- 12.3 The Supplier warrants and represents that its tender (if any) and all statements made and documents submitted as part of the procurement of Deliverables are and remain true and accurate.

## **13 WHAT NEEDS TO BE DELIVERED**

### **13.1 All Deliverables**

- 13.1.1 The Supplier must provide Deliverables:
- 13.1.1.1 in accordance with Section 6, Specification of the Award form, (where applicable) and the Contract;
  - 13.1.1.2 using reasonable skill and care;

- 13.2.2 The Supplier transfers ownership of the Goods on completion of Delivery or payment for those Goods, whichever is earlier.

- 13.2.10 The Buyer can cancel any order or part order of Goods which has not been Delivered. If the Buyer gives less than 14 days' notice then it will pay the Supplier's reasonable and proven costs already incurred on the cancelled order as long as the Supplier takes all reasonable endeavours to minimise these costs.
- 13.2.11 The Supplier must at its own cost repair, replace, refund or substitute (at the Buyer's option and request) any Goods that the Buyer rejects because they don't conform with clause 4.2. Any disputed amounts shall be resolved through the dispute resolution procedure detailed in clause 36.
- 14.6 The Buyer may retain or set-off payment of any amount owed to it by the Supplier under this Contract or any other agreement between the Supplier and the Buyer if notice and reasons are provided.

- 14.7 The Supplier must ensure that all Subcontractors are paid, in full, within 30 days of receipt of a valid, undisputed invoice. If this doesn't happen, the Buyer can publish the details of the late payment or non-payment.

- 16.4 The Buyer or an auditor can Audit the Supplier.
- 16.5 During an Audit, the Supplier must provide information to the auditor and reasonable co-operation at their request.
- 16.6 The Parties will bear their own costs when an Audit is undertaken unless the Audit identifies a Material Breach by the Supplier, in which case the Supplier will repay the Buyer's reasonable costs in connection with the Audit.
- 16.7 If the Supplier is not providing any of the Deliverables, or is unable to provide them, it must immediately:
- 16.7.1 tell the Buyer and give reasons;
  - 16.7.2 propose corrective action; and
  - 16.7.3 provide a deadline for completing the corrective action.

- 16.8 If the Buyer, acting reasonably, is concerned as to the financial stability of the Supplier such that it may impact on the continued performance of the Contract then the Buyer may:
- 16.8.1 require that the Supplier provide to the Buyer (for its approval) a plan setting out how the Supplier will ensure continued performance of the Contract and the Supplier will make changes to such plan as reasonably required by the Buyer and once it is agreed then the Supplier shall act in accordance with such plan and report to the Buyer on demand; and
  - 16.8.2 if the Supplier fails to provide a plan or fails to agree any changes which are requested by the Buyer or fails to implement or provide updates on progress with the plan, terminate the Contract immediately for Material Breach (or on such date as the Buyer notifies) and the consequences of termination in Clause 11.5.1 shall apply.
- 16.9 If there is a Material Breach, the Supplier must notify the Buyer within 3 Working Days of the Supplier becoming aware of the Material Breach. The Buyer may request that the Supplier provide a Rectification Plan within 10 Working Days of the Buyer's request alongside any additional documentation that the Buyer requires. Once such Rectification Plan is agreed between the Parties (without the Buyer limiting its rights) the Supplier must immediately start work on the actions in the Rectification Plan at its own cost.
- 17 SUPPLIER STAFF**
- 17.1 The Supplier Staff involved in the performance of the Contract must:
- 17.1.1 be appropriately trained and qualified;
  - 17.1.2 be vetted in accordance with the Staff Vetting Procedures; and
  - 17.1.3 comply with all conduct requirements when on the Buyer's premises.
- 17.2 Where the Buyer decides one of the Supplier's Staff isn't suitable to work on the Contract, the Supplier must replace them with a suitably qualified alternative.
- 17.3 The Supplier must provide a list of Supplier Staff needing to access the Buyer's premises and say why access is required.

