from the programme) the Delivery Partner can **propose to re-allocate** the session(s) to a practice or practices from the same cohort or same Phase. (This assumes payment is not being claimed by the DP for the original on site visit). This proposal must be made to the NHSE Team (Practice Level Support) team within a week of the cancellation decision and before any commitment or delivery of the

sessions. No commitment should be made until permission has been granted to reallocate.

15.5 *Merger of cohorts*

15.5.1 If cohorts share GBL sessions, payment will only be made for delivery of one GBL session. A financial adjustment will be deducted from the cohort payment schedule.

15.6 Keeping the NHSE Team at NHS England informed

The Delivery Partner must inform the NHS England team within the weekly monitoring sheet of cancellations or withdrawal so that central monitoring can be maintained. This will also help ensure that invoices are matched appropriately with activity and avoid unnecessary challenges and investigations at payment stage.

Cancellation – Practice name / cohort
On site session number X on dd/mm cancelled with <u>more than</u> one week's notice
On site session number X on dd/mm cancelled with <u>less than</u> one week's notice
Advised initially on (cancellation notification date) dd/mm
Action
Will attempt to persuade practice to keep session in diary
Will attempt to re-book the session
Persuaded practice to keep session in diary
Persuaded practice to re-book the session for dd/mm
Session has been cancelled with no plan to re-book
Practice has dropped out of programme.
Red – practice has definitely left the programme.
Amber – attempts being made to keep practice in the programme.
Green – practice is back on track in the programme.

Notification of cancellation date

The date of notification of cancellation is the initial day on which the practice suggested the session would be cancelled. If the practice advised the facilitator on the 1st that the session on the 10th might not go ahead, the 1st is the cancellation notification date. If the Delivery Partner chose to talk to the practice on the 5th to try to keep the visit in their diary, but was unsuccessful, the cancellation notification date is still the 1st, not the 5th.

16. Appendix 4: Case study template

Practice Level Support (GPIP) Case Study Identification Template for completion by Delivery Partners (v1)

This template is to identify potential case studies that can be put forward to the Primary Care Transformation Team's Communications Manager, Yesret Bi yesret.bi@nhs.net

Delivery Partners do not need to write the case study, you just need to use the boxes below to summarise briefly (in three or four sentences/bullet points in each box) what the key points are. The aim of this is to provide us with enough information to assess if this case study will add value to our library of case studies and will work well as an example of the impact the programme can have and that we can then share more widely with others.

You do not have to complete every section of this template, but the more insight you can provide the easier it will be for us to build up a great story with the practice when we talk to them.

If the case study is progressed the practice will be contacted for a short call to get their insight into the work done. A draft copy of the case study will then be sent to the practice for approval and a final copy sent to the Delivery Partner.

What makes a good case study?

A good case study is when a story can be clearly told. Showing the challenge faced and the area of improvement identified, through to clearly outlining the solution and the actions taken to make the changes and ending with some clear outcomes demonstrating the positive impact of the intervention and the changes made.

Put a cross next to the reasons why you think this practice's story will make a good case study. You can mark all that apply:

Shows the value of the NHSE GPIP PLS offer and what can be achieved with facilitator support (helps to champion the programme to our internal audiences and other practices thinking of signing up)	
Shows the changes and improvements a practice can make in a relatively short space of time and/or that changes are possible (providing hope and encouragement to others)	
Provides a good example to other practices of the changes a practice has made to improve access for patients (Giving others' ideas for potential improvements)	
Shows the value of insight the practice gained from accessing and using their data to inform and monitor their improvements (Evidence of the power of a data driven approach)	
Other reasons- Please summarise briefly:

17. Appendix 5: Support Level Framework

The Support Level Framework (SLF) is a tool intended to support practices in gaining an understanding of what they do well, what they might wish to do better, and where they might benefit from development support to achieve those ends.

Completion of the SLF is designed to be co-ordinated by the ICS and delivered through a facilitated conversation with members of the practice team. The aim is to agree priorities for improvement and develop an action plan through which to address these areas over the forthcoming year.

Co-ownership of the action plan with the ICS enables practices to access the appropriate support required to progress in these areas. Any gaps in provision of support can be identified for future commissioning plans.

