REQUEST FOR QUOTATION

SECTION 1: INTRODUCTION

1. General Requirements

- 1.1. North Northamptonshire Council (hereafter referred to as “The Council”) invites quotations for the provision of the supply and installation of new play structures in the existing filter bed play area at Sywell Country Park.
- 1.2. The Council’s detailed requirements are defined in Section 2: Specification.
- 1.3. Please take care in reading this document, in particular the Specification. In the event of any questions or queries in relation to this Request for Quotation (RFQ), please contact the Officer detailed in **Table B**.
- 1.4. The Council reserves the right to:
 - 1.4.1. carry out due diligence checks on the awarded Potential Supplier;
 - 1.4.2. amend the Conditions of Contract included at Appendix 1;
 - 1.4.3. abandon the procurement process at any stage without any liability to the Council; and/or
 - 1.4.4. require the Potential Supplier to clarify its quotation in writing and if the Potential Supplier fails to respond satisfactorily, this may result in the Potential Supplier being rejected from the process.
- 1.5. The Council also reserves the right, at any point and without notice, to discontinue the procurement process without awarding a contract, whether such discontinuance is related to the content of Quotation Responses or otherwise. In such circumstances, the Council will not reimburse any expenses incurred by any person in the consideration of and/or response to this document. You make all quotations, proposals and submissions relating to this RFQ entirely at your own risk.
- 1.6. All documents and materials, which comprise the RFQ response, must be written in English only.
- 1.7. Quotations are to remain open for acceptance for a period of 180 days from the Deadline for Submission of Bids.
- 1.8. Potential Suppliers must be explicit and comprehensive, keeping the information provided specific to and locate within the question asked as this will be the single source of information on which responses will be scored and ranked.
 - 1.8.1. Potential Suppliers are advised that the Council believes that the transfer of undertakings (protection of employment) regulations 2006 and/or European Communities acquired rights directive 2001/23EC do not apply to this contract at its commencement.

REQUEST FOR QUOTATION

1.9. Rights of the Council in Relation to the RFQ

- 1.9.1. The Council reserves the right to:
- a. Waive or change the requirements of this RFQ at any time during the procurement process without prior (or any) notice being given by the Council;
 - b. Make changes to the timetable, structure or content of this RFQ or any other documents associated with this procurement process. Any such changes will be in accordance with the procurement timetable;
 - c. Abandon the procurement process at any stage without any liability to the Council, or to re-invite responses on the same or any alternative basis;
 - d. Choose not to award any contract as a result of this procurement process; and/or
 - e. Reject any RFQ Responses that are over budget without further evaluation of the response.

1.10. Answer fully all relevant questions and respond in accordance with any specific requests as detailed in the question e.g., maximum word/page limits, etc.

- 1.10.1. Where the Council has identified word limits, Potential Suppliers are strongly requested to adhere as closely to these as possible. Whilst it is not the Council's intention to count the number of words a Potential Supplier uses in their responses, if the Council reasonably determines that a word limit has been exceeded, it may take that into account when awarding a score for that question; i.e.; words submitted over this limit may/will not be evaluated;
- 1.10.2. All words in any format (including but not limited to words in diagrams, pictures, maps, tables and charts) will count towards the word count. Potential Suppliers must state the number of words in any diagram, picture, map, table or chart directly underneath it. This includes any other method of presentation which is not just text. Potential Suppliers must not attempt to circumnavigate the word limit e.g., by joining up words or using special characters to join words. Words submitted over this limit will not be evaluated.
- 1.10.3. Submit any attachments requested in an acceptable format to the Council which includes MS Word, MS Excel, MS PowerPoint, JPEGs and PDF files or any file format as specified in the question. Potential Suppliers who wish to submit an attachment in an alternative format must first check with the Council that it will be accepted.
- 1.10.4. When uploading attachments, please state the question number only in the file title.
- 1.10.5. Submit any zipped files in WinZip format only.

REQUEST FOR QUOTATION

2. Procurement Timetable

- 2.1. This RFQ follows a clear, structured and transparent process to ensure a fair and level playing field is maintained at all times, and that all Potential Suppliers are treated equally.
- 2.2. All documents, which comprise any RFQ Response, must be received by the Council no later than the Deadline for Submission of Bids, set out in Table A, below.
- 2.3. The RFQ process is intended to follow the timetable set out in Table A, below.

TABLE A

- 2.5. Any RFQ received after the Deadline for Submission of Bids identified in Table A, may be rejected. Therefore, it is the Potential Supplier's responsibility to ensure that the deadline is not breached.

3. Site Visits

3. Please note we are planning to hold a contractor's question session at the park between **9.30am – 4pm on Friday 12th April 2024**. Please visit the ranger's office to notify the senior ranger on site of your arrival. Please pre book your

REQUEST FOR QUOTATION

visit by emailing Geoff.simons@northnorthants.gov.uk. Parking passes will be provided. We strongly urge you to attend as it will provide all bidders with a chance to view the site and talk to us about what we are looking to achieve from this more unusual project.