- 17.5 The Buyer indemnifies the Supplier against all claims brought by any person employed or engaged by the Buyer caused by an act or omission of the Buyer or any of the Buyer's employees, agents, consultants and contractors.
- 17.6 The Supplier shall use those persons nominated (if any) as Key Staff in the Order Form or otherwise notified as such by the Buyer to the Supplier in writing, following agreement to the same by the Supplier to provide the Deliverables and shall not remove or replace any of them unless:
- 17.6.1 requested to do so by the Buyer or the Buyer approves such removal or replacement (not to be unreasonably withheld or delayed);
  - 17.6.2 the person concerned resigns, retires or dies or is on parental or long-term sick leave; or

17.6.3 the person's employment or contractual arrangement with the Supplier or any Subcontractor is terminated for material breach of contract by the employee.

17.7 The Supplier shall ensure that no person who discloses that they have a conviction that is relevant to the nature of the Contract, relevant to the work of the Buyer, or is of a type otherwise advised by the Buyer (each such conviction a “**Relevant Conviction**”), or is found by the Supplier to have a Relevant Conviction (whether as a result of a police check, a disclosure and barring service check or otherwise) is employed or engaged in the provision of any part of the Deliverables.

## 18 RIGHTS AND PROTECTION

18.1 The Supplier warrants and represents that:

- 18.1.1 it has full capacity and authority to enter into and to perform the Contract;
- 18.1.2 the Contract is entered into by its authorised representative;
- 18.1.3 it is a legally valid and existing organisation incorporated in the place it was formed;
- 18.1.4 there are no known legal or regulatory actions or investigations before any court, administrative body or arbitration tribunal pending or threatened against it or its affiliates that might affect its ability to perform the Contract;
- 18.1.5 all necessary rights, authorisations, licences and consents (including in relation to IPRs) are in place to enable the Supplier to perform its obligations under the Contract and the Buyer to receive the Deliverables;
- 18.1.6 it doesn't have any contractual obligations which are likely to have a material adverse effect on its ability to perform the Contract; and
- 18.1.7 it is not impacted by an Insolvency Event.

18.2 The warranties and representations in clause 3.3 and clause 9.1 are repeated each time the Supplier provides Deliverables under the Contract.

18.3 The Supplier indemnifies the Buyer against each of the following:

- 18.3.1 wilful misconduct of the Supplier, any of its Subcontractor and/or Supplier Staff that impacts the Contract; and
- 18.3.2 non-payment by the Supplier of any tax or National Insurance.

18.4 If the Supplier becomes aware of a representation or warranty made in relation to the Contract that becomes untrue or misleading, it must immediately notify the Buyer.

18.5 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier for free.

## 19 INTELLECTUAL PROPERTY RIGHTS (“IPRS”)

19.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable, sub-licensable worldwide licence to use, copy and adapt the Supplier's Existing IPR to enable the Buyer and its sub-licensees to both:

- 19.1.1 receive and use the Deliverables; and

## 19.1.2 use the New IPR.

The termination or expiry of the Contract does not terminate any licence granted under this clause 10.

- 19.2 Any New IPR created under the Contract is owned by the Buyer. The Buyer gives the Supplier a royalty-free, non-exclusive, non-transferable licence to use, copy, and adapt any Existing IPRs and the New IPR which the Supplier reasonably requires for the purpose of fulfilling its obligations during the Term and commercially exploiting the New IPR developed under the Contract. This licence is sub-licensable to a Subcontractor for the purpose of enabling the Supplier to fulfil its obligations under the Contract, and in that case the Subcontractor must enter into a confidentiality undertaking with the Supplier on the same terms as set out in clause 15 (What you must keep confidential).
- 19.3 Unless otherwise agreed in writing, the Supplier and the Buyer will record any New IPR and keep this record updated throughout the Term.
- 19.4 Where a Party acquires ownership of intellectual property rights incorrectly under this Contract, it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.
- 19.5 Neither Party has the right to use the other Party's intellectual property rights, including any use of the other Party's names, logos or trademarks, except as provided in this clause 10 or otherwise agreed in writing.
- 19.6 If any claim is made against the Buyer for actual or alleged infringement of a third party's intellectual property arising out of, or in connection with, the supply or use of the Deliverables (an "**IPR Claim**"), then the Supplier indemnifies the Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result of the IPR Claim.
- 19.7 If an IPR Claim is made or anticipated, the Supplier must at its own option and expense, either:
- 19.7.1 obtain for the Buyer the rights in clause 10.1 without infringing any third party intellectual property rights; and
  - 19.7.2 replace or modify the relevant item with substitutes that don't infringe intellectual property rights without adversely affecting the functionality or performance of the Deliverables.
  - 19.7.3 If the Supplier is not able to resolve the IPR Claim to the Buyer's reasonable satisfaction within a reasonable time, the Buyer may give written notice that it terminates the Contract from the date set out in the notice, or where no date is given in the notice, the date of the notice. On termination, the consequences of termination in clauses 11.5.1 shall apply.
- 19.8 The Supplier shall not use in the Delivery of the Deliverables any Third Party IPR unless:
- 19.8.1 the Buyer gives its approval to do so; and
  - 19.8.2 one of the following conditions applies:
    - 19.8.2.1 the owner or an authorised licensor of the relevant Third Party IPR has granted the Buyer a direct licence that provides the Buyer with the rights in clause 10.1; or