The SLF is constructed of six **domains**:

- Supporting Access
- Quality and Safety
- Leadership and Culture
- Stakeholder Engagement
- Workforce,
- Indicative Data

Each domain has several areas. Each area contains a support level descriptor of the type of maturity expected to be seen at four differing support levels (1 to 4, where 1 is the least developed and 4 the most developed). The facilitated assessment should encourage a conversation covering all domains and areas, allowing the practice to determine which support level best reflects their current/starting position for each area. They should then agree which support level they aspire to reach for each area (desired future position). These levels are recorded using the drop-down options and a summary of the conversation explaining the rationale recorded for the practice's benefit.

From this process practices are identified that could benefit from PLS as part of GPIIP.

DPs will be expected to review the SLF to gain an understanding of the practice's assessment. Of particular interest will be section 1 on 'Supporting Access to the right person or service'. (See diagram below).

In some circumstances DPs will be expected to facilitate the assessment. This will be one of the first OSVs. If facilitation of the session is required, either a trained facilitator will be provided to run the session, or training will be provided to the DP. If a trained facilitator is provided by the central NHSE Team, then the payment to the DP will be reduced by £840 plus 5% expenses as the DP will not be deploying their own facilitator.

18. Appendix 6: GPIIP Practice report

Key principles of report:

- Will tell the full story of the practice in one place.
- Will need to be updated regularly (usually weekly) during course of 13 / 26 weeks delivery.
- Will act as a record of the work done within the practice (core metrics, actions completed, early indicative outcomes).
- Will capture some of the learning from the delivery (e.g. ease of the practice collecting the Core measures data at the various stages).
- Allows facilitator to indicate that practice would make a good case study.

DP Facilitators are expected to update this report on a weekly basis to capture progress and impact. DP management teams are expected to internally verify the reports for accuracy and completeness. The reports are then reviewed by the NHSE central team at regular intervals. For Intensive (26 weeks) and Intermediate Plus PLS the reports are reviewed at three stages - baseline, interim and completion. For Intermediate PLS the two stages are baseline and completion. A detailed reporting timeline will be provided in advance.

The precise details of the report are under development and will be confirmed before delivery starts. Content may include the following sections.

Section 1 –Practice Status and Modules

Section 2 – Background on Practice

10. Patient experience (via national General Practice Patient Survey (GPPS)) *No programme data collection required*

19. Appendix 7: Skills Assessment

We want to be assured by Delivery Partners that their facilitators have the required:

- Skills
- Experience
- Content Knowledge
- Context understanding

Every six months Delivery Partners update and submit the Skills Assessment form for each of their PLS facilitators.

Where there are facilitators who have gaps in knowledge or experience, Delivery Partners also submit a personalised development plan to explain what training or support has been put in place to help them fill gaps.

Progress will be checked against the next six-monthly submissions. For new facilitators or areas where there is significant concern, Delivery Partners may be asked to provide a 3-month update.

The NHSE Team will raise any specific questions with the Delivery Partner. High level analysis or issues will be discussed at the contract management meetings.

The form is excel based with various drop-down options and is completed for each facilitator that may be used by the Delivery Partner. See current example on following pages.

Delivery Partner Skills and Experience Self-Assessment

The information collected from the skills and experience self-assessment is for the NHSE core team. It is part of the contractual requirement held with Delivery Partners. This self-assessment questionnaire should be completed by all new Coaches/Facilitators after their first 3 months and thereafter on an annual basis by existing coaches.

The skills and experience self-assessment should take approximately 10 minutes to complete.

The information from this self-assessment will form part of our internal quality assurance processes. It will also be used to help the core NHSE GPIP Practice Level Support team to identify any learning and training needs that could improve and strengthen the delivery offer. The findings will be shared with each of the Delivery Partner management teams

20. Appendix 8: Weekly Monitoring

Weekly monitoring is to be provided weekly to the Central PLS Team and is individual to each Delivery Partner. The format for this monitoring is set by the Central PLS team using a Microsoft Excel document. This monitoring is to be submitted by COP Tuesday each week and needs to include all delivery from the previous week. DP's may add additional text to supplement the monitoring. The Central PLS team will review the weekly monitoring and may ask for clarification.