4. Clarification Questions

- 4.1. Any queries about this document, the procurement process, or the proposed contract itself, should be referred via e-mail to the Officer detailed in Table **B**, below, no later than the Deadline for Questions from Potential Suppliers date found in Table **A**.
- 4.2. A copy of all requests for clarifications and the responses will be published to all potential suppliers, where the clarification and response are not considered confidential.
- 4.3. If a potential supplier wishes the Council to treat a clarification as confidential and therefore not publish the response to all, it must state this when submitting the clarification. If in the opinion of the Council, the clarification is not confidential, the Council will publish in an anonymised format.
- 4.4. The deadline for receipt of clarifications relating to this procurement is set out in the procurement timetable. Clarifications sent to the Council after this deadline may not be responded to.

6. Evaluation of Quotations

6.1 Evaluation Method 3: Weighted Combination of Quality and Price

As this is an unusual project, with a set maximum budget of **£35,000** and requiring creative design, offers will be evaluated for its match with our specification and the aims of the project, by a panel of Parks staff on a weighted combination of quality

REQUEST FOR QUOTATION

and price as outlined in Table E. Any bids not compliant or completed fully will be discarded.

All responses to the Quality Questions will be assessed against the criteria set out in the Table D below.

Table D

SCORE	CRITERIA FOR AWARDED SCORE
0	Considered to be a POOR response on the basis that: No response is provided; or It does not answer the question or is completely irrelevant.
1	Considered to be a LIMITED response on the basis that: Overall, it lacks sufficient detail or is perceived to be unclear, meaning that evaluators are not confident that the criteria will be delivered to an acceptable level
2	Considered to be an ACCEPTABLE response on the basis that: It addresses most of the relevant criteria; and/or The supporting detail is clear for the most part and provides evaluators with an understanding that the criteria it does address will be met to an acceptable level.
3	Considered to be a GOOD response on the basis that: It addresses all relevant criteria; and/or The supporting detail is clear and provides evaluators with confidence that the criteria will be delivered to a good standard.
4	Considered to be an OUTSTANDING response on the basis that: It addresses all relevant criteria; and/or The supporting detail is clear and robust and provides evaluators with the utmost confidence that all criteria will be delivered to the highest standard.

SECTION 2: SPECIFICATION

1. Introduction and Background

We are inviting quotations for the supply and installation of new water play features in the Filter Bed play area at Sywell Country Park. The project's aim is to increase physical activity in children and families by encouraging them to move and interact together in play environment that strongly reflects the waterworks and industrial heritage of the park.

We are looking for a contractor to completely remove the existing water play equipment and to provide a new eye-catching stainless-steel installation.

Aims – We want the water play features to be eye catching, unique, visually attractive and to reflect the historical industrial heritage. Your offer should provide good imaginative and active play value to help us create a play area where families with children (indicative ages 3 to 12 years) can explore the waterworks heritage through play.

Materials – Due to the post-industrial nature of the park and in keeping with the waterworks theme, water play items should be constructed of stainless-steel.

This equipment will get very high levels of use and so we are looking for very robust designs that can withstand a lot of wear and tear.

The sand surfacing of the play area is very abrasive so this should be considered when specifying materials. We have found that chain is preferable to plastic coated steel rope and this should inform the specification of the materials that are used.

Equality – We would like you to carefully consider the layout to enable safe use of the zone by as wide a range of abilities as practical. We are keen for the play area to provide mental and physical stimulation and be in keeping with the aesthetics of the park. We would like to see new creative design solutions which encompass the below themes and allow children to be at one in the natural landscape.

2. Scope

We would like to build on the water play theme as it is directly relevant to the park's industrial heritage; however, we don't wish to be overly prescriptive to completely exclude new ideas. As a result, we are prepared to evaluate up to two options from each provider. You do not have to provide two but if you do, please clearly identify them as option A and option B. Both options will be scored independently (from 0-4

REQUEST FOR QUOTATION

as per the usual scoring matrix) and if 2 options are provided, the highest scoring option of the 2 is the one which will be taken when evaluating the providers score. We do not wish to have more than two options provided as it will make evaluation too problematic.

We are interested in designs that include log flumes, pulley systems, balance scales, pump boxes, water flow, pumping, damming and the diversion of water flow etc.

Please refer to Appendix 2 further supporting information.

Water Pumps

We would like to see more than one option for the water pumps, including a breakdown of associated costs for each, including any future servicing costs, if parts can be purchased separately or if the pump is only available as a single unit. We would also need to see the warranty and guarantee information for each option.