- 19.8.2.2 if the Supplier cannot, after commercially reasonable endeavours, obtain for the Buyer a direct licence to the Third Party IPR as set out in clause 10.8.2.1:
- (a) the Supplier provides the Buyer with details of the licence terms it can obtain and the identity of those licensors;
  - (b) the Buyer agrees to those licence terms; and
  - (c) the owner or authorised licensor of the Third Party IPR grants a direct licence to the Buyer on those terms; or
- 19.8.2.3 the Buyer approves in writing, with reference to the acts authorised and the specific intellectual property rights involved.

19.9 In spite of any other provisions of the Contract and for the avoidance of doubt, award of this Contract by the Buyer and the ordering of any Deliverable under it, does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977, Section 12 of the Registered Designs Act 1949 or Sections 240 – 243 of the Copyright, Designs and Patents Act 1988.

## **20 ENDING THE CONTRACT**

- 20.1 The Contract takes effect on the Start Date and ends on the earlier of the Expiry Date or termination of the Contract, or earlier if required by Law.
- 20.2 The Buyer can extend the Contract where set out in the Order Form in accordance with the terms in the Order Form.
- 20.3 Ending the Contract without a reason**
- 20.3.1 The Buyer has the right to terminate the Contract at any time without reason or liability by giving the Supplier not less than 90 days' written notice, and if it's terminated clause 11.6.2 applies.

## **20.4 When the Buyer can end the Contract**

- 20.4.1 If any of the following events happen, the Buyer has the right to immediately terminate its Contract by issuing a termination notice in writing to the Supplier and the consequences of termination in Clause 11.5.1 shall apply:

  - 20.4.1.2 the Supplier is in Material Breach of the Contract;
  - 20.4.1.3 there's a change of control (within the meaning of section 450 of the Corporation Tax Act 2010) of the Supplier which isn't pre-approved by the Buyer in writing;
  - 20.4.1.4 the Buyer discovers that the Supplier was in one of the situations in 57 (1) or 57(2) of the Regulations at the time the Contract was awarded;
  - 20.4.1.5 the Supplier or its affiliates embarrass or bring the Buyer into disrepute or diminish the public trust in them; or

20.4.1.6 the Supplier fails to comply with its legal obligations in the fields of environmental, social, equality or employment Law when providing the Deliverables.

20.4.2 If any of the events in 73(1) (a) or (b) of the Regulations happen, the Buyer has the right to immediately terminate the Contract and clauses 11.5.1.2 to 11.5.1.7 apply.

## **20.5 What happens if the Contract ends**

20.5.1 Where the Buyer terminates the Contract under clause 10.9, 11.4, 7.8.2, 28.4.2, or Paragraph 8 of Part B Joint Controller Agreement (*Optional*) of Annex 1 – Processing Personal Data (if used), all of the following apply:

20.5.1.1 the Supplier is responsible for the Buyer's reasonable costs of procuring replacement Deliverables for the rest of the term of the Contract;

20.5.1.2 the Buyer's payment obligations under the terminated Contract stop immediately;

20.5.1.3 accumulated rights of the Parties are not affected;

20.5.1.4 the Supplier must promptly delete or return the Government Data except where required to retain copies by Law;

20.5.1.5 the Supplier must promptly return any of the Buyer's property provided under the Contract;

20.5.1.6 the Supplier must, at no cost to the Buyer, give all reasonable assistance to the Buyer and any incoming supplier and co-operate fully in the handover and re-procurement; and

20.5.1.7 the Supplier must repay to the Buyer all the Charges that it has been paid in advance for Deliverables that it has not provided as at the date of termination or expiry.