The weekly monitoring sheet is an overall summary of the schemes, this provides the Central PLS team with a high-level view of the number of practices currently engaged and any practices that have withdrawn and details of the support that each practice will receive. This includes the cohort number, practice name, the status of the practice (Red = Withdrawn, Amber = Risk of withdrawing, Green = On track). The sheet also contains details of the date and times of both the onsite visits and group-based learning sessions. Each week when the monitoring is submitted to the Central PLS team the status of each onsite visit or group-based learning session is to be updated with the status of delivery (Diagram of monitoring sheet is below):

[illegible]

The below key is a descriptor for programme inventions to be used on the monitoring sheet

Intervention Code	Description
OSV	On site visit
SLF	Support Level Framework
GBL	Group Based Learning Session

The Below key is to be used in the status column of the monitoring sheet to indicate the stage of delivery

Not Scheduled	No date or date not agreed
Scheduled	Date agreed
Completed	Session completed to original week
Re-scheduled	Session completed to a re-scheduled week
Cancelled - less than 7 days	Session cancelled by the practice within 7 days and chargeable
Cancelled - more than 7 days	Session cancelled by the practice more than 7 days and not chargeable
Withdrawn	Practice has confirmed they will not take part in the programme

The maximum available budget for the Service Offer Prices are set out within Section 12 of the Specification and are inserted here for reference.

21. Charges/Pricing

21.1 PLS Pricing

21.1.1 The maximum available total budget for the PLS Services shall be on a cohort basis detailed in the Tables below. This represents an all-inclusive price for the Services that are specified in this framework agreement.

21.1.2 The Charges for the Services will be dependent on the number of Practices per cohort, the level of support delivered, and the number of cohorts delivered. (A larger cohort requires more on-site visits and therefore attracts more payment).

21.1.3 The Tenderers' Charges/Pricing must be below the maximum available total budget shown below and shall apply to both the initial Term and any extensions of the framework agreement, subject to amendment from time to time in accordance with the Charges Variation Procedure below.

21.1.5 If an on-site session does not take place (in line with the cancellation policy) then £840 (plus expenses and VAT) will be deducted from the amount DPs will receive.

21.1.6 If only one Facilitator delivers a group-based learning session, then £840 (plus expenses and VAT) will be deducted from the amount DPs will receive.

21.1.7 If the delivery model changes then the amount paid will be adjusted according to how many GBL sessions or on-site visits are being delivered.

21.1.8 If a practice withdraws from the support package, the payment to the DP is reduced by the number of non-delivered on-site sessions. GBL session payments are not affected as long as these continue to be delivered to the remaining practices in the cohort.

21.2 Charges Variation Procedure

21.2.1 NHS England shall have the right from time to time during the Term to give notice to the DP to request a review of the Charges.

21.2.2 As soon as reasonably practicable after the date of the notice, the DP shall meet with NHS England to discuss in good faith the variation of the Charges. Any variation in the Charges agreed shall be recorded in writing and shall take effect on the date agreed between the parties.

21.2.3 Where it is agreed that the DP is to provide new or additional services the parties shall agree the Charges payable.

Schedule 6

Commercial Schedule

Schedule 7

Ordering Procedure

1. Ordering Procedure: Direct Awards Only

- 1.1 If the Authority wishes to place an Order for any Services through this Framework Agreement, then after defining the scope of any Order in accordance with Clause 5 of this Schedule 7, the Authority shall offer a Purchase Order to the Supplier where that Supplier is indicated as the relevant supplier by the application of the "Taxi Rank Process" set out at Clause 6 of this Schedule 7.
- 1.2 The Supplier is one of up to 5 (five) suppliers who have been awarded framework agreements in the form of this Framework Agreement (subject to the terms of their commercial offers).
- 1.3 Each supplier will have been awarded a rank based upon the scores achieved by that supplier in the competition for a place on the framework (with the highest scoring supplier ranked 1)
- 1.4 Such ranks shall be used for the sole purpose of determining the order in which Orders are placed under the "Taxi Rank Process" set out at Clause 6 of this Schedule 7, with the supplier ranked 1 being offered the first Order.
- 1.5 The Supplier is not guaranteed to receive any Orders or any number of Orders under this Framework Agreement.