For your information, we are publishing three separate RFQs simultaneously to revamp the play offer in Sywell Country Park. They include this RFQ for this water play installation, a further play installation located in a nearby area and a separate play structure which will be located near to the Brock Wood play area. If a bidder wins two or all the awards, we intend to negotiate the duplication of any preliminary costs or request additional play items of equal value.

3. Statement of Requirements

Standards - The equipment and safety surfacing provided must ensure compliance with BSEN 1176 and BSEN 1177. Timber must be from sustainable sources and you are asked to provide evidence of this.

Future maintenance - The park is open all day, every day and the area will be heavily used, so the provision needs to be robust, durable, and able to withstand heavy use. Please provide a description on the expected maintenance requirements of your design.

Warranty - Please provide your Warranty information – we would expect at least 10 years warranty for the stainless steel and water pumps.

Ground works – Some ground shaping is anticipated. Surplus spoil can be disposed of on site at agreed locations at/next/near to the works.

Post installation - You must provide a satisfactory post installation assessment by an independent RPII inspector deeming the area safe for use.

Safety surfacing – The area is entirely surfaced with play sand and should be topped up by the contractor if required.

Trees - Some tree removal may be necessary to accommodate your design: You must identify any trees affected which should not exceed 4m³ of timber in total which is the

REQUEST FOR QUOTATION

threshold for a felling licence – The parks team will remove trees prior to your works so you need not cost for tree removal.

Ground works – Some ground shaping is anticipated. Surplus spoil can be disposed of on site at agreed locations at/next/near to the works.

Disposal of old equipment and materials – The Rangers may wish to keep some of the materials removed from the old play equipment. This should be agreed with the Senior Ranger prior to commencement of the project. Safe disposal of the remaining waste will be the responsibility of the contractor.

4. Implementation Criteria

Timing of works – Construction can start anytime from June 2024 with works being completed by the October half term 2024 avoiding the school summer holidays. It is preferred that you do not work at weekends or during holiday periods. It will be important for you to provide us with a definite start date so we can coordinate our works.

Public access - The main public paths in the park need to be kept operational during your works.

5. Project Management

Safety fencing – You will be responsible for ensuring safety for all aspects of your work. To reduce costs, we can provide sufficient Heras fencing to secure your working area for the duration of your works.

Welfare – You can use the park toilets and cafe. Alternatively, you may situate welfare units at agreed locations.

Storage - You may store equipment at your own risk in the park compound or on site at another suitable place agreed with the Senior Ranger.

Spoil arising from your excavation works can be deposited on/near the existing play pipe in play area and will then be levelled by park staff, or at other locations on site as agreed with the Senior Ranger.

6. Social and Environmental Benefits

All materials used in the installation and design must be from sustainable sources, and you are asked to provide evidence of this.

We would like you to carefully consider the layout to enable safe use of play by as wide a range of abilities as practical.

7. Data Management / UK General Data Protection Regulation (UK GDPR)

REQUEST FOR QUOTATION

As a data controller, we are committed to upholding the principles of UK GDPR and the Data Protection Act 2018 (UK Data Protection Legislation) to ensure:

- that any processing is lawful, fair, transparent and necessary for a specific purpose;
- that data is kept accurate, up to date and removed when no longer necessary;
- that data is kept securely and safely; and
- transparency regarding use of personal (including special category) data.

The data controller has overall control of the personal data that it holds. The data controller is responsible for ensuring that its data processors are competent to process personal data in line with UK GDPR requirements. Under Article 28(1) data controllers are only permitted to use data processors that can provide “sufficient guarantees” to implement appropriate technical and organisational measures, to ensure the processing complies with the UK GDPR and protects the rights of individuals.

There is no processing of personal or special category data required; and no data protection implications identified for the initial provision of this service.

If, at any stage following the commencement of services the supplier requires access to personal data held by the data controller; the data controller will ensure that the appropriate provisions are put in place and documented, to allow the processing to be undertaken in accordance with UK Data Protection Legislation.

In this event, in accordance with Article 28 UK GDPR, the supplier as a ‘data processor’ must adhere to the following provisions:

- 28 (3)(a) only process personal data in line with the data controller’s documented instructions (including when making an international transfer of personal data), unless it is required to do otherwise by UK law.
- 28(3)(b) the data processor and its personnel must obtain a commitment of confidentiality from anyone it allows to process the personal data, unless that person is already under such a duty by statute.
- 28(3)(c) the data processor is obligated to take all security measures necessary to meet the requirements of Article 32 on the security of processing.
- 28(3)(d) the data processor should not engage another processor (a sub-processor) without the controller’s prior specific or general written authorisation. Where authorisation is received, the sub-processor must offer an equivalent level of protection for the personal data.
- 28(3)(e) the data processor must take “appropriate technical and organisational measures” to help the data controller respond to requests from individuals to exercise their data rights.