20.5.2 The following clauses survive the expiry or termination of the Contract: 1, 4.2.9, 5, 7, 8.4, 10, 11.5, 12, 14, 15, 16, 18, 19, 32.2.2, 36 and 37 and any clauses which are expressly or by implication intended to continue.

## **20.6 When the Supplier can end the Contract and what happens when the contract ends (Buyer and Supplier termination)**

20.6.1 The Supplier can issue a reminder notice if the Buyer does not pay an undisputed invoice on time. The Supplier can terminate the Contract if the Buyer fails to pay an undisputed invoiced sum due and worth over 10% of the total Contract value or £1,000, whichever is the lower, within 30 days of the date of the reminder notice.

20.6.2 Where the Buyer terminates the Contract in accordance with clause 11.3 or the Supplier terminates the Contract under clause 11.6 or 23.4:

20.6.2.1 the Buyer must promptly pay all outstanding charges incurred by the Supplier;

20.6.2.2 the Buyer must pay the Supplier reasonable committed and unavoidable losses as long as the Supplier provides a fully itemised and costed schedule with evidence - the maximum value of this payment is limited to the total sum payable to the Supplier if the Contract had not been terminated; and

20.6.2.3 clauses 11.5.1.2 to 11.5.1.7 apply.

20.6.3 The Supplier also has the right to terminate the Contract in accordance with Clauses 20.3 and 23.4.

## **20.7 Partially ending and suspending the Contract**

20.7.1 Where the Buyer has the right to terminate the Contract it can terminate or suspend (for any period), all or part of it. If the Buyer suspends the Contract it can provide the Deliverables itself or buy them from a third party.

20.7.2 The Buyer can only partially terminate or suspend the Contract if the remaining parts of it can still be used to effectively deliver the intended purpose.

20.7.3 The Parties must agree (in accordance with clause 25) any necessary variation required by clause 11.7, but the Supplier may not either:

20.7.3.1 reject the variation; or

20.7.3.2 increase the Charges, except where the right to partial termination is under clause 11.3.

20.7.4 The Buyer can still use other rights available, or subsequently available to it if it acts on its rights under clause 11.7.

## **21 HOW MUCH YOU CAN BE HELD RESPONSIBLE FOR**

21.2 No Party is liable to the other for:

21.2.1 any indirect losses; and/or

21.2.2 loss of profits, turnover, savings, business opportunities or damage to goodwill (in each case whether direct or indirect).

21.3 In spite of clause 12.1, neither Party limits or excludes any of the following:

21.3.1 its liability for death or personal injury caused by its negligence, or that of its employees, agents or Subcontractors;

21.3.2 its liability for bribery or fraud or fraudulent misrepresentation by it or its employees; or

21.3.3 any liability that cannot be excluded or limited by Law.

21.5 In spite of clause 12.1, the Buyer does not limit or exclude its liability for any indemnity given under clause 8.5.

- 21.6 Notwithstanding clause 12.1, but subject to clauses 12.1 and 12.3, the Supplier's total aggregate liability under clause 14.7.5 shall not exceed the Data Protection Liability Cap.
- 21.7 Each Party must use all reasonable endeavours to mitigate any loss or damage which it suffers under or in connection with the Contract, including any indemnities.
- 21.8 If more than one Supplier is party to the Contract, each Supplier Party is fully responsible for both their own liabilities and the liabilities of the other Suppliers.

## **22 OBEYING THE LAW**

## Operative Provisions

- 1.1. The Supplier shall be aware of and comply with the relevant HMG security policy framework, NCSC guidelines and where applicable these Departmental Security Requirements which include but are not constrained to the following paragraphs.
- 1.2. Where the Supplier will provide products or Services or otherwise handle information at OFFICIAL for the Buyer, the requirements of Procurement Policy Note: Updates to the Cyber Essentials Scheme (PDF) - Action Note 09/23 dated September 2023, or any subsequent updated document, are mandated, namely that contractors supplying products or services to HMG shall have achieved and will retain Cyber Essentials certification at the appropriate level for the duration of the contract. The certification scope shall be relevant to the Services supplied to, or on behalf of, the Buyer.
- 1.3. Where paragraph 1.2 above has not been met, the Supplier shall have achieved, and be able to maintain, independent certification to ISO/IEC 27001 (Information Security

Management Systems Requirements). The ISO/IEC 27001 certification must have a scope relevant to the Services supplied to, or on behalf of, the Buyer. The scope of certification and the statement of applicability must be acceptable, following review, to the Buyer, including the application of controls from ISO/IEC 27002 (Code of Practice for Information Security Controls).