2. Form of Order

- 2.1 Having followed the process set out at Clause 1 of this Schedule 7, the Authority may place an Order with the Supplier by serving a purchase order on the Supplier containing the following information as a minimum ("Purchase Order"):
 - 2.1.1 an identifiable reference to the Framework Agreement;
 - 2.1.2 the name of the Supplier;
 - 2.1.3 a description of the scope of the Order, comprising services falling within the scope of the Specification and Tender Response Document and to be delivered in the manner set out in the Specification and Tender Response Document set out at Schedule 5 (and which level of support is required);
 - 2.1.4 the cohort size;
 - 2.1.5 the Contract Price as determined by and in accordance with the Commercial Schedule and the Specification and Tender Response Document set out at Schedule 5 and confirmation of any payment profile;
 - 2.1.6 the timescales within which delivery is required including the term of the Contract, and any applicable service commencement and/or longstop dates;
 - 2.1.7 the application of any applicable implementation plan

- 2.1.8 the identity of contract managers of both parties and the names and address applicable for the service of notices;
 - 2.1.9 the location for the performance of all or part of the Services; and
 - 2.1.10 the identities of any supplier key staff.
- 2.2 A Purchase Order shall be deemed to have been served on the Supplier:
- 2.2.1 if delivered by hand within normal business hours, when so delivered or, if delivered by hand outside normal business hours, at the next start of normal business hours; or
 - 2.2.2 if sent by first class recorded delivery mail on a normal Business Day, at 9.00 am on the second Business Day subsequent to the day of posting, or, if the notice was not posted on a Business Day, at 9.00 am on the third Business Day subsequent to the day of posting; or
 - 2.2.3 if sent by email, if sent within normal business hours when so sent or, if sent outside normal business hours, at the next start of normal business hours provided the sender has either received an electronic confirmation of delivery or has telephoned the recipient to inform the recipient that the email has been sent.
- 2.3 The Parties agree that any document or communication which is not in the form prescribed by this Schedule 7 shall not constitute an Order for the purposes of this Framework Agreement or result in a valid Order being placed with the Supplier.

3. Accepting and declining Orders and formation of Contract

- 3.1 Following the service on them of an Order, the Supplier shall promptly and in any event within a reasonable period determined by the Authority and notified to the Supplier in writing at the same time as the service of the Order (which in any event shall not exceed three (3) Business Days), acknowledge receipt of the Order and either:
- 3.1.1 notify the Authority in writing that it is unable to fulfil the Order and provide the reason(s) for its inability to do so; or
 - 3.1.2 notify the Authority in writing that it is able to fulfil the Order (with the capacity to deliver within the stated timescales).
- 3.2 If the Supplier:
- 3.2.1 notify the Authority that they are unable to fulfil an Order; or
 - 3.2.2 the time limit referred to in Clause 3.1 has expired;
- then the Order shall lapse.
- 3.3 If the Supplier seek to modify or impose conditions on the fulfilment of an Order, then the Authority may either:
- 3.3.1 reissue the Order incorporating the modifications or conditions (provided that such modifications or conditions do not cause the provisions of the revised

Order to breach the requirements of the Regulations or of EU procurement Law); or

- 3.3.2 deem the Supplier's response as notification of their inability to fulfil the Order and the provisions of Clause 3.4 of this Schedule 7 shall apply.

3.4 Where and on each occasion that:

3.4.1 the Supplier notify the Authority that it is unable to fulfil an Order; or

3.4.2 an Order lapses; or

3.4.3 the Supplier are deemed to have notified the Authority that they are unable to fulfil an Order pursuant to Clause 3.3.2;

then the Authority shall rescind such offer and that Order will be offered to an alternative Supplier as set out at Clause 6 of this Schedule 7 below.

- 3.5 The Parties acknowledge and agree that the placement of an Order is an offer by the Authority. Where the Supplier notifies the Authority in writing that it is able to fulfil the Order this shall constitute acceptance by the Supplier and a contract to perform the Order on the basis set out in the Purchase Order shall be created.

3.6 Following the formation of each Contract the Authority:

3.6.1 may publish a contract award notice as described in the Public Contracts Regulations 2015, but is not required to do so; and/or

3.6.2 may publish information concerning the Contract on Contracts Finder or any successor of Contracts Finder.