REQUEST FOR QUOTATION

- 28(3)(f) considering the nature of the processing and the information available, the data processor must assist the data controller in meeting its obligations to investigate and report data breaches to the ICO and data subjects, where applicable.
- 28(3)(g) upon termination of services, the data processor must delete existing copies of the personal data and confirm in writing to the data controller that it has done so, unless UK law requires it to be stored. Deletion of personal data should be done in a secure manner, in accordance with the security requirements of Article 32.
- 28(3)(h) the data processor must provide the data controller with all the information that is needed to show that the obligations of Article 28 have been met; and allow for, and contribute to, audits and inspections carried out by the data controller, or by an auditor appointed by the data controller.

The Potential Supplier shall comply with any further written instructions with respect to processing by the Council.

SECTION 4: PRICING SHEET

1. Pricing and Costs

- 1.1. We have capped the budget for this procurement exercise to £35,000.
- 1.1. Please complete the Pricing Schedule at Table F below, ensuring that you have provided a fixed and firm cost in each of the relevant boxes.
- 1.2. All prices quoted must exclude VAT.
- 1.3. Should you be successful, your fixed cost for the contract must be included in your RFQ Response and any costs which are not included will not be met by the Council either before or during the contract.
- 1.4. Where the Council considers a price to be abnormally low, it may seek clarification and/or an explanation from the Potential Supplier, and the Council may reject any RFQ Response, at its absolute discretion, if it appears to be unreliable.
- 1.5. The Potential Supplier with the lowest overall compliant price will be awarded the full Price score. All other RFQ responses will be scored in accordance with the following calculation:

$$= \text{Price Weighting} - \left(\frac{\text{Your submitted price} - \text{lowest submitted price}}{\text{Your submitted price}} \right) \times 100$$

- 1.5.1. An example is provided in Table E, below. This example is based on a 100% price weighting, where the lowest compliant price is £100,000.

SECTION 5: FREEDOM OF INFORMATION

1. Information in relation to this RFQ may be made available on demand in accordance with the requirements of the Freedom of Information Act 2000 ("The Act") and your organisation details will be disclosed and/or published where the expenditure is over £500, as per the Government Transparency agenda.
2. Potential Suppliers must state if any of the information supplied by them is confidential and commercially sensitive or should not be disclosed in response for the Information under The Act. Potential Suppliers must state why they consider the information to be confidential or commercially sensitive.
3. Note that inclusion below will not guarantee that the information will not be disclosed but will be examined in the light of the exemptions provided in The Act. Note that the Declaration for this Section has been completed and signed at Section 3, Question 2.1 (g) of this document.

SECTION 6: DECLARATION

1. By signing Section 3, Question 2.1. (g) I hereby declare that:
 - 1.1. I am signing on behalf of the Company named at Section 3, Question 1.1 (a) and am duly authorised to do so;
 - 1.2. to the best of my knowledge, the information provided is complete and accurate;
 - 1.3. the price in Section 4 is our best offer;
 - 1.4. no collusion with other organisations has taken place in order to fix the price;
 - 1.5. that there is no conflict of interest in relation to the Council's requirement;
 - 1.6. the requirement be subjected to the terms and conditions set out in Conditions of Contract identified at Appendix 1;
 - 1.7. that no goods, supplies, services and/or works will be delivered or undertaken until both parties have executed the formal contract documentation as identified at Appendix 1 and an instruction to proceed has been given by the Council in writing; and
 - 1.8. I understand that the Council may reject my submission if there is a failure to answer all relevant questions fully or if I provide false and/or misleading information.

SECTION 7: DUE DILIGENCE

1. The Council will undertake its due diligence in advance of any contract award.
2. The preferred Potential Supplier(s) will not be awarded the Contract until the Council is satisfied with any further checks and due diligence it has carried out and these will need to be acceptable to the Council before a contract can be awarded. The Council reserves the right to disqualify any Quotation Response which is incomplete.
3. Due diligence may include credit checks in relation to the preferred Potential Supplier(s) (including each member of any consortium and of any key sub-contractor). This is important to the Council to ensure that any organisation who wishes to enter into a contract with the Council will be in a position to provide the goods, services and/or works on an ongoing basis as agreed within any contract. The Council works with external credit agencies to provide these financial checks.
4. The Council reserves the right to reject a Potential Supplier from the procurement process, where any findings from the Council's due diligence reveal a serious concern or risk for the Council that cannot be remedied in a reasonable amount of time before award. Potential Suppliers are strongly encouraged to check and manage their financial score within the industry.
5. The Council reserves the right to revisit any selection criteria questions at any time before award stage, where the Council believes there is a risk that selection responses might have changed. The Council reserves the right to disqualify any Potential Supplier who no longer meets the selection criteria if it originally led to them continuing in the procurement process.