- 1.4. The Supplier shall follow the UK Government Security Classification Policy (GSCP) in respect of any Buyer's Data being handled in the course of providing the Services and will handle all data in accordance with its security classification. (In the event where the Supplier has an existing Protective Marking Scheme then the Supplier may continue to use this but must map the HMG security classifications against it to ensure the correct controls are applied to the Buyer's Data).
- 1.5. Buyer's Data being handled while providing an ICT solution or service must be separated from all other data on the Supplier's or sub-contractor's own IT equipment to protect the Buyer's Data and enable the data to be identified and securely deleted when required in line with paragraph 1.14. For information stored digitally, this must be at a minimum logically separated. Physical information (e.g., paper) must be physically separated.
- 1.6. The Supplier shall have in place and maintain physical security to premises and sensitive areas used in relation to the delivery of the products or Services, and that store or process Buyer's Data, in line with ISO/IEC 27002 including, but not limited to, entry control mechanisms (e.g., door access), CCTV, alarm systems, etc.
  - 1.6.1. Where remote working is allowed, the Supplier shall have an appropriate remote working policy in place for any Supplier staff that will have access to the Buyer's data and/or systems.
- 1.7. The Supplier shall have in place, implement, and maintain an appropriate user access control policy for all ICT systems to ensure only authorised personnel have access to Buyer's Data. This policy should include appropriate segregation of duties and if applicable role-based access controls (RBAC). User credentials that give access to Buyer's Data or systems shall be considered to be sensitive data and must be protected accordingly.
- 1.8. The Supplier shall have in place and shall maintain procedural, personnel, physical and technical safeguards to protect Buyer's Data, including but not limited to:
  - 1.8.1. physical security controls;
  - 1.8.2. good industry standard policies and processes;
  - 1.8.3. malware protection;
  - 1.8.4. boundary access controls including firewalls, application gateways, etc;
  - 1.8.5. maintenance and use of fully supported software packages in accordance with vendor recommendations;
  - 1.8.6. use of secure device configuration and builds;

- 1.8.7. software updates and patching regimes including malware signatures, for operating systems, network devices, applications and services;
- 1.8.8. user identity and access controls, including the use of multi-factor authentication for sensitive data and privileged account accesses;
- 1.8.9. any services provided to the Buyer must capture audit logs for security events in an electronic format at the application, service and system level to meet the Buyer's logging and auditing requirements, plus logs shall be:
  - 1.8.9.1. retained and protected from tampering for a minimum period of six months;
  - 1.8.9.2. made available to the Buyer on request.
- 1.9. The Supplier shall ensure that any Buyer's Data (including email) transmitted over any public network (including the Internet, mobile networks, or unprotected enterprise network) or to a mobile device shall be encrypted when transmitted.
- 1.10. The Supplier shall ensure that any Buyer's Data which resides on a mobile, removable, or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Buyer except where the Buyer has given its prior written consent to an alternative arrangement.
- 1.11. The Supplier shall ensure that any device which is used to process Buyer's Data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance, a copy of which can be found at: <https://www.ncsc.gov.uk/guidance/end-user-device-security> [and https://www.ncsc.gov.uk/collection/end-user-device-security/eud-overview/eud-security-principles](https://www.ncsc.gov.uk/collection/end-user-device-security/eud-overview/eud-security-principles).
- 1.12. Whilst in the Supplier's care all removable media and hardcopy paper documents containing Buyer's Data must be handled securely and secured under lock and key when not in use and shall be securely destroyed when no longer required, using either a cross-cut shredder or a professional secure disposal organisation.

The term 'lock and key' is defined as: "securing information in a lockable desk drawer, cupboard or filing cabinet which is under the user's sole control and to which they hold the keys".