4. Further Assessment

4.1 Before awarding an Order to the Supplier the Authority may require the Supplier to promptly reconfirm their current status, position or data (as applicable) in relation to the information submitted by the Supplier in response to the Framework ITT.

4.2 Where any information supplied to the Authority by the Supplier pursuant to Clause 4.1 of this Schedule 7 would, had it been submitted as part of the Supplier's response to the Framework ITT, have lead to that Supplier:

4.2.1 failing to be appointed to this Framework Agreement; and/or

4.2.2 would justify the termination of this Framework Agreement;

then the Authority shall be entitled to decline to offer an Order to the Supplier until the Supplier can satisfy the Authority that its current status, position or data (as applicable) are such that it would not have failed to be appointed to the Framework Agreement and that grounds to terminate this Framework Agreement no longer exist.

5. Defining the Scope of any Order

- 5.1 The Authority shall have absolute discretion as to the way in which it scopes each Order and the extent of Services and size of cohort included within each order.
- 5.2 To reduce the administrative burden of awarding support to GP practices on a per practice basis, the Authority may amalgamate the requirements of GP practices in batches.
- 5.3 Where the Authority amalgamates the requirements of GP practices in batches then it may do so on any basis it deems appropriate, whether by geography, type of input required, administrative unit, alphabetical designation or any other basis whatsoever.
- 5.4 The Authority has absolute discretion to determine the order in which Orders are called off from the Framework Agreement.

6. The Taxi Rank Process

- 6.1 The Authority shall offer Orders to each of the suppliers who have been awarded framework agreements in the form of this Framework Agreement (subject to the terms of their commercial offers) in rotation starting with the first ranked supplier.
- 6.2 Where a supplier declines an offer of an Order, or is deemed to have so declined an Order in accordance with Clause 3 of this Schedule 7, then the Authority shall offer such Order to the next ranked supplier. Where that next ranked supplier accepts that Order then that supplier will be substituted into the rotation of suppliers in the place of the supplier who declined or was deemed to have declined that Order. The supplier who declined or was deemed to have declined that Order shall adopt the place of the formerly next ranked supplier.
- 6.3 Subject to Clause 6.4 of this Schedule 7 where a Supplier has declined an offer of an Order, or is deemed to have so declined an Order in accordance with Clause 3 of this Schedule 7, then it shall be the first ranked supplier entitled to be offered the next available Order by the Authority.
- 6.4 Where a supplier is offered the next available Order as set out in Clause 6.3 of this Schedule 7 and accepts that Order then, subject to the other provisions of this Clause 6 of this Schedule 7, that Supplier shall remain in that sequence in the rotation of the suppliers.
- 6.5 Where a supplier:
 - 6.5.1 declines an offer of an Order for a reasons that the Authority (acting reasonably) does not consider legitimate, or
 - 6.5.2 declines an offer of an Order but provides no reasons; or
 - 6.5.3 an Order lapses;then that supplier shall forfeit the right to be the first ranked supplier entitled to be offered the next available Order by the Authority and shall remain in the place in the rotation of suppliers that applied prior to the offer of that Order.

6.6 For the purposes of Clause 6.5.1 of this Schedule 7 the Authority shall be acting reasonably where (without limitation to any other determinations it might make in other circumstances) it considers:

6.6.1 a supplier has declined an offer based on the scale and/or monetary value of the Order; or

6.6.2 a supplier has failed to use all reasonable endeavours to maintain the capacity and capability to perform at least one fifth of the total potential volume of call-off contracts that could be awarded under all the framework agreements in the form of this Framework Agreement entered into by the Authority with suppliers

6.7 A worked example of this process is set out below.

7. The Taxi Rank Process: Worked Example for illustrative purposes

Scenario A

- GP A requires support via the framework agreement.
- Supplier 1, as the highest scoring supplier, is direct awarded to deliver the service to GP A (subject to confirmation that they have the capacity to deliver within the stated timescales and their acceptance)

Scenario B

- GPs B, C and D requires support via the framework agreement as part of a linked scope of services to be delivered as a single Order
- Supplier 1, as the highest scoring supplier, has already been awarded the call-off contract for GP A
- Supplier 2, as the second highest scoring supplier, is next in line to deliver as part of the taxi rank system.
- Subject to confirmation of capacity to deliver within the stated timescales and their acceptance, Supplier 2 is direct awarded to deliver the service to GPs B, C and D.