- 1.13. When necessary to hand carry removable media and/or hardcopy paper documents containing Buyer's Data, the media or documents being carried shall be kept under cover and transported in such a way as to ensure that no unauthorised person has either visual or physical access to the material being carried. This paragraph shall apply equally regardless of whether the material is being carried inside or outside of company premises.

The term 'under cover' means that the information is carried within an opaque folder or envelope within official premises and buildings and within a closed briefcase or other similar bag or container when outside official premises or buildings.

- 1.14. In the event of termination of Contract due to expiry, as a result of an Insolvency Event or for breach by the Supplier, all information assets provided, created or resulting from provision of the Services shall not be considered as the Supplier's assets and must be

returned to the Buyer and written assurance obtained from an appropriate officer of the Supplier that these assets regardless of location and format have been fully sanitised throughout the Supplier's organisation in line with paragraph 1.15.

- 1.15. In the event of termination, equipment failure or obsolescence, all Buyer's Data and Buyer's Information, in either hardcopy or electronic format, that is physically held or logically stored by the Supplier must be accounted for and either physically returned or securely sanitised or destroyed in accordance with the current HMG policy using an NCSC-approved product or method.

Where sanitisation or destruction is not possible for legal, regulatory or technical reasons, such as data stored in a cloud system, Storage Area Network (SAN) or on shared backup tapes, then the Supplier shall protect (and ensure that any sub-contractor protects) the Buyer's Information and Buyer's Data until such time, which may be long after termination or expiry of the Contract, when it can be securely cleansed or destroyed.

Evidence of secure destruction will be required in all cases.

- 1.16. Access by Supplier Staff to Buyer's Data, including user credentials, shall be confined to those individuals who have a "need-to-know" in order to carry out their role; and have undergone mandatory pre-employment screening, to a minimum of HMG Baseline Personnel Security Standard (BPSS); or hold an appropriate National Security Vetting clearance as required by the Buyer. All Supplier Staff must complete this process before access to Buyer's Data is permitted. [Any Supplier Staff who will be in contact with children or vulnerable adults must, in addition to any security clearance, have successfully undergone an Enhanced DBS (Disclosure and Barring Service) check prior to any contact].
- 1.17. All Supplier Staff who handle Buyer's Data shall have annual awareness training in protecting information.
- 1.18. Notwithstanding any other provisions as to business continuity and disaster recovery in the Contract, the Supplier shall, as a minimum, have in place robust business continuity arrangements and processes including IT disaster recovery plans and procedures that conform to ISO 22301 to ensure that the delivery of the Contract is not adversely affected in the event of an incident. An incident shall be defined as any situation that might, or could lead to, a disruption, loss, emergency, or crisis to the Services delivered. If an ISO 22301 certificate is not available, the supplier will provide evidence of the effectiveness of their ISO 22301 conformant business continuity arrangements and processes including IT disaster recovery plans and procedures. This must include evidence that the Supplier has tested or exercised these plans within the last 12 months and produced a written report of the outcome, including required actions.
- 1.19. Any suspected or actual breach of the confidentiality, integrity, or availability of Buyer's Data, including user credentials, used, or handled while providing the Services shall be recorded as a Security Incident. This includes any non-compliance with the Departmental Security Requirements and these provisions, or other security standards pertaining to the solution.

Security Incidents shall be reported to the Buyer immediately, wherever practical, even if unconfirmed or when full details are not known, but always within 24 hours of discovery and followed up in writing. If Security Incident reporting has been delayed

by more than 24 hours, the Supplier should provide an explanation about the delay. Regular updates on the Security Incident shall be provided to the Buyer in writing until the incident is resolved.

Security Incidents shall be reported through the Buyer's nominated system or service owner.

Security Incidents shall be investigated by the Supplier with outcomes being notified to the Buyer.