Scenario C

- GP E requires support via the framework agreement.
- As the two highest scoring bidders, Supplier 1 and Supplier 2 have already been awarded call-off contracts to deliver services to GP A and GPs B - D respectively.
- Supplier 3, as the third highest scoring supplier, is next in line to deliver as part of the taxi rank system.
- Subject to confirmation of capacity to deliver within the stated timescales and their acceptance, Supplier 3 is direct awarded to deliver the service to GP E

Scenario D

- GP F requires support via the framework agreement.
- As the three highest scoring bidders, Supplier 1, Supplier 2, and Supplier 3 have already been awarded call-off contracts to deliver services to GP A, GPs B - D and GP E respectively.
- Supplier 4, as the fourth highest scoring supplier, is next in line to deliver as part of the taxi rank system.
- Supplier 4 confirms that they cannot deliver the specified requirements within the stated timescales. Therefore, they decline the Order, giving reasons, and will forgo that turn on the taxi rank system.
- Supplier 5, as the next ranked supplier, is approached to deliver the service to GP F.
- Supplier 5 confirms that they can deliver the services within the stated timescales and accept the offer and are therefore direct awarded to deliver the service to GP F

Scenario E

- *As per Scenario D, Supplier 4 was not able to deliver services to GP F, therefore Supplier 5 delivered the services instead.*
- *GP G also requires support via the framework agreement.*
- *The Authority is satisfied that Supplier 4's reasons for declining the offer to deliver services to GP F were legitimate and therefore Supplier 4 is now the first ranked supplier in line for the next order.*
- *Supplier 4 is offered the call-off contract to deliver to GP G.*
- *This time, Supplier 4 confirms that they have the capacity to deliver within the stated timescales and accepts the offer.*
- *A direct award to Supplier 4 is carried out, thereby receiving their first call-off contract under the framework agreement.*
- *Supplier 1 is now next in line to deliver to the next GP practice as per the taxi rank system and the anticipated rotation of offers (assuming all offers are accepted) is now Suppliers 1,2,3,5,4.*

Scenario F

- *GPs I and J require support via the framework agreement as part of a linked scope of services to be delivered as a single Order.*
- *Supplier 1 is offered the Order/call-off contract to deliver to GPs I and J.*
- *Supplier 1 declines to accept the call-off contract to deliver to GPs I and J*
- *Supplier 2, as the next ranked supplier, is approached to deliver the service to GPs I and J.*
- *Supplier 2 confirms that they can deliver the services within the stated timescales and accept the offer and are therefore direct awarded to deliver the service to GPs I and J.*
- *The Authority is not satisfied that Supplier 1's reasons for declining the offer to deliver services to GPs I and J were legitimate and therefore Supplier 1 is not treated as the first ranked supplier in line for the next order.*
- *Supplier 3 is now next in line to deliver to the next GP practice as per the taxi rank system and the anticipated rotation of offers (assuming all offers are accepted) is now Suppliers,3,5,4, 2, 1.*

- *Supplier 1*

The above scenarios are based on a five-supplier framework agreement. The above Direct Award process will also apply to a framework agreement with less than five suppliers.

Appendix A

Call-off Terms and Conditions for the Provision of Services

Where a Purchase Order is issued by the Authority that refers to the Framework Agreement, the Contract is made between the Authority and the Supplier on the date the Supplier to whom the Purchase Order is issued notifies the Authority in writing that it is able to fulfil the Order. The Contract formed is subject to and incorporates the terms set out in the schedules of these Call-off Terms and Conditions listed below ("**Schedules**").

The Authority and the Supplier undertake to comply with the provisions of the Schedules in the performance of the Contract.

The Supplier shall supply to the Authority, and the Authority shall receive and pay for, the Services on the terms of the Contract.

For the avoidance of doubt, any actions or work undertaken by the Supplier prior to the receipt of a Purchase Order (and their notification of the Authority in writing that it is able to fulfil the Order) that forms part of the relevant Services shall be undertaken at the Supplier's risk and expense and the Supplier shall only be entitled to invoice for Services covered by a valid Purchase Order.

The Definitions in Schedule 4 of these Call-off Terms and Conditions apply to the use of all capitalised terms in the Contract.