- 1.20. The Supplier shall ensure that any Supplier ICT systems and hosting environments that are used to handle, store or process Buyer's Data, including Supplier ICT connected to Supplier ICT systems used to handle, store or process Buyer's Data, shall be subject to independent IT Health Checks (ITHC) using an NCSC CHECK Scheme ITHC provider before go-live and periodically (at least annually) thereafter. On request by the Buyer, the findings of the ITHC relevant to the Services being provided are to be shared with the Buyer in full without modification or redaction and all necessary remedial work carried out. In the event of significant security issues being identified, a follow up remediation test may be required, to be determined by the Buyer upon review of the ITHC findings.
- 1.21. The Supplier or sub-contractors providing the Services will provide the Buyer with full details of any actual or future intent to develop, manage, support, process, or store Buyer's Data outside of the UK mainland. The Supplier or sub-contractor shall not go ahead with any such proposal without the prior written agreement from the Buyer.
- 1.22. The Buyer reserves the right to audit the Supplier or sub-contractors providing the Services annually within a mutually agreed timeframe but always within seven days of notice of a request to audit being given. The audit shall cover the overall scope of the Services being supplied and the Supplier's, and any sub-contractors', compliance with the paragraphs contained in this Annex 3.
- 1.23. The Supplier and sub-contractors shall undergo appropriate security assurance activities and shall provide appropriate evidence including the production of the necessary security documentation as determined by the Buyer through the life of the contract. This will include obtaining any necessary professional security resources required to support the Supplier's and sub-contractor's security assurance activities such as: a Security and Information Risk Advisor (SIRA) certified to NCSC Certified Cyber Security Consultancy (CCSC) or NCSC Certified Cyber Professional (CCP) schemes.
- 1.24. Where the Supplier is delivering an ICT solution to the Buyer they shall design and deliver solutions and services that are compliant with the HMG Security Policy Framework in conjunction with current NCSC Information Assurance Guidance and Buyer's Policy. The Supplier will provide the Buyer with evidence of compliance for the solutions and services to be delivered. The Buyer's expectation is that the Supplier shall provide written evidence of:
  - 1.24.1. implementation of the foundational set of cyber defence safeguards from the Center for Internet Security Critical Security Controls (CIS CSC v8).

- 1.24.2. any existing security assurance for the Services to be delivered, such as: ISO/IEC 27001 / 27002 or an equivalent industry level certification issued by an organisation accredited by the United Kingdom Accreditation Service.
- 1.24.3. any existing HMG security accreditations or assurance that are still valid including: details of the awarding body; the scope of the accreditation; any caveats or restrictions to the accreditation; the date awarded, plus a copy of the residual risk statement.
- 1.24.4. documented progress in achieving any security assurance or accreditation activities including whether documentation has been produced and submitted. The Supplier shall provide details of who the awarding body or organisation will be, and date expected.
- 1.24.5. compliance with the principles of Secure by Design as described at Secure by Design Principles - UK Government Security.

Additional information and evidence to that listed above may be required to ensure compliance with DfE security requirements as part of the DfE security assurance process. Where a request for evidence or information is made by the Buyer, the Supplier will acknowledge the request within 5 working days and either provide the information within that timeframe, or, if that is not possible, provide a date when the information will be provided to the Buyer. In any case, the Supplier must respond to information requests from the Buyer needed to support the security assurance process promptly and without undue delay.

- 6.25. The Supplier shall contractually enforce all these Departmental Security Requirements onto any third-party suppliers, sub-contractors or partners who will have access to the Buyer's Data in the course of providing the Services, before access to the data is provided or permitted.
- 6.26. The Supplier shall comply with the NCSC's social media guidance: how to use social media safely for any web and social media-based communications. In addition, any Communications Plan deliverable must include a risk assessment relating to the use of web and social media channels for the programme, including controls and mitigations to be applied and how the NCSC social media guidance will be complied with. The Supplier shall implement the necessary controls and mitigations within the plan and regularly review and update the risk assessment throughout the contract period. The Buyer shall have the right to review the risks within the plan and approve the controls and mitigations to be implemented, including requiring the Supplier to implement any additional reasonable controls to ensure risks are managed within the Buyer's risk appetite.
- 6.27. Any Supplier ICT system used to handle, store, or process the Buyer's Data, including any Supplier ICT systems connected to systems that handle, store, or process the Buyer's Data, must have in place protective monitoring at a level that is commensurate with the security risks posed to those systems and the data held. The Supplier shall provide evidence to the Buyer upon request of the protective monitoring arrangements in place needed to assess compliance with this requirement.
- 6.28. Where the Supplier is using Artificial Intelligence (AI) and/or Machine Learning (ML) in the delivery of their service to the Buyer, this shall comply with the NCSC's principles for the security of machine learning.
